

CAMP LEADERS' COURSE FORMED

University Recognizes New Field in Education

ONE HOUR CREDIT GIVEN

Attempt to Prepare Men for Summer Jobs as Camp Leaders—Follows Plan of Columbia Boston University

Instant popularity and interest greeted the introduction of a new training course in camp leadership, organized by the Y. M. C. A., but officially known as Education 43c with one hour credit. More than thirty have signed up for the series of talks. The hours of the course are four to six on Monday afternoons, from April 12 until May 17, and the room is 201 T-Hall.

The six sessions, to be devoted to lectures, conferences and discussions, are each to be conducted by well qualified authorities on the various phases of camp life. Mr. E. P. Conlon, Director of Camp Belknap, is to have the first session, in which he will deal with the Psychology of Leadership. Mr. G. H. Estabrook, of Harvard, also a well-known camp director, comes next in the series with the Psychology of the Boy in Camp. Woodcraft is the title of Professor Walter C. O'Kane's lecture. Prof. O'Kane is known as a member of the faculty and as an authority on New England mountains. The broad subject, "Campercraft" will be covered by Mr. Oscar Elwell of Keene. Another member of our faculty, Mrs. Helen McLaughlin, is in charge of a session dealing with Outdoor Cooking, and this meeting is to be supplemented with talks on Hiking and Story-telling. The concluding session is also to be under the charge of Mr. Conlon, who will be assisted by other camp

R. O. T. C. UNITS TO BE EXAMINED FOR COLLEGE RATING

Eastern Board of the War Department Officers May Hold Examinations at Concord, May 24 and 25—Title Would Add to the Honor of New Hampshire

The Units of the University Department of Reserved Officers Training Corps will be examined by the Eastern Board of the War Dept. Officers for a rating of a Distinguished Military College. If the War Dept. Officials are willing to hold this examination at Concord, which is yet uncertain, this examination will take the form of the usual Military Science Hike, May 24 and 25. The title of Distinguished Military College aside from the honor is a big asset to any institution in that five percent of the graduates of such an institution are allowed to enter the army as a second lieutenant without examinations, whereas the present conditions make arrangements for but three percent. The three colleges last year to win these honors were Rhode Island State, University of Vermont, and Norwich University.

The University has now changed to the new uniform which has recently become the standard uniform of the United States Army. This type of roll-collared coat has been worn by the English Air Service and several college such as M. I. T. have used them, and they have just recently been authorized as the standard uniform.

The Military Department has accepted a challenge for a Telegraph Pistol Meet with Culver, Norwich, and the University of Wisconsin on May fifteenth. The Pistol Team is made up of five men, four of whom are qualified as experts.

SCHOLARSHIP CLUB INITIATES NEW PLAN

New Method of Holding Meetings Announced—Organization to Take on Unique Activities

Beginning with its April meeting, Phi Kappa Phi, the honorary scholastic fraternity, will initiate a program that, in the opinion of Dr. Slobin who is president of the local chapter, will tend to make Phi Kappa Phi a more active organization on the campus. A department or a group of departments will take over each meeting, and the undergraduate members will read papers on subjects related to their major courses. According to the plan as outlined, each member of Phi Kappa Phi will be given an opportunity to read a paper at one of the meetings during the year.

At the April meeting the following program will be given by the students majoring in modern languages:

A French Play, entitled "Un Bureau de Telegraphie."
Papers: "Contemporary French Theatre," (in English), Miss Cunningham.
Paper: "Early French Comedy," (in French), Miss Hebert

Paper: "Modern French Drama," Miss Dube

At the April meeting the following program will be in charge of the students majoring in agriculture, economics, engineering and zoology. American Apple Growing

Mr. Wilson
Observations on the Plankton of the New England Coast Miss Smith

Unemployment Mr. Whitcomb
There will also be a program by the students majoring in English.

The Wife of Bath Miss Hunter
The Fine Arts in Modern Poetry Miss Finn

The American Language Mr. Pearson

The Art of Translating Miss Clarkson

Proverbs and Axioms in Chaucer Miss McIntosh

Program in charge of students majoring in Engineering:

Vacuum Tubes Mr. Maynard

Pulverized Coal Mr. Holmes

MANCHESTER AND TILTON WIN U. N. H. TOURNAMENT

Manchester and Tilton won the State championships in their respective divisions at the University of New Hampshire basketball tournament held in the big gym. Both teams deserved the honors they received as they were easily the class of the competition. Manchester placed three men on the all state high team as did Tilton in the prep team. The following are the teams chosen:

All State High School Team
Forwards—Bozek and Mecek, Manchester.

Center—Triffin, Manchester.
Guards—Gilbane, Nashua, and Clark, Portsmouth.

All State Prep School Team
Forwards—Tyler, Colby, and Nelson, Tilton.

Center—Butler, Tilton.
Guards—Holmader, Tilton, and Lynch, Sanborn Seminary.

WILDCATS TAKE FINAL GAME FROM BROWN, 32-29

New Hampshire wound up its basketball season by trimming Brown University, 32-29, at Providence, wiping out the defeat sustained at the hands of Brown a week previous. Cotton, Davis, Taylor, Nicora and Kelsea started the game for the Wildcats.

BASEBALL MEN BEGIN WORKOUTS

Wealth of Material Out For Intensive Training

HARD GAMES SCHEDULED

Many Men Fighting for Every Position—Battery Material Promising—Coach Christensen to Have Charge of Second Team

CAPT. NICORA

During the past week, intensive training of the varsity baseball squad, composed of about 25 men, began in the big gym. According to Coach Swasey, although little is known of the offensive strength, the defensive power should make it the best balanced team of the past five years. An extremely hard schedule makes the conditioning of the team an important factor and for this reason the coach intends to keep the team in the gym until the end of this week.

