JUNIOR PARTIES MOST SUCCESSFUL

Large Crowd Fills Gym For Colorful Annual Prom

FRATS HOLD OPEN HOUSE

Bad Weather Fails to Check Festivities Which Include Motor Trips, Beautiful Girls, and Lingering Dances

It is the unanimous report of all those who attended the annual Junior Prom given in the men's gymnasium last Friday evening, that it excelled all others in the history of the institution. Unusual, and attractive decorations, and the delightful music furnished by the Oak Manor orchestra, of Melrose, Mass., were features that combined to make the Prom one of the most successful that have ever been given at New Hampshire.

An unusual feature of the decorations was a unique arrangement of lights which reflected a large "1925" on the center of the dance floor. Streamers of blue formed a canopy over the floor. The sides of the balcony were banked with evergreen on which were displayed fraternity banners and vari-colored balloons. Lattice-work, decorated with evergreen, enclosed each fraternity booth, in which shaded lights and easy chairs made attractive cosy corners. A sounding board arrangement improved the already delightful music of the orchestra. Credit for these attractive and highly enjoyable features is due to G. B. Peterman, '25, chairman of the decoration committee, and to his assistants.

In the receiving line were: President and Mrs. R. D. Hetzel, Mr. and Mrs. O. V. Henderson, Mr. and Mrs. Dwight Hall of Dover, Mr. and Mrs. J. C. Kendall, T. W. C. Atkinson, '25, president of the class, Miss Willigiar, and Mr. and Mrs. G. B. Peterman.

The aides included Beatrice Noyes, Louise Nutting, Salome Colby, Marjorie Woodbury, James Walker, Sidney Ayers, Frederick Gray, and Wilfred Lufkin.

A. T. O. House Party

That part of the house party confined to the A. T. O. fraternity commenced with an excellent representation at the Junior Prom, on Friday evening, after dinner had been served.

(Continued on Page Three.)

SENIOR ENGINEERS VISIT POWER PLANTS

Take Instruction Trip Under Direction of Professor Getchell to Big Hydro-Electric Plants Around Manchester—Inspect New Amoskeag Dam

Recently about 15 of the senior engineers of the mechanical and electrical departments, under the direction of Professor Getchell, went on an instruction trip to several of the important power plants in the vicinity of Manchester. Their first visit was made to the plants of the Manchester Traction Light and Power company, where they inspected all the equipment possible. The big steam plant at Kelly's Falls was first inspected. Here they found an up-to-date equipment of steam turbines and boilers and were especially interested in the switching systems in use there. Three miles beyond this plant at Gregg's Falls another power plant, containing complete hydro-electric equipment throughout, was inspected. Here the men were interested in going through the tunnel under the dam but were unable to do so at this point.

The next visit was made to the Amoskeag plant in Manchester, where the new dam across the Merrimack river was the object of especial interest. They met several old New Hampshire men here who conducted them through the two steam plants and the hydro-electric plant at the new dam. Here they found exceptionally good equipment, including two 7,500 horsepower water turbines and one of 6,000 horsepower. The two former machines were of interest in that they developed the unusual efficiency of 91%. The men were able to go through the tunnel under the dam at this point and were especially interested in the transmission line which runs through the interior of the dam and under the river to the power house.

The trip was taken with the purpose of arousing the interest of the engineers in power plant developments in this section of the country, and in this respect also the trip was a success.

NEW MODERN LANGUAGE INSTRUCTOR IS APPOINTED

Dr. Allen has nominated and the President has announced the appointment of Roland E. Partridge, a new instructor in the modern language department.

N. H. SCORES THREE POINTS IN BIG MEET

Bridges Places Third in Pole Vault—Peaslee Fourth in Mile—Team Finishes Schedule in Triangular Meet on Wednesday

The University of New Hampshire track team scored three points in the New England Intercollegiate championship track meet which was won by Boston College at Tech field in Boston on Saturday, May 24.

Webster "String" Bridges, New Hampshire pole vaulter, placed third in his event, which was won by Bishop of Bowdoin. "Duke" Peaslee won fourth place in the two mile run, a good performance, considering the size and the class of the field. On Friday Ray Gunn placed in the trial heats of the low hurdles but was outclassed in the finals on Saturday.

On Wednesday, May 28, after the New Hampshire was in the hands of the printer, the team met the University of Vermont and Mass. Aggies in the annual triangular meet at Amherst, Mass. Coach Cohn and his squad of 16 men left Durham on Tuesday afternoon and the members of the track team who are connected with the R. O. T. C. regiment will be rushed over the road to Manchester on Wednesday night in time to join the regiment for Thursday's program.

This meet at Amherst is the final event on the New Hampshire track program for this year. The following men made the trip to the triangular meet: Capt. Davis, high and broad jump; A. Hubbard and A. Hartwell, shot and discus; G. Stearns, shot, discus and javelin; W. Bridges, pole vault; E. Warren, javelin and pole vault; R. Stevens, pole vault and 440; B. Menke, high jump; R. Draper, R. Gunn, hurdles; McManus, dashes and broad jump; R. Brown, dashes; M. Snow, 880; K. Clark, Peaslee, 2 mile; E. Coughlin, 440 and 880; relay, Brown, McManus, Draper, Coughlin and Stevens (four to be picked), Manager Jennings and Coach Cohn.

MASK AND DAGGER HAS ELECTION OF OFFICERS

Edward Blewitt, '25, was elected president of Mask and Dagger, the University dramatic organization, at a meeting of the club held the first of this week. The other officers elected are: Vice president, Jane Tuttle; treasurer, Harry Page; secretary, Dorothy Flynn; and stage manager, Louis Viola.

FRESHMEN CONTINUE WINNING RECORD

Defeat Wentworth Inst. 19 to 9 in Loose Game

SHINNICK PITCHES WELL

Run Wild Around Bases After Disastrous Second Inning—Frosh Nine Undeclared as Yet—Strong Teams to Be Played Soon

In a wild and wooly contest, that looked like anybody's game up to the fifth inning, the freshman baseball team trimmed the team from Wentworth Institute, Boston, Mass., 19 to 9, at Durham, Saturday, May 24.

Shinnick pitched the entire game for the frosh and for a time it looked as though the 1927 hurler was going to lose his first game of the season along with the record of his team. The boys from Boston were slamming the old ball on the nose and scored seven runs in one inning, the second. Shinnick weathered the storm, however, continued to serve them up across the plate, and convinced Coach Gustafson that he is just as good in a storm as he is in fairer weather. The seas certainly looked rough for a few minutes. In the beginning of the next inning, Sam Craig came to bat for the freshmen and knocked out a three-bagger in the general direction of the piggery. Thoren then walked both Dagnino and Kelsea. With the bases full, the Wentworth coach yanked Thoren and Balstrom went into finish the game. French scored two runs with his hit and before the inning was over the lower classmen were but one run behind. From this time on Shinnick had control of the situation and his teammates continued to clout the ball.

The crowd attending the contest was very small, due in part to the house parties and in part to the unusually high wind which was sweeping across the New Hampshire diamond. After the freshmen had started on their rally and were comfortably ahead, the crowd dwindled down to almost nothing.

The summary:

| FRESHMEN (19) | |
|---------------|---------------------|

UNIVERSITY PROFS ADDRESS MEETING OF N. H. SCIENTISTS

Fifth Annual Meeting of N. H. Academy Held at Mt. Crescent House in White Mountains and at Berlin, N. H.

