Discloses New Talent In **Initial Performances**

Final Appearance Of Many Actors-Considered Best Production Of Year—To Be Given Again **During Commencement**

In its presentation of Roi Cooper Magrue's play, "Seven Chances", on the evenings of June 2 and 3, Mask and Dagger reached heights of excellence in dramatic production which compare favorably with any previous successes staged by the society on the local stage. To crowded houses the piece was played admirably and with technique favorably comparable to the best amateur work done anywhere.

Catherine Grady, of the graduating class, held the feminine lead, as "Anne Windsor", playing opposite John Fleming, '29, as "Jimmie Shannon". The lines of the play called for some situations which, if done improperly would easily become farcial, contrary to the purpose of the author. The transitions of these two actors from the serious to the ridiculous, were done with a smoothness which is really commendable.

Harry Page, as "Billy Meekin", presented a sincere and finished por-trayal of "Jimmie's" henchman. This is Page's last appearance in Mask and Dagger's productions and his final impersonation was one of his best.

FIRST TERM RUSHING ALUMNI ELECT FRATERNITIES VOTE

First term rushing will be in effect next year, according to the result of the vote taken in the Casque and Casket meeting last Monday night in "T" Hall. There has been much discussion among the members of Casque and Casket, as to whether first or second term rushing is preferable, but the fraternities voted Monday night, by a vote of eight to six, to have the for-

By this plan, rushing will begin on Registration day, and will last for two weeks. A committee has been appointed to draw up the rules, and they will be voted on at another meeting of Casque and Casket tonight. The rules will probably be much the same as in preceding years, and will undoubtedly be adopted at the meeting, according to Lester Brooks, president of the society.

Two Day Trip To Conclude **Baseball Season For 1927**

Lineup Not Yet Definitely Decided But Coach Swasey Expects to Start Either Slayton or Evans on the Mound

The University baseball team entered on its last two-day practice here yesterday before the final games of the 1927 season which take place during a two day trip tomorrow and Saturday, at which time the Wildcats meet the Connecticut Agricultural College and Brown University ball tossers. Although the Blue and White defeated both of these schools in basketball this winter, there still remains the matter of defeats at the hands of both in football last fall to be wiped out and the Wildcats will try to get the best of the records for the year's contests. Coach Henry Swasey has not announced his pitching choices for the two games, but it is expected that he will start Foster Slayton of Barre, Vt., and Lloyd Evans of Wentworth in the games as these boys have proved themselves dependable hurlers for the past two seasons. Both will have had a week's rest when the week-end games come.

The New Hampshire team suffered from an epidemic of errors Saturday and lost to its old rival, Tufts, whom it had defeated earlier in the season, by a 12-0 score. Both Evans and Slayton pitched in this game and, although they allowed few hits, the Wildcats never had a chance to win.

It seems improbable at this late date that Coach Swasey will change the lineup for the two final games of the year, although he may decide to play a new man at first base where there was some trouble Saturday. The lineup for the last few games has been Wilford French of Sanbornville, catcher; Alfred Rheinhart of Dorchester, Mass., first base; Herbert Hatch of Sanbornville, second base; Ray Hoyt of Plaistow, third base;

Dr. Brown will give the final address at the time the degrees are awarded on the morning of Monday, June 20.

Saturday, June 18, will be Alumni and Class Day. On this occasion the alumni of the University officially get together and several hundred of the graduates are expected to attend. The program for the day will consist of a meeting of the Alumni Advisory Board, a free-for-all baseball game between a team selected from the faculty and alumni and a team selected from the senior class. This will be followed by reunion class luncheons and the Class Day exercises of the Class of 1927 on the campus. At this time Miss Alice Osgood of Pittsfield will give the Ivy Oration. At fourfifteen the annual alumni meeting will take place in the Faculty Club, which the graduates will make their headquarters. A memorial scholarship fund, presented by the Class of 1925, will be officially accepted at this time. The Alumni banquet for the several hundred visitors will be held in the University Commons building at six o'clock and at eight-thirty Mask and Dagger, the University Dramatic Society, will present David Belasco's famous production, "Seven Chances," in the Men's Gymnasium.

Twenty-eight Heelers Signify Intentions Of Working For Publication Of 1929 Year Book-Start To Be Made During Summer

The financial problems of the publication of the Junior Yearbook for 1927-28 were discussed at a meeting of the 1929 Granite board, Wednesday evening, June 1. Plans for advertising and the organization of the heelers were considered. One member of the Board will have charge of heelers, and it is expected that this arrangement, coupled with the early start obtained by organizing now instead of waiting until the fall term, will expediate the work.