Battery men are in abundance with the return of most of the veterans from last year's team and all of last year's championship "frosh" team back to give them battle. French, last year's varsity catcher, Elliott, C.H. Brown, Columbia, and Lindahl assure much competition in the catching department; while Slayton, "frosh" star of a year ago, Earl Emerson, veteran of two years' experience, who returns to college after a year's absence, Garvin, star left-hander, Fudge, Evans, and Bruce give the pitching staff much promise.

Coach Swasey has a wealth of material for every position in the infield with the exception of third where Hoyt appears secure unless Applin is relegated for work at the "hot corner." Captain Nicora, although he may be shifted to the outfield is showing the way to the first basemen at present, but Bridges, Hayes, and Schurman are also doing some very good work. At second and short, "Duke" English and "Snub" Hatch at the former, and "Buck" Ramsey, "Don" Whittier and Mellon at the latter are fighting hard and make a formidable quintet for work around the "keystone" sack.

With O'Connor and Jenkins, veterans in the outfield, and Applin, "Whitey" Gustafson, W. Gustafson, F. Sargent, Stimpson, and Eaton all trying hard for positions, a hotly contested fight is looked for.

This year a second team under the supervision of Coach Christensen will be formed, and all the reserve material will be turned over to him. Under the plan there will be two distinct squads and as players on the second team improve they will be promoted to the first squad.

REGISTRATION FIGURES SHOW INCREASE FOR TERM

According to the registration figures for the spring term which were released last Monday, the total number of students enrolled in the University at present is 1125, an increase of 109 over the figures of last year at a corresponding date. Of this number, there are only six students who are pursuing graduate work. There are 813 women registered in the University, of which all but 3 are members of the arts college.

There are 747 students in the college of liberal arts, 249 in the technology school, and 125 students in the agricultural college. Despite the loss of approximately 50 students a term, due to scholastic failures, the total registration for this term exceeds by four, that of last term. A large number of late comers who have not yet registered, are not included in the above figures. There are 192 in the senior class, 207 juniors, 310 sophomores, and 376 freshmen.

JUNIOR PROM. PLANS PROGRESS RAPIDLY

To be Held in Gymnasium May 14—Architectural Students to Submit Plans for the Decorations

The annual Junior Prom, which is the most important social event of the spring term, will be held in the University Gymnasium on May 14. Plans for the affair have nearly been completed by the Prom Committee which consists of Earle Philbrick, chairman, Todd Wallace, Elroy Chase, and Burnell Bryant.

Tentative plans for elaborate decorating of the hall have been submitted by various members of the architectural college, and with the assistance of these able architects and interior decorators there is every indication that the barren gym will look more gorgeous than ever before.

No definite plans for the event have been made, as yet, but bids from orchestras will be acted upon during the coming week; favors will be chosen. A general committee which will assist in the final preparations of the Prom will be chosen.

ATHLETE'S CLUB TO STAGE SHOW

Most Talented Artists On Campus to Entertain

DANCE AFTER MINSTRELS

Program Under Direction of Captain Pettee, Coach Christensen, and Mr. Lloyd—to be Presented Saturday, April 17, at 8 O'clock

The N. H. Club will present a minstrel show and entertainment Saturday evening, April 17, at 8 o'clock. Immediately following the show the University Orchestra will furnish music for the dance that will be in order.

The entire program was drawn up by the various committees under the direction of Captain Pettee, Coach Christensen and Mr. Lloyd who are devoting much time to making the show a huge success. The most talented artists on the campus are rounding out their skits and acts; they are doing their parts—it's up to the student body to support them. It will be worth it.

The program consists of 12 acts employing the humorous, the witty and the sentimental.

Act 1. Opening chorus:
"I'm Knee Deep in Daisies"

"In the Evening by the Moonlight"

"I'm Sitting on Top of the World"

By the Daisy Chorus.

Act 2. Prologue by Interlocutor Blewett who needs no introduction.

Act 3. Skit by Foster and Buckminster. Those who know the customary antics of these men are sure to get a good laugh over this act.

Act 4. "Mammy's Little Coal Black Rose," solo by Farrell, the boy Caruso of the campus.

Act 5. Duet and act by Brown and Gray, who promise a colorful skit.

Act 6. "Almost an Actor," a skit by "Mut" Kalijarvi and "Jeff" Fleming. It is rumored about that "Bud" Fisher is going to abandon his cartoons because he can't compete with this pair.

Act 7. Songs and dances by Garlock, Dow and Sylvia, a trio who can yodel and shuffle a mean number.

Act 8. Duet and act by a pair of trilliers and comedians, Ladd and Coughlin.

DATE OF ANNUAL SOPH HOP APR. 16

One of the Largest Social Functions of Spring Term—Promises to be Excellent Dance—Music by Cottillions of Concord

The annual Sophomore Hop will be held in the Big Gym Friday evening, April 16. This dance, which is always one of the big social functions of the spring term, promises this year to be more popular than ever. Dancing will be from 8 to 12.

The committee in charge of the dance has been at work for several weeks and plans for the affair are nearly complete. Following the custom of previous years the dance will be semi-formal. The music which has been secured is The Cottillions, a nine-piece team from Concord where it has the reputation of being a very clever orchestra. The decorations will produce a flower effect that will give the stolid gymnasium a pleasant atmosphere of spring.

The patrons and patronesses will be Mr. and Mrs. Bishop, Mr. and Mrs. Wilbur, and Mr. and Mrs. Alexander. President Hetzel and Mrs. Hetzel will also attend if in Durham on the evening of the dance. The committee in charge of the Hop is as follows: Chairman, L. Barclay; refreshments, N. Weeks; tickets, E. Necker; publicity, Marion Carpenter and Marjorie Thompson.

