

GRID STARS READY AFTER EARLY TRAINING PERIOD AT OLD ORCHARD

Squad of 35 Including 11 Letter Men Now Working Out Daily in Preparation for Promising Season

COACH COWELL AIDED BY CHRISTENSEN AND FARMER

Team A Defeats Scrubs in First Long Scrimmage of Year—Entire Line Composed of Letter Men Opens Up Holes for Fast and Heavy Backfield—Prospects Encouraging

As a fitting climax to the pre-season training of the University of New Hampshire football squad Coach Cowell's Varsity Team A trimmed Team B 23-0 at Railroad Field Saturday, September 20. The squad numbering thirty-four men, coaches, and managers, left Durham Sunday, September 7, and arrived at Ocean Park, Me., a few hours later starting work the next day for the newest and what is hoped to be one of the biggest seasons that the Blue and White has had in recent years. The first night in camp was a very busy one. The boys who had not seen each other all summer, had much to talk over besides having plenty of work getting their bunks ready for the sleep they were going to need after days of strenuous exercise which was to fit them to carry on in the same way the U. N. H. teams have in former years.

Refreshed by a night of sleep which was made most enjoyable by the cool salt air of the sea and the sighing of the waves, the boys reported to Coach Cowell early Monday morning. Among those who reported for the first workout were, Piper, Foster, Taylor, Ayres, Munroe, Donovan, Chase, Callahan, Blewett, Sayward, Trombley, Prince, Langdell, Abbiatti, Nicora, Hodges, Buckminster, Hersey, Hubbard, Sargent, Page, McGlynn, A. Hubbard, Davis, Stearns, Campbell, Applin, Manager Holland and Assistant Manager Fogg. E. W. Christensen, former star N. H. line-man, reported to Coach Cowell to help

whip the line into shape and R. L. Gustafson, freshman coach, and former half-back of the N. H. varsity, was on hand to help with the backfield Sweet, the new track coach, was in Harvey Cohn's former position as trainer of the squad. Mr. Sweet took up where Harvey left off and immediately became a great favorite with the football men. Coach Cowell gave the men a most inspiring talk and so the first day's practice was started with everyone in great spirits and ready to get down to real hard work to put them into shape for the strenuous season ahead. Running was a big part of the first day's program. The boys were able to find just how much work they had to put into the pre-season period to get into perfect trim. Many of the men who had been working hard all summer found that they had all their old endurance with them and that their wind was in fine shape while others discovered that they had to work hard to make a position on the team. They all entered into the work with a will and every minute of the training was made to count so much towards victories over old rivals a few weeks later. The first day ended with the boys getting acquainted with the pigskin, rolling the ball around, handling the ball, and learning how to keep it in captivity once they got their hands on it. When the rest periods came everyone did what suited him best. Some lounged about on the (Continued on Page Four.)

FRESH CROWD TO ANNUAL RECEPTION

Y. W. and Y. M. C. A. Entertain Freshmen and Others in College Gymnasium

The annual freshman reception given by the two Christian organizations, the Y. M. C. A. and the Y. W. C. C., to the incoming class was held Saturday evening, September 20, in the gymnasium. The gym was gaily decorated with fraternity banners and palms, which were offset by red, white, and blue lights. The hall was filled to overflowing with faculty, upperclassmen, and freshmen, all of whom seemed to enjoy the first college gathering of the year.

Upon entering the gym each freshman was tagged with his name and a group letter which served as a means of introduction. The freshmen were taken by ushers to meet those in the receiving line who were: President and Mrs. Hetzel, Dean and Mrs. Pettee, Robert Folsom, president of the Y. M. C. A., and Miss Elsie Chickering, '25, president of the Y. W. C. C.

After introductions the newcomers were taken to their groups and there met different members of their class and enjoyed a friendly talk. Then came a short address by President Hetzel which was followed by the singing of college songs. Refreshments were served after the singing, much to the delight of everyone, followed by general dancing.

T. W. ATKINSON TO HEAD 1925 FOR THREE YEARS

At a meeting of the senior class September 22 Thomas W. C. Atkinson of Tilton was re-elected president of the class, Miss Audrey Caldwell of Newburyport, Mass., was chosen vice president, Camille Hudon of Salmon Falls, Me., secretary, and Don P. Scott of Tiverton, R. I., treasurer. Coincident with the election of these officers, a new rule was adopted which makes their term of office last for three years. Hitherto the senior class officers have served only through commencement when a new set of officers were installed for two years. It is thought that the new system will eliminate confusion after the class is graduated and will serve to promote a stronger organization among the new alumni.

N. H. DAIRY TEAM HEADS COLLEGES AT SPRINGFIELD

Brings Handsome Trophy to University as Result

DONALD PETTEE HIGH MAN

Good Work of University Team Gives Win in Collegiate Judging at Eastern States Exposition—Members Excel in Different Breeds Bringing Prizes and Medals Home

The University of New Hampshire Dairy cattle judging team headed the collegiate teams at the Eastern States Exposition in Springfield on Monday, Sept. 15, with Donald Pettee as high man of the entire contest. The team was made up of the following: Donald Pettee, '25; Paul Morse, '25 and Charles Fogg, '26. These men made a very good record by defeating such colleges as Cornell, Penn State and many of the other larger institutions in the East.

The individual standing of all the New Hampshire members was near the head of the list with Pettee leading, having a total of 1300 points, Morse fourth with 1253 points, and Fogg fourteenth with 1153 points. In the different classes each one of the team starred, Morse being second in Ayrshires, Pettee first in Guernseys, and Fogg second in Jerseys.

Besides the distinction of winning over the Eastern Colleges the team won several honors from the Exposition and the different breeders' associations. For being the team having the highest number of points, the Exposition gave a handsome trophy which is to be kept here at the University for one year. This is a perpetual trophy which is valued at \$500 and is awarded annually to the winning team of the contest. The individual members received nearly \$100 in cash prizes and in addition to this Pettee received a gold medal for being high man in Guernseys and a cane for being one of the three highest men in the entire contest, while the other members received prizes of lesser value.

The team left yesterday for the National Dairy Show at Milwaukee, Wisconsin, where they will again represent New Hampshire. They were accompanied by Prof. P. M. Fuller who is coach for the team.

The following is the standing of the different teams which were entered in the contest:

Points
University of New Hampshire, 3706

1153 STUDENTS NOW REGISTERED

Sixty Students Barred For Lack of Rooms

ENGINEERS SHOW LOSS

Biggest Gain in Liberal Arts—Aggies Hold Own—Registration Expected to Exceed 1200 Next Term

The University of New Hampshire has opened the college year with the largest freshman class and the largest total enrollment in its history, despite the fact that more than sixty students have been rejected because of lack of accommodations. The freshman class numbers 504, according to figures that have just been compiled by the Registrar. This represents an increase of 22 over the number enrolled in the entering class last year. The total registration on this date is 1153, which, with former students who will return next term, will mean a total registration for the year considerably in excess of 1200.

