## TUFTS DEFEATED IN 12TH INNING

### Hatch Scores Final Run on Kennedy's Wild Throw

BATES DEFEATED BY 7 TO 1

New Hampshire Loses Second Game  
of Season to Maine, 7 to 5—Slayton  
Pitches Team to a Brace of  
Wins

Breaking up a tied game in the 12th inning, the varsity baseball team defeated Tufts by the close score of 4 to 3, Tuesday afternoon, on Brackett Field. The game was the second victory for the "Wildcats" since.

The contest developed into a pitching duel between Slayton and Shuman, Slayton having the edge on his opponent by allowing only one earned run. Captain Nicora and Applin were the big hitters of the day while Kennedy of the "Jumbos" was responsible for two of his team's scores.

Tufts scored first in the third inning when two men crossed the plate on errors by New Hampshire outfielders. The visitors tallied again in the 7th on a clean hit. In the last half of the same inning, the "Wildcats" scored twice on singles by Nicora, Applin and Jenkins. The Blue and White team tied the score in the 8th, Hatch coming home on Nicora's hit. From all angles of the game, the twelfth frame was the best part of the contest. Hatch filled the bases but Slayton pulled himself out of the hole by forcing the next batter to fly out. New Hampshire clinched the contest in their half when Hatch scored on the second wild heave of Kennedy, Tufts' third baseman, after the diminutive Hatch had been placed on second by a wild throw.

### Varsity Beats Bates

The varsity baseball team opened its 1926 season last Thursday, with a victory over Bates, 7 to 1. The visitors were helpless before the effective pitching of Steve Slayton and Evans, being held to two safe hits.

A rally in the sixth inning, with the Garnet athletes leading 1 to 0, gave the Wildcats three runs and clinched the game. For good measure Coach Swasey's charges fell again upon the opposition pitching in the eighth and scored four more counters. The teams battled evenly for five innings until the visitors scored their lone run by a walk, a stolen base, and a single by C. Small, Ray crossing the plate. Hoyt, who was the big gun in the Wildcats attack, opened the sixth with a slashing double and scored on Applin's double. Applin counted on Ramsey's single and scored soon after by stealing home on a close play at the plate. New Hampshire batted out eleven hits, Applin and Hoyt getting three each.

### Maine Defeats Wildcats

Maine defeated the blue and white team on Saturday by scoring in one bad inning to win, 7 to 5. Applin and Nicora featured with their stick work while Guy and Cassista stood out in the Maine lineup.

New Hampshire scored two runs in the second frame on clean hits, putting them in the lead 2 to 0. The visitors scored four runs in the fifth when Evans passed Cassista and Durrell, and Hamilton brought them both home with a two-bagger. A squeeze play scored another run for Coach Brice's men. Slayton relieved Evans in the box, holding the opposition to two runs for the rest of the game. Evans was credited with the loss of the game, five runs being scored off his delivery.

## UNIQUE DECORATIONS FOR JUNIOR PROM

Extensive Work Has Been Done in  
Preparing for Gala Event of the  
Year—Tickets Limited

Extensive work has already been done by the Junior Prom Committee in preparation for this gala event which takes place on the 14th of May. Plans for decorating the gym have been submitted by members of Alpha Sigma, the architectural fraternity, and a new and original method of decoration will be used by the committee.

The entire gym will be covered with a lattice work of varied colors. The fraternity booths will be changed considerably in an attempt to give more floor space for the dancers. The booker for the Mazzetti orchestras has agreed to send the Howard's Whispering Serenaders to play at the Prom.

One of the most important features of the affair is the limited number of tickets which will be available. Tickets are on sale at the fraternity houses and a large number have been disposed of already. Those expecting to attend are advised to procure their tickets in advance. Tickets will be called in during the early part of next week.

## "TILLY" GOES TO LAST REHEARSAL

First Production Ready  
For the Stage on May 19

FAVORITES AMONG CAST

Three Performances Here—Possible  
Production in Laconia and Concord—Finishing Touches Being Administered

The spring term play, "Tilly of Bloomsbury," is rapidly nearing completion. Intensive work is being carried on, and with the finishing touches the play will be ready for production on the evenings of May 19 and May 20, at the Community house. It has not yet been decided whether or not the play will be given in Laconia or Concord, but if satisfactory arrangements can be made it is probable that it will be given in Laconia. If the necessary scenery can be obtained the play will go to Concord. The third and final showing in Durham will be given sometime during commencement.