INSTALL CHAPTER OF SCABBARD AND BLADE

Colonel Robert Tolman Presides as Officers Club Is Initiated into National Military Fraternity—Bryant First President

Colonel Robert Tolman, head of the grand chapter of the Scabbard and Blade, with other active members, supervised the installation of the Officers Club of the University of New Hampshire into the national military society, now holding a membership of 12,000 members.

The installation took place the Sunday of exam week, and lasted from eleven a. m. to five p. m. The delegation had dinner in the President's Dining-hall and from there proceeded to the library, where Mr. Moran took a picture of the group. The ritual was given in the President's office and President Hetzel, Capt. Pettee, and Lieut. Gilmore were the first to receive the ceremony of installation. Following the installation the group proceeded to elect officers of the local chapter and the following officers were elected and installed: President, B. V. Bryant; vice president, C. H. Currier; treasurer, H. W. Steere; secretary, E. G. Miller. Bryant was also elected to attend the semi-annual convocation in Alabama. The high praise of Maj. General Edwards in a letter of recommendation was a strong feature in aiding the local Officers Club to be accepted in the strong national chapter of Scabbard and Blade which was established in the University of Wisconsin in 1925.

The members of Company F, 6th regiment of Scabbard and Blade are as follows: Associate members, President Hetzel, Capt. Pettee and Lieut. Gilmore; active members, R. D. Steevens, F. M. Eaton, F. P. Macdonald, C. H. Currier, E. N. Henderson, E. G. Miller, H. W. Steere, B. V. Bryant, E. Y. Blewett, S. L. King, P. E. Tracy, J. P. Cassily, J. E. Donovan, L. C. Sibley. The officers of the installation staff were: Col. Robert Tolman (U. S. A. Retired), Capt. Humphreyville (M. I. T.), 1st Lieut. McCordigan (M. I. T.), 2nd Lieut. Peterson (M. I. T.), 1st Sgt. Knight (M. I. T.).

COLLEGE GRADS WANTED BY ACCOUNTING INSTITUTE

Opportunities for profitable and interesting careers are being offered by the American Institute of Accountancy to college graduates who are interested in securing technical training in this line of work. This institute recently formed a Bureau of Placements to facilitate the entrance of college graduates to the accounting profession. A printed brochure, which explains the functions and requirements of an accountant, has been prepared by this Bureau for distribution among students.

This Bureau of Placements of the Institute undertakes to provide positions for a number of acceptable graduates with accounting firms. The printed brochure may be secured from Professor A. W. Johnson of the economics department of the University or by direct application to the American Institute of Accountants situated at 135 Cedar Street, New York City.

The inter-fraternity banquet which was held at the Commons Building last Tuesday evening marks the first fraternity get-together ever held at the University. Nearly every fraternity man on the campus attended the affair, which was sponsored by Casque and Casket and executed by the board of managers of the various fraternities.

Long before seven o'clock men began to flock into the Commons Building and to congregate in the club rooms in the new wing. Greetings were exchanged, groups wandered around on tours of inspection, smokes were passed around, and a general air of camaraderie and good-fellowship was maintained.

Plates had been laid for 400 men and the large dining room was solidly packed within a few minutes after the doors were opened. During the banquet, music furnished by the Blue and White Serenaders enlivened the affair, and by the time the coffee had arrived the whole crowd was singing in response to Floyd Macdonald's directions.

Harold Whitcomb as toastmaster opened the after-dinner part of the program with a brief but appropriate talk on fraternity relationships. He then introduced Gene Tetzlaff, who as president of the Intramural Athletic Association, gave an address on the aims and ideals of intramural athletics. Whitcomb then introduced the final speaker of the evening, President Ralph D. Hetzel, not as a college president, not as an educator, not as one of the biggest men in New Hampshire or in New England, but as a fraternity brother.

President Hetzel began his address by saying: "I am keenly aware of the caution that the chairman has given in regard to sports interfering with studies. This is one thing that we have to guard against, for sports are important in their place, yet our studies have the preference in regard to importance." He went on to state: "I have enjoyed the sensation of sitting here and feeling the years roll away, and it does me good to be present at such an occasion as this for I can live my career over again. There is one thing I know now that I didn't then, and that is that the days in college were my most cherished days. One has only to look back upon them to believe so."

Concerning the relation of the fraternity to the college he proceeded to say: "Fraternity life is a privilege, and a privilege to be most keenly enjoyed. Every fraternity has its ideals and responsibilities. We are a privileged and superior group if these things are true. We have to sense a larger responsibility, and I hope that we sense this responsibility that we have assumed. In every group there is a deep sense of loyalty. The idealism and result of loyalty in each group is essentially the same. The value of the organization is not in the pledges, oath and ritual affairs, but in the personal associations within the group.

"I want to bring out one more important point, and that is, let us try to seek and define the larger objectives and ideals to which we give our loyalty, not to last but four years, but to endure always. Our biggest loyalty must be to our university, not to our individual groups. When we

SPRING

Ten more weeks loom ahead of us before we suspend our studying for a long vacation. Ten weeks that should be filled with the greatest amount of work that we can possibly devote to our studies and to ourselves. Ten weeks of an ideal climate in an ideal town, in an ideal institution; that is what we have the privilege of looking forward to.

But when we get down to "brass tacks," are we planning to concentrate our energy in the direction of scholastic activities, or are we inclined to think of our duties here as secondary? It is the easiest thing in the world to allow outside diversions sidetrack our interests. We very easily forget that our interests are primarily in our studies and not in minor relaxations.

"Where there is a will there is a way" and where there is a student who has the power to stick to a job until completed there is a future success. For ten weeks we should buckle down to the task of work and after that is over we can all play and relax for over two months. Let's get going and fight off that Malady "Spring Fever" which has the desire to lower our will power and would cast us to the cruelties of this world if possible. It can be done so easily and in the end it means so much that we must consider it seriously and plan our work accordingly.

