LOSE TO MASS. AGGIES

New Hampshire Men Drop First
Game of Year—Craig and Davis
Star on Week-end Trip to Mass-
achusetts

The varsity basketball team won a hard fought victory over Springfield College, Saturday night, at Springfield after losing to Mass. Aggies Friday. New Hampshire held a slight lead all the way in the Springfield encounter with the exception of the early minutes of play and won by four points, 26-22. The game was Springfield's first defeat on its home floor.

The varsity was slow in getting started, Springfield running up an advantage of 7-2 in the early part. Davis made two baskets before Coach Cowell decided to make a shift in the forwards, taking out Bridge and Davis in favor of Cotton and Craig. Craig at once made known his presence by tossing in a couple of one-handed shots to put New Hampshire into a 12-10 lead as the first half ended. He continued his brilliant work in the fast second half, caging two more field goals and two fouls. Later in the same half Davis again entered the contest as a back, when Nicora was put out on four personal fouls. His first act was to drop in a long and difficult shot. The varsity scored an eight-point margin and led, 23-18. Springfield rallied but could not overcome the edge.

Coach Cowell's team outplayed the Bay State men in all departments in the second period. Their passing and shooting was better. They were alert in breaking up the Springfield's passing game. The entire contest was fast from start to finish. The defense and offense of both sides forming quickly, with the result that there was action every minute. Captain Crawley of Springfield played

"N. H." STAFF DANCE AT COLONY COVE

Thirty-two Couples Enjoy Dinner-
Dance Afforded by University Pub-
lication Staff—Virginia Reel
Novelty Event of the Eve-
ning

The annual Winter Party of the staff of The New Hampshire was held at Colony Cove on last Friday evening. Shortly after five o'clock the thirty-two couples comprising the party left "T" Hall in busses and the short distance to the Inn was quickly covered. Soon after arrival a delightful dinner was served.

Dinner over, bridge and dancing were in order with an orchestra made up of Melvin Von Rosenvinge, violinist, Jasper Starrett, saxophonist, and Edgar Bruce, pianist. Everything progressed smoothly until about nine o'clock when someone proposed that "all hands" join in on an old-fashioned "Virginia Reel." Sixteen couples adjourned to the banquet hall and soon two sets were in full swing to the rollicking music of Von Rosenvinge's fiddle as he "sawed" out "The Turkey in the Straw" and "Old Zip Coon." "Up and down the middle" went the dancers and as they "swung their partners" all agreed that for wholesome fun and enjoyment there is nothing comparable to a "Virginia Reel."

The return trip to the University was made at about 10.30. The chaperones for the party were Mr. and Mrs. Howard A. Rollins, Capt. and Mrs. Charles S. Pettee, and Mr. and Mrs. E. A. Bishop.

LITERARY CONTEST PLANS UNDERWAY

Inter-Collegiate Competition Opens
New Field for Literary Activity—
Vermont, Maine and New Hamp-
shire Co-operate

Plans are now being made for an intercollegiate literary contest in which the undergraduates of the University of Maine, the University of Vermont and the University of New Hampshire are eligible to take part. Rules governing the competition have been drafted tentatively by Professor H. M. Ellis, of the University of Maine; and as soon as they have been finally approved, they will be published.

It may be stated at this time that the types of writing to be represented in the contest are the short story, the essay, and poetry.

Each of the universities concerned has contributed the sum of fifty dollars toward the purchasing of prizes for the successful contestants in each of the three fields of writing.

This is the first time that the University of New Hampshire has participated in a literary competition with its friendly rivals, the University of Maine and the University of Vermont; and since all undergraduates in our institution are eligible—the students of agriculture and of engineering as well as those of the liberal arts—the contest seems worthy of genuine support.

1927 GRANITE OUT BY FIRST OF APRIL

Earliest That Year Book Has Ever
Appeared—Junior Write-ups Near-
ly Completed—Wit and Original-
ity Features

The 1927 Granite is progressing steadily, and every indication tends to show that the year book will be ready for distribution by the beginning of the spring term. This will be the earliest that any Granite has ever appeared on the campus.

The Junior write-ups are practically complete and according to those in close touch with the work they will be the snappiest, wittiest, and most original appearing in a New Hampshire year book. The Junior panels have already been sent to the engravers. The class balloting being carried on by the Juniors to discover the best looking member of their class and the most popular member of the faculty is being closely contested.

McLean Gill, advertising manager of the 1927 Granite, has broken all previous records in the amount of advertising secured. The amount of advertising already sold is half again more than any previous Granite has ever carried.

The pay-as-you-order plan of this year's Granite Board is proving very successful in the sale of class pictures and campus views.

FIRST BASKETBALL GAME WON BY ALPHA CHI OMEGA

The first inter-sorority basketball game conducted by the Girls' Athletic Association was played in "T" Hall gymnasium between the Alpha Chi Omega and Alpha Xi Delta teams, last Monday night. Both clubs showed good team-work, and at the end of the first half, Alpha Chi Omega led with a score of 22 to 10, the final score being 45 to 18, in their favor.

The line-up of the Alpha Chi Omega team was: M. Dahlberg, center; E. Tibbets, side center; E. Atwood and R. Finn, guards; M. Hill and L. Andrews, forwards. Alpha Xi Delta was represented by W. Burpee, center; A. M. Nilsen and J. Blake, side centers; D. Davis and M. Zacharias, guards; A. Philbrook and G. Cunningham, forwards.

A WORTHWHILE INVESTMENT

The drive for membership in the New Hampshire Outing Club is on. It has been withheld, pending the arrival of an honest-to-goodness snow storm. The snow has come and is here to stay, for the carnival at least. The one question in the mind of the Outing Club is "Will the Club receive adequate financial support from each and every individual?"

The Carnival Committee has made extensive plans for the biggest and best Winter Carnival ever held here. One of the main attractions will be an Ice Carnival, to be held on the night of the Ball. In addition athletes from Williams, Dartmouth, Connecticut, and New York will be here to participate in the scheduled events. The program is most complete. Something has been planned for every minute of the two days set aside for the carnival.