The number of men entering the institution is 838, which is approximately the same as last year. The number of women admitted has increased and now numbers 315. The increase in the total enrollment is due to the growth of the College of Liberal Arts. The College of Agriculture has just about held its own, while there has been a slight falling off in the enrollment in the College of Technology. "We regret the necessity of denying admission to so many applicants, but the congestion obtaining at the institution, both in the housing of students and in the class rooms, is so serious that it was found literally impossible to admit more," said President Hetzel in commenting on the report of the Registrar. "We have been able up to this point to admit all of the students who have been able to establish New Hampshire as their residence. In doing this, however, we have put the University under a terrific strain. We have had to house students in quarters that are most inappropriate. It has been necessary to quarter three and four students in rooms that were designed for only two, and we have had to resort to converting every space that is under cover about the University and the village. This has necessitated using attic and basement space, trunk rooms and parlors for the housing of students. This same serious situation extends to the class rooms and laboratories of the University, where we are compelled to schedule classes at irregular and awkward hours, and to carry numbers in many of the classes which interfere most seriously with efficient instruction."

Registration statistics indicate that practically every certified four-year high school in the state and nearly 95 per cent. of the towns of the state are represented in the student body. The numbers coming from the rural sections, the villages and the cities of the state are about in the same ratio as is represented by the distribution of the state's population.

NEW AIR PLANT ADDED TO MECHANICAL LABORATORY

A new air conditioning plant has been installed in the mechanical laboratory of the College of Technology during the summer. The addition of this apparatus will make it possible for the department of mechanical engineering to offer some very valuable and interesting work in connection with the course in heating and ventilation.

SOPHOMORES BAPTIZED IN NEW POND AS VICTORIOUS FROSH HAUL IN ROPE

Perfect Weather for Fourth Annual University Day—Freshmen and Juniors Outclass Other Groups

CANOE AND SWIMMING RACES FEATURE PROGRAM

1927 Wins Shoe and Relay Races Only—Canoe Tilting Provides Amusement—Rope Pull Lasts but 7½ Minutes—New Pond Proves Ideal Place for Contests

New Hampshire's fourth annual University Day was brought to a close last Wednesday amid the exultant shouts of the freshmen as their chosen team of rope pullers gave the strong sophomore team its baptism in the waters of the newly completed University lake, after a short struggle of 7½ minutes. This easy victory for the freshmen came as a surprise to everyone, especially those who witnessed the closely matched 50-minute tug of war which resulted in a tie. That day also marked the end of the salt water mud baths in the Oyster River which all the losing teams in the previous rope-pull contests have undergone, and the beginning of a new era of better organized and better refereed contests, with more nearly equal positions for each team. The rope pull contest was the third victory won by the freshmen on University Day when they also won the cane rush by the narrow margin of two canes, and came out victorious in two out of three heats in the canoe tilting matches.

The festivities of the day began at 1:30 with a parade headed by the University Band, which marched from the Commons to the baseball field where the first three events took place. The first of these was the freshman-sophomore shoe race which was won by the sophomores with a score of 29 to 25 pairs of shoes. After a sufficient number of sophomores had been dragged, coaxed and "vamped" out of the stands, the two classes were lined up on each end of the field, and two barrels of their shoes dumped in a conglomerate heap in the middle of the field. At the signal, there was just the kind of a mix-up which would be expected when about 100 men find themselves in such a dilemma all at the same time. About two minutes after the gun was fired there was no longer a big pile of shoes in the center of the field, but a thin layer of them distributed evenly over the entire surface. At the end of ten minutes 29 sophomores had searched out and chased down their shoes, put them on and got behind their line, while only 25 of the freshmen were able to do likewise.

As soon as the field could be cleared for action a cage ball contest was staged between the freshmen and sophomore girls. This resulted in a 12 to 8 victory for the freshmen. It was a very hot and closely contested match and was the cause of much excitement in the stands, especially when the big ball ran wild and "beamed" Professor Perley.

The next event was the freshman-sophomore cane rush which was won by the freshmen with a score of 35 to 33. A new type of cane was introduced this year. They were made with crooks at one end, and only the crooked end of a cane counted a point. There were 70 canes placed in two rows, near each end of the field. There were about 60 men in each class, and when the signal was given there ensued about 60 separate and distinct scraps. The number of separate scraps gradually decreased until when the gun was fired there were about three large groups, each fighting over a single cane.

Accompanied by the band, the crowd then marched to Memorial Field where the class relay races were held. The juniors won the two first relays in both weights, and the seniors were second in both races. In the 135 pound class the winning team consisted of Currier, Gunn, Mc-

Donald, and Avery, and winners in the heavier class were Sleeper, Tetzlaff, Vatter, and Gray. After these two events the girls' relay was run off. This was won by the seniors, with the sophomores second, juniors third, and freshmen fourth.

The freshman sophomore relay race was won by the sophomores with a team made up of George, Calderwood, Robinson, and Allen. Those running for the freshmen were Smith, Barkley, Brooks, and Watts. After these events the crowd journeyed to the newly made pond back of the gymnasium where the rest of the activities took place. The first event here was a canoe race between the sophomore and junior girls. This event was easily won by the junior team, composed of Winifred Scott and Ila Batchelder, in spite of the fact that about halfway down the pond the sophomores lost control of their craft and rammed their opponents amidst. The sophomore team consisted of G. Jones and F. Rolfe.

The men's canoe race was won by the juniors with Eddie Blewett and Charlie Gray at the paddles. The freshman team had hard luck at the outset of the race, capsizing in four feet of water. The seniors placed second, and the sophomores third.

Perhaps the most interesting and amusing of the water events were the canoe tilts, of which the freshmen won two out of three. The first heat resulted in an unfortunate spill for the freshmen before the two canoes had come within striking distance. The next two matches were more closely matched, with experts on both sides. The freshman team, composed of Wheeler and Rowe succeeded in vanquishing both the teams that they met, capsizing in the second heat, the team composed of Nutter and Daniels, after about ten minutes of skillful managing. The third heat was still more closely fought, and it resembled an ungainly, long-distance boxing match. Finally the second sophomore pair, composed of Dearington and Cleveland, was capsized in about two feet of water, making the freshmen winners of the event.

The swimming race which was the last of the water events, was easily won by Todd Wallace, '27, giving another victory to the sophomore. The new lake forms an ideal place for such events and will be the scene of many more University Day festivities.

VARSITY FOOTBALL SQUAD AT OCEAN PARK, ME.

Front row, left to right—Piper, Foster, Taylor, Ayers, Monroe, Donovan, Chase, Callahan, Blewett. Second row—Sweet, trainer; Assistant Coach Gustafson, Sayward, Twombly, Prime, Langdell, Captain Wentworth, Abbiatti, Nicora, Hodges, Buckminster, Head Coach, Cowell; Assistant Manager, Fogg; Manager, Holland. Top row—Hersey, L. Hubbard, Sargent, Page, McGlynn, A. Hubbard, W. Davis, Stearns, Campbell, Applin, Assistant Coach, Christenson.

GRANITE PHOTOGRAPHER STARTS WORK MONDAY

This year the Granite board hopes to be able to clean up some of the routine work before the end of the first term. In view of this fact the photographer from White's Studio, New York city, will be in town this coming week to take formal portraits of the juniors and many of the group pictures. The work is so planned that appointments should not conflict with classes. It is hoped that the Granite board will secure the cooperation of the entire student body as well as the faculty. Remember that there are many pictures to be taken and if you are late the appointments will all be delayed. A minute early will be better than a minute late and will greatly assist the photographer.

