WILDCATS LOSE TO SPRINGFIELD

Bay Staters Down New Hampshire Team 24-14

Lucky Breaks Give Game to Y. M. C. A. College Eleven—Wettergreen Stars in Line Playing—Roy and Stewart Score Touchdowns

The varsity football team was handed its second defeat of the season by the Springfield College eleven at Springfield last Saturday, the score being 24 to 14 for the Y. M. C. A. college. The teams battled evenly in scoring until the middle of the third period, when the Bay Staters forged ahead by pushing over a touchdown. Later, in the fourth quarter, a Springfield linesman kicked a dropkick from the thirty-five yard line, giving them the winning margin of ten points. Lucky breaks gave Springfield its first two touchdowns on an intercepted forward pass and a fumble by a New Hampshire back.

New Hampshire elected to receive the kickoff, getting the ball on their own thirty-five yard marker. Stewart punted on the fourth down, Springfield rushing the ball to New Hampshire's fifteen yard line where they missed scoring a dropkick by inches. Successive line plunges by Abbiatti and Roy brought the ball within thirty yards of the goal, New Hampshire fumbling the ball on the second down. Bollier, right end for Springfield, picked up the ball and ran for seventy yards to score the first touchdown of the game.

The Wildcats gained their opportunity to score by exchanging punts, receiving the ball on the Bay Stater's ten yard line near the end of the first period. Roy and Abbiatti rushed the line in turn, the former carrying the ball over on the fourth down as the first play of the second quarter. Nicora kicked the goal for the point after touchdown. The half ended with New Hampshire in possession of the ball on their own ten yard line. Score tied at 7 to 7.

Springfield's second "break" came shortly after the opening of the second half when Steeves, star halfback of the Y. M. C. A. team, intercepted a forward pass on the forty yard line and made his way to the goal line. New Hampshire came back strong to push over its second touchdown after a series of end runs and line bucks (Continued on Page 4)

VARSITY MEN DEBATE SPRINGFIELD DEC. 4

Intercollegiate Athletics Scheduled as Subject—Oxford System Will Be Used—Audience Vote Picks Winning Team

A single contest Oxford system debate with Springfield College at Springfield, Massachusetts, is being arranged for December 4, 1926. There will be an audience vote on the subject, "The Relative Importance of Inter-Collegiate Athletics Compared with Other Student Activities."

New Hampshire will send a team of three men, Paul S. Johnson, '27, E. Hugh Ward, '26, and Dana Cotton, '26, one of whom will re-team with the Springfield men, one of whom in return will re-team with two New Hampshire debaters.

Johnson is president of Tau Kappa Alpha, national honorary debating society; Ward was his competent team-mate in some of their public speaking activities last year; and Cotton, president of the "Y" was captain of the Gorham, Maine, High School debating team.

J. Robert Hanson, '29, who excelled last year in the Inter-Fraternity preliminaries, and was a debater for the Pasadena, California, High School may make the trip as alternate.

FROSH TAKE MAINE IN FOOTBALL 19-13

Captain Bianchi Blocks Kick—Paves Way For Winning Touchdown

The Maine freshmen eleven went down to defeat by the score of 19-13 before the New Hampshire cubs at Memorial field last Saturday due to a superior aggressiveness displayed by the latter and the superb playing of Captain Bianchi in blocking a punt in the final period of the game. After blocking one punt in the second half, Bianchi broke through the Maine defense a second time and took the ball in the face as it left the kicker's foot. McShane, right end fell on the oval on the ten yard mark from where Small took it over in one rush around the right side of the line.

The New Hampshire men started the scoring early in the first quarter when Boardman, left guard, scooped up a fumble and ran forty yards before he was tackled on the ten yard line. Hinds skirted right end with beautiful interference and crossed the goal line; Tyler kicked the goal after touchdown. A twenty-five yard forward pass, Tyler to McShane, resulted in the second touchdown. Maine started a march down the field at this point and finally scored by a short pass. At the beginning of the second half Maine came through and scored again, tying the game after a devastating romp from the fifty yard line to the goal post in which Moore, the powerful full back featured with a twenty yard run and a fifteen yard forward. Captain Vail, playing right guard was also an important factor in the scoring as he opened a number of holes in the opposing line. With the score a tie the New Hampshire Frosh fought for every inch of ground until the blocked kick by Bianchi gave them the game.