All these things cost money. The Administration Committee has already appropriated more money than it can afford for the maintenance of winter sports. At Dartmouth and Williams all winter sports expenses are assumed by the Outing Club. The New Hampshire Outing Club does not ask that the students assume the entire expense of the carnival. It merely calls for the support that is needed and asks that the students share in the expense.

Funds are necessary for a successful carnival. The only way that the Club can secure these funds is through the students. An Outing Club membership ticket will admit the holder to all the winter sports events that are scheduled at present. The Club is asking for one dollar from every student and every member of the faculty. The dollars should come rolling in without any difficulty. Without a ticket the spectators will be charged admission to the various events. These single admission charges will exceed the cost of three membership tickets in the Outing Club. Therefore it is to the advantage to the student body and faculty to join the club by investing one dollar in a membership ticket.

A financial committee headed by John Cassily, '26, has been appointed. The fraternities and dormitories will be canvassed. Audited accounts of the money handled will be made; you are assured that the money will be expended both efficiently and economically.

It behooves every student to line up squarely behind the Club in its biggest enterprise and lend support by buying a ticket and joining the organization.

The Outing Club needs the cooperation, the whole hearted support of everyone. COME ACROSS. ONE DOLLAR buys your way to the best time of the year.

CHAMPIONSHIPS AT WILLIAMS

Winter Sports Team in
Qualification Events

CHANCES HURT BY WEATHER

Lack of Practice Slows Development
of Ski Men and Skaters—To
Start Intensive Training for
Carnival on Return

The Varsity winter sports team left yesterday for Williamstown to take part in the Eastern Division Championships which are being held there today and tomorrow. According to Coach George A. Perley, New Hampshire is greatly handicapped in her chances owing to the lack of snow in this section during the past few weeks which made any kind of consistent practice impossible. Dartmouth's warriors have had the use of their ski-jump and cross-country courses ever since the holidays.

Owing to the poor weather conditions, the one-mile and seven-mile ski races and the snow-shoe cross-country race, which were to be held yesterday, have been postponed until tomorrow and will take place in addition to the ski-jumping originally scheduled. The Williams jump is about the same height as the one at Durham and, had a work-out been possible, Capt. Michelson would have been practically assured of a first in this event. As matters stand however, the results of his performance and those of Gerrish and either Gould or Weston, his team-mates are extremely doubtful. The same uncertainty holds for Gerrish, Gould, and Bruce in the races.

(Continued on Page 3)

TILTON SCHOOL WELCOMES DEPUTATION FROM N. H.

A Y. M.-Y. W. deputation team of four students: Miss Natalie Moulton, Miss Anna Philbrook, "Phil" Davis, "Bob" Folsom, with Mr. Marston as chaperon, went to Tilton School last Saturday. The team took charge of the regular Sunday morning and Vesper services. During the afternoon two discussion groups, one for the boys and one for the girls, were held, taking up questions of college life. The deputation team was well entertained at the school, which furnished good sized audiences for each of the services.

INFIRMARY INMATES WANT "MAGAZINES YOU HAVE READ"

The words of a recent popular song, "A book is no good when once you have read it," do not hold on this campus, for word has come from the Infirmary that there is a scarcity of light reading material, magazines and books, for the patients.

After you have finished reading a current magazine or novel, take it to the "Y" Office and it will be forwarded to the Infirmary.

COMMONS FIRE CAUSE FOR SCARE

Smoking Oil Stoves Start General
Stampede—No Serious Develop-
ments in Incident

On last Wednesday night, between 9 and 9.30, there was much alarm and more excitement at the Commons. Most everyone, including the matron, was at the concert. The few girls who were left were studying industriously when an unusual noise (even for a dormitory) was heard in the corridor.

They came out to see what the commotion was. Someone, arrayed in a bathing cap preparatory to a shower, had smelt smoke. She aroused someone else, and soon everyone was sniffing enthusiastically. They rushed down to the balcony. Someone stuck her head through a window into the dining room, but hastily withdrew it. The place was filled with smoke. The girls tore into the kitchen, where investigation was made in great detail, but nothing seemed to be wrong.

In the meantime the chef had been summoned. The audience quieted down and went upstairs. Someone sick in bed had miraculously recovered and was holding her own, well in the buzz of speculation as to the cause. Some had gathered their valuables and were prepared to leave immediately. Long hair (in very few instances) streamed to the winds. A fire drill was suggested, but vetoed promptly and emphatically. Soon men arrived whereupon everyone descended to the basement, to emerge choking and spluttering.

Then—the denouement. The conflagration was merely oil stoves used to dry out plaster in the new addition. They had burned for a long time and saturated the building. The rest of the evening was passed in discussion of fires past, present, and probable future in the Commons.

CHI OMEGA TO PRESENT "THE CHARM SCHOOL" SOON

Chi Omega Fraternity is making preparations for presenting "The Charm School" by Samuel French, on February 25th and 26th at the Community House. It has been presented with great success in the leading theatres of New York and London as well as in other large cities. It was filmed with Wallace Reid in the leading part. "The Charm School" is a fine comedy full of humor and action and will surely merit a large attendance. It will be of especial interest because it is the first play to be given this year by a cast consisting entirely of girls. Mr. Troy of the English department is coaching the play. The cast is as follows: Austin Bevans, Dorothy Hebert; David McKenzie, Beulah Merrill; Homer Johns, Ruth Milan; Jim Simpkins, Winifred Scott; George Boyd, Charlotte Hirschner; Miss Curtiss, Helen Humphrey; Sally Boyd, Doris Rydin; Muriel Doughty, Celia Campbell; Alix Mercier, Annette Menard; Ethel Spelvin, Mattie Reo; Lillian Stafford, Jessie McIntosh; Madge Kent, Dorothea Savithes.

WINTER CARNIVAL SPIRIT GRIPS UNIVERSITY AS EVENT DRAWS NEAR

Enthusiasm Increases as Plans Near Completion
Transportation Facilities to and from Ski Jump

TRIANGULAR SKI AND SNOWSHOE MEET FEATURE

Carnival Expected to Draw Biggest Crowd of Year—Athletes from Dartmouth, Williams, Connecticut, Mass. Aggies, and New York University to Participate in Holiday Events—Gym to Have Setting of Chinese Temple

Plans for the biggest and best Winter Carnival ever held at the University are nearly completed. They await only the sanction of the faculty committee to become official. Athletes from Dartmouth, Williams, Connecticut, New York University, and Mass. Aggies will participate in the various games which will go to make the carnival a huge success. All that is necessary now is the assurance of the enthusiastic and undivided support of the student body for the Club.