WHO WILL BE THE FIRST VICTIM OF THE BOARD WALK IN FRONT OF THE COMMONS?

PLAYGROUND EXECUTIVE TO INTERVIEW SENIORS

An opportunity to learn something of one of the newer vocations will be given to the men of the senior class April 13. Mr. C. E. Magoon, representing the Playground and Recreation Association of America, will be in the Y. M. C. A. office in the new wing of the Commons Building, to interview those seniors who are interested in recreation executive positions, and who may be interested in taking the professional graduate course which is being offered by the National Recreation School.

JUNIOR GIRLS WIN BASKETBALL TOURNAMENT

The inter-class basketball finals which were played Thursday, March 18, were won by the seniors by a 55-37 score. The junior team, however, were awarded the championship as they scored the greatest number of points during the tournament.

The line-up:
SENIORS
 Andrews, lf (Cunningham)
 Scott, rf
 Hubbard, c
 Brady, lg
 Hebers, rg
JUNIORS
 Hill, rf
 Atwood, lf
 Cassidy, c
 Coe, lg
 White, rg
 Score: Seniors 55, Juniors 37. Goals: Hill 12, Atwood 8, Andrews 13, Scott 5, Cunningham 3, Hubbard 5. Points from fouls: Atwood 5, Hill 4, Andrews 3. Referee: Miss McDonald.

COMBINED GLEE CLUBS TO PRESENT HORA NOVISSIMA

The combined University Glee Clubs will present the oratorio, "Hora Novissima," by Horatio W. The assisting quartet will consist of Mrs. Ross, soprano; Miss Shearer, alto; Mr. R. E. Patridge, tenor; and Mr. Dalquist, bass. The quality of the presentation plus the fact that this is the first time this well known oratorio has been presented in this state, should make the concert one of extraordinary interest to all those for whom music holds an appeal.

GIRLS' GOVERNMENT ADOPTS NEW RULES

More Privileges Granted Under Class Girls—Dean DeMerritt Gives Short Talk to Council

The monthly meeting of the Woman's Student Government Association was held Thursday, April 1st, at 4 o'clock, in T. Hall Gymnasium. Mrs. DeMerritt gave a short talk.

New spring privileges were granted by the council to each class, as follows:

Freshmen—may attend the first show of the moving pictures any evening with men. Also allowed to go walking every afternoon, until 6.30.

Sophomores—are allowed to go to either session of the moving pictures. Also to go walking Friday and Saturday until 10 o'clock and to entertain Sunday evenings. During the week they can walk until 7 o'clock.

Juniors—may go walking or entertain every evening until 10 o'clock with men.

Seniors—are not granted any additional privileges.

TENNIS TEAM HOLDS INDOOR WORKOUTS

Three Letter Men Available to Coach Howes for 1926 Group—Wealth of Good Material for Extra Positions

With three letter men as a nucleus, Coach Howes' Varsity tennis team is rapidly getting into condition for a strenuous season. The candidates are working evenings in the gymnasium, preparatory to actual court practice which will commence within the week if the present favorable weather continues. The members of the 1925 team available are Capt. Armand Bowles, Ralph Craig, university champion for 1924, and Charles Brown. Roberts, winner of last fall's tournament, has been declared ineligible.

Prominent among the new candidates are "Bert" Nutter, "Shap" Symonds, and Heminway, but they are being furnished with keen competition for the extra berths by James, Mooney, Bryden, and Whitehead. An elimination round will be played late this month and the winners will determine the team which will meet Tufts in the first meet on May 7.

The schedule:
 May 7 Tufts College at Medford, Mass.
 May 8 Clark University at Worcester, Mass.
 May 12 Bowdoin College at Durham, N. H.
 May 15 Worcester Polytechnic Institute at Worcester, Mass.

CHI OMEGAS MOVE INTO A NEW HOME

House is of Colonial Design—Contains Accommodations for Twenty-Six Members—Mrs. Ralph D. Paine is Matron

The Chi Omegas have moved into their new house on Faculty Row and expect to be settled as soon as the furniture arrives. The plans for the house were started a year ago and have resulted in a shingled home of colonial style, capable of accommodating twenty-six girls.

In the basement is the Chapter room. The first floor consists of the Matron's suite, living room, dining room, kitchen and pantries. The second floor is furnished in gray and consists of six study rooms and bedrooms, office and bath. The third floor is divided into a large sleeping room, dressing rooms and a study.

Sometime in the future the sorority hopes to have a tennis court and flower gardens.

The sorority has been very fortunate in having Mrs. Paine for a matron. Mrs. Paine, whose late husband was Ralph D. Paine, one of New Hampshire's well known authors, has been quite interested in the young people of Durham. For many years she was the leader of a boys' club.

The girls living in the house will be under regular dormitory rules and expect to do their own work, except the cooking which will be done by the chef. Frances Fairchild is acting as house president and board manager.

The sorority wishes to thank its friends on campus for the help they have given in making possible the Chi Omega House and invites everyone to be present at the housewarming to be given in the near future.

THETA CHI'S BEAT A. T. O.'S FOR WINTER SPORTS CUP

The Theta Chi fraternity won the Intra-Mural winter sports meet from the A. T. O. fraternity by the narrow margin of one sixth of one point as a final result of the skating events. The final score was:

Theta Chi, 24 points; A. T. O., 23 5-6; S. A. E., 15 1/2; Alpha Gamma Rho, 14 1-3; Non-Frat, 7 1-3; Lambda Chi Alpha, 2; Theta Delta Upsilon, 1. This was the third year which Theta Chi won and gave them permanent possession of the silver trophy; Lambda Chi Alpha won the cup in 1921.