The defensive work of Donnelly the New Hampshire fullback, who substituted for Nelson, who was injured in the first quarter, coupled with the broken field running of Grant and Small were distinct features of the game.

NEW SUPERVISOR ASSUMES DUTIES

Loverin Takes Place of Frank Hayes, Resigned

New Superintendent of Property Is New Hampshire Graduate—Mr. Hayes Has Served Five Years

Harold W. Loverin of Dover has been appointed superintendent of property of the University of New Hampshire, according to a recent announcement from the president's office. Mr. Loverin has already assumed his new duties, taking the place of Mr. Frank Hayes, who recently resigned his post.

Mr. Loverin is a graduate of the University of New Hampshire and for the past three years has been associated with the Pacific Mills in Dover where he served as assistant chief engineer. While at the university he was prominent in campus activities as a member of the Rifle Club and the Veterans of Foreign Wars. He is also a member of the Kappa Sigma fraternity.

Mr. Hayes has served in the position of superintendent of property for five years, having come here from Concord where he had served in a similar position at the State House. He has supervised the building of the addition of Congreve Hall, has laid the new pipe line and sewerage system, and was also instrumental in creating the new University Pond. During the last year he supervised the remodeling of Ballard Hall and the rebuilding of the cinder track on the athletic field.

HARVARD AND CAMBRIDGE DEBATE AT SYMPHONY HALL

About thirty students and instructor of the university will attend a debate to be held this evening at Symphony Hall, Boston, between Harvard and Cambridge University of England. The trip is being made under the leadership of Mr. Celian Ufford, director of debates, and Dana Cotton, '27, assistant director. Members of the varsity debating team and several members of English 61-a will be in attendance.

The excursion is an educational enterprise that is planned to furnish a worth while time to all who are able to go. Many of the party will stop over night in Boston, returning by eleven Friday morning. If this trip proves as entertaining as expected it is quite certain that other trips will be made to intercollegiate debates.

CAMPUS CLUB MEETING IN COMMONS CLUB ROOM

A meeting of the Campus Club, the new non-fraternity organization, was held in the Commons Club Room, Tuesday night at 7.30. The meeting was called to order by President Calderwood and several unsettled points of the preceding meeting were ironed out.

The question of athletics was brought forward from the past meeting. It was decided that for the present, at least, the club would not participate with the fraternities, but would have a league of its own. The basketball league for the fall will consist of teams from Hetzel Hall, Fairchild Hall, Barracks A and Barracks B-C. A schedule has been drawn up, whereby the teams play in the evenings. The proctors of the dormitories are to manage the teams. Beginning next week, freshmen will be allowed at the meetings.

H. H. BLISS, NEW CHEMISTRY INSTRUCTOR, MICHIGAN GRAD

Mr. H. H. Bliss, a graduate of the University of Michigan in 1924, has been appointed an instructor in the department of chemistry for the current year. Mr. Bliss received the degree of bachelor of arts from his university and has since done graduate work there.

He transferred to Michigan from Oberlin where he did his first two years of undergraduate work. While at Oberlin Mr. Bliss was interested in the college's dramatic activities.

N. H. HARRIERS WIN FROM BATES BY 23-32

New Hampshire Runners Finish in Pairs—Captain Wills of Bates Leads Pack Home—Varsity Team Well Balanced

The varsity cross country harriers easily defeated the Bates college harriers at Lewiston, Maine, last week. Captain Wills of Bates led the men home, but he was closely followed by Captain Littlefield and Willard of New Hampshire, who tied for second. Weeks and Cahalan also finished neck and neck to tie for fourth place, less than one hundred yards behind their captain.

The defeat of the Bates team gave New Hampshire the odds for the tri-angular cross country meet with Dartmouth and Brown at Hanover tomorrow afternoon. Bates won the New England Intercollegiate at Boston last year and has a veteran team again this year, but the New Hampshire team is well balanced, which proved a weighty factor in winning the meet.

The scoring was as follows: First, Wills, Bates; Second, Littlefield and Willard, N. H.; Fourth, Weeks and Cahalan, N. H.; Sixth, Hobbs, Bates; Seventh, Brown, Bates; Eighth, Smith, Bates; Ninth, Eastman and Whitney, N. H.