In view of the fact that the two days set aside for the Carnival have been declared House Party days, a holiday has been declared by the faculty committee. The Carnival will officially begin on Friday afternoon with the ski proficiency event. A varsity hockey game with Mass. Aggies has been added to the schedule of

events. The feature of the holidays will be a unique Ice Carnival, to be held the night of the Carnival Ball. Exhibition skaters will be on hand to show their wares. The Pond will be decorated with lighting effects and igloos will be built along the shore. Transportation facilities have been provided for. Bus service to and from the ski jump will begin at twelve-forty five and will continue until two o'clock. There will also be a special bus service between Durham and Dover.

The plans for the Carnival are ambitious. Not a thing has been left out. Not a minute of the days will be wasted. There will be something doing from opening time until the last gun has been fired on Sunday evening. The Ball will be the social event of the season. The Shepard Colonial orchestra has been secured. The gym will be decorated in a Chinese Temple effect, the affair will be strictly costume, and no stags will be allowed.

The committee has even gone to the trouble of providing entertainment for the visitors in case the carnival cannot be held due to the lack of sufficient snow. Tea dances are scheduled for Friday and Saturday afternoons. A special picture will be shown at the Franklin Theatre.

Costumes for the Carnival Ball can be secured through the local agents of the Brown Co. of Portland, or Hooker and Howe of Haverhill.

A word to the wise is sufficient. Buy your tickets early to the gala event of the year. Only a limited number will be sold as extensive preparations have been made for decorating the much too small gym.

CALENDAR OF EVENTS

Friday, February 5

3.00. Eastern Inter-Collegiate Winter Sport Championships at Williams-town.

8.00. N. H. Varsity vs. Middlebury at Middlebury, Vermont.

N. H. Freshmen vs. Coburn Classical Institute at the Gym.
Hockey: S. A. E. vs. Theta Chi.

Saturday, February 6

3.00. N. H. Varsity vs. Boston University at the Rink. (pending.)

8.00. N. H. Varsity Basketball team vs. Norwich at Northfield, Vt.
N. H. Freshmen vs. Tilton School at Gym.

Sunday, February 7

10.00 a. m. Celebration of Holy Sacrifice of the Mass at Morrill Hall.
10.45. Morning Service at Community Church.

4.00. Discussion group, Community House, "Thoughts about Religion as suggested to me by my study of Mathematics and Astronomy" by Doctor Bauer.

7.00 P. M. Lecture by Professor O'Kane of "Ten New England Mountains."

Monday, February 8

Hockey: Lambda Chi vs. Delta Pi.

Theta Chi vs. Theta Kappa Phi.

Wednesday, February 10

1.30. Convocation.

Hockey: A. T. O. vs. Theta Upsilon Omega.

Lambda Chi vs. S. A. E.

Thursday, February 11

Kappa Sigma vs. Non-Frat.

Tri Gamma vs. Alpha Gamma Rho.

WILL YOU HELP?

Winter Carnival, the one big social event of the winter term promises to reach greater proportions than many of us realize. We are all going to be there and we all want to see it put across in a manner that will reflect credit to our University and our Outing Club. Many are going to sit back and relish the final results. Few are at present planning to do anything to help promote the event, other than subscribe to the Outing Club.

But there is more to be done than just paying a dollar and going up to the ski jump and watching a few daring men perform; or watching the speed and fancy skaters as they perform on the rink at the Ice carnival. There is more to be done than merely sitting by, allowing the members of the Outing Club work night and day planning to make this a big event.

In the first place, we are handicapped by not having sufficient funds to keep the pond in excellent condition. It is a very serious problem. In order that the best results may be obtained it is necessary that the ice be scraped and flooded every other day before the carnival. Who is going to do it? Last Saturday night, a few industrious persons poured water into the cracks in the ice in order that the speed skaters could practice. It has been necessary to draft men to go up to the pond and expend a few minutes of their time and energy to help clear it off. The fact that men have to be drafted shows that there is certainly something lacking in the student body.

The Ski jump is another factor that is going to require plenty of attention. Our men have been handicapped for the past three weeks by the lack of snow. But they are going out to Williams with the confidence that is customary to New Hampshire athletes. The thing for us to do now is to make sure that they do not enter the meet to be held here at carnival, in the same unprepared condition. There is plenty of work to be done on the jump. Snow must be shovelled on the jump and on the landing. It would take comparatively little time were a small army of the students to go out and work a few hours.

When the guests arrive, it would be well for everyone to realize that our actions are going to leave a lasting impression upon our visitors. Remember that we as a body have a part to play in their amusement. Our visitors are coming here to witness a great institution at play, and the impressions that we leave with them will either make or break our reputation.

Let us all get fairly and squarely behind the outing club and do what they ask without grumbling. A little exertion on our part and the carnival will be the greatest event in the social activity of the year.

BETTER INFORMALS

Several people signing themselves as "Senior," "Bored," and "Stag," have bewailed the stupidity of Informals, their lack of pep and other evils. The Faculty and Student Social Committees have noticed the complaints, realized their justification and are now attempting to better the situation.

We have seen the first improvement in the changing of place to "T" Hall gym. There are several reasons back of this change. For one thing

STUDENTS NEEDED

The situation at the ice pond has grown from bad to worse. The students are in danger of not having skating unless they co-operate in the removal of the snow. The amount of money set aside for cleaning the ice has been used up and the only conceivable means of keeping the pond clear of snow for the rest of the winter is by soliciting student help.

At a meeting of the board of trustees at the beginning of the year, it was decided that the superintendent of property, Mr. Hayes, should be given the charge of keeping the pond in shape. He was invested with the power of calling for student help, by paying 30c an hour. A large number of students responded. The expense was greater than the committee estimated. The student employ was cut-down, and many of the daily laborers were discharged from this work. The physical educational department has been given the task of removing the snow from the ice, while Mr. Hayes is taking charge of the surface work.