PROF. HENNESSY TO TEACH AT B. U. SUMMER SCHOOL

Professor William G. Hennessy of the English Department will join the Summer School staff of Boston University, College of Liberal Arts, this summer, and will offer two courses, one in Play Production, and one in Shakespeare. During the recent holidays Mr. Hennessy assisted in the direction of the forthcoming production of "The Merchant of Venice" at Boston University. It was in this play that Mask and Dagger reached its high water mark of artistic effort last fall.

Are You Going Into the Bond Business?

There is a cycle of fashion not only for the hats college men wear but for the line of work into which they go.

But your job has to fit your head as well as your hat, for it has to fit your state of mind.

Like your hat also, your job needs to fit your purse.

Therefore, why not choose one that brings not only satisfaction in service but in financial return.

Selling life insurance is one of the few modern businesses that does just this.

It takes: Intelligence, Zest and Ability

It gives: Liberty of action, the philosophic satisfaction of selling future security and present serenity to living people, and a response, immediate and tangible, in monetary as well as mental reward.

TRAVEL SCHOOL FOR LANGUAGE STUDENTS

Unique Combination of Sightseeing—Study Tour Planned—Dr. Allen Offers Courses Giving College Credit

This year, in addition to the subjects in French given in the Summer School, the University of New Hampshire is offering a combination of study and travel in France for which students will receive university credit. Students who register in the Travel School will sail from Montreal on the twenty-sixth of June and return to New York on the sixth of September. In France, before the opening of the school work, there will be eleven days of sightseeing in and about Paris, with visits to Versailles, Chateau-Thierry, Rheims, Chartres, Chantilly, Amiens, Pierrefonds, Tour, Blois, Orleans, and the famous Chateaux of Touraine.

The six weeks of study will begin on the sixteenth of July at "Le Montcel," near Versailles. This school has been chosen because it is near Paris thus affording the opportunity for spending afternoons and Saturdays for sightseeing or attending the theatre. Since the school is small in numbers, and the teachers and members of their families live at the school, the students will have an unusual opportunity for speaking and hearing French outside of the classroom. They will live continually in a French family atmosphere, a condition which is not often found by students who go abroad to learn a foreign language.

The price for the school from the time of sailing to the time of landing in New York is five hundred and sixty-five dollars. In this, everything which a student will need has been included. There are no jokers which may be found out too late, and which may cost more than a student expected. Any one interested may receive a complete description of the Travel School in France from Prof. H. F. Allen, who will accompany the party. Registrations for the Travel School are being received, and, as the number of students who will be taken is limited, it would be well to decide at once.

SHOWS AT 3.15, 7 AND 8.30

When you and spring are thrilling to the opening game of the year—and your favorite player drives out a homer—as the stands rock with cheering—have a Camel!

WHEN the first ball game is here. And the heavy hitter cracks the ball shrieking into deep center for a home run—have a Camel!

For Camel adds the magic of its own fragrance to life's most festive days. Camels are of such choice tobaccos that they never tire the taste or leave a cigarette after-taste. You'll get more contentment, more pleasure out of Camels than any other cigarette.

So this fair spring day as a redoubtable batter lofts out one that it seems will never stop flying—oh, then, taste the smoke that means completed enchantment.

Have a Camel!

Into the making of this one cigarette goes all of the ability of the world's largest organization of expert tobacco men. Nothing is too good for Camels. The choicest Turkish and Domestic tobaccos. The most skilful blending. The most scientific package. No other cigarette made is like Camels. No better cigarette can be made. Camels are the overwhelming choice of experienced smokers.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

MANCHESTER BRANCH HAS ENTERTAINING EVENING

A meeting of the Manchester Branch of the University of New Hampshire Alumni Association was held recently at the home of Gordon W. Patten, '20. No business was transacted. An innovation in the form of a six-piece orchestra furnished music for an exhibition of the Charleston and for general dancing. There were about thirty members present. The next meeting will be held on April 13.

PHILADELPHIA ALUMNI HAVE BUSINESS MEETING

A meeting of the Philadelphia Branch of the Alumni Association was held at the home of Mr. and Mrs. Huse with the following members present: Mr. and Mrs. Smart, Mr. and Mrs. Dodge, Mr. and Mrs. Williams, Mr. and Mrs. Campbell, Mr. and Mrs. Reid, Mrs. Annis, Miss Perkins, Miss Dorothy Flanders, Miss Mildred Flanders, Miss Walker, Mr. Conachie, and Mr. Kenney. The Branch enjoyed the dinner which was served by President and Mrs. Huse. At the short business meeting which followed, the branch voted to have their next dinner and meeting at the home of Mr. and Mrs. Williams at 6.45, on April 9. After adjournment there was music, dancing and refreshments.

CAMP LEADERS' COURSE FORMED

leaders and by experienced leaders. It is to comprise Swimming, Games, and Miscellaneous topics to round out the camp leader.

It was in attempting for the first time a really extensive program of Employment Bureau summer work that the Y. M. C. A. discovered the need for a course such as this. Many of the camps replied favorably to the proposition of employing New Hampshire men as camp leaders, but they stated that these men must have had experience. Out of many men applying for such jobs few were found who had had the necessary experience. Thus the "Y" decided to help those men who needed it, and arranged a program which is similar to those in Columbia and Boston University. The success of the course was assured when the College of Liberal Arts recognized it as a real service and a progression in the field of education, and decided to allow one hour of credit to those taking it.

