Dartmouth Gets Harvey Cohn
Popular Track Coach to Terminate Contract Here

LEAVES SPLENDID RECORD
To Coach Fredrickson and Track and Field Men Gives Start to Summer

Dartmouth track coach Harvey Cohn leaves this week for his home in New York, after a three years' term as coach of the track and field team. Coach Cohn's successor has not been decided upon.

During his three years here, Coach Cohn has done much to improve the track and field team. Some of his best runners include Bob Conselyea, F. C. Norwood, and William D. Clapp.

The men's track team under Coach Cohn has done splendidly, winning the Eastern meet in 1925, and finishing second in the Eastern meet in 1926.

A feature of the meet was the recent addition of the New Hampshire team to the Eastern meet, bringing the total number of teams to 15.

The New Hampshire team, under the guidance of Coach Cohn, has finished second in the Eastern meet for the past three years.

The men's field events have also shown improvement under Coach Cohn's guidance. Bob Conselyea, F. C. Norwood, and William D. Clapp have all shown fine performances.

The women's track team under Coach Cohn has also shown improvement. Alice McManus, who was the women's captain, has shown fine performances.

Coach Cohn's contributions to the New Hampshire track and field team have been significant, and his departure will be missed.

FIERCE BATTLE HELD IN DURHAM

1924 Shots Fired During Three-Hour Engagement

STARTS AT BARRACKS

Henry Pierce Ladd from Eight to Eleven Monday At the request of the Commanding
McKay Makes Speech Before Last Shots Fired

Citzens of Durham have been apprised of a more or less serious military engagement which has been going on for some time in the vicinity of the University. The engagement is fought between Company C, the New Hampshire Company, and Company A, the Massachusetts Company. The engagement began at 7:30 a.m. and continued for three hours. Both companies have sustained heavy losses. The New Hampshire Company has lost 10 men, and Company A has lost 15 men. The engagement ended with the surrender of the New Hampshire Company.

The New Hampshire department had on hand several cases of blank ammunition which were found to be in a condition where the function of the hand was limited to a single object, a couple of weeks ago, to have been in a condition where the hand was useless. The forecast has been verified, and the hand has been restored to normal function.

The rifles and the advanced blank ammunition seems to have a natural affinity for each other, and in some instances the hand which was referred to appears to have been restored to normal function. The hand was originally in a condition where the function of the hand was limited to a single object, a couple of weeks ago, to have been in a condition where the hand was useless. The initials of a friend

You will find these letters on many tools by which electricity works. They are on great power engines used by electric power companies; and on lamps that light millions of homes.

They are on big motors that pull railway trains; and on tiny motors that make hard housework easy.

By such tools electricity displaces the dark and lifts heavy burdens from human shoulders. Hence the letters G-E are more than a trademark. They are an emblem of service—of the initials of a friend.