The varsity team will meet the strong Dartmouth and Brown harriers in a tri-angular meet tomorrow afternoon at Hanover. New Hampshire was victorious in the tri-angular meet held at Providence last year and with present indications and with a better balanced team the prospects of another win are good.

Tony Sarg's Marionettes Open Big Annual Program

Will Give Matinee and Evening Performances Consisting of "Ali Baba and the Forty Thieves" and "Arabian Nights"

Tony Sarg's Marionettes will open the University Lyceum course with two performances Wednesday, Dec. 1, a matinee and an evening performance. The plays afternoon and evening will be different and each will be even more remarkable than those presented here two years ago, not only as to costumes and scenery, but in the unrivaled ingenuity that makes a Tony Sarg show an event in a class by itself. "Ali Baba and the Forty Thieves" will be on the boards in the afternoon and "Arabian Nights" in the evening.

Those who have seen a performance by Tony Sarg's Marionettes will know that it is a remarkable affair. Stage settings, lighting and scenery are complete to the last detail. The puppets that take the characters are ingenious and so life-like in appearance and actions that two minutes after the curtain rises for the first act the audience completely forgets that the actors are any less than human beings in size and action. The company of real human beings that manipulate the puppets from behind the scenes supplies the spoken word and the music. So life-like are the actions of the figures and so clever is their makeup that one instantly associates the voice with the figure. Throughout the whole performance, scene after scene, and act after act, the illusion is extraordinarily complete.

In one of the plays presented here two years ago, "Treasure Island," there was a dance of pirates on the deck of their ship, in the midst of a storm, that would have done credit to the originals of Stevenson's story. There was a pirate with a wooden (Continued on Page 4)

STATE TEACHER'S ASSOC. HOLDS BUSINESS MEETING

The University of New Hampshire State Teacher's Association held its annual luncheon and business meeting on October 22 at the Unitarian Church in Manchester, N. H.

The Manchester Branch arranged for the luncheon, at which one hundred and fourteen were present, including Alumni, members of the University Faculty, and friends. After the luncheon President Bannister, '20, of the University of New Hampshire State Teacher's Association, introduced the following speakers: President R. D. Hetzel, Professor J. O. Wellman, and Professor T. W. Kaljarvi. Dr. A. E. Richards conducted the singing of college songs.

At the business meeting which followed, Mr. H. M. Ladd, '20, was elected president of the Association and Miss Harriet M. Ford, '21, Secretary-Treasurer.

SOCCER ELEVEN WINS FROM NORTHEASTERN

Gustafson, Kirk, and Nelson Star in 2-1 Victory—Nelson Scores Winning Goal—Final Game With Worcester Tech Saturday

The varsity soccer team won a close game from the Northeastern University team on Huntington Field, Boston, last Saturday, nosing out the latter eleven by the score of 2 to 1. Nelson scored the winning goal while Gustafson tied the score by a goal from a side kick.

The Bay Staters were out to win the game after losing to New Hampshire here last year, 5 to 1. The combination of Gustafson, Kirk, and Nelson was too much for the Northeasterners who nevertheless put up a stiff fight throughout the game. Captain Ewer and Foster starred for the Northeastern eleven.

The soccer team winds up its 1926 season with a game with Worcester Tech on Saturday here. The charges of Coach Swasey have won two and lost two to date and are prepared to win the deciding game of a successful season. Dartmouth, who outclassed the varsity team in the opening game, and Springfield were the only teams to score victories over the Blue and White soccer eleven.

JONES ASSUMES POST IN DEPARTMENT OF HISTORY

Mr. Arthur W. Jones, who has come to the University this year as assistant Professor of History, is of New England origin having been born in Cambridge, Massachusetts. He was awarded his B. A. degree at Dennison College and from there went to Ohio State College for his Master's degree.

During the war, Mr. Jones served with the heavy artillery and saw service both in France and Germany. Since then he has made various trips abroad, serving as guide and lecturer for the Student Travel Bureau. During the past academic year, Mr. Jones has been doing graduate work at Harvard University in history with a view to a Ph. D.

FRESHMAN HARRIERS BEAT ANDOVER TEAM

Hobbs, Lowe and Roberts Finish First, Second and Third, Respectively—Only One Andover Man to Finish Before Last N. H. Runner

The freshman harriers defeated the Andover Academy cross country over the Andover course last Monday by an overwhelming score of 18 to 37. Three New Hampshire runners crossed the finish line before the first Andover man and all the freshman runners finished the race far in advance of any other Academy harriers.