EAST NEW YORK BRANCH SUPPORTS UNIFORM FUND

There were nine members present at the last meeting of the Alumni branch of Eastern New York which was held at the home of Daniel Clarke, '20. Those present were T. Atkinson, P. Anderson, A. Woodward, B. Woodward, A. French, C. Payne, G. Perkins, D. Clarke, and R. Scammon. A written history of the University was reported by Daniel Clarke. Plans were made for the New Hampshire program which was broadcasted from WNAC on February 27 and March 6. In response to a letter from Capt. Pettie it was voted to assess each member a dollar with which to make up the \$25 dollars to be taken from the treasury to pay for band uniforms. It was voted to invite the graduating engineers and Professor Hitchcock to Schenectady on their annual instruction trip.

SCHOOL SUPERS TO MEET IN DURHAM ON SATURDAY

A meeting of the Superintendents of southern New Hampshire will be held in Durham on Saturday, April 10, in the Commons Building at 9.30 o'clock, after which the members will be the guests of President Hetzel at lunch.

The following tentative program is offered: I. The superintendent in the classroom. How we do it. Superintendents Moore and Pitkin; II. The high school should be organized so that young teachers may not teach more than three subjects. Superintendents Landman and Wignot; III. A practical testing program for the grades. Superintendents Buker, Towle, and Young; IV. What should be the entrance requirements of the first grade? Superintendents Perkins and Wingate; V. Can personality be taught? Superintendents Dudley and Sanborn; VII. What is a good lesson? Superintendents Felch and Jackson.

The committee in charge of this meeting consists of Mr. O. R. McCoy and Professor J. O. Wellman.

MASK AND DAGGER WORKING ON PLAY

Next Production Will be Produced at Graduation—Favorites Among Cast

The next production rendered by Mask and Dagger will be performed at graduation, at which time the comedy, "Tilly of Bloomsbury" will be shown. This play is the dramatization of the novel, "Happy Go Lucky" written by Ian Hay, and adapted for the stage by the author of the same. The play ran for a long period in London after which it was brought to New York, enjoying a tremendous success. Many favorites in local dramatic circles will be seen in the new offering. The cast is as follows:

Abel Mainwaring, Wilmot H. Smith; Milroy, the butler, Willard Perkins; Sylvia, Elinor Conant; Lady Marian Mainwaring, Alice Keenan; Rev. Adrian Rylands, Elroy Chase; Constance Damer, Dorothy Hebert; Richard Mainwaring, Frank W. Horne; Tilly Welwyn, Elizabeth Tibbets; Percy Welwyn, Edward H. Ward; Amelia Welwyn, Catherine O'Kane; Grandma Banks, Elizabeth Griffin; Mr. Metha Ram, Osmond Strong; Mrs. Welwyn, Elizabeth Nye; Lucius Welwyn, Melville Taylor; Mr. Stillbottle, Edward Y. Blewett; Mr. Pumpherson, Charles Gray.

FOUR NEW SPORTS FOR INTRAMURALS

Relay, Baseball, Swimming and Tennis Meets Fostered by Association—Expect Non-Frat Men to Form Teams in Future

Four new sports have been added to the curriculum of the U. N. H. Intramural Athletic Association for the spring term. Relay, baseball, swimming and tennis competition will be carried on between the fraternity and the non-fraternity teams. As yet the non-fraternity men have not formed teams to compete in the various leagues which have been going on since the beginning of the fall term, but it is hoped to form at least a non-fraternity baseball team and an endeavor to get the non-fraternity men interested in the other sports will be made by the association officials.

Although the results of the meets have been published before, a short survey of the team's work shows that the boxing and winter sports tournaments were highly successful, while the hockey committee was unable to carry out its program of playing off the championship games between the Alpha Tau Omega and Theta Chi fraternity. The boxing tournament was won by the Lambda Chi Alpha fraternity, with the Phi Mu Delta's and Theta Kappa Phi's close seconds. Theta Chi won the winter sports meet by a margin of a fraction of a point.

The schedule and rules for the relay meet have already been sent out to the fraternities and some of the races have been run off. These races are held at five o'clock each afternoon on the new board track. Six teams compete each day, making three races. The schedule will be completed within two weeks and plans for the other sports are being drawn up.

(Continued from Page 1)

find standards to which we can pledge ourselves we can be loyal to them always. All ideals of the fraternity lead up to the ideals of the college. They go hand in hand, and one cannot survive without the other.

President Hetzel further stated: "Our college of today is no different from the college of yesterday. Customs, styles and other minor things have changed, but not the most important factor in the makeup of a college, its ideals. The strength of a group lies in its inter-social contact."

"Furthermore, I sincerely hope that within the next few years that the office of the Dean of Men will be created on this campus. This is not to enforce law and order to any greater extent, but merely to create an officer who has an understanding of college men. To help control the aspirations of the students so that discipline will not be necessary."

"It was only a short while ago that Dean Robertson, formerly of the University of Chicago was a visitor on our campus. Dean Robertson's visit was to form the end of a series of investigations undertaken by the American Association of Universities resulting from the petition of admission by this University. He spent the morning in looking over the campus and it was at luncheon that I had occasion to inquire, concerning his investigation. Dean Robertson replied: 'I am taking the liberty, a thing I have never done before, to pre-suppose the opinion of the board which I represent and say that the conditions on this campus are excellent.'"

"Standards are becoming higher and higher because education is challenged. This institution is maintained for our interest, for we will contribute toward the social good of the world."

"Sometime I hope that there will be formed on this campus an organization of non-fraternity men and women. It is needed in order that all individuals may have that which needs fulfilling; namely, social contact, and I am going to do all in my power to encourage something in that direction. Let us make every man and woman understand that the bigger loyalties are the important things."

"Again, consider me not as the President. I invite your council, and I want to be one of you."

Following President Hetzel's address, which was received with enthusiastic applause, the group rose and sang Alma Mater and the banquet was over.