New Hampshire University professors were prominent speakers at the fifth annual meeting of the New Hampshire Academy of Science held at the Mt. Crescent House, Randolph, N. H., on May 23, 24, and 25. Doctor Kraybill, Professors Smith, Woodworth, Slobin, and Dean French each addressed the gathering on various phases of their work.

Many of the meetings were held in the modern and splendidly equipped research laboratory of the Brown company in Berlin, N. H. This progressive company, manufacturing pulp, paper, and chemical products, maintains a large staff of chemical engineers and chemists working on research work connected with their manufactures. Several New Hampshire graduates are employed in this laboratory. The other meetings of the session were held at the Mt. Crescent House, a splendid hotel located in one of the most beautiful spots in the mountains, looking directly on to Mt. Washington, Adams and the other peaks of the Presidential group. A trip was taken by the party to Ice Gulch, a deep crevice in Mt. Crescent where ice and snow is found all through the hottest weather of summer.

The program of the meeting follows:

Friday, May 23, 3 P. M. Annual address, Dr. William Crocker "Interesting Things I Have Learned from Twenty Years' Research on Seed Germination."

Saturday, 9 A. M. Annual Business Meeting

John H. Gerould, "The Inheritance of a Highly Fluctuating Character." Lloyd C. Fogg, (introduced by Prof. J. H. Gerould) "Spermatogenesis in a Butterfly. (Colias philodice)" J. P. Poole, "Root-fungi of the Orchids."

H. P. Vannah, "Decay of Pulpwood." (Illustrated)

H. R. Kraybill, "The Importance of Lime and Legumes in New Hampshire Agriculture."

Saturday, 2 P. M.

(Afternoon meeting at the laboratory of the Brown Co., Berlin.)

E. D. Elston, "Notes on the Climate of New Hampshire."

Harry W. Smith, "Peculiar Problems of New England Railroads."

Frederick Gardner, "Highway Problem."

H. C. Woodworth, "The Back-town Farm—Is it a Problem of Decadence of Readjustment?"

A. N. French, "Can Social Psychology and Sociology Dispense with Instincts?"

J. N. Tanch, "The Rohr Atom and Spectral Series."

J. M. Poor, "Star Trails in the Case of a Photographic Telescope whose Polar Axis is out of Adjustment."

Saturday, 7:30 P. M.

Presidential address, W. B. VanArsdel "A Skeptical Inquiry into the Creed of Science."

H. L. Slobin, "Common Sense: An Aid and a Hindrance."

Robert Fletcher, "School Men vs. Practitioners."

William Slade, "Measuring Implements in Education."

N. H. SOPHOMORE MEETS AUTHOR OF "PLASTIC AGE"

Percy Marks Explains Object of Famous Book

"WHY CUT FROM LIBRARY"

Brown University Professor Center of Controversy Started by His Exposure of Dissipation in College Life—Served in Army with Mr. Clark Stevens

"I am exceedingly sorry that the authorities of the University of New Hampshire have seen fit to exclude my book from the shelves of the University Library," said Percy Marks, author of the celebrated "Plastic Age" to Everett M. McIntyre, a sophomore at the University, who had the privilege of meeting Mr. Marks personally at Brown University last Saturday where the author is an instructor of English.

Mr. McIntyre went to Providence to visit a friend of his who is a student at Brown. On Saturday morning he attended a class in modern poetry which Mr. Marks was conducting and was later introduced to the man whose name has probably been mentioned more times this year by college students than that of any other man in America. When Mr. (Continued on Page Four.)

DURHAM SOLDIERS TAKE OBJECTIVE

Nine Carloads of Embryo Officers in Queen City

INSPECTION ON THURSDAY

Four-Day Encampment in Manchester Gets Auspicious Start—Dances Baseball Game, Drills and Exhibitions on Program for Trip

The R. O. T. C. regiment arrived in Manchester at three o'clock this afternoon by a special train of nine cars which left Durham at 1.30. With flags flying and the band playing a lively march, the regiment left railroad square, turned up Elm street, from Elm to West Bridge street, and then to the camp at the Amoskeag recreation grounds at Rock Rimmon.

Upon arrival at the camp, the regiment formed in line of platoons on markers previously set out, facing the tennis courts. The order from right to left was: the Band, Company "D," the Buglers, Companies "A," "B," "C," and "G." After the K. P.'s had fallen out, the companies formed for shelter tents, and the tents were pitched. As soon as the tents were up, each man received an allotment of four pounds of straw to be used as bedding. The straw was spread on the ground, and when the blankets were placed on it, a warm, comfortable bed was formed.

A guard is being posted at the camp. Each guard tour lasts about twelve hours. Guard Mount is held in the morning and in the evening at seven o'clock. Each guard detail consists of one officer, four corporals, two buglers, and twenty-one privates. To keep all the camp activities in a strictly military fashion, and to give the student officers more training, one of them is detailed with each guard as Officer of the Day. The private who presents the best appearance at Guard Mount is handed over to the Commander of the Troops as his orderly.

The guard is divided into four reliefs. Each relief is posted for one hour, and rests at the guard house for three hours. The first platoon of each company forms the nucleus for the guard detail when each company is due for guard.

On Monday morning a special detail of men was sent to Manchester to prepare the grounds and to get communications ready for the arrival of the regiment. Under the supervision of these men the lights, which are supplied by the courtesy of the Manchester Chamber of Commerce, were installed.

Thursday afternoon a large delegation from the city of Manchester will visit the camp. Heading this group will be Mayor George E. Trudel. Some of the other visitors will be City Clerk A. W. Phinney; Chief of Police Michael J. Healy; Colonel J. B. Kemper, chief of staff of the 97th reserves; Oscar G. Lagerquist, Commander of the Manchester Post of the American Legion; Charles H. Tobey, president of the Chamber of Commerce; all members of the Chamber of Commerce including ex-Governor A. O. Brown and Major Frank Knox; and the committee on arrangements made up of Allen M. Wilson, President of the Lion's Club, George H. Sander, and F. N. Jordan. All of these people have been invited by the President to stay in camp Thursday evening and have supper there.

CALENDAR OF EVENTS

Thursday, May 29
3.30 p. m. Baseball: Varsity vs. Colby on College Field.

Friday, May 30
Memorial Day, no classes.
3.30 p. m. Baseball: Freshmen vs. Coburn Classical on College Field.

Saturday, May 31
R. O. T. C. returns from Manchester.
Baseball: Varsity vs. University of Maine at Orono.
3.30 p. m. Baseball: Freshmen vs. Westbrook Seminary, on College Field.

Sunday, June 1
10.00 a. m. Celebration of the Holy Sacrifice of the Mass, Morrill Hall.
10.00 a. m. Bible classes at Community church.
10.45 a. m. Morning worship at Community church.

Monday, June 2
7.00 p. m. Y. W. C. A. meeting.

Wednesday, June 4
Annual student elections, polls open from 8.00 a. m. to 5.00 p. m.
3.30 p. m. Baseball: Freshmen vs. Proctor Academy on College Field.

Thursday, June 5
Baseball: Varsity vs. Bates, at Lewiston.