The scoring was as follows: First, Hobbs, N. H.; Second, Lowe, N. H.; Third, Roberts, N. H.; Fourth, McSheehy, A.; Fifth, Corpening, N. H.; Sixth, Forbes, N. H.; Seventh, Levine, N. H.; Eighth, Reynolds, A.; Ninth, Bigwood, A.; Tenth, Long, A.

The freshman team have two other meets on the schedule. The M. I. T. meet and the New England will be held in Boston on November 6 and 15, respectively.

GRANITE BOARD HEELERS WORKING ON ASSIGNMENTS

A meeting of the heelers for the 1928 Granite was held Monday evening. Ned Elliott, editor of the 1928 book, spoke briefly on plans that had been made. Assignments were given out to all the heelers present. It is planned to have most of the material ready by the next heelers' meeting which takes place November 8. A meeting of the Granite board will be held on November 15.

Posters are to be made to advertise the year book. Most of the departments are now active and considerable headway has been made. Questionnaires have been prepared which will be given to all who are to have their pictures in the book.

TRACK NOTICE

The fall handicap track and field meet schedule for this week has been postponed until November. Entries will be received any time until tomorrow. The meet will be hotly contested and many have already signified their intentions of competing.

NEW HAMPSHIRE VS. CONNECTICUT

The University of New Hampshire football team will meet the strong Connecticut Aggies eleven at Manchester on next Saturday afternoon. Preparations for this annual game have been going on for the last two weeks. The Student Council has already prepared a schedule for the day.

Students will be excused from classes at ten-thirty Saturday morning, one hour before the busses will leave here for the game. Classes for the day will begin at seven-thirty.

As has been customary in past years, the entire student body will parade from the Hotel Carpenter in Manchester to Textile Field, where the game will be played. The parade will form at the Carpenter, march on Merrimack street to Elm, north on Elm to Hanover, and east on Hanover, south on Maple street to the football grounds. Gunnar Michelson, senior cheer leader, will lead the parade with the University Band furnishing the music. Every student is expected to be in the parade and many alumni will join the students during the march.

The usual cheering section for students will be in the north stands, where all student seats are situated.

DURHAM, N. H., OCT. 28, 1926.

ON TO MANCHESTER!

How many of us will be at the game in Manchester next Saturday to show the people of the state the high type of college spirit the students of the University of New Hampshire have for their school? How many of us will be in the parade which will form at the Carpenter Hotel just before the game? And finally, how many of us will be in the New Hampshire stands, yelling lustily for our team to win one of the hardest games on the schedule?

This question of college spirit and how much we have of it comes up again with this unique opportunity to show off. How much college spirit is embodied in the student body here we know. But how much of that college spirit we will show off is the question.

There is little need to elaborate on the showing of the football team this fall. Every team has its ups and downs, but most every team has its supporters. The student body of the university is the supporter of the varsity football team. For that reason, if that alone, the entire student body should be in Manchester next Saturday to cheer on the team and the players who will fight to bring victory to New Hampshire. Every man on the football squad will be on the bench ready to do his best for the team and his Alma Mater. Why shouldn't every student be in the stands trying to encourage and cheer on these men?

Unfortunately, the ways and means by which the student body will go to Manchester have not been advertised as extensively as possible. Buses will leave Durham to reach Manchester in ample time for the parade to the football grounds.

Manchester is called the Queen City of the state, but all the little queens and kings attend the university here. Let's see all the kings and all the queens at the game watching New Hampshire trounce Connecticut. GET BEHIND YOUR ALMA MATER! GET BEHIND THE TEAM!

The Military Department of the University of Maine announced that the annual spring training camp at Camp Benson would be abandoned. At present reports are being made concerning the possibility of dropping the camp altogether, and if the economy practiced by President Coolidge continues, not only camp but the entire R. O. T. The junior class of the Connecticut Agricultural College was sued for \$5,000 by a member of the sophomore class for injuries sustained during the freshman initiation party.

Abolition of active football captains was affected by the executive committee of the student body at Stanford University. Hereafter the position will be honorary and only awarded at the end of the season. An active field captain will be appointed for each contest by the coaches.