Miss Elizabeth Tibbetts is playing the leading part as "Tilly." Frank Horne is appearing opposite her in the role of "Dick." E. Y. Blewett is acting the leading character part in the personage of "Stillbottle." Wilmo Smith is playing the role of the aristocrat father, and Miss Alice Keenan is appearing as his wife. Elinor Conant is the daughter, who with her mother considers anyone their social inferior, quite impossible. Melville Taylor is the father of "Tilly" and Miss Gertrude Nye takes the part of the mother. Edward Ward plays the part of Tilly's "high-brow" brother, and Katherine O'Kane appears as the daughter. Two boarders at the Wellyn's, Mrs. Metha Ram and Mr. Pumpherson, are played by Osmond Strong and Charles Gray. The Reverend Adrian Rylands, an eccentric old parson, is acted by Elroy Chase. The Mainwaring butler is represented in the person of Willard Perkins. Connie Dame, a social celebrity, and whom the aristocratic mother thinks has a chain on her son is played by Dorothy Hebert. The aged Grandmother of the Wellyn's is acted by Dorothy Griffin, and it is this personage who created a profound sensation in the social aspirations of the Wellyn family.

## BATES DEFEATS VARSITY TRACK

Van Allen Lowers Record  
In 100 and 200 yd. Dashes

NEW MARK FOR DISCUS

Team Loses by Narrow Margin 71½  
to 63½—Van Allen, Toolin, and  
Hubbard Combine to Shatter  
Four University Records

Bates defeated the Varsity Track Team in the first home meet of the season, by the narrow margin of 71½ to 63½. Four of the university records were shattered during the hotly contested competition of the afternoon.

Van Allen lowered both the 100 and 220 yard dash marks, cutting the century dash down to 10 seconds flat and diminishing the time for the 220 to 21 4-5 seconds. Toolin lessened both the hurdle records but was disqualified in the high hurdles for knocking over three. His time for the low hurdles was 25 2-5 seconds which breaks the record of 25 3-5 seconds he established at Maine a week ago. Leslie Hubbard furnished the other new mark, by hurling the discus 128 ft. 11½ in., eclipsing the old mark by nearly two feet. Sager, of Bates, threw the javelin 172 ft. 3½ in. which betters the college record by seven feet. This does not stand as a record, however. It has not been decided at the present time whether the dashes and hurdle records will be allowed to stand or not, due to the slight wind which favored the runners.

New Hampshire's first setback came in the high hurdles when Toolin after crossing the line in record time was disqualified and Gray, finishing third, was also disqualified for knocking over hurdles. This gave Bates a clean sweep. Another surprise came when Capt. Peaslee lost to Wills of Bates when the latter uncorked a marvelous sprint around the last corner and opened up a wide lead. Williams was not quite able to overtake Brown of Bates for third place.

New Hampshire staged a comeback in the pole vault by shutting out the visitors. Stewart won with a vault of 10 ft. 9 in. while Warren and George tied for second place at 9 ft. 6 in.

The Bates quartermilers lived up to their reputation by taking first and third places. Baker, of Bates, led Daland to the tape by a few yards in the fast time of 51 4-5 seconds, although the wind on the back stretch greatly hampered the runners.

Capt. Peaslee redeemed himself in the two mile run by running in his usual form, establishing a substantial lead over Ward, of Bates, who tried desperately to reduce the quarter lap intervening at the finish. Littlefield took third place. The winning time was 9 min. 41-5 sec.

The summary:

One hundred and twenty-yard high hurdles—Won by Costello (B.); second, Fisher (B.); third, Morrison (B.). No time.

One-mile run—Won by Wills (B.); second, Peaslee (N. H.); third, Brown (B.). Time—4m. 31 1-5s.

One hundred-yard dash—Won by Van Allen (N. H.); second, Rowe (B.); third, Watts (N. H.). Time—10s.

Four hundred and forty-yard run—Won by Baker (B.); second, Daland (N. H.); third, Wakely (B.). Time—51 4-5s.

Two hundred and twenty-yard low hurdles—Won by Toolin (N. H.); second, Fisher (B.); third, Gray (N. H.). Time—25 2-5s.

Two-mile run—Won by Peaslee (N. H.); second, Ward (B.); third, Littlefield (N. H.). Time—9m. 41 2-5s.

Two hundred and twenty-yard dash—Won by Van Allen (N. H.); second, Baker (B.); third, Watts (N. H.). Time—21 4-5s.

Hammer throw—Won by Gallop (B.). 132 ft. 5 in.; second, Hoagland (N. H.), 116 ft. 4 in.; third, Wood (B.), 111 ft. 1 in.

Eight hundred and eighty-yard run—Won by Wills (B.); second, Lamont (N. H.); third, Wakely (B.). Time—2m. 2 1-5s.

Shot put—Won by Leighton (B.), 38 ft. 2 in.; second, Ray (B.) 38 ft. ½ in.; third, Wood (B.), 32 ft. 6 in.

Discus—Won by Hubbard (N. H.), 128 ft. 11½ in.; second, Necker (N. H.), 116 ft. 3½ in.; third, Williamson (B.), 109 ft. 9 in.

Javelin—Won by Sager (B.), 172 ft. 3½ in.; second, Stewart (N. H.), 159 ft. 8 in.; third, Evans (N. H.), 158 ft. 3 in.

High jump—Won by Costello (B.), 6 ft. 8 in.; second, J. Smith (N. H.) and Rowe (B.), 5 ft. 6 in.