The following groups are scheduled for this week beginning Sept. 29:

Monday—Top floor of Morrill hall.
12.00—Alpha Chi Omega.
Alpha Xi Delta.
12.15—Chi Omega.
Phi Mu.
12.30—Delta Kappa.
Pan Hellenic.
4.00—Athletic Dept., athletic editor.
Tuesday—Faculty of separate Colleges. Time and location will be announced later.
Top floor of Morrill hall

4.00—Senior Skulls.
Blue Key.
4.15—Casque and Casket.
Officers of class of 1925.
4.30—Officers of class of 1926.
Officers of class of 1927.
4.45—Officers of class of 1928.
Wednesday—Convocation pictures.
2.30-4.00—Military department.
On Library steps
4.00-4.15—Class of 1925.
4.00-4.30—Class of 1927.
4.30-4.45—Class of 1928.
Wednesday—Morrill hall.
12.00—1926 Sophomore Hop committee.

It will be seen that two groups are scheduled every 15 minutes. Show up promptly and we'll promise to keep things moving. Any questions or desired changes will be handled by Harry Steere, Theta Chi House, telephone 112-4.

FRESHMAN FOOTBALL

Oct. 4—Pinkerton Academy at Durham.
Oct. 11—Westbrook Seminary at Durham.
Oct. 18—Tilton School at Durham.
Oct. 24—Kimball Union Academy at Durham.
Nov. 1—Maine Freshmen at Durham.
Nov. 7—Colby Academy at New London, N. H.

TO GROW OR NOT TO GROW?

America is the land of big and "bigger" things. Each year a "bigger" office building is built, a "bigger" wheat crop is harvested, a "bigger" subway is dug, a "bigger" airplane is built. Big business grows "bigger," big incomes grow "bigger," big universities grow "bigger." New Hampshire seems to be caught in this milling, whirling crush of "bigger" achievements. Each year our registration figures and crowded class rooms give evidence that the popular adjective just quoted can well be applied to this institution. This year for the first time 60 candidates were denied admission to our doors, a condition necessitated by lack of housing and teaching facilities. Because this is a state university, the applicants rejected were generally from outside states. Thus the restriction became selective restriction.

The New Hampshire feels that this action is momentous. We are finally face to face with the proposition, "Is this University to go forward as a University, open to all, irrespective of color, race, religion, residence, or birthplace, or is it to become a state institution in fact as well as name, with its enrollment made up of boys and girls from neighboring New Hampshire towns, their education narrowed and restricted by a thoroughly provincial atmosphere? The answer, of course, rests with the next legislature, not yet elected. What can you do about it? Write the truth to your parents, your friends; explain the situation to people you meet at home and everywhere. An aroused and educated public opinion is the only thing that can save us from this discouraging outlook.

We feel that this is to be an important year for New Hampshire. The University is in its "plastic age," and the situation is hopeful. We not only welcome the newcomers to our University, we congratulate them upon their entrance at the brink of such a formative and important period, because, in all truth, the new University will be whatever they choose to make it. Old things become staid and dull.

Finally, The New Hampshire too hopes to become "bigger" and better. We promise not to preach or "knock." And here is the important point—we need your help and cooperation.

ISAHIAH A. SMALL, '26, DIES AT PROVINCETOWN, AUG. 14

Isaiah Adelbert Small, formerly a member of the class of 1926, died at his home in Provincetown, Mass., on August 14, 1924.

Mr. Small entered the College of Liberal Arts in the fall of 1922. He was obliged to leave college at the end of his freshman year on account of an attack of diabetes. He entered Massachusetts General hospital where he took the insulin treatment for diabetes, then in the experimental stage. He improved rapidly and returned to New Hampshire last fall. His condition became worse and he again left college at Thanksgiving time. Returning home, his condition again improved and although under his physician's care he apparently enjoyed good health until two days before his death which came suddenly and unexpectedly. The funeral was held from the family home, 155 Commercial street, Provincetown, on August 16 and was attended by E. T. Gustafson, '26, and George Clark, '27, both fraternity brothers of Mr. Small.

During Mr. Small's course here he lived in the old Pettee block and was well known to everyone on the campus. He took part in several dramatic productions under the direction of Mr. Pottle. He was a member of Theta Chi fraternity and at the time of his death was representative of The Boston Globe in Provincetown.

FIRST FRESHMAN WEEK A SUCCESS

Class of 1928 Arrives in Durham One Week Early

NEW CLASS NUMBERS 442

Program Includes Lectures, Calisthenics, Socials, Physical, Mental Tests—To Be Repeated Next Year

Complete success in every detail marked the close of the first Freshman Week ever held at the University of New Hampshire. Freshman Week took place during the days of September 10-16 and was instituted at the University for three main reasons: First to give the freshman students certain preliminary tests and examinations and to impart to them certain information about the institution which will be of service in the selection of their course of study; second, to give the students a limited but definite amount of instruction on the traditions and on the larger problems and responsibilities of college life; third, to enable the students to get acquainted with each other, to organize their efforts, to work together, to play together, to become familiar with the campus, the buildings, the faculty, and with their new college environment.

The week started by the arrival and registration of 442 freshmen (the largest class to ever enter the University) at the registrar's office in Thompson hall where there they secured their admission cards and room assignments, paid their fees and tuition, and received instructions about the week.

On the succeeding days the exercises continued from 8 a. m. to 6 p. m. with an hour and a half off for lunch and rest at noon. Saturday afternoon was devoted exclusively to games and sports. Baseball teams were organized between the three colleges, Liberal Arts, Agricultural and Technical, and a game was the feature of the afternoon which unfortunately was interrupted by rain.

The exercises scheduled included lectures, tests, conferences, and practicals on the following: Personal hygiene, how to study, the University library, the use of books, English vocabulary, theme writing, Christian work, mental tests, physical examinations, consultation hours, military art, the University courses, calisthenics, dean's lectures, supervised recreation. There were evening functions too. On Wednesday evening at 7 o'clock there was a meeting of the individual groups, and at 8 p. m. a talk was given by President Hetzel which was thoroughly enjoyed by all.

On following evenings other events took place. On Thursday evening a reception was given to the freshmen at the Community church, and there everyone enjoyed the first gathering of his class. Friday night there was a talk on social obligations, a talk by the president of the student council, and preliminary class organization. The last night of the week the class was invited to the theater, and Sunday was of course a day of rest. On Monday evening there were talks by the student leaders on student activities, the election of class officers, and on Tuesday, September 16, after the final registration, Freshman Week ended, the officials of the University well satisfied with the results.

COMMONS DINING HALL UNDER NEW MANAGEMENT

The Commons begins the school year with new personnel from manager to pot-boy. The new manager, Mrs. Helen Leighton, a graduate of Framingham Normal school and of the Simmons College Institutional course comes to the University from the successful management of the Nashua Y. W. C. A. cafeteria. She had previous experience as manager of the Lake Placid Club and as superintending dietician of the New England Conservatory of Music. Mrs. Leighton enters the college year with the moral support of success in the Summer school. She is assisted in the management by Miss Frances Hepburn.

MAYME MacDONALD WINS TOURNAMENT

Woman's Physical Director Has Successful Summer on Tennis Courts
Miss Mayme MacDonald, head of the women's department of physical education, has played in seven tournaments this past summer and has won a number of championships. She won the singles championships of the Metropolitan clay and grass courts and was also runner-up in the mixed doubles of the same tournament. She won the singles championship of the state of Connecticut. At the Apawamis Club Invitation tournament she won the singles and was runner-up in the ladies' doubles. Miss MacDonald won the doubles championship of the state of New York and was runner-up in the singles of that state. At the Sea Bright Invitation tournament she was runner-up in the singles, mixed doubles, and doubles. Finally, she reached the round before the semi-finals in the national singles.