8.00 a. m. Sick call.
8.30 a. m. Police of camp.
9.00 a. m. Form for parade.
9.30 a. m. Parade and ceremonies at Stark Park.
12 m. Mess at camp.
2.00 p. m. Participate in civic parade.
Baseball. U. N. H. vs. Manchester, immediately after parade.
6.00 p. m. Mess at camp.

Saturday, May 31

6.30 a. m. First call.
6.40 a. m. Reveille.
6.45 a. m. Assembly.

SPECIAL ORDERS FOR GUARD POSTS

Post No. 1
Posted at all times. Extends across the S. W. corner of the guard house so as to observe the kitchens, guard house, and the post exchange.
No unauthorized persons will be allowed in the vicinity of the post exchange or kitchens.
The signal for alarm in case of fire will be to call "Fire, Post No. 1."

Post No. 2
Posted from 10 a. m. till 10 p. m. Extends across the gate in the fence where the main road enters the camp. No automobiles will be allowed to enter camp except those belonging to members of the unit and any others designated by the officer of the day or higher authority.
All persons desiring information will be directed to camp headquarters. Suspicious looking persons will be reported to the corporal of the guard.
The signal for alarm in case of fire will be to call "Fire, Post No. 2."

Post No. 3
Posted from 10 a. m. till 10 p. m. Extends in rear of headquarters from tennis courts to fence.
All persons desiring information will be directed to headquarters.
The signal for alarm in case of fire will be to call "Fire, Post No. 3."

Post No. 4
Posted at all times. Extends along the heads of all company streets.
No persons will be allowed in the streets unless they are members of the command or accompanied by members of the command.
Suspicious looking persons will be reported to the corporal of the guard.
The signal for alarm in case of fire will be to call "Fire, Post No. 4."

Post No. 5
Posted from 10 a. m. till 10 p. m. Extends along the lower ends of the company streets.
No persons will be allowed in the streets unless they are members of the command.
(Continued on Page 2)

7.15 a. m. Mess call.
8.00 a. m. Sick call.
8.30 a. m. Police of camp.
10.00 a. m. Train leaves for Durham.
11.30 a. m. Arrive in Durham.

PERSONNEL OF GUARD MOUNT

Thursday Morning Guard Mount
Officer of the day, Capt. L. J. Lemieux; officer of the Guard, 1st Lieut. C. L. Allard.

Detail for the Guard: Sgt. H. B. Hurlin; Corporals, W. S. Morrill, R. L. Longley, C. A. Graves, C. A. Wilcox; buglers, C. T. Barton, G. E. Coleman; privates, C. Snow, L. H. Maynard, F. W. Hussey, H. Haki, R. Kimball, F. P. Corey, M. B. Smith, P. A. Cleland, L. E. Colby, S. W. Hoitt, E. L. Marsden, R. E. Dustin, R. W. Folsom, R. T. Lord, F. N. Biathrow, F. Daniels, M. R. Langdell, J. B. Colby, H. C. Pressey, G. B. Pickwick, R. W. Straw; supernumerary, E. A. Lewis, C. J. Spillane, L. J. Clark, W. Proudman, R. E. Sharples.

Thursday Night Guard Mount
Officer of the day, 1st Lieut. J. O. Morton; officer of the Guard, 1st Lieut. D. C. Hoyt.

Detail for the Guard: Sgt., J. W. Chandler, Co. F; Corp., W. A. Dane, Co. B, E. H. Manchester, Co. C, J. Littlefield, Co. C, A. Smith, Co. A; privates, D. Cotton, Co. B, J. C. Mallen, Co. F, J. J. Brooks, Co. A, B. Sargent, Co. A, A. Shaw, Co. A, W. J. Connor, Co. A, F. P. Boyle, Co. B, J. A. Betz, Co. B, W. Gitelman, Co. B, J. E. Redman, Co. B, E. Shinnick, Co. B, G. H. Wales, Co. B, R. Spencer, Co. C, P. Stevens, Co. C, E. J. Wheeler, Co. C, D. P. Scott, Co. C, H. R. Berg, Co. F, L. B. Blum, Co. F, D. C. Calderwood, Co. F, A. D. Duffy, Co. F, W. J. Gelpe, Co. F, A. H. Palisoul, Co. F, R. V. Southmayd, Co. G, E. C. Towle, Co. G; buglers, E. A. Boyd and G. C. Thompson.

The men named hereon will not be called upon by company commanders for other guard duty.

Friday Morning Guard Mount
Officer of the day, Capt. H. D. Hardy; officer of the Guard, 2nd Lieut. J. Bloomfield.

Detail for the Guard: Sgt., J. S. Pellerin, G. A. Tetzlaff, H. E. Tuck, W. A. Young; buglers, J. T. Carpenter, F. L. Robinson; privates, W. F. Beeler, A. Carli, E. J. Clarke, F. K. Clark, R. W. Rollins, H. S. Colovos, R. B. Dearborn, E. E. Eddy, E. R. Farrar, R. A. Fitzgerald, L. F. Foote, (Continued on Page 2)

Published Weekly by the Students

The subscription price for The New Hampshire is \$2.00 per collegiate year. The Alumni Dues are \$2.00 per year. Special club rate for the Alumni Dues and Subscription to The New Hampshire is \$3.75.

Entered as second class matter at the post office at Rochester, New Hampshire, under the act of March 3, 1879.

In case of change of address, subscribers will please notify the Circulation Manager as soon as possible.

Subscribers not receiving copy will please notify the Business Manager at once.

Accepted for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917. Authorized September 1, 1918.

Durham, N. H., May 28, 1924.

AN EXPLANATION

At a convocation in the fall of 1920, the students voted unanimously to have compulsory student subscription to The New Hampshire. At that time The New Hampshire was in debt to an amount exceeding \$2,000, and it was thought better not to compel the students to subscribe to a publication which seemed to have as little chance for life as did the paper then. Therefore, the Board of Trustees held off the ruling of compulsory student subscription. Today, however, the paper is on a sound financial basis, the debt is cleared, and there is an excellent prospect of ending the year with a surplus.

As The New Hampshire is a student paper, run by the students, with by far the greatest amount of space given over to things of interest to the undergraduates, the present staff believes that all of the students should receive The New Hampshire. The only way to insure this is through compulsory student subscription. The New Hampshire believes that the time is ripe for this. That is why the resolution urging the Board of Trustees to have compulsory student subscription to The New Hampshire was started out on its rounds among the students. When this is returned to The New Hampshire office, the results will be tabulated, reported to President Hetzel, and sent with the original petition to the President of the Board of Trustees.

Some of the arguments used against compulsory student subscription are:

(1) That it will mean an increase in the fees and as such might not be met by some students.
(2) That it is an artificial means of support which would not be met in the outside world.
(3) That due to this artificial support there would be a decreased feeling of responsibility on the part of the managers of The New Hampshire.

The New Hampshire opposes these objections with the following arguments:

(1) With unanimous student support in the way of subscriptions, the cost for each student would be about one dollar (\$1.00). That is, it would cut the present rate in half. The New Hampshire fails to see how so small an increase in the fees could be objected to, especially as a direct, concrete return would be given for this additional fee. That the present fifty dollar fee covers all courses, as some may argue, is not true, since there are certain laboratory courses where there is a so-called "breakage fee."