The initiative for this move came from the coaches. They favor this plan because it will give them more freedom in the selection of men to play in each particular contest.

Putting the freshman in his place at Drake University recently took a rather novel and embarrassing form. Freshmen who were pledged to fraternities were forced to release fair co-eds from their arms at a dance and were paddled by the upper classmen. The older students descended on the freshman dance armed with paddles, ordered the dancers to release their fair companions, and using the ballroom floor as a paddling parlor, smacked lustily as the co-eds giggled.

Reverend Donald Fraser Speaks in Convocation November 3—Budgets Indicate Active Program for Christian Associations

The joint Y. M. C. A. and Y. W. C. A. financial campaign will begin Wednesday, November 3. The Convocation program on this day will be devoted entirely to the promotion of interest in this drive. The Reverend Donald Fraser of Rochester, who is already well known to Convocation audiences, will speak. Following this, the canvassing will begin, continuing until noon, November 6.

The finance committees of both organizations have organized their members into groups which will canvass the fraternity and sorority houses and the dormitories, giving every student an opportunity to give if he or she desires. Ray Danforth is the chairman of the Y. M. committee and Emily Simmons has charge of the Y. W. group. The canvassers are holding frequent meetings in order that the maximum efficiency in methods may be used. An appropriate slogan will be adopted.

LIBRARY NOTES

The Library Question Box

The first queries and suggestions taken from the LIBRARY QUESTION BOX have had to do with the problem of Reserved BOOKS. One paper suggests that we buy fewer books of travel and biography which are read by the minority and more copies of reserved books. So long as courses are given requiring the reading of assignments in books on the Reserved Shelves of the Library, there will be a problem. The Library is quite willing to meet each real emergency as it comes along by the purchase of extra copies. But all too frequently students put off their required reading until the last moment and then there is a demand which is absolutely impossible to fill. Sometimes it is difficult to gage in advance the necessary number of copies. At other times the Library has incomplete information from the faculty as to the probable demand, and assignments are made without consideration of library resources.

Furthermore, the Library must guard against the purchase of a large number of copies which will all too soon become dead wood on its shelves. And the larger number of copies of the same work the Library is required to buy, the more limited must become the wide field which we are expected to cover. It is the library's business, not only to provide reserved books, but also to provide general and technical books on an infinite variety of subjects. A student's reading should include not only the few required passages but also the great books of all times and the important books of the world today. And, finally the Library serves not only the students with his books of required reading but also the faculty and the people of the Town of Durham.

The most welcome call to smoke ever sounded

NEVER was there a smoke invitation that could compare with "Have a Camel!"

On swirling city streets. In the roadster as it bounds over the hills. In the study or by the fireside, no other smoking phrase is so provocative of enjoyment and friendship. In its realization comes a boundless sense of gratitude and contentment.

That is because Camels are the favored smoke of millions of experienced and successful men. To

ever-increasing millions who have tried them all, who could well afford to pay more, Camels are the first and only choice. Since the dawn of smoking, there has never been a success like Camel's.

Camel preference is the inevitable expression of Camel quality. No other cigarette made is like Camels. No other smoke was ever so smooth and mellow mild. For your own high pleasure, we invite you to rise to the world's most celebrated smoke call. *Have a Camel!*

RULES GOVERNING ALUMNI CLUB CONTESTS IN BOWLING

Time: Fourth Friday of each month, beginning with October and ending in May. An earlier date in the month may be substituted if necessary, but Clubs are urged to establish definite dates for the matches.

Team: Each team consists of five men.

Number of Games: Three games must be played by each contestant. If any player desires to roll practice games before the actual contest, such games must be designated in advance. In any case, three consecutive games must be counted.

Scores: Scores for each match must be forwarded to the Alumni Secretary by letter not later than on the day following the match. The winner of the contest for the season will be determined from the total of the five highest team scores. Clubs must bowl five times during the season in order to be eligible for the Club championship. All scores will be published in THE NEW HAMPSHIRE as promptly as possible after receipt. The winner of the Alumni Club Bowling Championship will be announced at the Alumni meeting held during Commencement Week at the University.