FRESHMAN TICKETS ON SALE FOR \$1.50

Coach Cowell Announces that Ticket Will be Necessary for Admission to All Contests

Coach Cowell has announced that either athletic tickets or paid admissions will be positively necessary for admission to any athletic contest held here this year. The tickets must be shown and punched at the gate, and any unfortunate person who has left his ticket "down in the room" will either be obliged to walk home after the missing card or pay the regular admission price for the contest.

Faculty tickets are on sale at \$7.50. This includes admission to all freshman contests, the regular price for freshman tickets being \$1.50. As the coach pointed out, this reduces the seemingly large increase in price to only one dollar. The possession of one of these tickets by each faculty member will be necessary for admission to the games.

As the budget allotted to freshman athletics by the administration is not yet adequate to support the frosh teams, freshman season tickets will be sold to all students for \$1.50 each. The student body voted two years ago to pay 25 cents admission to all freshman contests, but the purchase of a freshman ticket at the price quoted reduces the cost per game to about 10 cents. Both the student and the faculty tickets admit the holders to all contests in the five new sports which were adopted last spring.

Faculty tickets are now on sale at Coach Cowell's office. Freshman tickets may be obtained from Coach Cowell, Gustave ePterman, '25, or at the Durham Drug and College Pharmacy.

HEALTH FEE INSURES MEDICAL SERVICES

Dr. N. L. Griffin First University Physician Under New Scheme—Each Student Taxed \$1.50 Per Term

Beginning with this year a health fee of one dollar and a half will be levied each term on the students of New Hampshire University. This fee entitles any student of the University at any time to free medical treatment, consultation or examination, including the examination given to freshmen in the Fall by the Physical Education department and all examinations in time of epidemics or the like by the University physician.

The University has secured the services as physician and health officer of Dr. Nathan L. Griffin. Dr. Griffin is a graduate of Yale Medical School in the class of 1900, of the New Haven General Hospital in 1901 and has studied internal medicine abroad. He has practiced at New London, N. H., and was for a time house physician at the Florence Villa Hotel in Florida.

ALPHI XI HOUSE NEARLY COMPLETED

Handsome Brick Structure on Faculty Row to be Occupied about Nov. 15

The Alpha Xi Delta house at the corner of Faculty Row and Garrison avenue is now well under construction. The work was commenced the first of May, and it is hoped that the house will be ready for occupancy by the middle of November.

The new building is a three-story brick house built on the general colonial plan. Leading from the large living room there is a sun porch and terrace facing to the south and overlooking the campus. The entrance is on Faculty Row. On the right of the large reception hall are the dining room and the matron's suite. A winding stairway leads to the second floor which is given over entirely to individual studies. Sleeping quarters are provided on the third floor. In the basement are the chapter room, laundry, heating plant and store room.

The work is being done by the Nashua Building company under the direction of Prof. E. T. Huddleston, architect.

Y. W. C. A. AIDS FRESHMEN GIRLS AT COLLEGE OPENING

Freshman week was greatly aided by the Y. W. C. A. When the freshman girls arrived on Tuesday, they were met at the train by a representative of the Y. W. C. A. and were shown the way to their respective dorms.

On Saturday, Catherine Swett and Dorothy Conant, vice president and treasurer of the Y. W. C. A., were in charge of a picnic for the freshman girls. As it rained that day, they were obliged to meet in Smith hall, but the enthusiasm was none the less because of the rain.

Sunday afternoon there was a treasure hunt in the amphitheatre. A box of apples was discovered and while these were being eaten some good stories were told. That night a service was held in the church by the joint Y. M. and Y. W. C. A. and a large number were present.

A progressive tea was given to the girls on Monday afternoon. The freshmen first met at Smith hall, where they met the upper classmen and were served punch and sandwiches. From there they went to Congreve and thence to the Commons.

NEW COACH HAS BRILLIANT RECORD

Graduate of Illinois Special Coaches School TRACK STAR HIMSELF

Member of World's Championship Relay Team and Co-Holder of Other Records

Paul Sweet, new track coach and trainer, comes to New Hampshire with a brilliant athletic record and a thorough training that should show excellent results in New Hampshire athletics. Coach Sweet was graduated from the Coaches' School of the University of Illinois in 1923. During his senior year he captained the Illinois track team, considered by experts as one of the greatest teams ever developed in the West.

Coach Sweet was one of the best all around track athletes ever developed by Harry Gill, famous track coach of Illinois for over twenty years. Mr. Sweet's specialty is the quarter mile although he also excelled in the sprints. Two years ago at the Drake relay races he was a member of the team which established a world's record for the mile. He is also co-holder of the Western Big Ten conference record in the quarter.

Coach Sweet was a member of the first class to enter Illinois in the Coaches' School. Twenty-five men were graduated in his class, but the school has become so popular that over 500 men are now enrolled. Since his graduation, Sweet has coached the Illinois freshman track team and last year had a successful season at the University of Nevada. The new coach replaces Coach Cohn who went to Dartmouth this fall. Coach Sweet is a member of Delta Upsilon fraternity. His home is in Battle Creek, Michigan.

DAIRY DEPARTMENT

The dairy department has just installed a new automatic bottling and capping machine. This machine will bottle and cap 70 quarts of milk in a minute. One man operates it and it is a great time saver as well as a guarantee of cleanliness.

The retail business at the dairy is going strong. They are now selling an average of 15 gallons of ice cream, 65 quarts of milk, and 40 bottles of chocolate milk daily.

NEW GORMAN BLOCK COMPLETED ON SITE OF PETTEE BUILDING

Attractive Addition to Business Section Opened September 1—Replaces Structure Burned Last Winter

Coincident with the opening of the University is the completion of the new Gorman building on the site of the old Pettee block, familiar to upperclassmen and alumni as the oldest dormitory of the college, which was burned to the ground last winter.

The new block is a handsome two-story brick building with limestone trimmings. The wall facing the A. T. O. house is a temporary one of sheet metal. It was built in that manner because it is the intention of the Gorman brothers to extend their new block at some future date so that it may contain two more stores and two more apartments.

The Gorman block, which is a credit to the Gorman brothers and a fine addition to the campus, already houses the College Pharmacy, and the remaining two stores on the street floor have been rented by Mrs. Chipman and the Campion store. Mrs. Chipman, who is the wife of a former N. H. student, will open a ladies' specialty shop and the Campion store will resume the position it held in the old Pettee block. On the second floor there are two three-room apartments which are both let and four rooms which will be transformed into business offices at some time when the growth of the town warrants it. One of the rooms has been rented by the firm of Hussey and Moore who were also in the old Pettee block. Two of the remaining rooms have been spoken for, but according to Mr. James Gorman nothing definite has been decided about them yet. In his opinion there is a crying need for a dentist on the campus and he is doing his best to interest some dentist in taking one of the vacant rooms. The Bates barber shop, formerly of the Pettee block contingent, will have its shop in the basement of the new block. Ham's store, the remaining member of the Pettee block group, which is now in temporary quarters beside the new building, will remain where it is until an addition is made to the new block.