(2) This would not be an artificial means of support. Suppose that The New Hampshire fee is permitted. Estimating in round numbers, there will be 1,200 students registered here next fall. The New Hampshire would receive one dollar from every student as subscription to the paper; the income from this source would be \$1,200. The cost per issue of the paper would be in the neighborhood of \$100. There will be 32 issues next year, a total cost of \$3,200. Taking away the \$1,200 from student subscriptions, the deficit is \$2,000. This will have to be made up from other sources: Alumni, other subscriptions, and advertising.

It is an artificial means of support when approximately only one-third of the funds required for the publication of the paper comes from the students?

To compare the collecting of The New Hampshire subscriptions to that of "The Manchester Union and other papers" is unfair. "The Manchester Union and other papers" are of entirely different character. Unless they pay good dividends, they are discontinued. They are run by men who devote their lives to that work. With The New Hampshire it is different. This is a student paper, run by the students. To be run properly, it requires much more time than should be given to it if the students are to stay in the University. It is impossible to run The New Hampshire and at the same time to get all that could be gotten out of one's studies.

(3) The mere fact of compulsory student subscription would not tend to make the managers of The New Hampshire feel less responsible to the subscribers or to the wishes of the subscribers than is the case now. It would, on the other hand, increase this feeling of responsibility. It would increase the desire to have a better paper, for The New Hampshire staff would feel that all subscribers should rightfully get the best that could be given them, because the students subscribe by a compulsory fee.

Then the advertisers must always be considered. If the paper becomes so poor that the students would not read it, as those who object to this fee seem to feel might happen, no one would advertise in it, and The New Hampshire would cease to exist. Then we would go back to our present fifty dollar fee for which we get a varsity home game athletic ticket.

There are several outstanding advantages to be gained by having compulsory subscription to The New Hampshire. The first of these is that the price of The New Hampshire would be decreased. This would result in a larger subscription list and would encourage more advertising. With this combination the size of the paper could, in all probability, be increased, and more space could be given to the various interesting happenings about the campus and in the town. Thus The New Hampshire would become bigger and better in every way than it has ever before.

There is another thing to consider. The student body is growing so large that it is impossible for one student to keep in touch with the things that are going on in some other part of the campus. It is only through The New Hampshire that this is possible. Therefore, it is a decided advantage for every student to have The New Hampshire. By compulsory subscription, this would be attained. Then, too, the departments in the colleges and the colleges themselves could keep in closer touch with each other than can now be done.

These are the reasons that The New Hampshire is urging compulsory student subscription to The New Hampshire. The time is ready for such a move, and the students are willing to have it and believe it should be. How many are willing will be shown by the number who sign the petition to the Board of Trustees.

EXTENSION SERVICE DESCRIBES METHOD FOR STORING FURS

Farm Bureau Works Out Cooperative Farm Machinery in Hopkinton—Prof. Hepler Gives Frost Protection Hints

How to protect winter furs from moths is described as follows by Miss Daisy D. Williamson of the New Hampshire Extension Service:

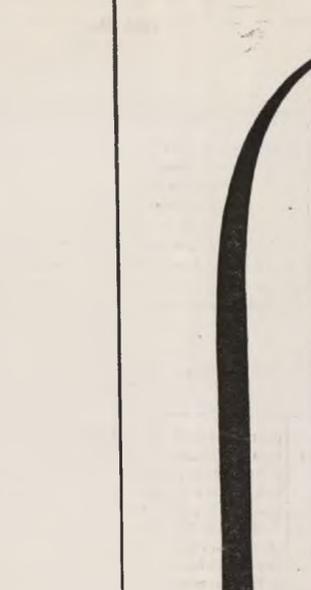

Clean the furs thoroughly, since no amount of disinfectant will kill moth eggs in dirty furs. Air them on a sunny day and clean the next day, using a coarse nickel comb to remove all larvae. Lay the furs on a pillow on the ground and beat gently with rattan or a furniture beater. Then dip a fine, soft clothes-brush in clean cold water and stroke the fur as it naturally lies until the surface is wet. Hang up the pieces and beat lightly until fluffy. Soiled white furs should be cleaned first with cornmeal. Each piece should be hung in a moth-proof bag made of strong tar or naphtha scented parchment or of tough hardwood paper made into flat bags. Put flakes inside, fasten the bags tightly and suspend from hooks or a pole in the closet. Cheese-cloth bags filled with flakes and sewed to the bags will act as further protection.

Smudge Fires of Doubtful Value

Brush fires for smudging are of doubtful value in preventing frost from garden crops thinks Prof. J. R. Hepler of the University of New Hampshire. Practically the only way to protect plants is to cover them. Potato growers often cover the plants with soil when five inches or less in height. A little mound of soil over tomato or pepper plants will also help, although they must be carefully uncovered the next day. This method will not work with vine crops, which may be covered with paper or cloth. The paper may be folded in the form of a cone, and care should be taken that it does not touch the plant, or freezing will occur at this point.

Difficulties in the way of cooperative ownership of farm machinery have been overcome under the plan worked out by the Farm Bureau at Hopkinton, N. H., reports George M. Putnam, president of the New Hampshire Farm Bureau Federation. So successful has been the experience of the cooperators in the Putney Hill

Where Westinghouse Blazed the Trail

What Industry Owes to Engineering

After many years of service as a direct-current generator, this original application in the steel industry in 1891—in the Edgar Thompson Works of the Carnegie Steel Co., Bessemer, Pa.—ended its days as a motor in the pattern shop.

First in Electrification of Industry

In 1891 the first electric motor was put to work in a steel mill. In 1905 the first large rolling mill motor, and in 1906, the first reversing mill motor were also installed in steel mills. These motors—all Westinghouse Motors—were history-makers in the steel industry.

Other industries too have profited by Westinghouse engineering pioneering.

—In the textile industry, individual motor drive became a reality in 1902, in the Sauguet Silk Co., Philadelphia, Pa.

—In the rubber industry, Westinghouse ideas as originally applied in 1900, are today the standard method of application in plants throughout the world.

—In the handling of materials at the world's great shipping centers, in the manufacturing of paper, in the motion picture industry, in coal mining, in meat packing, railroading, ship building—in fact, in every branch of human activity can be found progress and profits traceable directly to the pioneering of Westinghouse Engineers.

Westinghouse

ACHIEVEMENT & OPPORTUNITY

CAMP ORDERS

GENERAL ORDERS FOR GUARDS

Companies will furnish guard details in the following order: Wednesday, night, Company "G;" Thursday, day, Company "F;" Thursday, night, General Detail; Friday, day, Company "B;" Friday, night, Company "A."

The 1st platoon of each company will form from the nucleus for the guard detail when each company is due for guard. Other details, in so far as practicable will be furnished from men not doing any guard duty.

Manuals of Interior Guard Duty will be available at the guard house. The Commander of the Guard will be responsible that all men familiarize themselves with their duties as members of the guard.

Members of the guard will remain in the immediate vicinity of the guard house at all times except when on post and when permission is given by the commander of the guard to be absent.

The commander of the guard will make the necessary arrangements to relieve men on post to attend mess and will see to it that at least five men are at the guard house at all times. Members of the guard will be given preference in the mess line.

The commander of the guard will be responsible for properly raising the flag at reveille and for lowering the flag at retreat.

Failure to perform guard duty in a conscientious and military manner will entail serious consequences.

CHARLES S. PETTEE, Commanding.