Broad jump—Won by Rowe (B.), 20 ft. 6 in.; second, Ladd (N. H.), 20 ft.; third, Ray (B.), 19 ft. 6 in.

Pole vault—Won by Stewart (N. H.), 10 ft. 9 in.; second, the between Warren (N. H.) and George (N. H.), 9 ft. 6 in.

ENROLLMENT FOR 1927  
REACHES TOTAL OF 325

Applications for admission to the University for next year have already reached a total of 325, of which 187 are in-state, 131 border state, and 7 non-border state. Of these applicants, only 153 have as yet been admitted, partly owing to a State Law which limits border state enrollment to 29 men and 10 women, and border state enrollment to 14 men and 5 women. Of the 187 state applicants, 79 men and 42 women have been admitted to date. Last year the non-border states' quota was not quite filled, and so far this year there are relatively few applications from this source. The Entrance Committee is made up of Dean C. H. Pettee, Chairman, with a representative from each of the three colleges, and meets weekly on Thursday to consider applications.

## A. A. U. W. DELEGATE VISITS UNIVERSITY

Miss F. L. Knapp to Report to the  
Annual Meeting of the Association  
Concerning Conditions Here—  
Membership Will Add Honor  
to University

As a result of petitions from a number of women graduates requesting the University to take membership in the American Association of University Women, a representative of the association, Miss Frances Knapp, who is chairman of the Board of Admissions and also Dean of Freshmen at Wellesley College, visited the campus Monday. Membership in this association makes it possible for women graduates to join College Women's Clubs in their respective cities and towns. It aids the University in caring most efficiently for its women students. Subjects of interest to the association include such questions as: Have we a woman on our Board of Trustees? Have we a Dean of Women? Have we social rooms? Have we a girl's athletic field? Are women eligible for membership in debating and dramatic clubs, and for positions on the college newspaper?

Miss Knapp conferred with the President and was shown around the campus by Mr. Morse, after which she attended a tea where she met Mrs. DeMerritt and women of the faculty. She represented the Committee on Membership which will have its annual meeting early in the Fall, and will recommend action on the application of the University at that time.

## DEBATING SOCIETY JOINS NATIONAL FRATERNITY

On last Friday night, the debating society became a charter member of Tau Kappa Alpha, an honorary society for debaters and public speakers. Professor Churchill of Rhode Island State College acted as deputy in the installation of the ten members who met on the second floor of the Commons Wing.

After the installation the officers of the local chapter were elected as follows: President, Paul S. Johnson; Vice President, Katherine Flanagan; Secretary-Treasurer, Otho F. O'Leary.

The charter members of this organization are: Gladys Harris, Gwendolyn Jones, Katherine Flanagan, Carolyn Woods, Professor Celian Ufford, John P. Neville, Harry O. Page, Jerry Bond, Paul S. Johnson, and Otho F. O'Leary.

## BOOK AND SCROLL BIDS TWENTY-TWO NEW MEMBERS

Twenty-two new members were pledged at the regular meeting of Book and Scroll, the honorary literary society, Monday evening, May 3, 1926.

The pledging was in charge of John Neville, president of Book and Scroll. Addresses were given by John Neville, Dr. Richards and Elinor Hunter.

Those receiving bids were: Dorothy Hebert, Bertha Batchelder, Harry Harrison, James O'Brien, Edward O'Gara, Isabelle Phelps, Dorothea Savithes, Robert Webster, Alice Osgood, Harry Page, Irving Dicey, Carolyn Dodge, Gladys Harris, Pearl Hartshorn, Lloyd Simpson, Anna Hunt, Bernice Ingalls, Helen Stevens, Gwendolyn Jones, Ethel Kelley, Elizabeth White, and Marguerite Lovering.

## MASK AND DAGGER SOCIETY ENTERTAINS AT COMMONS

Clever entertainment was the dominating feature of the regular meeting of the Mask and Dagger society held in the new Commons Wing last evening. After a short business meeting during which plans were made for the distribution and sale of tickets for the production of "Tilly of Bloomsbury," on May 19th and 20th, the remainder of the evening was given over to a program arranged by Melville Taylor, president of the society. The entertainment included: readings by Elinor Conant and Eleanor Hunter, violin solos by Annette Menard, vocal solos by Professor Edmund Bowler, and solo dances by Elizabeth Tibbetts. Refreshments were served and plans made for the next meeting of the society which will be held at The Cabin.

## F. L. ROBINSON ELECTED PRESIDENT OF IOTA CHI

At a meeting of Iota Chi, the new journalistic fraternity, held last Monday evening, Frederick Robinson was elected president, Jane Blake, vice president; and Red Starke, treasurer.

There were various committees appointed and the society has a good start toward a live organization. Mr. Scudder and Mr. Lloyd were elected to honorary membership.

