FRATERNITY MEN AND WOMEN

In another volume of this week's issue, The New Hampshire gives a warning against the perils of campus politics. This week the politics text has fallen. The one and only article is an appeal to the new president, Mr. Kerr, to establish a code of ethics for student life. We do not protest to any specific action, but to the general trend that has taken place in the administration of the university during the past year. We believe that such a code is necessary to protect the democratic principle of student government and to prevent the domination of a few over the many. We believe that this code should be enforced by the president and that it should be based on the principles of fairness and justice. We believe that this code is necessary for the welfare of the university and its students.

SISTER OF FORMER FAMOUS SINGER

At the last Saturday night, the special school of the University of New Hampshire, a farewell dinner was given to Miss Edith Bennett, who was the principal contributor to the school. Miss Bennett was the sister of the late great singer, Miss Edith Bennett, and was one of the leading personalities of the school. She was a member of the school's board of governors and had been a faithful supporter of the school. After the dinner, Miss Bennett was presented with a beautiful diamond ring, which was the gift of the school.

A ROUND "OH"

I met a very clever young fellow from Ohio

who was so much given to 3's

and 4's and 5's and 6's and 7's

As good as any man that ever wore a hat,

But he was quick to please any crowd

That was made up of his uncles and his friends.

I was very glad to see him

He knew how to please.

And it came to pass that spring arrived

And the sun shone bright on the young men’s garments.

And they looked ragged, and they said one to another

“What shall we do?”

And the wise Joe College answered saying:

“Let’s paddle down to Bill’s to buy our suits,

For I have seen them and Bob and Bahd are wondrous to look upon.”