SPECIAL ORDERS FOR GUARD POSTS

(Continued from Page 1)

the command or accompanied by members of the command.
Suspicious looking persons will be reported to the corporal of the guard.
The signal for alarm in case of fire will be to call "Fire, Post No. 5."

PERSONNEL OF GUARD MOUNT

(Continued from Page 1)

B. L. Frizzell, M. P. Gill, C. A. George, L. F. Hayden, S. R. Hixon, W. L. Hoagland, W. Hodges, J. W. Hutchens, M. Hunt, R. G. Keough; supernumerary, D. H. Lee, R. B. Littlefield, D. K. McLeod, J. E. Neville.

Friday Night Guard Mount

Officer of the day, Capt. M. W. Rowe; officer of the Guard, 2nd Lieut. J. Horne.

Detail for the Guard:
Sgt., E. MacConnell; Corp., M. F. Snow, C. F. Condell, R. R. Reid, L. S. Cummings; buglers, E. A. Russell, O. J. Terrie; privates, E. Ashby, H. Beggs, J. A. Boyd, J. M. Godbeer, K. H. Higgins, C. H. Ingalls, R. R. Nason, C. E. Page, E. H. Nodeau, R. Sherburne, F. E. Sibley, S. M. Smith, W. Stinson, E. K. Sweeney, S. E. Wilson, E. O. Wightman, D. M. Whitler, R. G. Webster, C. M. Abbot, N. F. Allen, L. J. McGlynn; supernumerary, G. Nash, R. W. Page, W. P. Moore, J. B. O'Brien, E. C. Sibley.

The officer of the day will check the Guard at Guard Mount and will return to the company all men not needed.

CHARLES S. PETTEE, Commanding.

UNIVERSITY RIFLE CLUB HOLDS ANNUAL ELECTION

The regular meeting of the U. N. H. Rifle Club was held on May 21. At this meeting the officers for the ensuing year were elected as follows: President, John W. Chandler, '26; Vice President, E. G. Miller, '26; Corresponding Secretary, S. E. Wilson, '26; Secretary-Treasurer, R. Sherburne, '26; Range Officer, M. R. Langdell, '27; Executive Officer, H. G. Wightman. The club has just broken even the past year in its matches having won and lost three. A large expansion in the plans for next year is being made and much use of the new outdoor range is being planned.

neighborhood that they have purchased a power potato digger as well as a sprayer, are renting a machine planter, and are considering the purchase of a tractor. They amortized 25 per cent of the cost of the sprayer last year and saved \$96 in interest charges over what it would have cost them if each had purchased one. Care of the machines is vested in a manager, who operates them more efficiently, thinks Mr. Putnam, than would separate owners, and is paid a regular labor fee in addition to the payments towards use of the machine. Purchase was arranged through a bank loan and is paid off by definite charges to each owner in proportion to the amount he uses the equipment. It is believed that the life of the sprayer at least will be as long as under individual ownership, since it is not so much use that wears it out as other factors. With the machines the farmers can produce more economically and find that they can greatly increase their acreage.

Varsity Nine Has Busy Week Ahead

Play Three Games in Row—Coach Swasey Announces Changes in Lineup, Wentworth Goes to Second, Hammersley to Shortstop

With three games scheduled in as many days, this promises to be a busy week for Coach Swasey's nine. On Wednesday, the team goes to Medford to meet Tufts. On Thursday Colby College comes here for a game, and on Friday the team meets the Manchester Club of the Central Massachusetts League team on Textile Field in Manchester in connection with the visit of the R. O. T. C. unit to the metropolis of the state.

Coach Swasey has announced a couple of changes in the lineup of his infield for these games. Wentworth will be shifted from shortstop to second, replacing Lufkin, who has not been hitting the ball this year. Hammersley will play shortstop, while Applin will continue to start at third base. Coach Swasey intends

to start Cronin in this game with Barnes or Emerson on deck in case Cronin's arm has not come back enough to enable him to finish the game. The lineup will be: Campbell, c.; Cronin or Emerson, p.; Nicora, 1b.; Wentworth, 2b.; Hammersley, ss.; Applin, 3b.; H. Fernald, lf.; O'Connor, cf.; L. Fernald, rf.

The lineup for the other two games will be the same presumably. Barnes is expected to pitch here against Colby on Thursday, while Captain Lang Fernald may start against Manchester on Friday with Emerson as a relief man. Coach Swasey plans to take practically the entire squad to Manchester.

DORMITORY BASEBALL LEAGUE UNDER WAY

Play for Trophy Donated by Physical Education Department Starts Wednesday—Barracks "B" Takes "A"

A baseball league between the non-fraternity men in the various dormitories has been started under the direction of the department of physical education. The first game was held on May 14, when the men of Barracks B beat Barracks A 14-4. All non-fraternity men on the campus are eligible to play on the various teams, and the members of the A. T. A. and the Alpha Gamma Rho, who are not competing in the interfraternity league this year, are invited to play upon any one of the teams where they may reside.

The physical education department has donated a suitable trophy for the league champions, and credit in "phys. ed." will be given to the men competing in the games. All the teams will eventually play each other, the champion being chosen by a process of elimination. Teams representing Fairchild hall, Barracks A and B, and Ballard hall make up the league. E. Wayne Jenkins is manager of the league.

FENTON DEFEATED IN OLYMPIC TRYOUTS

Injury Prevents Captain Fitzpatrick from Entering Tourney—Fenton Not Knocked Out as Stated

Frankie Fenton, '25, representing the University of New Hampshire at the National Amateur Tournament and Olympic tryout bouts in Boston, Mass., on May 20, was defeated in the 126 pound class by Johnny Turner of New Haven, Conn. The Manchester Union of May 21 announced that Fenton was knocked out, but this was not the case. Fenton had the best of his opponent in the first round. At the start of the second round, Turner hit Fenton a solid blow in the stomach. Fenton, who has been prevented from boxing all winter by a threatened attack of appendicitis, was severely affected by the blow and showed its effects in his work during the last two rounds. Turner won on a decision, not a knock-out as stated. This bout took place in the second round of the tournament, as Fenton drew a bye in the first round.

Captain Fitzpatrick was unable to enter the big meet due to a bad strain in the back and side which has been bothering him for some time. While training for the Boston bouts, Fitzpatrick slipped in the ring, straining himself so badly again that it was impossible for him to go to the tournament.

PLANS MADE FOR N. H. ALUMNI DAY

Classes Expect Large Attendance on June 14

MANY RALLIES ARRANGED

President Hetzel Addresses First Meeting of Manchester Alumni Club—A. E. Twaddle, '21, Tells of Winning Marriage Bet

June 14, 1924, bids to be the greatest Alumni Day in the history of New Hampshire. Many of the old grads are to make their first visit to Durham since their commencement. Particular enthusiasm is being demonstrated by the 25th reunion class, the "99ers." The class of 1899 is out for a 100 per cent. reunion and the present indications point to success in this ambition. The class of '97 has caught the fever and it is certain that this class will be represented on the campus. The classes of '14 and '16 are also making much headway and report much progress toward a large attendance. "Bob" Perry, '22, has just sent out a final round-up letter to his loyal group and it appears as if the campus would be pretty well covered with 1922 grads. The program for Alumni Day is as follows:

10.00 a. m. Registration, recreation and campus visits.

11.30 a. m. Class luncheons and field days.

1.15 p. m. Alumni Parade, starting at the Commons.