## UNIVERSITY OBSERVES MOTHER'S DAY MANY GUESTS ALREADY REGISTERED

Student Military Regiment to Give Exhibition Drill  
For Visitors on Memorial Field Saturday Morning

MORE THAN 500 MOTHERS EXPECTED TO ATTEND

Registration at the Faculty Club—Visitors Will Be Guests of the Athletic Department at the Varsity Track Meet Against Connecticut Aggies  
—Group Picture Will Be Taken at Grandstand Saturday Morning—President Hetzel to Deliver After-Dinner Talk at Banquet at Commons

The first annual Mother's Day at the University will be held Saturday. The response to the invitations sent out to all the mothers by President Hetzel indicates that a large majority of the mothers will be present. The program will approximate that of Dad's Day last fall.

All the plans have been completed and everything is in readiness to make the day as great a success as Dad's Day. The mothers, on arriving, will register at the Faculty Club, which is to be their headquarters for the day. From there three tours will be formed. The first will visit the college of Agriculture and then the other two colleges. The second will visit first the college of Technology and then inspect briefly the other colleges. The third will go first to the college of Liberal Arts and then to the other two colleges. Mothers may choose the college which they may wish to inspect most thoroughly.

The rest of the morning will be occupied in visiting classes and getting acquainted with the faculty. At 10:45 the mothers will gather in the grandstand at Memorial Field, where a group photograph will be taken. Directly after the group picture is taken, they will inspect the R. O. T. C. regiment in review at Memorial Field.

Dinner for all mothers will be served at 12:45 on the main floor of the Commons. The after dinner talk will be delivered by President Hetzel.

After dinner the Mothers will be the guests of the Athletic Department at a girls' field sports exhibition and a varsity track meet with Connecticut Agricultural College at Memorial Field. Complimentary tickets will be given to all Mothers at the time of registering and seats will be reserved for them together with their sons and daughters.

## TENNIS TEAM MEETS TUFTS AND CLARK

Week-end Trip Will Open Varsity  
Season—Capt. Bowles, Craig and  
Four Others to Compose Team

The Varsity tennis team opens the 1926 season this week-end with a trip to Boston and Worcester, where it will meet Tufts and Clark respectively. At the present time Capt. Bowles and Craig are the only men definitely chosen to make the trip, but four others will be announced tomorrow morning. Besides Mgr. Hill, Bryce Roberts will accompany the New Hampshire players as faculty representative, Coach Howes finding it impossible to leave Durham this week-end.

The Tufts match which will take place Friday afternoon is one of the hardest on the entire schedule. The Medford players have defeated Holy Cross and Boston University by overwhelming scores in their first two matches of the season and in Nichols and Dowson have two of the finest courtmen in Collegiate ranks. The Clark team which will oppose the Blue and White Saturday is also rated very highly.

The remaining places on the team will be determined by the results of the elimination match play which is being held at every practise session this week. Coach Howes will select four from among the following candidates: Symonds, Brown, Whitehead, Heminway, Nutter, James, W. H. Smith, and L. Smith who has recently become a member of the squad.

## MEETING OF A. S. I. L. HELD IN WASHINGTON

Professor Kalijarvi Represents New  
Hampshire at Annual Meeting—  
Honorable Charles G. Dawes One  
of Speakers—Codification of  
International Law Center  
of Discussion

The University was recently honored by being represented at the twentieth annual meeting of the American Society of International Law, by Professor Thorsten Kalijarvi of the College of Liberal Arts. The assembly was held as in former years at the New Willard Hotel, Washington, D. C.

The American Society of International Law is a purely scientific society with a restricted membership composed of members of the bench, bar, practicing lawyers, officers of the diplomatic corps, and a few college professors whose qualifications make them eligible for invitation to this association. At its annual meetings the Society discusses immediate problems of international law. This year the discussion centered about the codification of international law particularly regarding naturalization with a view to aiding the League of Nations Codifying Committee.

At the dinner of the Society the speakers were: Honorable Charles G. Dawes, Baron Ago Maltzan, Dr. J. Varela, Professor Archibald C. Coolidge, Honorable E. Finley Johnson, and the Honorable Charles Evans Hughes.

## VOTING POWER FOR A. G. R. IN CASQUE AND CASKET

At a meeting of Casque and Casket Monday, May 3, it was voted to give the Alpha Gamma Rho fraternity full voting power, due to the fact that they have resided on the campus for two years.

The officers of Casque and Casket for the coming college year are as follows: President, Paul S. Johnson, Delta Pi Epsilon; Vice President, John T. Carpenter, Theta Chi; Secretary, Edward M. Munroe, Kappa Sigma; Treasurer, McLean Gill, Phi Mu Delta.

The Student Organization Committee ruled that no fraternity should hold a dance out of town on the week-end of May 15. Regular term dances may be held in Durham.

A committee of three was appointed to explain to President Hetzel the reason for the further continuance of first year rushing by the fraternities, rather than the adoption of a second year rushing rule, which plan seemed to be favorable to the trustees at their recent visit to the campus.