Pins: Standard ten pins, sometimes called "big pins," will be used where-candle pins may be used. If duck

ever possible. If any Club is unable to secure this equipment at the local bowling alleys either duck pins or pins are used, increase the gross score by one-third. For example, an individual score of 150 would be increased by one-third so that it would have a value of 200 to compare with ten pin scores. No rubber bands can be used on duck pins. If candle pins are used, the gross score should be increased by two-thirds. For example, an individual score of 120 would be increased by two-thirds so that it would have a value of 200 to compare with ten pin scores.

Team Captains: It is desirable that each Alumni Club appoint a Bowling Team Captain so that important matters in connection with the bowling contest can be referred to him directly. The name of the Team Captain should be reported to the Alumni Secretary at once.

INTERPRETATION OF BOWLING RULES

(1) The team of five men is to include the five men bowling the highest three consecutive games on any night set aside for a bowling match. It follows, therefore, that the team may be composed of different members for any of the several matches.

(2) The conversion factors established for converting duck pins and candle pins into equivalent scores

with ten pins are based on the use of three balls per box for candle pins and two balls per box for duck pins and ten pins.

HOME ECONOMICS NOTES

The Home Economics department recently held an exposition of old fashioned hand knit laces. These laces were loaned by the people of Durham and were on exhibition in the Home Economics laboratory. This department is planning to hold several more expositions and invites all the students to take advantage of them.

Mrs. McLaughlin and Miss Lyford attended the annual Home Economics Convention at Manchester on Friday of last week. This Convention is held in connection with the annual State Teachers' Convention. Miss Elsie King, an alumnus of the University, presided over this meeting.

WAR DEBTS SUBJECT FOR INTERSCHOLASTIC DEBATERS

The question to be used this year by the member schools of the University of New Hampshire Debating League is: "Resolved, that the United States should cancel all European War Debts owed her by her former associate nations in the World War." This was decided by the headmasters of the secondary schools of the state at the State Teacher's Conference held in Manchester Oct. 22 and 23.

be determined from the total of the five highest team scores.

Clubs must bowl five times during the season in order to be eligible for the championship. The winner of the

contest will be announced at the alumni meeting held during Commencement Week at the University. The Philadelphia branch of the University of New Hampshire Alumni Association have already forwarded a report of their first match which took place this week.

His Wife said: "_____"

"Why the change, Henry?"

"You used to follow the early morning smoke with an early morning grouch ... with plenty of sputtering and coughing."

"'Change' is right, dear-est," the husband replied.

"I changed my cigarette—

and lost the throat-tickle.

"I switched to OLD GOLDS."

A lot of men have made that change lately ... and with it have made a big discovery. They found out for the first time that a real man's cigarette doesn't need to be harsh and irritating. Coarseness doesn't mean strength. A fine cigarette, like a fine full-bodied cigar, is smooth and mellow. That's OLD GOLD. The smoothest cigarette of all time! CONTEST RULES

(1) Contest opens October 25th and closes November 8th. All replies must be mailed to reach the Lorillard Company by or before midnight of November 8th. Winners will be announced the week of November 22nd.

(2) Anyone—of either sex—may compete, excepting employees of the P. Lorillard Company, or their affiliated companies.

(3) Read the text of the advertisement carefully. Study the picture. Then submit the most appropriate headline starting with the words "HIS WIFE SAID:" and using not over ten words all told. The shorter the headline, the better, if it gets over the point.

(4) Originality, clearness, brevity, neatness and legibility will count.

(5) Send your suggestion on the coupon in this advertisement, or a sheet of white paper, written on one side of sheet, only. Sign your full name and address. You may submit as many suggestions as you like, but each must be on a separate sheet of paper, or a separate coupon—with your name and address in full.

(6) In the event that several persons submit the same winning headline, with equal neatness and equal respect for the above conditions, the prize for that headline will be divided equally among them.

(7) The P. Lorillard Company will have the right to use as it pleases any or all headlines suggested, whether they secure a prize or not.

NOW starts the second of the Lorillard headline contests—with another \$2,000 in cash prizes!

The Lorillard Company is seeking a cracker-jack headline for the above advertisement, which will be published later on in all the newspapers of New England.

Everybody is invited to compete. What is the charming wife in the picture saying to her husband? He is smoking an OLD GOLD Cigarette while engaged in the morning shaving. And he is in a happy mood. What is she asking him?

Headline suggestions must not be over ten words—including the three first words "HIS WIFE SAID:" that gives you a maximum of seven words to add.

