WellKnown New Hampshire Announcements

Up Because of Jeering of Small Crowd

After several lengthy meetings during which the reader was dis- 

The joint committee of the Faculty of New Hampshire and 

The New Hampshire Student Council, under the advice of the 

New Hampshire Day, to be held in the fall of the year, will be 

Committee on New Hampshire Day announced its decision not to conduct any public observance of New Hampshire Day, the first observance of the day since 1917. The decision was reached after a series of meetings during which the committee considered the lack of adequate equipment and the small size of the crowd that had attended in the past.

The committee cited several reasons for its decision. First, the lack of adequate equipment made it difficult to carry out the various projects that had been planned. Second, the small size of the crowd made it difficult to organize a meaningful celebration.

The New Hampshire Student Council, which had previously supported the observance of New Hampshire Day, agreed with the committee's decision and urged students to participate in other activities that would promote the spirit of New Hampshire pride.

**FROSH BASEBALL LOOKS PROMISING**

Students planned and carried out a number of projects in preparation of New Hampshire Day. These projects included the construction of bleachers, the planting of trees, and the making of other improvements.

Mr. McGarrigle, the baseball coach, has been working with his team in preparation for their first game, which is scheduled for May 1. The team is now scouting for new players to strengthen their team and improve their performance.

In addition to the baseball team, other projects were also planned for New Hampshire Day. The students worked tirelessly to ensure the success of these projects, and their efforts were appreciated by the administration committee, as well as by the joint committee and approved by the New Hampshire Student Council.

**CADET TEACHERS ARE SENT OUT**

Sixteen Seniors Placed in Schools for Practice

Field and College of Agriculture

Recent Graduate's Report

The Education Department followed the example of the State Field and College of Agriculture in allowing recent graduates to practice in the departments.

Eleven recently graduated students were placed in schools for practice. These students are under the supervision of the Education Department, and they will be given the opportunity to gain practical experience in their chosen fields.

**VARSTY BEGINS SEASON AT HOME**

Rutte vs. New Hampshire

First Ball Game of Year

The varsity baseball team began its season at home against Rutte. The game was held on April 24, 1925.

The outcome of the game was not yet available at the time of this report.

**FACULTY HONORS**

Prof. R. D. Hetzel

Present Resolution of Honors at Banquet

Mrs. Fairchild Guest

The President of the University of New Hampshire, Mr. R. D. Hetzel, presented a resolution of honors to Mrs. Fairchild at a banquet held in her honor.

The resolution was adopted with the formal address of thanks presented by Mr. Hetzel, who commended Mrs. Fairchild for her services to the university.

**NEW HAMPSHIRE DAY WAS HELD**

To Success of New Hampshire Day

A New Hampshire Day Committee was appointed, consisting of Mr. McGarrigle, Mr. Colby, and Mr. McGinnis.

The committee met several times during the winter to plan the observance of New Hampshire Day. On April 24, the day was observed with a variety of activities, including a football game, a baseball game, and a demonstration of the latest agricultural equipment.

The day was a success, and the committee expressed its gratitude to the students and faculty for their cooperation and support.

In other words, New Hampshire has physically undergone the change from the great State of today, to the little one of tomorrow, which would be a terrible disappointment to everyone. The State is still in existence, and in the minds of many people it is a great State. New Hampshire Day was insti-
tuted by the Legislature, and is a day of honor to the State of New Hampshire. It was originally planned to be observed on the first day of the month, but was postponed to the first day of the week. Now, however, it is observed on the first day of the month, and is observed by all the citizens of the State.

The New Hampshire is now being printed at the J. B. Page Print Shop, Concord, N. H., and is published weekly. The change in printers resulted in a complete change of personnel and equipment. The change in location of the plant resulted in a reduction in costs. The change in printing plant has been a great improvement, and the New Hampshire is now much more attractive than ever before.

The New Hampshire is printed on a new type of paper, which is much better for reading than the old type. The old type was printed on a heavy paper, which caused the paper to be very difficult to read. The new type is printed on a much lighter paper, which makes it much easier to read. The change in paper has been a great improvement, and the New Hampshire is now much more attractive than ever before.

Dr. Scott, and each one knows that one is not the same as the other. The University has always worked at both tasks, and has always been successful. The change in printers has been a great improvement, and the New Hampshire is now much more attractive than ever before.

FIRST FUND SOURCES

For the first time, THE NEW HAMPSHIRE prints the list of names of the Absolom of the Institution whose present addresses are unknown, prepared from the final draft directory card which the secretary’s office sent out and as the name and address of each member to be printed in the case of whose address was not included in the new book. If any alumni can use any information in the following cases, they are asked to write to the secretary, as corrections in the proof of the directory card as it goes to the printer.