## FROSH ELECT COMMITTEE ON RULES FOR NEXT YEAR

At a meeting held last week at Thompson Hall the freshmen class chose a committee to form the rules and regulations for the freshmen class of 1930. Robert Hanson was elected chairman of the committee, Peter Agraftotis, secretary, Harlan McIntyre, treasurer.

A tour of the campus would not be complete without visiting the "Club". Your mother will enjoy the college atmosphere of this store.

### OUR MOTHERS

It was Edgar Guest who said, "It takes a heap of living and a house to make a home, and a heap of sun and shadder, etc.," but there's one thing, the important thing, that goes to make a home, and that's the presence of a mother.

Our home will be complete this week-end. Our Mothers will be here to bring the sun and "shadder" and the joy and gladness to our hearts. Mothers and friends, we cannot express our feelings, our emotions in welcoming you to our college home. The one thing that has been missing from our campus has been the presence of our Mothers. While you are here we hope that you will have the very best of times. We will try to show you the best things on our campus, for to us there are no unpleasant things. Everything you will see is a part of our life; every building is a dedication to our national education; every classroom a hall of learning; even every little road across our campus is a road of accomplishment, a road of hard, dusty travel, but a road on which the things we desire are hidden. And so, Mothers, we walk these roads and we want you to walk them with us; we want you to see our campus as it is always, as it is to us.

### DO YOU LIKE MUSIC?

With the advent of real warm weather it occurs to us that a custom indigenous to many college campuses might well be adopted here; namely, band concerts on the campus one evening in the week for the remainder of the term.

At present the University Band tucks itself away in Morrill Hall during its practice sessions and nothing is heard of it from one week to the next except a few minutes of music at the Convocations and a scattered strain on the breeze in the ensuing drill period.

Why not transform the band practice to a concert which the students would have the privilege of enjoying? The custom is more than favorably received by other colleges. It would add a pleasant touch to the best term of the year and aid materially in building up a better college spirit. Although nearly everyone likes music, there is a distinct scarcity of it on the campus. We believe the band is in a position to fill this need.

### PROF. WELLMAN ATTENDS MEETING AT COPLEY PLAZA

Professor J. O. Wellman represented the Education Department at a meeting of The Progressive Education Association, held at the Copley Plaza Hotel in Boston last Friday and Saturday. Among the important speakers were Sir John Adams of the University of London, who exchanged positions with a professor of Harvard University; and Dr. H. S. Hollanworth of Columbia University. In addition there were speakers representing nearly every European country.

### Gordon College of Theology and Missions

A Graduate School and College of Theology of high scholastic standards, intense evangelical loyalty and unusual curriculum. Eminent professors, devoted students and influential alumni make it a center of power. Its Massachusetts degrees, Boston culture and cosmopolitan spirit draw students from all parts of the country.

## ADMIT TWO NEW N. E. I. N. A. MEMBERS

### Gene Tetzlaff Elected President for New Year

PRES. HETZEL SPEAKS

Connecticut Campus and Massachusetts Collegian are New Members of the New England Intercollegiate Newspaper Association—College Editor of Boston Transcript Speaks at Banquet

Two new members were admitted to the New England Intercollegiate Newspaper Association last week at the second annual conference held here at the Commons on last Friday and Saturday. Nine colleges were represented at the convention: Boston College, Norwich, Bates, Massachusetts Aggies, Connecticut Aggies, Northeastern, Vermont, Maine, and New Hampshire. The newly elected members are Connecticut and Mass. Aggies.

Officers elected for the coming year are: Gene A. Tetzlaff, President; T. C. Heffernan, of Boston College, vice-president; Harold Hilton, of Norwich, secretary-treasurer; John H. Mahoney, of Maine, chairman of the service committee; and A. Ewer, of Northeastern, chairman of the business committee.

The following were chosen as members of the service committee: John H. Mahoney of Maine, M. T. Boyd of Mass. Aggies, J. A. Mossman of Bates, Wallace S. Moreland of Connecticut Aggies, and J. Benham Phelps of Vermont. Men elected to the business committee are: A. Ewer of Northeastern, Walter J. Leach of Boston College, Stoddard H. Martin of Vermont, Martin F. Moulton of Bates, and Victor P. Sanborn of New Hampshire.

The member delegates were also represented by the following: Bates, Kirby Baker, retiring president of the association; Boston College, James E. Tobin, a member of the Associated Press; Francis Russell, Frances Barrett; Norwich, Charles Bennett; Northeastern, E. H. Kellogg and R. E. Barrett; The New Hampshire, Fred L. Robinson, McLean Gill and H. W. Whitcomb.

All of the meetings of the convention were held in the new wing of the Commons building. The conference began on Friday afternoon with an address of welcome by Mr. Morse, the executive secretary of the University. A banquet was held on Friday evening at which F. A. Williamson, head of the Boston Bureau of the Associated Press, and Harland Ratcliffe, the school and college editor of the Boston Transcript gave talks on newspaper work throughout colleges in New England. Mr. H. H. Scudder and Dr. Richards of the English department of the University also gave speeches at the banquet.

