The New Hampshire, May 8, 1925.

TO GROW OR NOT TO GROW

The financial status of this University is not as bad as it seems. Those family members and students who have seen the exhibit displayed at the gymnasium to the left of Thompson Hall can hardly fail to be struck by the wealth of our campus. A glimpse of the institution's history is a must for all visitors. The "New" of New Hampshire is a symbol for not stopping at the boundaries of its own constituency. Financially we make New Hampshire a symbol for intellectual vigor throughout New England.

We are at present, hopeless outclassed, by those smaller colleges and universities having major American sports. They provide ample places for students to participate in gridiron and cinders. Such individuals, if they can find their way here for several years for a "home demonstration agent" position, will be able to stop the freshman onslaught of the neighboring high schools. The New Hampshire is proud of having its own discharge, and if anything is worth doing that is just what is happening here.

HOME IN THE SAILBOAT

On a sunny weekday when the Arctic breeze howled from shore to shore, several students were sailing in the harbor, R. Dunphy in yachts under canvas and Mr. W. S. Hoyt in a ketch. All weather was fine, the temperature was moderate, and the sea was rolling up in long, green, gentle swells that made for splendid conditions. The schooner is a dull day's outing, and even a little wind can make the voyage enjoyable. A delightful experience on the way home in the sailboat was the feeling of freedom that comes from being able to set sail at will, to choose your course, to do as you please. The feeling of being able to make your own decisions is a satisfying one.

SCHOOLBOY DEBATES

The question to be debated on May 14 will be the same one which has been debated for all the ages—success or failure of the New Hampshire Publishing Co., which will be held at the Hotel Carpenter, Durham, N. H. Editorial and Circulation Offices, Base

M. E. SENIORS TAKE INSTRUCTIONAL TRIP

Visit Several Massachusetts Plants—Prepares For Engineering Graduation

Accompanied by Dean Calvin H. Scott, Massachusetts Institute of Technology, the Engineering graduates of the University have received twelve passes to "Trip to industrial plants" to several plants in Massachusetts. These passes were welcomed by the men and women graduates of the University who visited several plants.

The pass to the Edison Company's plant was accepted by the company's Executive Vice President, and the students were given a tour of the plant.

ENGAGEMENT OF N. H. DREW

Mrs. Arthur T. Woodside of Swanton, Massachusetts, announces the engagement of her daughter, Barbara, to Mr. Hamilton Russell of Lyme, New Hampshire. Miss Woodside is graduated from St. Joseph's College in the class of 1924. The engagement was announced at the University of New Hampshire in May 1925. Miss Woodside has been engaged in the sales department of the University since 1923. She is the daughter of the late Mr. and Mrs. John Woodside.

LETTERS AND LIFE OF WALTER HAMOR. 50c.

A PHYSICIAN THERBY, by E. C. Bickle. 25c.

THE NEW ORKOLAGHY of Science, by A. E. Hotchkin. 50c.

ETIQUETTE, by Emily Post. 50c.

SELECTED WORKS OF GEORGE BERNARD SHAW, by M. F. Henry. 50c.

THE BEGINNING OF HISTORY, by H. S. Wells. $1.00.

Legislative Session

(Continued from page 3)

A comparison between the incomes--of previous administrations rendered it advisable to extend the present state appropriation for the program of 1924, not only for the reason that the first appropriation of $500,000 has been inadequate, but also for the reason that the loss of revenue due to the various phases of the basic income tax law was estimated at $700,000 in the current year. This appropriation has been increased to $700,000 by the provisions of the act, which may be carried on for the benefit of the public in the states to which it is applicable. This appropriation has been increased to $700,000 by the provisions of the act, which may be carried on for the benefit of the public in the states to which it is applicable.

Activity in College Papers

"The advertisement in the "New Hampshire" was one of the most interesting we have seen this month. The "broadcaster" certainly did a good job. He began with the statement "The students here in Hanover not only read the advertisement, but also discuss it amongst themselves." The "broadcaster" went on to discuss the various phases of the basic income tax law, and concluded with the statement "It is an excellent advertisement."

A comparison between the incomes--of previous administrations rendered it advisable to extend the present state appropriation for the program of 1924, not only for the reason that the first appropriation of $500,000 has been inadequate, but also for the reason that the loss of revenue due to the various phases of the basic income tax law was estimated at $700,000 in the current year.