There is in use on the rink at the present time, two snow scrapers, one ice planer, and number of hand-scrappers and shovels. If all these could be used consistently, the future good condition of the pond would be assured.

What is the solution? It is just this. If the student body will co-operate with the department of physical education in removing the snow from the pond, what money that is left for use, will be concentrated on preparing the surface. Shall we, or shall we not, have skating?

ALUMNI ATTENTION

The student council plans to take the vote of the student body, for the official mascot for the University, at convocation February 10. For the benefit of the alumni, THE NEW HAMPSHIRE is presenting a ballot. This vote will count in the final returns. The ballot must be checked and in the mail before February 10.

BALLOT

Huskies
Wildcats
Bulls
Hawks
Eagles
Unicorn
Centaur
Jaguar
Mustang
Name
Class
Address

it eliminates the bleachers which turn the atmosphere into that of a basketball game. It cuts out the gallery of stags who come through the unlocked doors, not to dance but to "ride." It simplifies the checking problem.

The greatest criticism that the faculty have for the informals is that when they are asked to chaperone no attention is paid to them by the students. We can't blame the younger faculty members for wanting a good time when they give an evening to our dances. They can't have one by sitting and watching the rest of the dancers. The Social Committee has done its best by dancing with the chaperons and now a member of the committee is to stand in the receiving line at every dance. The committee can't do it alone, though, and all informal-goers should help. Everyone should desire to exchange dances with faculty members; they are really "one of the bunch."

A "bigger and better" informal is being planned for February 27. It is to be an old fashioned dance, a Virginia Reel or a Paul Jones featuring at intervals. A special invitation is extended to the faculty to teach us to do them. Anyone who went on THE NEW HAMPSHIRE sleigh ride will surely go to the informals to repeat their success at the Virginia Reel.

If "Bored" or "Stag" have any further suggestions, the Social Committee would be glad to hear about them. Don't gloom about the informals—come and start something.

FROM OUR MAIL BAG

To The Editor:

It is with some degree of pleasure and interest that I note the discussion of a mascot for University of New Hampshire sports teams in your weekly, and no doubt from the array of suggestions you have received one will be selected that will appropriately symbolize the spirit, gameness, aggressiveness and other fine qualities of New Hampshire teams. The "Bulls," in previous issues appear to be in the majority, but I can't say that the name is one of appeal, regardless of the strength of the animal.

Strength is the main quality, accounting for the appellation-Bull Strength, a familiar term applied to those who have very little above the shoulder. Then there is that Mexican Athlete connection in regard to having the bull that does not enhance the value of this symbol.

The best selection by far, in my estimation, is the Wildcat, one of the greatest bundles of fighting energy, known to the animal world. Speed, liteness, cunning and resourceful are some of the qualities that typify New Hampshire teams, and these are found in the Wildcat. The name from the newspaper standpoint is perfect, having seven letters in the singular and one additional for the plural. Knowing something of newspaper form my judgment on this point should have some weight. The New York Times, my present abode, is without question the greatest stickler in the newspaper field for sports form, and I know that "Wildcat" will fit even the toughest of heads and at the same time give the head-writer some variety.

John J. Reardon, '21.

To The Editor:

As a contribution to the discussion regarding a college mascot, may I suggest the Eagle or the Hawk?

These birds are natives of New Hampshire and are worthy of recognition by those who admire skill, courage, keen vision, and sure striking power. They are especially well suited to decorative purposes where symbols are desired for athletic teams or for other college uses calling for graphic representations. The same commendation is not so readily granted to some of the four footed animals that have been suggested.

The athletes of one of the colleges in Boston are sometimes designated in the newspapers as Eagles. In order to avoid confusion, New Hampshire might wish to take the Hawk by reference. The bit of alliteration in "The New Hampshire Hawks" should not be an obstacle to the choice of the latter bird.

J. K. Moore,
Sharon, Mass.

"MIL. ART" MEN HOLD TRIAL COURT MARTIAL

Private William Morrill Acquitted of Charges Through Excellent Work of Capt. Edward Miller, Defense Counsel

Private William Morrill, Company "A," 1st U. S. Infantry, was arraigned on Thursday evening last, by a general court-martial at the courtroom in Morrill Hall, Durham, N. H. Private Morrill through the excellent argument and technique of his counsel, Captain Edward J. Miller, was finally acquitted of the serious charges brought against him, namely "refusal to execute an order to wash windows in the day-room; assault and considerable battery of a superior non-commissioned officer; and extreme insubordination, in that the accused told said non-com to 'go to perdition, thou dirty dog, and wash the windows yourself.'"

It was brought to light during the case that the non-commissioned officer was giving vent to grudging feelings caused by intense rivalry between himself and Private Morrill in regard to associations with one Annie Laurie, of Dover, N. H., and was thus making Private Morrill do the work usually done by five men.

A verdict of "not guilty" was returned and the court adjourned to cider and doughnuts.

Those present were: Col. Thomas McGrail, 2nd Infantry; Lt. Col. Russell Mears, 1st Infantry; Maj. Edward Henderson, 2nd Infantry; Lt. Col. Kenneth L. Foss, 2nd Infantry;

Major Burnell V. Bryant, 1st Infantry (Law Member); Major F. P. MacDonald, 1st Infantry; Capt. Leslie L. Mooney, 1st Infantry; Capt. Frank W. Kirk, 2nd Infantry; 1st Lt. Chas. Dixon, 1st Infantry; 1st Lt. M. F. Snow, 2nd Infantry; 1st Lt. Hjalmar S. Maki, 1st Infantry; 2nd Lt. Paul C. Farrar, 1st Infantry; Capt. John P. Cassily, 1st Infantry, Trial Judge Advocate; 1st Lt. Clintno Currier, 1st Infantry, Assistant Trial Judge Advocate; Capt. Harry Steere, 2nd Infantry; 1st Lt. Clinton Currier, 1st Infantry; 1st Lt. Minichello, Assistant Defense Counsel; Paul Tracy, Reporter for the Court.