The final meeting of the association was held on Saturday morning. Officers were elected and new members were taken into the association. At this meeting Pres. Hetzel urged the editors of the college newspapers to establish a code of ideals in the conduct of their respective papers. Certificates of membership were distributed to the various member papers and it was unanimously decided that the convention next spring be held at the University of Vermont.

### SUPERINTENDENTS SEEK STUDENTS FOR POSITIONS

Superintendent Harold C. Bales of Milford, N. H., Superintendent All-ton Chase of Peterborough, and Headmaster George Weston, '23, were here recently interviewing students for teaching positions for next year.

## WORK IS SUBMITTED FOR WRITING CONTEST

Only Two Short Stories Entered—  
Many Poems and Essays Written  
—Board of Judges Selected—  
Prizes Offered for Best  
Material

In connection with the intercollegiate writing contest the students of New Hampshire contributed two short stories, twelve essays and eighteen poems. The authors of the short stories were Elizabeth Redden and J. Randolph Wilkinson; the writers of essays were Helen Brady, Irving Dicey, Clyde Eaton, Ruth Finn, David Fosburgh, William Hammond, Ruth Horne, Eleanor Hunter, Joseph Langford, Robert Matthew, Robert Learned, Robert Webster and George Vatcher; the authors of poems were Edward Blewett, John Fleming, J. Robert Hanson, Edward O'Gara, Isabelle Phelps, A. B. Proper, Helen Stevens, and Robert Webster.

Each university was entitled to select three short stories, three essays and three poems to compete with a similar number from each of the other two universities. These contributions were chosen by the local boards, the New Hampshire board consisting of Miss Bixby, Mr. Hennessy, Mr. Lloyd, Mrs. Smith, Mr. Troy, Mr. Ufford and Dr. Richards.

The final board of judges of the short story is composed of Samuel E. Merwin (Concord, Mass.), Dorothy Canfield Fisher (Arlington, Vt.), and Blanche Colton Williams (Columbia University); that of the essays consists of Albert S. Cook (Yale University), Homer E. Woodbridge (Wesleyan University), and Katharine Fullerton Gerould (Princeton, N. J.); that of the poems is composed of Stark Young (New York City), Paul Baum (Duke University) and Ernest Kuhl (Goucher College).

The announcement of the names of the successful competitors in each of the three fields of writing will be made in the near future. The first prizes will be twenty-five dollars each, the second prizes fifteen dollars each, and the third prizes ten dollars each.

### RULES FOR COMMONS LOUNGING ROOM

1. The lounging rooms will be open until 10.30 P. M., after which time the building will be closed and locked.
2. Piano playing should not be continued after 10 o'clock.
3. The second floor club and committee rooms are for organization meetings. A date book will be kept in the "Y" office, where advance arrangement may be made for the use of these rooms.
4. Organizations whose membership consist of both men and women, may use the second floor club rooms.
5. Smoking is prohibited in the second floor club rooms.

## Are You Going Into the Bond Business?

There is a cycle of fashion not only for the hats college men wear but for the line of work into which they go.

But your job has to fit your head as well as your hat, for it has to fit your state of mind.

Like your hat also, your job needs to fit your purse.

Therefore, why not choose one that brings not only satisfaction in service but in financial return.

Selling life insurance is one of the few modern businesses that does just this.

It takes:

**Intelligence, Zest  
and Ability**

It gives:

Liberty of action, the philosophic satisfaction of selling future security and present serenity to living people, and a response, immediate and tangible, in monetary as well as mental reward.

SHOWS AT 3.15, 7 AND 8.30

## Crows

In a field in sunny Spain stands a stone mortar. Crows hover around it, picking up bits of grain and chaff—cawing.

Here Marcheta, in the fresh beauty of her youth, will come to pound maize. For years she will pound maize. The stone will stand up under the blows; not a dent has the muscle of three generations of women made upon it. But the crows will hurl their black gibes upon a woman aging early and bent with toil. *Old Marcheta*—still in her thirties.

The American woman does not pound maize. But she still beats carpet; she still pounds clothes; she still pumps water. She exhausts her strength in tasks which electricity can do better, and in half the time.

The high ideals of a community mean little where woman is still doomed to drudgery. But the miracles which electricity already has performed indicate but a fraction of the vast possibilities for better living and the tremendous opportunities which the future developments in electricity will hold for the college man and woman.

Electricity, which can release woman from her burdens, has already created a revolution in American industry. Wherever mankind labors, General Electric motors can be found carrying loads, driving machinery and saving time and labor. And there is no branch of electrical development today to which General Electric has not made important contributions.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

## WORK OF HORATIO PARKER

Composition the Masterpiece of American Oratorio—Mrs. Cornish and Mr. Hicks Will Accompany the Combined Glee Clubs

The combined Glee Clubs of the University of New Hampshire, assisted by renowned artists from Boston, will present "Hora Novissima" at the men's gymnasium May 12. This is the biggest undertaking that the Musical Clubs have ever undertaken. Under the direction of Professor Mantou the clubs have worked untiringly and have mastered the compositions in a manner creditable to any musical organization. The oratorio is the masterpiece of Horatio W. Parker, a New England composer who is considered one of the country's greatest musicians.