NOTICE

N. H. State Teachers

The University of New Hampshire State teachers will meet for lunch and a social noon hour in Manchester at the time of the State Teachers' convention on Friday noon, October 17, 1924. It is urgently requested that reservations for the lunch be made by means of a postal card at once.

The Durham Alumni office must make a guarantee and we ask the alumni in our state to cooperate.
G. A. Perley.

PI ALPHA SORORITY BECOMES NATIONAL

Now Alpha Tau Chapter of Alpha Chi Omega—Installation at National Convention in Swampscott, Mass.

Pi Alpha Phi, the oldest sorority at New Hampshire, which was founded in 1913, became Alpha Tau chapter of Alpha Chi Omega at the national convention at Swampscott, Mass., in June.

Alpha Chi Omega was founded in 1885 and is one of the oldest women's fraternities. The initiation of the Alpha Tau members was the outstanding feature of the national convention. This was the first time in the history of sororities that a chapter had been installed at a national convention.

Active members of the sorority are Salome Colby, Camille Hudon, Gertrude McNally, Beatrice Noyes, Eleanor Pray, Ruth Finn, Lillian Hudon, Marion Nims, Vivian Landman, Pauline Andrews, Eleanor Atwood, Margaret Hill, Alice Osgood, and Elizabeth Tibbets.

The officers of the sorority are: Beatrice Noyes, president; Gertrude McNally, vice president; Elinor Atwood, treasurer; Vivian Landman, secretary.

FRESHMAN CLASS ELECTS JOHN CLARK PRESIDENT

At a meeting of the class of 1928 held on September 15, John R. Clark of Manchester, N. H., was elected class president. Dorothy Little of Methuen, Mass., was elected vice president, Harris Hatch of Portsmouth, treasurer, and Miss Evelyn Horne of Wolfeboro, secretary. Fred Gray, president of the Student Council, presided at the meeting.

The members of the freshman class, because of the advantage of Freshman Week, have had a chance to become acquainted with each other much earlier than is customary; hence the early election.

ATTENTION, JUNIORS!

The following list includes ONLY those Juniors who have appointments with the White Studio photographer. If you are entitled and wish to have your picture in the 1926 Granite call Harry Steere, Theta Chi House, 112-4, as soon as possible. These calls must be in before Monday noon at 12 o'clock, Sept. 29th:

A NOTE TO THE FRESHMEN

Box 44, Center Ossipee, N. H. September 15, 1924.

Freshmen: The first Class to graduate from the University of New Hampshire extends to you, the second class to enter the University of New Hampshire, heartfelt greetings and best wishes for a successful college career. May you learn to love New Hampshire as we learned to love her, and may you always reverence her memory as we do. Our advice to you is to be true to her, to love her, and to reverse her as you do your own Mother, and she will be a great Alma Mater to you.

Most sincerely yours,
The Class of 1924,
By C. P. Donnell, Sec.

SOPHOMORES ELECT NEW CLASS OFFICERS

At a meeting of the class of 1927 in Morrill hall on Monday evening the following class officers were elected: President, Harry O. Page of Swampscott, Mass.; vice president, Helen Thompson of Worcester, Mass.; treasurer, Barney G. Johnson of Berlin, N. H.; secretary, Eleanor E. Atwood of Gloucester, Mass. The retiring president was George Clark, Worcester, Mass.

Mr. Page has been prominent in dramatics during his freshman year. He is a member of Lambda Chi Alpha fraternity.

FROSH BEATEN IN POSTER FIGHT

Battle on A. T. O. Lawn Causes Many Black Eyes

RED TIES CONSPICUOUS

Well Organized Freshmen Struggle Hard after Night in Woods but Are Unable to Cope with Soph's Strategy

The annual sophomore-freshman poster fight which started on Tuesday evening, September 16, and ended at 7 o'clock Wednesday morning resulted, as usual, in a victory for the sophomores. Despite the fact that the freshmen had an extra week in which to organize, they were unable to do better than their predecessors. Although badly defeated the victory was not easily won. Most of the battle occurred at about twelve minutes of seven in the vicinity of Fairchild Hall and on the lawn of the Alpha Tau Omega fraternity house. A small battle occurred in the woods Tuesday night, but in neither instance were the casualties great.

The freshmen assembled at the gymnasium at 7.30 Tuesday night. The rules of the fight were read by the president of the Student Council. They were as follows:

1. The fight was to begin at 9 o'clock and last until 7 o'clock the following morning.
2. Any damage done was to be paid by the freshmen unless the sophomores helped to cause it.
3. The freshmen were to leave town.
4. The Student Council were to be the judges.
5. If on the stroke of seven there were ten posters in sight the sophomores would win. If there were not ten posters in sight the freshmen would win.

After the rules of the fight were read the freshmen proceeded to get out of town. They walked up the railroad track for about half a mile and went into the woods. Here they planned to spend the night.

At about 10 p. m. there was an attack by the sophomores, but they were beaten back. A few men on both sides received minor injuries in this scrimmage. The rest of the night was comparatively peaceful.

At six the freshmen came back to town. On their way they left a few men to guard the railroad station while the rest of the company proceeded down the main street, six abreast. In front of Fairchild hall a few posters were found and immediately destroyed. Two sophomores were in one of the trees on the lawn of the Alpha Tau Omega fraternity house. A ladder was procured and several unsuccessful attempts were made to reach the men in the tree. The fight which centered around this spot resulted in several black eyes on both sides.

Just at the stroke of seven the men in the tree displayed a number of posters, but by accident they dropped them. They were immediately destroyed by the freshmen, but at other points along the road posters were seen. At the stroke of seven at least ten posters were in sight and the Student Council ruled the sophomores the victors.

As a result of the sophomore victory the freshmen immediately went under the restrictions of the rules on the posters. The "skimmers" introduced by the 1927 class are a new innovation on this campus. The caps are made from a very elaborately checked fabric, with one large visor. Another new idea is the latest style of freshman necktie—a bright scarlet bow. The other regulations are practically the same as have been in force for the past few years.

60 FOOTBALL CANDIDATES REPORT FOR 1928 TEAM

When the candidates for freshman football were called out by Coach Gustafson on Thursday, September 18, 60 men appeared on the field. As yet, no definite opinions can be made as to the power of the freshman team this year, but as far as can be seen at the present early season the freshmen will have a good backfield with a light, weak line, the heaviest line candidate weighing only 180 pounds.

There are several men of reputation on the gridiron, but they have not yet had a real opportunity to "show their stuff." The candidates are:

- Fifield, Segel, Ahern, Altman, Savage, Stockwell, Ramsay, Currier, Toolin, Columbia, Hanson, Matheson, Gilter, Schurman, Stewart, Francoeur, Hyatt, Clark, Houle, Foy, Bradshaw, Volpe, Guptill, Webb, Nickols, Perkins, Trask, Bowen, Herby, Morris, Hall, George, Hunt, Collier, Gillman, Hildreth, MacLaren, Hall, Gustafson, Chambers, Cella, Ramsay, Silverman, Paterson, Daland, Hatch, Ashe, Cuddie, Fisk, Olsen, Rogers, Necker, Morin, Kemp, Nelson, Walker, Parker, Reed.

MAKE-UP EXAMINATIONS

in Physics 8-C and Physics 3-C will be held Wednesday, October 15th, at 4.30 P. M., in the Physics Lecture Room.