FRENCH CLUB MEETS IN SMITH HALL THURSDAY

The regular meeting of Le Cercle Francais was held at Smith Hall last Thursday evening. Plans for future meetings were discussed. It was decided that at the next meeting, two members will speak upon the subject of "What is Success?" which will be followed by a general discussion of the topic.

Comedy—"THE UNDERSTUDY"

WEDNESDAY, FEB. 10

A First National Picture

"THE SCARLET WEST"

Star Cast

A story in which there is all that the name implies. An Indian educated in the east returns to his tribe. His modern ideas do not coincide with those of the Chieftain and he is forced to leave. He joins a frontier army post and falls in love with the Commander's daughter.

Robert Frazer, Clara Bow, Robert Edson, Johnny Walker
Comedy—"AFTER A REPUTATION"

SHOWS AT 3.15, 7 AND 8.30

When silvery
moonlight falls on town and
field—and the long, joyous
tour home is ready to begin
—have a Camel!

WHEN moonlight washes woodland and hills with platinum light. And the tour home is ready to begin—have a Camel!

For Camel makes every smooth tour smoother, adds of its own contentment to every delightful journey. Camels never tire your taste or leave a cigarette after-taste. Pay what you will, you'll never get choicer tobaccos than those in Camels.

So this night as the forest-topped hills race by in moonlit procession. As the magic road curves through the colonnades of birches—have then the finest made, regardless of price.

Have a Camel!

Camels contain the very choicest tobaccos grown in all the world. Camels are blended by the world's most expert blenders. Nothing is too good for Camels. In the making of this one brand we concentrate the tobacco knowledge and skill of the largest organization of tobacco experts in the world. No other cigarette made is like Camels. They are the overwhelming choice of experienced smokers.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

ALUMNI NOTES

CLASS OF 1917

Mary A. Worcester (Chi Omega) is back at Kansas State Agricultural College as Assistant State Home Demonstration Leader. Her address is 830 Bertrand street, Manhattan, Kan.

CLASS OF 1921

Cecil W. Boody (Phi Mu Delta) has moved to 580 Golden Hill Avenue, Bridgeport, Conn. He is teaching in the Bridgeport high school.

CLASS OF 1923

After February 1, the address of James A. Roberts (Theta Chi, Phi Kappa Phi, Alpha Chi Sigma) will be changed from Connecticut to 25 Putnam street, Danvers, Mass., where he is to teach in the Holden high school.

CLASS OF 1925

Thomas W. C. Atkins (Theta Chi) is employed a sa testman at the General Electric Company at Schenectady, N. Y. He is living at 107 Barrett street.

Ben Bloomfield (Phi Alpha) is a draftsman at the Fellows Gear-Shaper Co., Springfield, Vt.

Albert L. Coombs (Phi Kappa Phi) is the pastor of the Johannesburg Congregational church, Johannesburg, Mich.

Carroll F. Dyer (Beta Kappa) is a chauffeur for the Florence Casket Co., Florence, Mass.

Kenneth E. Gordon has accepted a position in the radio department of the General Electric Co., and is living with Thomas Atkinson at 107 Barrett street, Schenectady, N. Y.

Frederick S. Gray (Gamma Gamma Gamma) is studying surgery at the Columbia school of physicians and surgeons. He is living with Louis Viola (Gamma Gamma Gamma), who is an architect at the New Jersey State Architect's office, 325 West 57th street, New York City.

Franklin Flanders is an instructor at the Vermont State School of Agriculture at Randolph, Vermont.

Kathleen Goggin is bookkeeper for the Tuttle Square Market, 298 Central Ave., Dover, N. H.

Howard F. Gordon (Theta Chi) is a student engineering at the General Electric Co., at Lynn, Mass.

Albert R. Hammersley is in the industrial banking business at 6-8 High street, Boston, Mass.

Charles E. Hewitt (Kappa Sigma, Alpha Zeta) is a pologist at Walpole, N. H.

Sverker F. Hedman (Delta Pi Epsilon, Phi Kappa Phi, Phi Lambda Phi) is a student engineer at the General Electric Company at Lynn, Mass.

Blanche Sawyer is the managing housekeeper at the home of President Hetzel.

Donald L. Sampson (Sigma Alpha Epsilon) is sales correspondent for Bird and Son, Inc., East Walpole, Mass.

Florence E. Reed is teaching Latin and French at Central Valley, N. Y. Pauline Putnam (Alpha Delta Pi) is teaching at Groton, Mass.

Herbert H. Phillips (Gamma Gamma Gamma) at present is an electrical engineer for the Western Union Telegraph Co. He is living at 456 Riverside Drive, New York City.

Grace L. Pennock has her headquarters at 341 Water street, Augusta, Me. She is the Home Demonstration Agent for the county.

Everett A. Noyes (Phi Delta Upsilon) is working in the Plant Maintenance Department of the Western Union Telegraph Co. He is living with Herbert Phillips on Riverside Drive, New York City.

Austin S. Norcross is with the Westinghouse Electric and Manufacturing Co., as a graduate student. He is at 1314 Wood street, Wilkesburg, Penna.

Herman E. Nesbitt (Gamma Gamma, Alpha Chi Sigma) is teaching in the Marshfield high school, Marshfield, Mass.

Samuel A. Minehan (Alpha Chi Sigma) is employed as a chemist at the Amoskeag Manufacturing Co., Manchester, N. H.

James M. McDuffee (Alpha Gamma Rho) is a mechanic at the Ford Motor Co., and is living at the Y. M. C. A., 4th and Madison streets, Seattle, Wash.

Frederick W. Mann is at present teaching at Hope Valley, R. I.

Harold S. Kimball (Theta Chi) is a salesman for S. S. Pierce Co., 41 Peterborough street, Boston, Mass.

Helen L. Kelley (Delta Kappa) is living at her home, 217 Cabot street, Portsmouth, N. H.

William D. Johnson (Gamma Gamma Gamma) is taking a training course with Jordan Marsh Co., Boston, Mass.

Richard S. Johnson (Delta Pi Epsilon) is a draftsman for C. R. Whitcher, North street, Manchester, N. H.

Harry J. Hosking (Gamma Gamma Gamma, Alpha Chi Sigma) is doing graduate work at Cornell University.