1.30 p. m. Baseball, Varsity vs. St. John's College.

4.00 p. m. Presentation of portrait of Ex-President Murkland, by the class of 1898.

4.15 p. m. Presentation of Memorial Scholarship Fund, by the class of 1922.

4.30 p. m. Annual Business Meeting, at Faculty Club.

6.30 p. m. Alumni Banquet, Commons.

8.30 p. m. Alumni Rally.

The Commencement Ball was put ahead to the night prior to Alumni Day in order that the old grads might have an opportunity to renew the old-time social affairs back at college. "The biggest and best Commencement Ball" is being advertised.

Several of the classes are making efforts to have a field day outing of the class during the forenoon of the 14th, while others are making plans for the renewal of the old fellowships and a big class luncheon at 11.30.

The baseball game in which the Varsity may be seen in inter-collegiate competition was arranged at considerable expense on the part of the Physical Education Department and it is hoped that the grads will support this activity. A big class parade at 1.15 will start things in the right direction.

The spirit of our alumni is well demonstrated by the program at 4.00 o'clock when the class of '98 presents an oil portrait painting to the University. Through some strange coincidence the portrait of Dr. Murkland was the only one of our past Presidents that has not been presented the institution. This vision of the class of '98 is only one instance of the renewed interest by our old grads in their Alma Mater.

The 1922 Class Memorial Scholarship Endowment Fund will also be turned over to the Board of Trustees. This is truly an epoch-making event in the life of our Alumni Association and the class can well be proud of its accomplishment.

The Alumni Banquet at 6.30 p. m. bids to find the largest number of our grads ever seated together for such an occasion. The committee is hard at work perfecting the arrangements. This year there will be but two addresses after the banquet. President Hetzel has a message for the whole graduate body at this time. It is also hoped that Ex-President Murland may be able to greet the old grads.

Immediately following President Hetzel's address the group will adjourn for a live Alumni Rally. The committee in charge are making plans for a rally with lots of pep. Stunts by the Classes of '99, '14, '22, and '24, are being scheduled. There will also be lots of music and cheers. This rally must start promptly at 8.30 and this will be a fitting finale for Alumni Day.

All in all the program for Alumni Day is so interesting that no grad can afford to be absent. However, one very important feature that our returning alumni must observe is the fact that the local committee on rooms be advised immediately as the reservations desired. The cooperation on the part of our grads will make the work of this committee far more pleasant.

The Manchester Alumni Club held its first meeting after its organization at the Temple Place, Friday evening, May 16. There were about 25 members present. President and Mrs. Hetzel were the honorary guests of the evening.

After the dinner there was a short business meeting, followed by an informal talk by President Hetzel. He discussed the necessity of more buildings here at the University due to the increase in enrollment of students. Following this talk, the Alumni fired questions at President Hetzel concerning the activities of the University until the hour grew quite late.

UNIVERSITY OF NEW HAMPSHIRE ALUMNI MEMORIAL SCHOLARSHIP FUND

145A Belmont St.,
Everett, Mass.,
May 22, 1924.

Dear Alumni:

We received but \$12.00 this week, making our total \$408.00; not a very satisfactory week.

There are but two classes who have contributed, '80 and '82, up to the class of '99, and we have received, as yet, nothing from 1900, '05, '07. There surely must be some one in each of these classes who has enough class pride to take his class out of the minus column.

Out of 1700 four-year and two-year graduates we have received contributions from 66, an average of a little over \$6.00 apiece. The committee appreciates the effort these 66 have made in aiding us, but we need about 200 more loyal friends of the College to come forward and give us \$5.00 apiece. Surely a cause that has had so little criticism made of it is entitled to more generous support.

Please aid our worthy cause.

Yours for New Hampshire,

"ED." HARDY.

JUNIOR PARTIES MOST SUCCESSFUL (Continued from Page One.)

Saturday morning, the early risers were able to enjoy a few sets of tennis on the new tennis court, and the afternoon was spent by the majority at the baseball game.

The major part of the affair was the dance at the fraternity house on Saturday evening. The house was tastefully decorated, and the lawn was overhung with Japanese lanterns, which gave a rather Oriental and striking atmosphere. At ten o'clock, refreshments were served. Sunday morning passed in an informal manner, and after dinner the affair was brought to a close.

The guests present were: Katherine Shea, Boston, Mass.; Esther Moore, Northfield, Mass.; Catherine Canty, Fitchburg, Mass.; Jules Novak, Exeter; Corinne Griffith, Monclair; Eleanor Shea, Manchester; Louise Bailey, Blanche Smith, Emma Kimball, Eleanor Stanwood, Esther Brown, Dorothy Flynn, Ila Batchler, Dorothy Thurston, Anne Craig, Eleanor Conant, Eleanor Pray.

Kappa Sigma Party

A large number of Kappa Sigma members attended the Junior Prom on Friday night. After the Prom, a dance was held in the Chapter house until the small hours of the morning. On Saturday motor parties were formed for lunches at various resorts and on Saturday evening another dance was held at the fraternity house. As the story from the Kappa House did not arrive in time to go to the printer, we are unable to publish the names of the chaperones or the guests.

Lambda Chi Alpha

About fifteen members of the Lambda Chi fraternity and their friends attended the Junior Prom. On Saturday evening a dance was held at the Chapter house and on Sunday the entire party motored to a cottage at Salisbury beach where an informal lunch and party was enjoyed. We did not receive the names of the chaperones or the guests in time for publication.

S. A. E. House Party

A most successful house party was held by the Sigma Alpha Epsilon fraternity this year. Thirty-one couples attended, a greater number than at any previous house party.

The Junior Prom proved to be an excellent opening feature, and the following day the party motored to the Harrisonia Manor in Nashua for a dinner-dance. Time was allowed to

It was decided at the meeting that the alumni of Manchester should cooperate as much as possible with the Chamber of Commerce in entertaining the R. O. T. C. Battalion while they are in camp at Rock Rimmon.

It was regretted that the Secretary-Treasurer could not be present, yet his special letter was of much interest to the members.

Plans have already been started for a wonderful alumni gathering on the evening that New Hampshire plays Tufts, in Manchester on Oct. 25.

The members of the organization were sorry that due to conflicting dates more of the alumni could not be present to hear President Hetzel's talk.

The next meeting is to be under the management of the Derry Alumni. The date will be announced later.

49 Mechanic Street,
Manchester, N. H.,
May 25, 1924.

Dear Mr. Perley:—

Just a line for The New Hampshire.

"Five roommates met in Worcester as the result of an agreement made while in college. Each one agreed to give a dinner to the other four and their families when he married. The first reunion and dinner was held in Worcester, Mass., Sunday, May 18, 1924. Mr. and Mrs. A. R. Calpin being the host and hostess. All the members were present and the get-together and dinner was a most enjoyable one. Those present were Mrs. W. D. Huse (Louise Richmond) '19, W. D. Huse, '21, of Laconia, E. A. F. Anderson, '21, of Dover, A. E. Twaddle, '21, of Manchester, S. H. Boomer, '21, of Conway, the host, a member of the class of '22, and Mrs. Calpin, formerly Miss Eunice Higgins, a graduate of Wellesley in 1919.

Sincerely,

A. E. Twaddle, '21.

permit seeing the baseball game with Lowell Textile at Lowell before arriving at the Manor. Finally, a turkey dinner at the Chapter house on Sunday brought the party to a close.