NEW POND SOLVES SWIMMING AND HOCKEY PROBLEM

Barracks "B" Addition to Relieve Great Congestion

Campus Enhanced by Labors of College Officials During Summer Months—Sidewalks, Weight Event Field, Tennis Courts

The officials of the University of New Hampshire have a fine record of achievement to show for their summer's work in altering and improving the University campus. Most noticeable of these improvements is the small lake in the rear of the gymnasium, the result of a very general demand on the part of the student-body of the University for skating and swimming facilities. The pond was laid out under the direction of Frank Hayes, superintendent of property, solely for use as a skating rink after full investigation of the various methods of making artificial rinks. Visits were made at Manchester where the pond method is in operation; at St. Paul's School, famous for its hockey, where an elaborate system of sprinkling and scraping is used; and at Phillip's Exeter where the sprinkling system is also used with the result that owing to the cost and inconvenience of the sprinkling method, it was decided to make a permanent pond here at once. The pond is eight feet deep at its deepest point and more than 150 feet wide extending back almost to the weight event field over territory cleared by students on New Hampshire Day last spring. It is dammed at its lower end near the old railway embankment where a swimming pool may be constructed. The ice will be lighted at night with the arc lights now used on the football practice field.

The addition to Barracks B has been completed with thirty-six rooms, each of which has plaster partitions and an individual radiator. The furniture for these rooms, seventy-five desks and fifty chiffoniers, was built in the University carpenter shops at a considerable saving. The tennis courts at the Barracks have been widened and the construction of a new court started. This court will be constructed of tile with a cinder cushion with a clay and gravel surface.

The weight event field, a project of several successive New Hampshire Days, has been completed under the direction of Mr. Hayes. The material used in the grading was taken from the bottom of the pond. The field will allow one hundred and fifty feet for the hammer throw with a screen of heavy wire at the back for protection. Turf has been laid in a radius of fifty feet from the center station for the hammer throw with allowance for the shot and discus events.

More than one thousand loads of loam have been used in re-seeding Memorial Field and the grandstand at the Field has been re-painted. A side-walk has been built behind the grandstand and the road graded and widened to a width of four rods in co-operation with the town and State. The annex at Smith Hall has been covered with a four-inch veneer of brick. A new tennis court is in process of construction behind Smith Hall.

Other improvements include the installation of a direct radiation heating system in the girl's gymnasium, the completion of the brick terrace at the President's house, repairs on the steam line and the inclusion of Morrill Hall in the master key system.

GRID STARS READY AFTER EARLY TRAINING PERIOD AT OLD ORCHARD
(Continued from Page One.)

spacious piazza of the hotel, others took sunbaths on the sand, and some others ventured into the cool waters of the ocean. Bed seemed like heaven to the big fellows after their first strenuous day in camp and they slept soundly without the help of air, waves or anything else. The sandman was cheated out of his nightly round of fun as the men were all asleep long before he got his sleeping potion working.

Real Work Begins

The second day of camp was much the same as the first day. As the day progressed, however, a little more was added to the schedule. The backs and linemen were split up and were put to their respective tasks. The backs kicked spirals galore while the big linemen got out and chased down under the driving, twisting ball to fall their imaginary rivals. They showed remarkable bursts of speed and their willingness and determination greatly pleased the coaches. Life in camp was beginning to take on an atmosphere of real systematic training. The work of each day was carefully planned and carried out except when rain interfered and then the operations were shifted to some convenient place indoors. The second day came to a close with the men in fine shape and working like trojans.

Wentworth Arrives
The work of the third day and following days was inspired when Captain "Cy" Wentworth arrived in camp and donned the moleskins for his fourth and last year as a member of the University of New Hampshire football team. He showed all his old time "pep" and gave promise of having one of the greatest years of an

already great career as backfield "ace" on Cowell's eleven.

During the time that the squad spent at camp several people connected with the University and relatives of the boys visited them in their training quarters. President and Mrs. Hetzel saw the boys in their work-outs and congratulated them on the way they put themselves into the work and the fine spirit of co-operation that permeated all the work and the relations between the athletes and coaches. Professor George Perley visited the camp on September 12 and as usual brought with him not only his pleasing personality and real New Hampshire spirit but also something to add to the boys' pleasure. He had with him a radio outfit which he deftly set up and on the evening of the 12th the boys heard the returns from the Firpo-Wills fight.

New Men Join Squad

Except for the rain, conditions in camp were perfect. It was very successful and the team was greatly benefited by their stay at Ocean Park. Camp was broken one day earlier than was intended at first as heavy rains made the field on which the practices took place too muddy and slippery for hard work and there was danger of the men being injured by slipping. The squad arrived in Durham Monday morning, September 15, everyone in fine shape, and anxious to get started in their own back yard. Coach Cowell took the boys out for a stiff workout at railroad field that day and the old field has since been the scene of hard work and scrimmaging on the part of the squad.

Several men who were unable to be at the camp for the early training reported to Coach Cowell after the team arrived in Durham. Among these were "Jock" Sanborn, veteran lineman, "Eddie" O'Connor, another star of the N. H. backfield, who reported to the squad after practice was started in Durham, Sullivan, Hutchins, and many other men who joined the squad during the past week and swelled the ranks of the candidates.

Last Saturday's game between the first and second teams was the grand finale to the pre-season training period. This week the work of the team has been pointed toward the Colby game which opens the season. Memorial Field will be the scene of the first battle of the season and by the way that the N. H. team shaped up last Saturday and the work they have been doing this week, the new freshmen are going to have an opportunity to build their first fire on "Bonfire Hill."

Varsity Defeats Scrubs

In the game between Teams A and B last week Captain "Cy" Wentworth and Eddie O'Connor were the star of the backfield, each scoring a touchdown after a long run through a broken field and "Cy" kicked a beautiful field goal from near the thirty-five yard line. Abbiatti and Nicora, new men in the back field, showed up very well and with a little more experience should prove able to stay with the fast company they are in. Nicora, who played a great game at end last year, has fitted into the backfield position with ease and his playing in that position has been as good as his work as flankman. Abbiatti, captain of last year's freshman team, has been doing remarkably well at fullback and will in all probability be a hard man to oust from that position. He has beat out several veterans of the backfield and is working hard to stay with the regulars. He made one of the touchdowns in the scrub game and used his terrific driving power to advantage. With Wentworth, O'Connor, Abbiatti, and Nicora in the backfield, Coach Cowell has one of the heaviest backfields he has had for some time. The line that started with Team A and which mauled Team B line was made up of Campbell, L. E.; McGlynn, L. T.; A. Hubbard, L. G.; Foster, C.; Sayward, R. G.; Barnes, R. T.; Piper, R. E. It is a remarkable thing when one stops to consider that this entire line is made up of letter men and some of them with two and three year's experience. If experience counts for anything the prospects for a wonderful season are very bright. Of the first team as it lined up only Abbiatti hasn't made a letter.

The second team lined up with Prince, R. E.; L. Hubbard, R. T.; Hoagland, R. G.; Page, C.; Buckminster, L. G.; Hodges, L. T.; Callahan, L. E.; Donovan, Q. B.; Davis, R. H. E.; Monroe, L. H. B.; and Applin, F. B. Page and Davis of Team B, are letter men. Besides these men Coach Cowell used the rest of his squad, and Bloomfield, Ayres, Blewett, Trombley, Sargent, Langdell, Sullivan and Hutchins showed that they can be put into the game at any time and be expected to give a good account of themselves.