The committees which were responsible for the smoothness with which the banquet was carried out were as follows: Decorations and seatings—Fudge, Monroe, Kirk; general committee—Steere, Gill, Avery; finance—Mason, Brow, Colovis; tickets—Farrar, Jensen, Nash; entertainment—Casque and Casket.

HERE AND THERE

An article in *The Tomahawk* of Holy Cross College states that two teams of freshmen will debate the Government ownership and operation of the anthracite coal mines. The unique feature of the debate is that it will be carried on entirely in French.

Twenty-five students of Iowa Wesleyan pledged themselves not to shave until the football team won a game. By mutual consent they have agreed to mow off the "curtains" which now approach their waistlines inasmuch as the football season is still way off.

Twenty-one new students enrolled for the second semester at the Connecticut Agricultural College, do not quite bring the total enrollment up to the maximum of five hundred which is set by the State Legislature.

"No students have as yet been refused because of overcrowding," says *The Connecticut Campus*, "however this law has enabled the faculty to require a good grade of high school work from applicants so that at present no one who has ranked in the last third of his class in high school will be admitted."

The National Intercollegiate Glee Club Contest takes place at Carnegie Hall, New York, March 6. Wesleyan, recent winners of the New England Championship at Boston, competes with other sectional winners and charter members. The list includes: Wesleyan, Yale, Kansas, Dartmouth, Columbia, Fordham, North Carolina, Penn. State, Syracuse, New York University, Mid-Western, Princeton, South Carolina and Amherst.

For ten years Professor Harry F. Carrington has been giving word tests to juniors and seniors enrolled in Princeton public speaking classes. He reports an increase in 7 percent in average vocabulary over that period. In 1916, the average student recognized, well enough to use, eighty-six out of the one hundred selected words. This winter the average member of Professor Carrington's class recognized ninety-three out of one hundred words.

Dr. Alexander Meikeljohn, former president of Amherst College, has been appointed to a post in the philosophy department of the University of Wisconsin.

Act 9. Comedy and dancing act by Sleeper and Dearington; the two are inseparable.

Act 10. "Mighty Like a Rose," solo by Farrell. (This is by special request.)

Act 11. "A Lesson in Dancing," a skit by two of the cleverest cloggers since the Connecticut Yankee danced for King Arthur—Smith and Schurman.

Act 12. Grand Finale by the entire chorus. "Carry Me Back to Old Virginia," and another that has been just composed especially for this show by the celebrated composer, Irving King.

Tickets may be purchased next week at the fraternities, sororities, the book store and Gorman's Drug Store. The price of the minstrel and dance will be fifty cents.

The various committees are: Show committee: P. Davis, chairman, L. Smith, E. Blewett, F. Fudge, E. chairman, E. Munroe, W. Prince. Dance: W. Davis, chairman, N. Weeks, S. Craig. Refreshments: W. Hoagland, chairman, R. Nicora, J. Bloomfield. Publicity: E. Warren, chairman, L. Sargent, H. Applin.

FIRST OF INTRA-MURAL RELAY MEETS THIS WEEK

The Intra-Mural relay season started Monday, with considerable interest when the first series of races were run. Kappa Sigma forfeited to Alpha Tau Omega and Phi Mu Delta defeated the Phi Delta Upsilon Quartet. In the events on Tuesday afternoon Theta Chi took Delta Pi Epsilon quartet into camp, Theta Upsilon Omega lost to Sigma Alpha Epsilon and the Tri Gamma four defeated Lambda Chi Alpha. S. A. E. Theta Chi and Tri Gamma show promising material, and close competition is expected to result.

The Ox Woman

On an East Indian farm, where the crop is tea, a wooden plow turns up the rich black soil. A woman drives, another woman pulls—and a black ox pulls beside her.

Six hours under a tropical sun, a bowl of cold rice—and six hours more. Then the woman goes to her bed of rushes, and the beast to his mud stall. Tomorrow will be the same.

The American home has many conveniences. But many American women often work as hard as their Oriental sisters. They toil at the washtub, they carry water, they churn by hand—all tasks which electricity can do for them at small cost, in half the time.

The labor-saving possibilities of electricity are constantly becoming more widely recognized. And the social significance of the release of the American woman from physical drudgery, through the increasing use of electricity in and about the home, will appeal instantly to every college man and woman.

The electric light, the electric iron, the vacuum cleaner—the use of electricity on the farm for pumping water, for milking, and for the cream separator—are helping to make life happier. General Electric research and engineering have aided in making these conveniences possible.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-18.

COACH SWEET CALLS FROSH TRACKSTERS

Boardwork Begun Preparatory to Taking to the Cinderpath—Wealth of Prep School Stars Promises Strong Team

The call for candidates for the Freshmen Track Team last week produced a number of promising prospects. With such men as Manfreda, and Kelley in the sprints, Whitney, Cahalan and Cleveland in the distances, Landauer on the weights, and Bartlett and Huntoon in the middle-distances, Coach Sweet has material to round out a team that should furnish plenty of opposition for the schools which they will meet this spring.

Although the schedule is a short one, ample opportunity will be given for the testing of the Freshman mettle in the three meets with Maine Freshman, M. I. T. Freshman, and Pinkerton. The first mentioned is to be a Telegraphic Meet.

Manfreda, who won several first places in the Inter-Scholastic competition held here last spring, is one of the best products from the school-boy ranks of the state for 1925. Kelley and Bartlett have already displayed their ability on the relay team which finished last term with a decisive victory over Pinkerton and Nashua, while Cleveland, Whitney, and Cahalan are all numeral men in Cross country. Bill Landauer should prove a dependable man in the shot and hammer with his two years experience on the Clark School Team.