Mr. and Mrs. Heber Depew, Mr. and Mrs. Harvey Cohn, and Mr. and Mrs. Perry Tubman acted as chaperones.

The guests were: Marianna Briggs of Worcester, Mass., Harriet Brady, '27, Frances Bancroft of Worcester, Mass., Edith Reid, '24, Dorothy Pearce of Melrose, Mass., Elizabeth Tibbetts, '27, Betty Bixby of Springfield, Mass., Margaret Codaie, '26, Anna Robinson of Portsmouth, Esther Soderlund of Boston, Eloise Trotter of Boston, Abbie Willey of Durham, Alice Fitch of New York, Evelyn Willard of Worcester, Mass., Ruth Dunstan of Concord, Rita Morin of Malden, Mass., Ann Laskey of Marblehead, Mass., Alice Tirrell, '25, Grace Hoyt of Leominster, Mass., Margaret Cody of Nashua, Dorothy Piper and Dorothy Collins of Laconia, Martha Wadsworth of Boston, Delia Langley of Durham, Elizabeth Desautels of Hartford, Conn., Antoinette Dion of Manchester, Lucille Ward of New Haven, Conn., Rachel Cramer of New York, Lucille Green of Boston, Mr. and Mrs. G. B. Peterman of Durham, and Mr. and Mrs. Howard Burpee of Manchester.

Theta Chi Party

Theta Chi formally opened the celebration of its spring house party at the Junior Prom on Friday evening. Fourteen men from the fraternity and their guests attended. On Saturday the party motored to the beach and enjoyed a picnic. That evening the fraternity held a dance in the Hotel Rockingham at Portsmouth in honor of their guests. A Boston orchestra played for dancing until 12 o'clock. Sunday was passed informally. Dinner was served at the fraternity house. The party came to a close in the afternoon as the guests departed. The chaperones were Mr. and Mrs. Burt Huggins of Durham, Mr. and Mrs. Henry Swasey of Durham, and Mr. and Mrs. Percy Tibbetts of Somersworth. The guests were: The Misses Helen Burt of Harvard, Mass., Alice Dudley of Newmarket, Elizabeth Frank of Brookline, Mass., Helen Holbrook of Winthrop, Mass., Charlotte James of Brookline, Mass., Lillian Locke of Barington, Esther Perham of Chelmsford, Mass., Miriam Tirrell of Weymouth, Mass., Pauline Weiss of Methuen, Mass., Mertie Williger of Lyme, Dorothy Clarkson, Rachel Davis, Beatrice Noyes, Louise Nutting.

Theta Upsilon Party

Theta Upsilon Omega fraternity began its house party Friday afternoon by having an informal gathering at the house. That evening sixteen members and their guests attended Junior Prom at the Gym.

On Saturday a motor trip picnic to the beach was enjoyed. This was followed in the evening by the house dance at the Chapter house. Music was supplied by Ahearn's orchestra of Exeter.

The chaperones at the party were Dr. and Mrs. H. R. Kraybill, Mr. and Mrs. W. G. Hennessy, and Mr. and Mrs. J. W. McIntire, all of Durham.

The guests at the fraternity over the week-end include the following: Miss Helen Reid, Manchester, Miss Gladys DeMerritt of Lee, Miss Dorothea Brummitt, ex-'24, of Wolfeboro, Mrs. E. S. Temple of Concord, Miss Harriet Dodge of Manchester, Miss Janet MacCulloch of Salem, Mass., Miss Ida Averill of Wolfeboro, Miss Marion Webb of Wilmington, Miss Madolyn Johnson of Goffstown, Miss Florence Tilford of Salem, Mass., Vivian Hewitt, '23, Frances Fairchild, '27, Mildred Joy, '24, Helen Burnham, '24, Eleanor Sampson, '26, Martha McDonalds, '24, Irma Dunn, '24, Virginia F. Heald, '26, Eleanor Hunter, '26, and Irene Wentworth, '27.

Tri Gamma House Party

With the Junior Prom over, the Tri Gamma party started with several auto parties to the various beaches, including Rye, Hampton, York, and Salisbury. All who were fortunate enough to make one of these trips had a very pleasant time and everyone returned for the house dance in the evening. The house was decorated with red, white, and purple, the fraternity colors. With streamers on the inside and with Japanese lanterns on the outside, the house was very effectively decorated and furnished a very pleasing sight. Dancing started at 7.45 and music was furnished by Phil Marden of Portsmouth and

his orchestra until 12. The dance furnished a very enjoyable time for all as a climax to the day.

The guests at the dance were: Prof. and Mrs. Floyd C. Jackson, Mr. and Mrs. Samuel Craig, Mr. and Mrs. Milton E. Crowell, Philip Lowry, James Fitzgerald of Dover, Anna Kennick of Haverhill, Mass., Betty Herron of Cambridge, Mass., Edith Mills of Dover, Erlene Belyea of Dover, Eleanor Elison of Durham, Margaret Madden of Dover, Salome Colby, '25.

The alumni back to the dance were: Paul Newcome, '23, Charles Fitts, '23, Randolph Blodgett, '22.

On Sunday auto parties to the beaches were resumed with no exception to the regular amount of enjoyment.

LOWELL TEXTILE AGAIN DEFEATED

Swasey Coached Nine Rides Rough Shod Over Mill Men

FINAL SCORE 12 TO 4

Barnes Pitches Team to Victory in Loosely Played Game—New Hampshire Bats Big Factor in Fourth Successive Win

The University of New Hampshire baseball team made its four victories in a row, when it defeated Lowell Textile at Lowell on May 24 in a free hitting contest during which the men from Durham piled up 12 runs to their opponent's 4.

Barnes, the big sophomore hurler, pitched a good game for Coach Swasey's nine. A strong wind blew across the field which served to increase the speed for which Barnes is noted, and the future mill superintendents were unable to hit when they needed to. Altogether, they managed to collect 10 safe hits, which is usually enough to win any ball game, but the New Hampshire pitcher kept the bingles well distributed, avoiding a lot of trouble. The New Hampshire infield made several errors which allowed men to reach first but tightened up in the pinches, preventing the Lowell runners from scoring.

"Nig" Campbell had a good day at the bat, connecting for three hits in 5 times at bat which drove in four runs. The way in which the former first baseman has developed into a promising catcher this year has surprised even the most optimistic followers of New Hampshire's baseball fortunes. Nicora had a good day at bat and in the field; he hit for 500 and fielded his position without an error.

"Cy" Wentworth's ankle was bothering him and so Coach Swasey played a good game although two errors are chalked up against him on two hard chances. "Kike" Fernald pulled off a circus catch in the sixth inning that drew a good hand from the crowd. Applin came through with one hit with three men on the bases, scoring two runs.

For Lowell, Reynolds at shortstop was the star of the day. Joy, who started the game on the mound and was later removed to the outfield after the New Hampshire sluggers had driven his offerings to all corners of the lot, had a good day at the bat, making three hits in five times up. The summary:

RECOGNITION

President Hetzel stated the other day that he was surprised that those on The New Hampshire and those in other activities did not demand some recognition from the University similar to that given athletes. The New Hampshire has often demanded some form of recognition for the members of its staff, but every time this has been ignored. It is the belief of The New Hampshire that until the University realizes that those students on The New Hampshire and in other undergraduate organizations deserve as much recognition as the athletes, such recognition will not be given. When that day come, The New Hampshire and the others recognized will have much to be thankful for.