CLASS OF TWO YEAR 1925

Clinton C. McIntire is farming at his home in Jefferson, N. H.

Harry B. Biathrow (Alpha Tau Alpha) is working with B. S. Biathrow and son, Enfield, N. H.

David F. Dudley is farming on R. F. D. No. 3, Concord, N. H.

William Neal is secretary-treasurer for the American Devon Cattle Co. He is farming at his home in Meredith, N. H.

Will A. Grace, Jr., has returned to his home in Concord, N. H., and is farming there.

PHILADELPHIA CLUB MEETS IN JANUARY

Alumni Branch to Invite Relay Teams to Be Their Guests at the College Relay Events in the Spring

The regular meeting of the Philadelphia branch was held at the home of Mr. and Mrs. J. H. Annis on January 8. The following members were present: Mr. and Mrs. Huse, Mr. and Mrs. Dodge, Mr. and Mrs. Williams, Mr. and Mrs. Smart, Miss Walker, Mr. Parkhurst, Mr. Wentworth, Mr. McConachie, and Mr. Kenney. A pleasant evening was spent in keen competition between the bridge and the 500 players. Mr. Smart and Mr. McConachie won the bridge prizes while Mr. Dodge and Mr. Huse took those for the 500 players.

At the business meeting a letter from Secretary Rollins reviewing university activities was read. A letter from Charles S. Pettee, chairman of the Committee on Band Uniforms was also read. The president appointed the following committees: Bowling, R. W. Smart, 32 Kathmere Rd., Brookline, Del. Co., Penna.; Men's Athletics at the University, R. E. Parkhurst, 4703 Chester Ave., Phila., Penna.; Women's Athletics at the University, Miss Elna Perkins, Laboratory of Hygiene, Univ. of Penn., Phila., Penna.; Employment, C. A. Dodge, chairman, 823 Chambers Ave., Gloucester, N. J., M. C. Huse, L. H. Kenney, R. W. Smart, and C. H. Hadley. Mr. Smart reported that suitable rules to govern the bowling contests were being made. Mr. Parkhurst and Miss Perkins were requested to consider a suitable name for the University athletic teams as the branch had been requested. Max McConachie, '20, 1321 Walnut street, General Electric Co., Philadelphia, was welcomed as a new member.

Mr. Annis and Mr. Smart advocated the extending of an invitation for the University relay team to participate in the college relay events to be held in Franklin Park in the spring, the branch to be hosts to the team while in Philadelphia. Mr. Parkhurst was authorized to take the matter up with the proper University authorities.

The next meeting will be held February 12 at the Electric Club, 127 South 12th street, where supper will be served at 6.30 p. m. At 10.00 p. m. the members will go to the Philadelphia Public Ledger Building where the Editor, Mr. David Smalley has arranged for an inspection trip over the printing plant.

BOSTON BRANCH OF ALUMNI HOLDS ANNUAL ELECTIONS

At a recent meeting of the Boston chapter of the University of New Hampshire Alumni Association, the following officers were elected: Lawrence True, '23, President; Marion Wellman, '23, Vice President; Ralph Middleman, Treasurer; Irene Hall, Secretary; Marjorie Ames, Assistant Secretary. Mr. Chris O'Leary resigned to take office as President of the entire alumni association.

BOXERS IMPROVE IN GRILLING WORKOUTS

Varsity Men Take Two Hours of Heavy Work Daily—Physical Perfection Necessary for Fast Bouts —Brief Sparring Exhibitions Interesting

Going through two hours of heavy conditioning work each afternoon and ending the day with a few rounds of fast sparring practice, the varsity boxing team is steadily whipping itself into the perfect condition necessary for the hard bout with New York University, February 13.

Long periods of muscle-loosening mat-work and rope-skipping, followed by setting-up exercises and indoor track running, constitute the first part of the boxing candidate's daily workout. Following this, a short workout with the slugging-dummy and the punching-bag precede a few rounds of actual work with the gloves. During this final period of work the men are given the most practical instruction possible in ring tactics.

As a result of these workouts, the speed, however, and science of every

CHAMPIONSHIPS AT WILLIAMS (Continued from Page 1)

Great things are expected of Tetley, the Blue and White's freshman entry in the quarter and two-mile speed skating races. He placed third at Lake Placid last December against the best competition in inter-collegiate ranks and has been improving steadily ever since. Wendell and Worthen will not be entered at Williamstown but should perform creditably at the carnival next week. Lack of good ice has made the development of figure skaters impossible and New Hampshire will not be represented in this event. Johnson and Grover show promise of future value in this department. Thirty-three points will be chalked up in these events so the varsity's lone competitor will have his hands full.

"Duke" Peaslee and Ralph Littlefield will wear the Durham colors in the snow-shoe race and should add several points to the New Hampshire total. The same men who participate in the ski-jumping will also work in the proficiency contest.

Immediately after their return from this meet the ice and snow men will start intensive training for the Winter Carnival next week. The best that Williams and Dartmouth can offer will compete against them and only by superlative work can the team hope to come through with first honors. For this reason it is imperative that the ski-jump and pond be in the best possible condition all the week. The jump is now in such a shape that Coach Perley has condemned it as unsafe and forbidden his charges to use it. Unless this condition is remedied the visitors will undoubtedly refuse to participate. Only the loyalty and cooperation of the student body during the next few days can forestall such an event and get the team in form. With such aid, however, the authorities promise the best inter-collegiate competition of the season for next week-end.

Another matter which has proved a big handicap to the team has been the general skating on University Pond. This has cut up the ice and has made the laying out of race courses impossible. This matter must also be taken up. The winter sports aggregations of larger colleges have special ponds for their work-outs. At least twenty-five students will be needed for the work outlined for each afternoon. Physical education credit will be given for this service.

PROF. HENNESSEY SPEAKS AT TEACHERS' CONVENTION

Professor William G. Hennessey of the English department of the Liberal Arts College was the principal speaker at the Teachers' of English convention held in Manchester on Saturday, January 16. Professor Hennessey's address was on "The Teaching of Literature" and was admirably received by his audience, which was composed largely of alumni of the University now teaching in the State.

man on the squad has been greatly increased within the last week. Hitting power and perfected footwork are personified in Captain "Al" Smith, while "Jimmie" Boyd and Ralph Lizio are the best of examples of both speed and punch. "Danny" Ahearn, bantam-weight promise of the University, is a smooth working lad, and the best kind of a fight can be expected from him in the coming bouts.