52 prizes totalling \$2,000 will be awarded for the 52 headlines which most cleverly get over the point of this advertisement . . . in the opinion of the judges.

leg and a parrot on his shoulder. There was a battle at a Stockade on Treasure Island that had all the thrills of a real fight.
 This year, with Ali Baba to do the honors at the matinee, and with Arabian Nights in the evening performance, the Marionettes will have the biggest possibilities that Tony Sarg has so far discovered for them. It requires trunk loads of stage settings and accessories to present a performance of the Marionettes. In fact, the equipment is about as much as that carried by a full-size dramatic company. There is elaborate provision for lighting effects. There is a stage manager to boss the affairs behind the scenes. The puppets, as they are called, are manipulated by a picked company, each of whom must have a good voice, both for speaking and singing, as well as deft fingers for managing the figures on the stage. In some of the more elaborate passages it requires three persons to manipulate a single figure.
 The hour for the matinee performance will be announced later. There will be no Convocation on the Wednesday when the Marionettes appear. The curtain will rise for the evening performance at eight o'clock. Lyceum course tickets, which will include both performances as well as three concerts which follow in the succeeding weeks, are on sale at the Business Office and the Bookstore. Those who hold course tickets will save more than half as compared to purchase of single admissions.

with Abbiatti and Stewart doing most of the carrying. Stewart took the ball over with three yards to go and four downs to make it. Nicora added the extra point by kicking the goal.
 The work of the linesmen Wettergreen, Farrell, and Hoagland, and Abbiatti with the backfield stood out

for the New Hampshire eleven. "Abby" carried the ball on six successive plays with gains on each play. Wettergreen showed up better since the last contest, promising to be one of the best linesmen on the team. Steeves and Mahnken gained the most yardage for Springfield.

"This picture makes electrical history!"

J. W. Legg

—so studious, inquisitive Joe Legg was told, when he displayed a strange zigzag image covering nearly the whole of an oscillograph film to instructors and fellow students at Worcester Polytechnic Institute back in 1915.
 For Legg had done something that had never been done before at Tech. He had corralled the picture of a transient phenomenon. Translated, that means he had been able to photograph the electrical disturbance resulting from the closing and opening of a circuit breaker. From that moment the story of the modern oscillograph is synonymous with the story of Joseph Willard Legg, E. E. '16.
 Legg's novel experiment was accomplished by a form of remote control rigged up for the college laboratory's oscillograph. Soon the Westinghouse Company ordered one of his controls. And it was natural that Legg should follow his device to East Pittsburgh the next autumn, after he graduated. First in the Research Department, then in the Material and Process Department, he

continued to solve oscillograph problems.
 The oscillograph films the records of electric current by means of an apparatus of surpassing delicacy. The most modern type, for instance, has a vibrator strip that is 55/100,000 of an inch thick— $\frac{1}{3}$ the diameter of a human hair. It contains a mirror 17/1000 of an inch wide.
 But before Legg began his study, the oscillograph, itself, was a clumsy contrivance weighing almost half a ton. He proved that a compact oscillograph, operated with an incandescent lamp, was practicable; first, with a three-element model (one that will record the action of three phenomena at the same time) weighing about 135 pounds. This was in 1917. More recently a nine-element oscillograph weighing only 100 pounds has been developed. And, acme of creative genius, Legg has just produced a baby one-element oscillograph, called the OSISO—which weighs but 7 $\frac{1}{2}$ pounds! For good measure, Legg designed a holder for load-

“What's the future with a large organization?” That is what college men want to know first of all. The question is best answered by the accomplishments of others with similar training and like opportunities. This is one of a series of advertisements portraying the progress at Westinghouse of typical college graduates off the campus some five—eight—ten years.
 ing the oscillograph film in daylight, something that had been fruitlessly tried for years.
 As a result of these advances, power companies are saved enormous expense in learning vital characteristics of their circuits—and in solving problems faced by their plants. For instance, by devising a way to automatically record chance disturbances on power lines, Legg has made it possible with the OSISO to start recording a picture 1/1000 of a second after lightning causes a flash.
 And so it goes at Westinghouse with many college men—not just one or a few—but with hundreds throughout the organization. They do their part in advancing the electrical industry while they ply their profession amid unlimited opportunity for creative work.