PROPOSED AMENDMENTS TO THE ATHLETIC ASSOCIATION CONSTITUTION

At meetings of the Executive Committee of the Athletic Association of the University of New Hampshire held Monday, May 19th, and Monday, May 26, 1924, the following amendments to the Constitution were proposed:

To rescind Article 7, Section 6, and substitute thereafter the following: "There shall be a Senior cheer leader and three Junior cheer leaders. The Senior shall be appointed by the Executive Committee from one of the three Juniors. The three Junior cheer leaders shall be selected from the Sophomore candidates by the Executive Committee at the end of the Sophomore year."

Article 7, Section 6, as it now stands reads as follows: "There shall be one Senior cheer leader, two Junior cheer leaders, and three Sophomore assistants. After suitable tryouts before the student body, three freshmen shall be elected at the annual election to serve as Sophomore assistant cheer leaders. At the end of the sophomore year, two of these shall be elected at the annual election as Junior cheer leaders. One of these two Junior cheer leaders shall be elected Senior cheer leader at the annual election and shall be awarded by the Executive Committee some form of recognition, other than an 'N. H.' at the beginning of his Senior year."

To amend Article 11 by adding a new section: "The Senior cheer leader shall be awarded the privilege of wearing the cheer leader 'N. H.' which shall be a blue megaphone five inches at the widest, one inch at the narrowest point in which are cut the letters 'N. H.' A model of this shall be kept in the Athletic Director's office and shall be worn on a white, crew or ring neck sweater."

To amend Section 8 of Article 11 as follows:—"Strike out the words 'the association recommends that' and the word 'concerned', and add 'football, baseball, basketball, track and cross country,' so that the amended article shall read as follows:—

"The Physical Education Department for men shall present a sweater with the proper insignia to any member of a varsity football, baseball, basketball, track or cross country team earning a letter for the first time."

Article 11, Section 8, as it now stands reads as follows:—"The Association recommends that the Physical Education Department concerned shall present a sweater with the proper insignia to a member earning a letter for the first time."

To amend Article 11, Section 1 by striking out the word "V-neck." Article 11, Section 1, as it now stands reads as follows:—"Football letters shall be plain white block letters N. H. six inches high, and shall be worn on crew, ring, or V-neck navy blue sweaters, a model of which shall be kept in the Athletic Director's office."

In view of the fact that the Physical Education Department for men has all its funds budgeted by the President of the University and audited annually by the State Auditor with other University accounts, it is obvious that Article 3, also Section 7 of Article 4 and Section 4 of Article 4 are superfluous.

To strike out Section 4, Article 4, in its entirety. Article 3 as it now stands reads as follows:—"The officers of this Association shall consist of a President, Vice-President, Secretary, Treasurer, and an Executive Committee."

To strike out Section 7, Article 4, in its entirety. Section 7, Article 4, as it now stands, reads as follows:—"The books of the Treasurer and Athletic Director shall be audited at the end of each school year by an auditor appointed by the Executive Committee."

To strike out Section 4, Article 4, in its entirety. Section 4, Article 4, as it now stands, reads as follows:—"One member of the faculty, who is not a member of the Executive Committee, shall be the Treasurer of the Association. He shall pay out money only on written order of the Athletic Director."

To strike out Section 4, Article 4, in its entirety. To amend Article 6 with the following additions:—"Soccer, Hockey, Boxing, Tennis, and Winter Sports," and strike out the word "five" and substitute therefore the word "ten."

Article 6, as it now stands, reads as follows:—"The Association shall be divided into five (5) departments, viz., Football, Baseball, Track, Basketball, and Cross-country."

To amend Section 1, Article 9, to read as follows:—"The annual meeting of the Association shall be held on the second Wednesday of May."

Section 1, Article 9, as it now stands, reads as follows:—"The annual meeting of the Association shall be held on the last Wednesday of May." To amend Article 10, to read as follows:—"All terms of office shall be understood to begin the University fiscal year which is July 1st."

Article 10, as it now stands, reads as follows:—"All terms of office shall be understood to begin two weeks from the time of the annual meeting."

The Executive Committee feels that it is not justified at the present time in recommending the adoption of specified letters for the proposed five new sports. It is desired to secure an expression on the part of the student body concerning their attitude as to the award of these letters and the following will appear on the student ballot at the annual election:

| | Yes | No |
|---|-----|----|
| "I favor the award of a specified letter in soccer. | | |
| boxing | | |
| winter sports | | |
| tennis | | |
| hockey | | |

N. H. SOPHOMORE MEETS AUTHOR OF "PLASTIC AGE"

(Continued from Page One.)

Marks learned that Mr. McIntyre was from New Hampshire, he mentioned the fact that he was well acquainted with Mr. Clark Stevens, a forestry instructor at the University here. The two men served together in the army, and have since corresponded. Mr. McIntyre told Mr. Marks that "The Plastic Age" had been the subject of much discussion on the New Hampshire campus, and that an analysis of the book had been made by Dean French in a sociology course which he was taking. Mr. Marks said that he had already heard that "The Plastic Age" was barred from this Library and he said that he could not understand a view point so narrow, as the book has been read everywhere by all classes of people and that it had never been criticized as vulgar or obscene, although some people have objected that it was exaggerated. Mr. McIntyre asked Mr. Marks what his real object was in writing the story. Mr. Marks replied that the book was not written for young people of high school age; he said that all the former writers of student days wrote only of the idealistic and beautiful side of college life, and that he thought it his duty to write of an element which is undoubtedly present in all colleges, although the men of this kind are undoubtedly in the minority. Mr. Marks went on to say that he hoped that he had rendered parents, students, and faculties a real service in pointing out the temptations to which every college student is subjected. Mr. McIntyre said that Mr. Marks has a very pleasing personality and is most interesting to talk with. He

describes him as rather nervous and an excellent reader of dramatic poetry. Mr. Marks told Mr. McIntyre that he is besieged with reporters since the publishing of his book and that he avoids meeting them as much as possible.

The papers announced recently that Mr. Marks was reappointed to the Brown faculty next year. The reasons given for this action by President Faunce were that Mr. Marks' ideals and interests were incompatible with the other members of the English department staff at the University, and that the action was not due to any of his personal habits or beliefs. President Faunce denied emphatically that the writing of "The Plastic Age" had anything to do with the action in regard to Mr. Marks' contract for next year. Before leaving, Mr. Marks gave Mr. McIntyre an autographed card to place in the front of his copy of "The Plastic Age."

TEN AGGIE MEN RECEIVE BIDS FROM ALPHA ZETA

At the spring election to membership in Alpha Zeta, the Agricultural honorary fraternity, ten men received bids. These are the only men who have been taken into the fraternity this year. The following is the list of the pledges: Warren Whitcomb, '24, Bath; Ralph B. Bemis, '26, Chesham; Paul C. Farrar, '26, Henniker; Charles H. Fogg, '26, Hancock; William Higgins, '26, Littleton; Myron P. Leighton, '26, Walnut Hill, Me.; Willard D. Rollins, '26, West Alton; Ralph S. Taylor, '26, Durham; and Stanley E. Wilson, '26, North Charles-town.