Sargeant is showing up exceptionally well as a welter weight, and "Eddie" Necker is making good progress as a heavy-weight. Men in the lighter weights, such as "Eddie" Warren, "Dan" McLeod and "Alec" Currie are giving plenty of competition for regular births, as are Ricciardi and Abrahamson in the feather weight class.

In addition to the Varsity men, several promises in the beginner's physical education class have come to light, and lots of speed and excitement can be promised for each bout in the several weights in the College Championships, which are to be fought late this month.

RECORD THREATENED AS TRACK MEN WIN

Andover Defeated by Eighteen Yards in First Race on New Track—Time Three Seconds Faster Than in Exeter Meet

The new board track was formally initiated last Saturday afternoon when the Varsity Relay team won the second practice meet of the season, against Phillips-Andover Academy by about 18 yards in time that threatened the University record. The Bay State prep-school boys put up a stronger fight than did Exeter the week before.

Toolin, toed the mark for New Hampshire against Thompson for Andover. These men were evenly matched. Toolin passed the stick to Barclay with a lead of about two yards. Barclay proved stronger than Gill and stretched the lead to about six yards. Daland and Latham furnished the audience a thrill, so close was their heat, but Daland passed the club to Van Allen ahead of Latham.

Van Allen, upon receiving the stick, circled the track three times in 52 2-5 seconds breaking the tape about 18 yards ahead of E. Latham, the Andover anchorman.

The time was over three seconds faster than the Exeter meet and was recorded as 3.34 2-5 seconds.

FORESTRY CLUB MAKES PLANS FOR REST OF TERM

The Forestry Club has been especially active this year. With Burnell Bryant, '27, as president and Gilbert Varney, '27, secretary-treasurer.

During the fall term, suppers were held at the cabin and several parties were held at Prof. Woodward's house. Last Sunday night, a special beef-steak supper was served at the Cabin with Prof. Woodward, Mr. Fletcher of the Extension Service and Richard Stevens as guests.

Plans for the rest of this term were discussed. The Club has decided to make some needed repairs on the Cabin before the end of the year and several more parties are planned for this term.

PLEDGING NOTICE

(Continued from Page 1)

a hard game. The real honors of the encounter went to Burr, who accounted for eight of his team's points. Burr is a former New Hampshire man, having entered here with the class of 1925.

Friday night at Amherst, Mass., the M. A. C. basketball team defeated the varsity five, 20 to 13, in a fast game. The battle was full of action and spectacular shots. At half time the teams were tied in a 9-9 score.

Cotton and Craig starred for the varsity with two baskets each. Griffin, Mass. Aggie guard, caged a couple of long ones from the center circle, giving his team the winning margin. The summaries:

This giant hydro-electric unit weighs 750 tons and consists of a vertical shaft hydraulic turbine attached to an electric generator delivering 52,000 kilowatts at 12,000 volts.

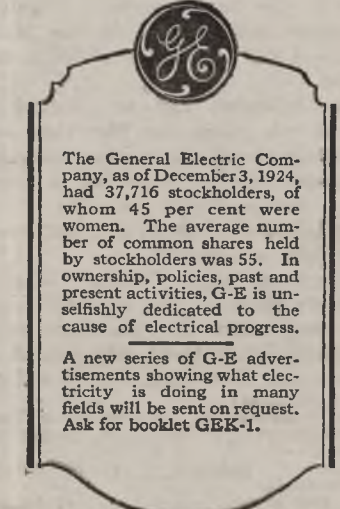

Bigger Generators—Cheaper Electricity

A 70,000 horsepower hydro-electric unit recently installed at Niagara Falls utilizes the same amount of water as seven former 5,000-horsepower units, yet does the work of fourteen such units. And it saves 700,000 tons of coal yearly for the nation.

As more and still more uses are found for electricity, larger and more economical generators are installed. At the power plant, as well as at the consumer's end, important changes and startling developments have steadily reduced the cost of electricity for light, power, and heat.

And wherever electricity has blazed its trail—in towns, cities, industrial centers, and rural communities—comfort and progress have come to stay.

Generating and distributing electricity concern the technical student. But electricity's application in the betterment of industry, the professions, and home life concerns every educated person. Cheap electricity means many startling achievements *today*, but countless and unbelievable possibilities *tomorrow*.

PEASLEE BEATEN IN RACE WITH LERMOND

B. A. A. Star Forced by Blue and White Captain in Two-Mile Run—Both Meet Again Saturday at Unicorn Games

Fred Peaslee again opened the eyes of the "Hub" sport-world Saturday evening at the annual K. of C. Indoor Games at Mechanics Building, when he forced George Lermond, former Boston College distance star, to his utmost in the Invitation Two-Mile run to win the fast time of 9 min., 48 sec.

Peaslee and Lermond ran the same type of race, contenting themselves with third or fourth positions for the first mile. At the first milestone "Duke" swung into the van and held it for several laps. Lermond meanwhile kept within a short distance of him, refusing to allow the Blue and White runner to amass a very long lead. With six more laps Lermond decided it was time to head the field, which had dwindled down to six (upon being lapped a runner was forced to retire from the race.) "Duke" fought stubbornly for two laps but Lermond's speed conquered, and in the final sprint piled up a twenty-five yard lead.

"Duke" will again face Lermond this Saturday evening at the annual B. A. A. games in the G. B. Williams Three-Mile Run.

FRESHMEN VOTE TO ASSUME RESPONSIBILITY FOR POND

The men of the Freshman class voted to assume entire responsibility for the scraping and spraying of University Pond during the remainder of the winter. The following council was elected to supervise the activity: Ralph Garlock, Barracks A; Arthur Somers, Barracks B; Anthony Manfreda, Fairchild Hall; Wm. Landauer, Ballard Hall; John Hatch, Commuters; Howard Crins, Off-campus. Groups from Ballard Hall and the Commuters worked yesterday afternoon.

