shoulder our responsibilities.

Our first is to make sure that our Mother can come. No matter how thorough a checking system, the administrative officers may have, there is always the possibility of a slip-up. Invite your Mother today. Write to her, make sure that she can come.

Our second responsibility is to fill every moment with the bright side of our college life. Let nothing mar her visit. To make her stay a memorable one, there must be a program filled with happiness.

And so we wait for that day, planning, hoping and wishing that our first Mother's Day will be as big a success as our Dad's Day.

CHILDISH HABITS

Once there was a youngster AND he came to college AND when he arrived in his room he disliked the color of the beaver board AND so he started to find something to cover up the bare spots AND the first thing that attracted his infant mind was an athletic poster AND when he saw it he was pleased AND he proceeded to tear it off the bulletin board AND then he stuck it up in his room AND then he thought that he had made his room more attractive BUT he forgot that the athletic department needed the poster to advertise the coming game AND he thought only of himself AND as time went on he proceeded to collect a few more AND the Athletic Department still suffered BUT he didn't care. And now simply because he and a few more like him are doing the same thing WE have to ask that they drop the childish habit and leave the posters up at least until after the game has been played AND then they can take the posters and worship their heroes without causing the team any annoyance.

-R. C. A passage read in one of Gilbert Cheserton's introductions the other day brings us to the subject of interfraternity debating. As we remember it he says "As the wolf dies fighting, the good man gone wrong dies arguing." This exactly fits in with our idea of such debating. What good does it do?

Other activities serve some obvious purpose or at least provide amusement, but there's nothing sadder than a bum debate. Are You Going Into the Bond **Business**?

There is a cycle of fashion not only for the hats college men wear but for the line of work into which they go.

But your job has to fit your head as well as your hat, for it has to fit your state of mind.

Like your hat also, your job needs to fit your purse.

Therefore, why not choose one that brings not only satisfaction in service but in financial return.

Selling life insurance is one of the few modern businesses that does just this.

It takes:

Intelligence, Zest and Ability

It gives:

Liberty of action, the philosophic satisfaction of selling future security and present serenity to living people, and a response, immediate and tangible, in monetary as well as mental reward.

Complete and confidential information, without any obligation on your part, can be obtained by writing to the Inquiry Bureau, John Hancock Mutual Life Insurance Company, 197 Clarendon Street, Boston, Massachusetts.

bunched on the track—and suddenly Chuck, your own superman half-miler, spurts ahead on the finish and wins -have a Camel!

Into the making of this one cigarette goes all of the ability of the world's largest organization of expert tobacco men. Nothing is too good for Camels. The choicest Turkish and domestic tobaccos. The most skilful blending. The most scientific package. No other cigarette made is like Camels. No better cigarette can be made. Camels are the over-whelming choice of experienced smokers.

WHEN the lithe halfmilers are fighting for the lead. And your own dauntless champion suddenly soars ahead and wins—have a Camel!

For you'll never find another friend so attuned to your triumphs as Camel. Camels are made of the choicest tobaccos grown - they never disappoint your taste. Camels annihilated cigaretty after-taste. Regardless of price, you'll never buy better tobaccos, or blending, or flavor than you get in Camels.

So this year when the old school's men go through for victory after victory --- taste then the smoke that's choice of the world's victorious. Haye a Camel!

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price. R. J. Reynolds Tobacco Company

ANNUAL SOPHOMORE HOP HELD IN MEN'S GYMNASIUM

The annual sophomore hop, which was held last Friday evening at the men's gymnasium, was attended by about 100 couples. The result of the committee's labor was seen and complimented on by all, as being a very elaborate and tasteful affair. Music was furnished by the "Cotillions" from Concord.

The decorations consisted of a series of treetrunks placed at intervals around the balcony, and design-ed to give an arborcal effect. Overhead were strung green hranches dotted with paper apple blossoms. Lights scattered here and there added to the effect of the decorations. Divans and chairs were solicited from each fraternity and were blocked off in booths under the balcony, practice. with the banner of the fraternity in Aroun he back.

The patrons and patronesses were Mr and Mrs. Wilbur, Mr. and Mrs. Alexander and Miss Washburn.

MJSS PHELPS GIVES CHINESE PORTRAYAL

"In the Heart of China" Receives Ample Praise for Clever Impersonation of Chinese Village Life— Nearly a Hundred Witness the Presentation

At the final joint meeting of the game coming off on May 6, when the Y. M C. A. and Y. W. C. A. for the Clark School nine encounters the 1929 college year, last Sunday evening at the Community House, Miss Isabelle Phelps presented a dramatic interpretation of Chinese village life, under the title of "In the Heart of China." Sumner Toone, '29, and Francis Crawford, '29, furnished appropriate music during the intermissions. Nearly 100 townspeople and students enjoyed the performance The impersonation was divided into three scenes. In the first scene, Miss Phelps impersonated a missionary, showing the various things-Dover, N. H. serious and comic-that constitute a day's work. The second scene took place in a Chinese village home, Miss Phelps imitating the ordinary Chinese woman; with her hobbled, bound feet, and quaint fashions. In this Dover scene Miss Phelps showed how chopsticks were used, and also illustrated a Chinese tea. The third scene showed the missionary talking to a crowd of typical Chinese, trying to make them understand how similar the white was to the yellow. Miss Phelps, by her subtle interpretations and insight into character, succeeded in holding the interest of her audience, and in drawing many laughs from them. Critics remarked that the impersonations were very clever and finished.

FROSH PILLMEN IN OUTDOOR PRACTICE

Coach Fernald and Manager Gill Take Squad Out on Morrill Hall Lawn -Abundance of Third Basemen -First Game With Clark School

The freshman baseball squad got its first feel of outdoor practice when Coach Fernald led the pillmen out on the lawn in front of Morrill Hall. Monday afternoon. A cold wind brought them in soon after a short, snappy practice session.

On Tuesday, the frosh moved down to the baseball field for a workout on the diamond which is in very good condition for this time of the year. Coach Fernad is trying a new system, keeping a record of the fielding and batting averages of the players in Around third base there is a stiff

ight for the hot corner position with Nelson, Seaver, and Cole as the leading candidates. Weakness of materal at short and second may cause a shifting of some of the third basemen to these positions. Among the promising rookie slabmen are Kervin, Dave Adams, and Noel. Crins shows up well in his batting and fielding in the outfield. The team is given another week of

practice through the cancellation of the opening game on April 30 by Coburn Classical. Although it is too early to make predications, a successful season is expected with the first
