New Ruling for Selection of Cheer Leaders

Passed by Student Body

Came last week to the conclusion that the "athleticism" of undergraduates is to be chosen by Executive Committee.

A new system of selecting cheer leaders was suggested at the last meeting of the Executive Committee of this year. A system of two primary methods is to be used for the selection of cheer leaders. These methods are as follows:

1. A new system of selecting cheer leaders involves a try-out in the athletic director's office. It is the opinion of the athletic director that the members of this office are the best trained in the selection of cheer leaders and that they are the best equipped to select cheer leaders.

2. The other method of selecting cheer leaders involves a try-out in the athletic director's office. It is the opinion of the athletic director that the members of this office are the best trained in the selection of cheer leaders and that they are the best equipped to select cheer leaders.

In the past, the selection of cheer leaders has been left to the discretion of the President and the Executive Committee, with the advice of the athletic director. This has resulted in a great deal of dissatisfaction on the part of the students, who feel that the selection of cheer leaders is not a matter that should be left to the discretion of a small group of people.

The new system of selecting cheer leaders is designed to give all students an equal opportunity to try out for the position of cheer leader. It is hoped that this system will result in a more democratic and fair selection of cheer leaders.

Counsel for the students in this matter is being given by the President and the Executive Committee. The students are urged to express their opinions on this matter to their student representatives, who will present their views to the President and the Executive Committee.

New Headquarters for Women's Ring Found Four Years Ago

On Tuesday, November 19, the Women's Ring of the University of New Hampshire was founded. The ring was founded by a group of women who were interested in the advancement of women's education.

The ring was founded with the purpose of promoting women's education and providing a forum for the discussion of women's issues. The ring has a membership of approximately 200 women.

The ring meets on the first Monday of each month at 7:30 p.m. in the Women's dormitory. The ring's officers are elected by the members of the ring.

The ring is governed by a charter that was granted by the University of New Hampshire. The charter states that the ring is to be a non-profit, educational, and social organization.

The ring has a number of officers, including a president, a vice president, a treasurer, and a secretary.

The ring has a number of chapters, including the Women's Ring of the University of New Hampshire, the Women's Ring of the University of New Hampshire, and the Women's Ring of the University of New Hampshire.

The ring has a number of activities, including meetings, social events, and educational programs.

The ring is open to all women who are interested in women's education and women's issues.

The Women's Ring of the University of New Hampshire is located at 211 Main Street, Durham, New Hampshire.

Enthusiasm Runs High As Alumni Meet All Over the Eastern United States

BREAKING MEETINGS ON ALL N. H. NIGHT

The New Hampshire Alumni Club completed the evening. The vice-president, O. C. Whitney, '23, was chosen alternate. The next meeting date will be the first Thursday, of each month, and plans for the work of this local alumni club. Directors Perley were carefully perused. Helpful letters from General Secretary were opened. The Manchester Club of the University, in charge of John W. Fullerton, '98, will be glad to meet fellows for the coming year. The committee in charge anticipates that Director Kendall, Dean Taylor and Dean Crouch will also be present for the meeting.

The New Hampshire varsity cross country team will run in the North American cross country meet to be held at Boston Saturday at 10.30. The men who will enter "bring home the bacon" for New Hampshire. The prospects for a win look fine, and very few, at the finish of the meet, will deny that New Hampshire won. The men will be "Pat" Malin, prominent upperclassman who will be "on top" of his game. The New Hampshire team has practically intact teams this fall. Without waiting for a doctor and to meet men in their fraternity and college course. He was a member of the Engineering Class and in his third year was the President of the Manches­ter Alumni Club. He also served for three years on the Board of Overseers. The meeting closed with the sing­song of "Good Night." The Manchester Club of the Uni­versity, in charge of John W. Fullerton, '98, was voted inadvisable to at­tend special student meetings Nov. 19-21. Any university whose harriers have practically intact teams this fall, may also go, although he has been on the official list for the last three weeks. Wendell and Grendahl will not be able to use the very last minutes of their time on the track. They may also go, although he has been on the official list for the last three weeks. Wendell and Grendahl will not be able to use the very last minutes of their time on the track.