PHI MU HOLDS ANNUAL INITIATION BANQUET

The annual initiation banquet of Beta Gamma Chapter of Phi Mu was held in Dover, Saturday evening, January 23. Among those present were initiates: Lucy Stewart, Helen Abbot, Julia Taylor, Marjorie Britton, and Ruth Pitcher; alumnae: Alice Knox, '21, Ida Boody, '23, and Jennie Boody, '23 and Miss Gertrude Parsons, a delegate from the Middlebury chapter. Mrs. Lovell acted as hostess. Between courses toasts were offered by alumnae, initiates, and officers.

FROSH TEAM DEFEATS PROVIDENCE TECH

Shows Improvement in Passing and Team Work—Landauer and Manfreda Best Individual Players—To Face Coburn Classical Tomorrow

The Blue and White freshmen scored their second victory of the season when they defeated Providence Technical High School, Friday night, at the big gym by a 19-8 score. The freshmen have not yet found their stride, but they have improved in passing and team-work. The Rhode Islanders looked tired after a three-day trip to New Hampshire and their playing suffered accordingly.

Both teams battled for three minutes at the start without either side scoring, until Osterlund, the Tech captain, shot a long basket from the sideline. Beck was substituted for Harriman at forward. Landauer tied the score with a long throw from the center of the floor. The first period ended in a 3-2 advantage for the freshmen. In the next quarter the yearlings quickly rolled up a 13-4 score, with Manfreda dropping in two baskets in rapid succession. The best playing was done in this period.

The second half was played slowly, and was broken up by many substitutions on both sides. The technical fouls of walking and traveling with the ball hindered the scoring of the frosh. Neal missed several easy shots under the basket. Poor shooting was a fault of both teams.

Captain Osterlund of Tech played brilliantly until he left the game on fouls in the third quarter. Hanley, at center, seemed lost on the large floor and had only a few shots at the basket.

The freshmen had no individual star in this game, but Manfreda and Landauer stood out in their playing. Landauer, who is improving in every game, was especially valuable to the team because of his height and reach under the basket.

Tomorrow night Coburn Classical Institute comes to play the 1929 team. Saturday night the yearlings meet Tilton School in their only contest of the season. Both games start at 7.15.

The summary: N. H. Freshmen 19 8 Providence Tech. Harriman, rf lb, Demerjian (Beck) rb, McCormick (Manfreda) c, Hanley Chandler, c c, Hanley Bruce, rb (Capt.) lf, Osterlund (Gariand) rf, La Cross (Flynn) Landauer, lb

Baskets made by Clement, Manfreda 2, Neal 2, Bruce, Landauer 2, Hanley 2, Osterlund 1, Gariand 1, La Cross 1, Chandler, Referee: Dillon, N. H. Scorer: Hunt, Timer: Beede. Time: 4 1/2 minutes periods.

HOCKEY TEAM LOSES MAINE TRIP GAMES

N. H. Puck Chasers Outclassed by St. Jean and St. Dominique Clubs—Low Score Contest with Bates—Blewett and Percival Star

The varsity hockey team on their first trip of the season, last Thursday, Friday and Saturday, met rugged competition. Two of their opponents are considered among the fastest semi-pro teams in the north country. Percival's hard and aggressive work was the outstanding feature of the travelers' play. Blewett also showed flashes of brilliancy.

In the St. Jean's game the defensive work of the varsity was excellent. Fudge and Percival teamed up together for the only score of the trip. Only after a hard battle were the "Jeanies" able to score a 4-1 win. The Association St. Dominique hockey club was decidedly out of the class of the college team. New Hampshire was forced on the defensive at the start. The semi-pro sextet won the contest by a 11-0 score.

A fighting team took the ice for the final game of the trip against Bates College at Lewiston. The blue and white pucksters peppered the Bates goalie, who had 32 stops to his credit. The trip had tired the New Hampshire men, but they fought every minute, leaving the outcome of the game uncertain. The final score was 2-0 in favor of the Bates "bob-cats."

NOTICES

NOTICE

Alumni desiring reservations for the Tufts-New Hampshire basketball game at Medford February 26, should apply to Mr. George B. Middlemus, 49 Warren Street, Brighton, Mass. Checks must accompany reservations.

NOTICE

Student Officers not complying with the regulations regarding the Point System, set forth in the "Official Information For Students" handbook, after proper notice has been served, will be reported to President Hetzel or the Administration Committee for further action.

Student Council.

PLEDGING NOTICE

Epsilon chapter of Theta Kappa Phi announces the pledging of Norbert C. Nodes, '29, of Bergenfield, N. J., and Leonard E. Dewyes, '29, of Keene, N. H.

There will be an important meeting of the 1927 Granite Board next Sunday evening at 7.30 in the Zoology Lecture Room at Thompson Hall. All departments must have their work ready to be handed in at that time.

OUTING CLUB STARTS DRIVE (Continued from Page 1)

shire's big Winter Carnival. Under the leadership of Dan Matthews, the Outing Club was responsible for all the rumpus, as the beginning of its drive for membership. When the noise had ceased and the crowd dispersed, representatives of the Club canvassed the dormitories and various fraternity houses in an effort to secure members.

The Outing Club is an organization that no true New Hampshire man or woman will overlook. Funds are needed to put the carnival across. There are yet some expenses incurred on the Lake Placid trip to be paid. The Club plans for the future to put into operation an all year-round activity program. One of the features of this program will be the building of forest cabins to which overnight and week-end hikes can be made. It is hoped to develop the organization on the plan of the Dartmouth Outing Club. But these are distant possibilities. The immediate need calls for an earnest and whole-hearted support of the Winter Carnival.

SEVEN BOUTS SCHEDULED FOR SATURDAY AFTERNOON

Seven bouts are scheduled for Saturday afternoon, at the Men's Gymnasium, for the purpose of picking the team that will oppose New York University. These bouts will be in five classes. Ahern, Currie, McLeod and Higgins will battle in the 135 lb. class; Riccardi and Lizio will fight in the 115 lb. class; Boyd and Abrahamson for the 125 lb. class; F. Sargent and Reed in the 145 lb. and 160 lb. class; L. Sargent and Necker for the heavy weight. Sergeant Brown will referee.