The candidates are as follows: Andrew, Allsworth, Atwood, Avery, Bartlett, Beck, Beckford, Bujnievicz, Cahalan, Chandler, Cleveland, Dustin, Davis, Fay, Fuller, Gage, Higgins, Houghton, Huntoon, Johnston, Kelley, J., Landauer, Kelly, L. M., Langford, Manfreda, Mason, Moore, Nichols, Noyes, Perry, Pierce, Pinney, Potter, Rabinovi, Rice, Sargent, Schwartenberg, Smith, Strong, Themelis, Watts, Wendolyn, Wilder, White, Whitney, P. O., Whitney, L. P., Whiteher.

Y. W. C. A. NOTES

At the recent election of Y. W. C. A. officers the following girls were chosen to serve for the next year: Emily Simmons, president; Alice Melendy, vice-president; Louise Tobey, treasurer; Catherine O'Kane, secretary. The new Cabinet, which is made up of the officers; and chairmen of the various committees, will be chosen by the executive committee within the next few weeks.

The Y. W. C. A., at its last Cabinet meeting, voted to secure a grill, cups and saucers, and silver, in order that both Cabinets may have a monthly meeting around the table. It is thought that all problems and business of the organization may be more fully discussed at these monthly "get-togethers."

There will be a joint meeting of the Y. M. C. A. and the Y. W. C. A. on Sunday evening, April 18. The program has not been fully announced, but an entertainment and an impersonation of Chinese life is being planned.

SIXTY CANDIDATES FOR FROSH BASEBALL

Blackboard Talks Held in Morrill Hall By Coach Fernald—Indoor Workouts in Gym—Promising Material Reports For First Session

More than sixty freshmen baseball candidates answered the first call of Coach Fernald on Monday afternoon. With the big gym occupied by the track and varsity baseball men, preliminary sessions are held in Morrill Hall in the nature of discussions of the baseball rules. Battery men are getting their indoor workouts in spare periods during the day at the

gym. The squad will not get outdoors for practice before the middle of next week.

Among the many candidates, E. Hunt, a catcher of three years' experience from Exeter Academy, shows promise behind the plate. In the pitching department D. Adams of Nashua and Kervin of Portsmouth have good high school records. J. Nelson is a highly rated infielder from Gloucester, Mass., high school.

The following men look the best from their high and prep school experience, but "dark horses" may displace them as the season is farther advanced; Hicks, Faust, Fowler, Hunt, catchers; Roy, Davis, Kervin, D. Adams, Clement, pitchers; Hatch, Starke, Gunn, McNamara, Nelson, Rinehart, Seaver, Silvia, infielders; Crins, Bauby, Young, Hobbs, Leopold, outfielders.

The schedule:
April 30. Coburn Classical Institute at Durham, N. H.
May 6. Clark School at Durham, N. H.
8. Portsmouth High School at Durham, N. H.
13. Proctor Academy at Durham, N. H.

VARSIY TRACK MEN WORKOUT ON BOARDS

Coach Sweet Has Well Balanced Team Preparing for Maine Meet on the 24th—Strong Array in Middle Distance Runners

The Varsity track squad has been training daily under the supervision of Coach Paul Sweet in preparation for the most important meet of the season with New Hampshire's keenest rival, the University of Maine, which appears first on the schedule.

Due to the large snowbank still unmelted on the northern part of the track, the candidates have been obliged to work on the boards. It is expected that another week will be necessary to put Memorial Field in any kind of shape.

The weight men have been working daily in the pit but the looseness of the cinders makes it impossible for them to accomplish anything but form.

A large number of men are already out for the team but Coach Sweet would like to have as many additional men as possible try out.

In the sprints Van Allen is doing some excellent work along with Williamson and Hildreth, but it is the middle distance and distance runs in which the team seems especially strong. "Abe" Smith, "Stretch" Burke, Lamont, Barclay, and Daland in the former and the reliable "Duke" Peaslee, Weeks, Williams, Eastman, and Littlefield in the latter make a formidable array of runners.

The field events will be as strong this year as they were weak last. "Tom" Stewart, "Ed" Warren, and Evans, in the javelin; Hoagland and Abbiati, in the hammer; Hubbard and Betz, in the discus; Hubbard, Betz, and "Abbie," in the shot; and Stewart, Warren, and Betz, in the Pole Vault; are all finished performers. In the hurdles and high jump there are many veterans including Paul Toolin, "Abe" Smith, and "Extension" Gray in the former and "Jack" and "Abe" Smith, and "Stretch" Burke in the latter.

All in all a very successful season is predicted by the coach with a possibility of quite a few of the existing records being broken. At present "Reg" Atkins is not a member of the squad because of stomach trouble, but it is hoped that he will recover before the season is much advanced.

Varsity Track Schedule, Season of 1926.

April 24. University of Maine at Orono, Maine.

LIBRARY NEWS

The fifth monthly publication of the Library Lantern shows many additions, especially to the field of non-fiction, namely: books of travel, biography, history, literature, sociology and science. "The Pilgrim of Eternity," by John Drinkwater is another story by Byron which should prove particularly interesting to those who read "Glorious Apollo." "Lincoln, the Prairie Years," by Sandburg is a work similar in type to "The Unfathomed Lincoln," by the same author. Attention is also called to "Jefferson and Hamilton" by Bower, De Keruif's "Microbe Hunters," and Lindsey's "Revolt of Modern Youth."

The late arrivals in fiction include Dos Passos', "Manhattan Transfer," Yezierka's "Bread Givers," Erskine's "Private Life of Helen of Troy," "The Lion's Skin" by Sabatini.

The library has recently had exhibits on the Graphic Arts, Vocational Guidance, Writers and Writing. During the past week the work of New England poets was shown. The United States Daily which began publication March fourth, is now on file at the library. It contains news and the proceedings of all government departments without editorial opinions or observations.