Twenty-eight students answered the Granite board's call for heelers by assembling in the Zoology lecture room, Thompson Hall, Friday evening, June 3. McLean Gill, manager of the 1927 Board, stressed the importance of advertising in a brief speech.

A second heeler's meeting will be held Friday evening, June 10, at 7 o'clock in the Zoology lecture room who wish to be heelers should attend to Unaries Johnson, editor

ANNUAL R. O. T. C. CAMP ENJOYED AT NASHUA

Gate City Chamber of Commerce Pleased With Military Encampment of Student Soldiers, According to Letter Received by Major Pitz

The Nashua Chamber of Commerce in a recent letter to Major Hugo Pitz, head of the military science department, expressed the satisfaction of the Nashua citizens with the annual military encampment of the University held in that city from May 23 to 25, looking forward to a revisit of the New Hampshire R. O. T. C. unit next year in Nashua. Major Pitz in a previous letter to the president, Mr. W. Sullivan, had thanked the Chamber of Commerce for the hospitality given to the R. O. T. C. during its encampment in Nashua by both the Chamber and the Nashua citizens.

The letter from the Nashua Chamber of Commerce to Major Pitz, signed by its secretary, Mr. Jerry J. Haggerty, is as follows:

H. E. Pitz, Professor of Military Science,

University of New Hampshire, Durham, N. H. Dear Major:

I have your kind letter of appreciation of May 27, and will convey your expression to Mr. Sullivan, Capt. Lawrence, and others.

I can assure you that your visit here with your student soldiers was enjoyed by the Nashua public as well as yourself and the students. In fact, it was such a grand success that I am looking forward to a return engagement here next year.

Kindly convey my best wishes to Mrs. Pitz, Captain and Mrs. Pettee.

Cordially yours, Jerry J. Haggerty,

PLEDGING NOTICE

Tri Gamma fraternity announces the pledging of Henry M. Smith,.'30, of Dover, N. H.

C. Ned Elliott, '28, of Contoocook was elected president of the Student Council and William Dane, '28, of Salem, Mass., president of the Athletic Association, by a vote of the student body of the University held last Friday. The announcement was made Saturday by John Neville, '27, and Furio Abbiati, '27, presidents of the two organizations for the past college year. The new officers will go into office next September at the beginning of 1927-28 year.

In the case of the Athletic Association officers the entire student body voted, but for the first time in Student Council elections only the men students cast ballots, since the women belong to the women's student governing association which is a separate institution.

Elliott has served as editor of the 1928 "Granite," the year book put out by the junior class. His term of office expired when the book appeared on the campus last month. He was recently elected to Senior Skulls, the honorary senior society, and president of the Phi Mu Delta fraternity and a member of the varsity baseball squad. The other officers are as folows: Vice-president, Clayton Allsworth, '29; secretary, Dana Cotton, '28; treasurer, Russell Hobbs, '30; junior member, Lloyd Atwood, '29; and senior members, Frederick Mitchell and Edward Necker.

William Dane is captain-elect of the Wildcat football team for the 1927 season, having played end on the team this past fall. He is also a member of the Senior Skulls and is a member of the Kappa Sigma fraternity. The following were elected officers of the Athletic Association for the coming year: Vice-president, Edward Necker, 28; secretary, Muriel Steeves, '28; student representative, Ralph Morrison, '28; faculty representatives, Professor Thorsten Kalijarvi and Pro-

fessor George Perley.

An amendment to the Athletic Association constitution was passed and is as follows: A committee of three members of the faculty shall be appointed by the Executive Committee. It shall be the duty of this committee to pass on all athletic records made by New Hampshire athletes.

TENNIS TEAM WINS MATCH

Wildcats Take Three Singles and Two Doubles

Bowles, Craig, Roberts, Symonds, and Brown Play Last Match for New Hampshire-Win First Match of Season

The Wildcat tennis team, after havng four matches which they were onfident of winning, cancelled because of rain, won their first match by defeating Tufts last Saturday 5 to 1. New Hampshire ran away with the meet, winning three singles and both of the doubles.

Roberts, the number one man on the New Hampshire team, had some difficulty in disposing of his man, in the first set Schiller started by capturing the first three games. Roberts came back to win his own serve and that of his opponent, but Schiller again forged ahead by winning his own serve. Roberts finally captured the set 7 to 5. He had trouble with his drive throughout this set. The second set was a runaway for Roberts. He was supreme in all but one game; playing brilliantly to win the set 6 to 1.