"Hora Novissima" is considered as the greatest American Oratorio, taken from the three thousand lines of Bernard Clurey's poem, "De Contempe Mundi," famous since the fifth century. The outstanding numbers are: the magnificent opening chorus; solo for soprano; the large and fiery finale to Part I; the superb tenor solo, "Golden Jerusalem;" the chorus "Pars Mea," and an "A Capella" chorus are among the finest specimens of pure choral polyphony that has been written in recent years.

The composer was born in Auburn, Mass., in 1863, and received his early training from his mother and G. W. Chadwick of Boston. From Boston he went to Munich where he was thoroughly grounded in the art of composition. On returning to this country he held various positions as instructor of music, which finally culminated in a position which he held until his death in 1894, namely, Battell Professor of Music at Yale University.

The combined clubs will be supported by exceptional talent from Boston consisting of noted people:

Mrs. Ross, soprano, is renowned throughout New England for her oratorio recitals. Some of her recent appearances were at the Lynn Choral Society, and at the Malden Oratorio society where her work was highly praised.

Miss Shayler, contralto, has given three successful recitals in Jordan Hall and the critics were unanimously enthusiastic, especially Start Mason, leader of the Peoples' Symphony Orchestra.

Mr. Dahlquist, baritone, has also given several recitals in Jordan Hall and is considered one of Boston's best. He has appeared with the Masonic Glee Club of Portland, and sang with Miss Grace Leslie, who appeared with the local Glee Clubs last February, at the New Hampshire Festival at Keene, N. H. He sang with the Oratorio Society of Norfolk, Va., and recently with the Lynn Choral Society. His concert at Chicago was one of his outstanding successes. After this season Mr. Dahlquist will leave for Paris where he will coach for grand opera.

Mrs. Cornish, whose ability is already known, needs little recommendation. Mr. Hicks will accompany the choruses. He is now doing research work at Harvard and is one of the best known organists of Boston. He is a graduate of Albion college in Michigan with the degrees of A. B. and B. of Music. He also has a diploma of Organ from the New England Conservatory of Music at Boston.

## MYSTERY MAN IN TOWN

A real mystery man, one of the strangest characters that has been seen in this city for many years, arrived in town yesterday, bringing with him a weird tale of buried treasure that rivals the stories of Captain Kidd and Treasure Island.

The mystery man first attracted attention by the squawking of the parrot—a bird, which his owner claims is the only cigarette-smoking parrot in captivity. The bird's shrieks of "Old Gold, Old Gold" and its refusal to be quiet during the wee small hours of the morning resulted in "M. Sunshine" being asked to dispense with his plumaged companion or else leave a well known local hotel, where other guests were complaining that they could not sleep.

To reporters who talked with him he announced that he is a well known philanthropist and that he has plans for spreading "Old Gold" all over New England. Asked to explain his rather rambling assertions, he said, "I cannot say who I am or where I come from. But in good time you shall know. And when my secret is out there will be old gold for every man in this city." Hotel employees said he appeared to be plentifully supplied with money, but was eccentric in many ways.

The bird proceeded to take a cigarette in his claw, puffed away at it and then blew smoke at the newspapermen. "It's his favorite pastime, I taught him to like cigarettes when I first had him," the strange old gentleman said.

The last seen of the old man he boarded a train with the bird still screeching "Old Gold, Old Gold" from beneath the green baize cover.

CLARK SCHOOL OPPOSES  
FRESHMAN NINE TODAY

The freshman baseball team opens its schedule tomorrow with Clark School. On Saturday it plays the Portsmouth high school team in one of two baseball games of the week-end at Brackett Field.

The second cut of the squad was made late last week by Coach Lang Fernald, reducing the number of the players to a more workable size. Practice has been daily on the freshman diamond in deep center field of the varsity grounds. The following have been shaping up well in the practice sessions and will probably start in the games against Clark and Portsmouth: Nelson, 3b; Seaver, ss; F. Brown, 2b; Starke, lb; Farrell, Crins, and Young, outfielders; Hicks, c; Kirvan or Clement, p.

When it's a rainy  
night—and with three crafty  
bridge players your luck  
is running wild  
—have a Camel!

Camels represent the utmost in cigarette quality. The choicest of Turkish and Domestic tobaccos are blended into Camels by master blenders and the finest of French cigarette paper is made especially for them. Into this one brand is concentrated all of the knowledge, all of the skill of the world's largest organization of expert tobacco men.

WHEN the dark skies are pouring rain outside. And fickle fate deals you hands at bridge that you play with consummate skill—have a Camel!