Now that the drudgery of early season training is over and with the prospect of a game every week-end, in sight, the team has shown a fine burst of speed in its work-outs and barring accidents old New Hampshire should have a season that she may well be proud of.

MRS. ELLEN GRACE HOLDEN BALLOU

Died—Mrs. Luther F. Ballou at Seattle, Washington, Sept. 6, 1924. Mrs. Ballou was Ellen Grace Holden and attended the University of New Hampshire in 1916-1917. She married Luther Ballou, Yale, 1911, and lived in Seattle until her death. She is survived by her husband and three children.

MARRIAGES

Mr. and Mrs. Walter Mills Gallant announce the marriage of their daughter, Eudora Bissett, to Mr. John F. Durgin, on Thursday, June 19, at Exeter, N. H.

Mr. and Mrs. Frederick Ernest Bonyman announce the marriage of their daughter, Marion Alma, to Mr. Horace A. Giddings on Saturday, September 13, at Boston. Mr. Giddings was of the class of 1923 and is now teaching mathematics at the University of Vermont.

Mr. Otis Wild announces the marriage of his daughter, Helene, to Mr. Ernest W. Hewitt on Saturday, June 21, at Stamford, Conn.

Announcement has been made of the marriage of Frances Pease, '23, to Harold Irving Leavitt, '22, on June 30 at Laconia.

Miss Harriet R. Merchant, '24, and Perley C. Perkins, '22, were married at Northampton, Mass., on June 14. They are living at 44 South street, Middlebury, Vt., where Mr. Perkins is teaching in Middlebury College.

On October 7 Sherburne H. Fogg, '15, is to marry Miss Bernice Jefferson of Dover, N. H.

Ruth McQueston, '20, was married to Arthur E. Twaddle, '21, on June 28 at Manchester, N. H.

Announcement has been made of the marriage of Doris Binks, '20, and Harold Hale of Worcester, Mass. They were married at the home of Mr. and Mrs. Robert Binks in Franklin on July 26.

Miss Hazel Marguerite Ayers and Frederick Edward Harmon were married on August 2 at the bride's home in Rochester, N. H. Mr. Harmon is connected with the Portsmouth Savings bank of Portsmouth.

Lieut. Louis Dreiler, '18, recently married Miss Edyth Maharam of South Gramercy Place, New York city.

The marriage is announced on June 28 of Miss Margaret Baker to Raymond Leighton Dunnell.

Miss Lucille Burleigh, '20, was married on June 28 to Lawrence Thompson of Olean, New York. They are living in the Rumford apartments on North Main street, Concord, N. H.

Roger French Woodman was recently married to Miss Clara B. Smith, '21. Mr. and Mrs. Woodman are at home in Plymouth.

The engagement of Freeman M. Grimes, 2-yr. '19, and Pearle A. Sargent, '23, has been announced.

BIRTHS

Mr. and Mrs. Robert J. Irish (Miriam Furber, '20) announce the birth of a daughter, Louise Hazel, on August 17.

T. R. Butler, '21, and Mrs. Butler announce the birth of Theodore Rutledge, Jr., on July 10.

Mr. and Mrs. C. G. Paulson, '15, announce the arrival of Carl G., Jr., on Sept. 7.

Mr. and Mrs. Leslie E. Lynde, '19, announce the birth of Louise Hutchins on August 25.

Born to E. L. Converse, '06, a daughter, Elizabeth, on August 3 at Meredith, N. H.

Dave Flanders, '22, and Ingrid Soderlund Flanders, ex-'24, announce the birth of a baby girl on July 14.

Philip Hayden, '17, and Ruth Hadley Hayden, '18, announce the birth of Barbara.

SOCCER SCHEDULE FINALLY ANNOUNCED

Class Series Will Be Conducted to Eliminate Players—New Opportunity to Make Varsity Letter

Coach Henry Swasey will call out candidates for class soccer teams next week. A fine schedule has been arranged and interest should be keen. The class championship will be decided and then a varsity team will be picked to represent New Hampshire in intercollegiate contests.

Many of the fellows who played on last year's informal team are back this year. With such material as Whitehead, Moore, Kirk, Jenkins, Pejoughy, Akmakjian, and Gordon N. H. is assured of a creditable team. There is enough material in the three upper classes to fill the vacant positions.

The schedule for the 1924 season is as follows:

- Oct. 4—1926 vs. 1927;
- 1925 vs. 1928, at Durham.
- Oct. 11—1925 vs. 1927;
- 1926 vs. 1928, at Durham.
- Oct. 18—1928 vs. 1927;
- 1925 vs. 1926, at Durham.
- Oct. 24—Intra-varsity squad game at Durham.
- Nov. 1—Boston Chinese Student's Club at Durham.
- Nov. 8—Clark University at Worcester.
- Nov. 15—Worcester Tech. at Worcester.

Worcester Tech. was a contender for the New England title in soccer last year. The Chinese team is made up of college men who are experienced players of the game. Both these teams should afford New Hampshire strong opposition.

ROOMS TO LET

On FACULTY ROW
Phone 119-2 or P. O. Box 183

New Hampshire Grads:

The staff of our student weekly is sending just this one issue to every grad whose address appears fairly correct on the files in the Alumni Office at Durham. Last year our alumni gave excellent support to the paper and our secretary's office believes that the weekly deserves that support. The paper will grow bigger and better in proportion to the support that our grads give it. The Club Rate of \$3.50 is less than one cent a day and the alumni office greatly desires not less than 800 subscribers for this year. This certainly is not much of a request to ask of 1473 living four-year graduates and 269 two-year men.

We delight to report the following Life Members of the Alumni Association: Dr. C. H. Hood, '80; T. R. Anderton, '20; Marion L. Boothman, '22.

At this date we have the following sustaining members for 1924-25: S. M. Foster, '84; P. L. Barker, '92; J. T. Croghan, '08; L. A. Pratt, '09; O. F. Brynat, '10; A. H. Brown, '11; Mrs. Margaret D. Croghan, '11; C. B. Durgin, '18; H. Rummill, '19; E. A. Pickett, '21.

No other issue will go out to our alumni except as their subscription is recorded in the alumni office and the alumni quarterly cannot be published until the budgeted receipts have been pledged to the Office of the Alumni Secretary.

May we look for an immediate response to this appeal for the Club Rate Subscription?

G. A. PERLEY,
Alumni Secretary.

ALUMNI NOTES FROM EVERYWHERE

The University of New Hampshire Club of Eastern New York staged several picnics during the summer.

The first picnic took place Saturday, June 7th, at Geyser Park, Saratoga, N. Y., a fine State reservation about twenty miles north of Schenectady. The members, their families, and one guest made a party of twenty-two. Playing ball, visiting the numerous mineral springs and cooking and eating supper used up the afternoon and evening.

Saturday, July 12th, a party of twenty-five, composed of the members, their families and five guests, among whom were Prof. M. M. Cory, '08, now of Michigan State College, and C. A. Scammon, '20, drove to Indian Ladder, a famous place in the Helderberg mountains about twenty-five miles by road south of Schenectady. A State park located there contains a section, a mile or two in length, of a high limestone cliff, a part of the "Helderberg escarpment" of geologists. After climbing down the ladder which replaces the legendary one of Indian days, following the "Bear Path" along the cliff and exploring various ledges, the party cooked supper and ate until the cooks cried for mercy. Curfew rang long after sundown that night.