For Camel is the silent partner that helps every deserving player win his game. Camels never hurt or tire the taste, never leave a trace of cigarette after-taste. Regardless of the gold you spend, you'll never get choicer tobaccos than those rolled into Camels.

So this evening as you ply your unerring skill, evoke then the mellowest fragrance that ever came from a cigarette.

Have a Camel!

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

## FRESHMAN TRACK TEAM BEATS M. I. T.

The Freshman Track Team made its debut last Saturday against the M. I. T. Frosh at Cambridge and completely overwhelmed the Bay State Engineers, winning 93 to 33. Anthony Manfreda, New Hampshire's versatile track star, piled up 21 points, winning the 100 yard dash, 220 yd. dash, broda jump and shot-put. He also placed third in the discus event.

R. E. Smith featured for the Blue and White in the hurdles and broad jump.

Noyes, a half miler, crossed the line in the phenomenal time of 2 min. 2 4-5 sec. with Bartlett a few yards behind him for second place.

## N. H. CLUB CONTRIBUTES MONEY TO ORGANIZATIONS

The N. H. Club voted to give twenty-five dollars to the University Scholarship fund, twenty-five dollars to the Band Fund, and twenty-five dollars towards the Intra-Mural Sports trophy, which will be valued at \$200 and awarded to the fraternity scoring the greatest number of points in competition during the coming year. The decision was reached at a meeting of the organization held last Thursday evening.

The club also appointed a committee which will procure a wildcat to be kept as the official university mascot. The varsity club members were active in the recent campaign for the selection of a mascot and now plan to make the choice an actuality. The members expressed a hope that other organizations would follow this example and use their surplus funds to help in sharing the financial burdens of campus projects.

## ELECT SARGENT CAPTAIN OF 1927 BOXING TEAM

Francis A. Sargent of Lebanon, was elected captain of the 1927 boxing team at a meeting of the letter men held in the gym Friday after-

noon. Sargent had a very successful season.

Under the tutelage of Coach Brown Sargent in his first year of collegiate boxing developed rapidly and won all three of the bouts in which he competed. He was awarded the medal for the welterweight championship of the University. He is a member of the N. H. club of the Sphinx and last fall he was on the varsity football club. He is a member of the Theta Chi fraternity.

## PRACTICE GAME WILL END SPRING FOOTBALL WORK

The spring football season which was scheduled to conclude this Friday has been extended for another week and will be brought to a close with a practice game between two teams picked from the squad on Saturday, May 15.

In preparation for the fray, the men are going through a stiff week of scrimmage, and dummy practice. The game is an entirely unexpected treat for the boys who have been so faithful in their training for the season and it is a further incentive to finish the last few weeks of the work. Captain Callahan will be in charge of one of the teams and Abbiatti will lead the other eleven in the contest. The game will be played on Memorial Field, and will be an interesting feature of Prom week. Spectators will be allowed to watch the contest.

## You can't always tell from the Campus

THIS is a plain tale of a regular, everyday American undergraduate—an engineer from the University of Cincinnati, with a college record much like that of thousands of other students.

He got a kick out of playing varsity basketball. He caught on the baseball team. When Cincinnati won at football, he celebrated with the rest. For a year he supervised the student cooperative bookshop. He was president of the Engineering Tribunal, the student governing body. In a word, he did the things well, that college students everywhere like to do.

But of the specialization which he was to undertake at Westinghouse—there wasn't a clue.

The case of W. E. Thau is another example of unforeseen opportunities afforded by such an organization to a man with a healthy aptitude for getting things done.

After the usual training given college men, he entered the General Engineering Department. Later he became Engineer in Charge of the Marine Section, handling all marine and government application jobs. That was six years ago.

Within Thau's time, the Diesel-electric drive has come to be the most advanced method of ship propulsion. By means of

W. E. THAU

*The question is sometimes asked: Where do young men get when they enter a large industrial organization? Have they opportunity to exercise creative talents? Or are they forced into narrow grooves?*

*This series of advertisements throws light on these questions. Each advertisement takes up the record of a college man who came with the Westinghouse Company within the last ten years or so, after graduation.*

it the man in the pilot house controls his vessel as easily and surely as the driver of an automobile. Also, this system uses about one-third the fuel of the ordinary steamship—an enormous saving in dollars, cargo space and weight. Of all the Diesel-electric marine installations in the world today—70 per cent are Westinghouse.

Thau and his associates determine how practical is each application proposed. They diagnose each customer's needs. They prescribe the right Westinghouse equipment.

For instance, when the Government sent word: "Electrify the battleships Tennessee and Colorado," the Marine Section was on the job to install turbine electric drives, which helped to make these warcraft the most powerful units in the National Defense.

Or the Clyde Steamship Line says: "We want to load these lumber-cargo carriers electrically. How can we do it? What will it cost?" Thau must figure to a fine point the exact requirements.

Thus does the Westinghouse application engineer combine commercial and engineering sense to advance the interests of the customer being served.