A swimming party to Warner's lake was carried out July 17th. After a good swim the party went to Indian Ladder, about five miles away, cooked supper and finally returned home by moonlight.

Nine members with their families drove to a picnic spot they had found in Niskayuna, a town just east of Schenectady, on Friday afternoon, August 1st, where they cooked and ate supper, played ball and planned further outings.

The club accepted an invitation extended by Mr. and Mrs. Frank Perkins through G. N. Perkins, '14, to visit Camp Dunderove, their summer cottage on the Hudson, and on Sunday, August 17th, a party of twenty drove, in spite of a pouring rain, to the camp which is located on the right bank of the Hudson river between Stillwater and Schuylerville and only two or three miles from Bemis Heights, the site of the battle of Saratoga—all famous places in Revolutionary War history. Mr. and Mrs. Perkins greeted the party and turned the house, barn and all out doors over to the New Hampshire Club. The commissary had expected to prepare the dinner out of doors but were persuaded to make use of a range in the kitchen where Pike, Scammon and Woodward cooked ham, potatoes and corn and made coffee while Perkins supervised the work outside. By the time dinner was ready to serve, the rain had about ceased so that the trees, a summer house and a tent-fly gave sufficient protection. The cooks, now become waiters, served the party, which, including our hosts and their guests, made a party of twenty-four. The sun had at last come out and all remembrance of the gloomy morning seemed to have passed. After the K. P. had performed their duty several of the men and boys went fishing. Dan Clarke caught a whale while the others caught just fish. Later most of the crowd went swimming. All were

ready for supper at 6.30 but regretted leaving when the time for departure came. Those who made the trip were: D. W. Clarke, '20; C. A. Payne, '02, Mrs. Payne and Albert Payne; G. N. Perkins, '14, Mrs. Perkins and their three children; O. W. Pike, '20, and Mrs. Pike; R. B. Scammon, '10, Mrs. Scammon, "The Twins" and Miss Boyd; J. D. Twomey, '13, and Mrs. Twomey; A. J. Woodward, '07, Mrs. Woodward and their son, Jason.

The University of New Hampshire Club of Eastern New York was well represented at the annual reunion at Durham on Saturday, June 14th. The following members with their wives were present: G. N. Perkins, '14, Bernard Woodward, '14, and O. W. Pike, '20. Mr. and Mrs. Woodward and Mr. and Mrs. Pike drove to Durham from Schenectady by way of the Mohawk Trail and the Massachusetts and New Hampshire beaches. Mr. and Mrs. Perkins drove over through Vermont and New Hampshire. All reported a very fine trip and gave interesting accounts of the Alumni "doings" in spite of the downpour of rain all Saturday afternoon and evening.

The following have been appointed as the 1920 Class committee for the fifth reunion in June 1925: Chris O'Leary, chairman; Priscilla Norris, Perley I. Fitts, Gordon Patten, B. R. Callender, Cecil Morrison, Ruth McQueston Twaddle. Three members are to be added later.

The following notice has recently come in from the New York Branch of the University of New Hampshire Alumni Association: "We are off again! Let us start this season with a Bang! On September 26, 1924, between 6.00 p. m. and 11.00 p. m. at Central Y. M. C. A., 55 Hanson Place, Brooklyn, N. Y.

"We will bowl and talk over the year's plans at the same time. You Regulars know what this means. You Once-in-a-whiles should come out and enjoy an evening of real play with the Gang. It's all Regular New Hampshire!"

H. C. Forbes, Sec.-Treas.

More than forty New Hampshire Alumni gathered at Ye Olde Grey House, 58 Anderson St., Boston, Mass., on Friday evening, Sept. 19th, for the occasion of the first fall meeting of the Boston Club of the University of New Hampshire Alumni and in order to greet with an informal reception Dr. and Mrs. G. A. Loveland, '82. Dr. Loveland is the new weather forecaster for New England, having been transferred from Lincoln, Nebraska. Dr. Loveland was granted an honorary degree of Doctor of Science by the University of New Hampshire at its commencement exercises. Dr. and Mrs. Harvey L. Boutwell, president of the board of trustees, was present and greeted Dr. Loveland in behalf of the institution.

More of the older graduates were present at this meeting than have been present at any meeting since the institution of the club. The next monthly meeting of the club will be on October 17 when it is expected that Gov. Fred Brown of New Hampshire and Capt. John Winant, republican candidate for governor, will speak to the club.

Among those present were: Dr.

THE 1924 CLASS OFFICERS
President, R. D. Stevens; Vice President, Miss Pennell; Treasurer, W. B. Shand, Secretary, C. P. Donnell.

and Mrs. G. A. Loveland, '82; Helen Barton Smart, '22; R. W. Pierce, '22; E. F. Bickford '03; Doris W. Elkins, '20; Evelyn Dutton, '22; Mr. and Mrs. H. L. Boutwell, '82; Capt. Boutwell, '82, E. E. Whittemore, '77; Mrs. E. F. Shaw, '99; Janice Leonard, '22; Decima Doyle, '22; Bernice Hayes, '12; Alice C. Austin, '16; Abby Herlihy, '20; Mrs. J. T. Croghan, '11; J. T. Croghan, '08; C. F. Mathes, '19; E. Philbrick, '23; Hamilton Remerill, '19; C. A. Ropes, '23; Mr. and Mrs. R. S. Harmon, '22; Mr. and Mrs. C. J. O'Leary, '20; R. B. Callender, '20; P. E. Tubman, '13; H. Stevens, '23; E. P. Norris, '20; L. D. Ackerman, '09; D. J. Flanders, '22; E. Hardy, '06; Ralph Pitman, C. J. Slack, '90.

VARSITY TENNIS MEN TO REPORT MONDAY

Names Will Be Drawn for Elimination Tournament—Intercollegiate Matches Next Spring

Varsity tennis practice is to start next week. The system of picking the players for the team will be as follows:

On Monday there is to be a box in Thompson Hall for the names and addresses of all who wish to try out for the team. Those who wish to try out must deposit their names and addresses in this box between 8 a. m. and 5 p. m. On Monday evening the names will be drawn for an elimination contest which will start immediately. The men who survive these elimination contests will be members of the varsity squad. Only members of the three upper classes are eligible. It is expected that Professors H. L. Howes and L. W. Hitchcock will coach the team. Several intercollegiate meets will be arranged next spring.

HARVEY COHN TO COACH GREEN VARSITY RUNNERS

Harvey W. Cohn, popular track coach who left here last June to accept a position at Dartmouth, has recently been appointed coach of the varsity cross country team at Hanover. Mr. Cohn was engaged to coach freshman cross country and track, but the sudden death of Jack Watson from heart failure left the Dartmouth football team without a trainer. Harry L. Hillman, the Green's varsity track coach, was appointed trainer of the football team to meet the emergency caused by Watson's death, and Coach Cohn was named to fill Hillman's position with the cross country team.

If father did the washing just once!

If every father did the family washing next Monday there would be an electric washing machine in every home before next Saturday night.

For fathers are used to figuring costs. They'd say: "The electricity for a week's washing costs less than a cake of soap. Human time and strength are too precious for work which a machine can do so cheaply and well."

You will live in a new age— an electrical age. Heavy tasks will be shifted from human shoulders to electric motors. Remember the letters "G-E". They are a symbol of service—the initials of a friend.

If you are interested to learn more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.