Craig, number two, defeated Golden in straight sets. He won the first set easily, 6 to 4; displaying a wonderful drive and good serve. In the second set Golden came back, and at one time had a three game advantage on Craig, but Craig rallied and finally won the set at 8 to 6.

Bowles, number three, had the feature set of the match. His opponent, Stevens, was a left handed player with an assortment of soft chops and cuts. Stevens won the first set, 6 to 3. Bowles could not seem to get going, and the apparent easiness of his opponent's attack bewildered him. In the second set Bowles won a slight advantage at the start, but soon lost it. With the score at three all, Bowles displayed some fine net work to win the next three games and the set, 6 to 3. The third set started out in a deadlock, with each one winning his op-

FINIS

When THE NEW HAMPSHIRE goes to press this week the work of the editors and staff is completed for the current college year. We have tried to give the University a paper worthy of its traditions and ideals and on an equally high plane with the other activities carried on by the student body. The students and faculty are the judges of how well we have succeeded in this aim.

We have printed the news in the order of its relative importance as well as we could judge it and we have tried not to over-emphasize any one phase of campus life. We have also endeavored to be fair at all times, not only in the news matter printed, but also in the editorial columns and, above all, we have tried to keep fraternity politics and group feeling entirely out of the paper and the staff itself free from petty bickering. If the student body feels that we have succeeded, we ask that it will urge freshmen and sophomores to come out for the staff and that everyone on the campus will cooperate to make THE NEW HAMPSHIRE a better paper in the future.

We will do our best next year as we hope we have in the past. The first issue of the 1927-28 volume will ap- Oval last Saturday. FAIR PLAY

The rushing rules for next fall are still being thrashed out by the members of Casque and Casket but it has been practically decided to continue with some form of fall term rushing. Whatever the outcome, the old prob-lem of fair play will still be present to be treated as an imposter or as a personal friend, according to the decision of the students. The policy of fair play is not entirely one to be looked at from the point of view of the upperclassman. The freshman himself must be given a chance to adjust his actions and ideas to a college campus. He arrives fresh from high school or preparatory school and is whirled into a maze of activity in a strange world which often ends disastrously for him. He should be given ample opportunity to prepare his classes and that opportunity is hardly granted if he is to be stormed by fraternity men after rushing hours.

Fair play in rushing, aside from the honor involved, is a decided help to the upperclassmen who are themselves kept busy with the work of new courses and the difficulties of getting into their normal stride after summer activities. In the past there have been rumors of fraternity men bothering freshmen in their rooms during quiet hours. But we feel that college men are on a higher plane than the average criminal, and even he has proved trustworthy in the use of the honor system. College is supposed to be extremely high.

And now nothing remains but to say good-bye. It hasn't been a bad year all in all, although two very sad events took place on the campus. The first you all will realize was the resignation of President Hetzel. But even that wasn't as bad as the secondthis column was started.

The whole occasion deserves a verse to commemorate it. Here goes-

ORIGIN OF THE WORD "NEWS"

this was in the form of waxed tabets upon the surface of which the "Acts of the (Roman) Senate" were cratched with pointed tools by trained writers known as "tabularii." The Acts of the Senate gradually developed into a publication of general news, named "Acts of the City." But, even before the time of Caesar, the Egyptians and the Chinese referred to the

The word in English, however, has originated from various sources. Before the advent of printed newspapers, written messages and dispatches were carried from town to town by "news reporters" riding on horse-back. In course of time this system is said to have led up to the practice of posting important news items on boards in public places, such as the local inns, the "towne hall," the stations from which stage coaches departed, etc. According to historical notes in old English books, came the time when the written news items were pinned or pasted upon the bulletin boards under four different letterheadings as: N. E. W. S. Under the letter N "publick occurrences" in the North part of the country were placed. Happenings in the East were reported under the E column. In the W column news from the West was given, while in the space under the S were placed reports from the South. Eventually, these four letters of the compass were joined together to form the word NEWS, as it is known to-

It has been a season of ups and downs, marked by brilliant victories as well as bitter defeats. After this last issue of The New HAMPSHIRE has been circulated the varsity and freshmen baseball teams play their final games, the former with Connecticut Aggies and Brown and the latter with Wentworth Insti-

At the present time the varsity baseball nine has practically "split even." It has to their credit victories over Norwich, Tufts, Boston University, Middlebury, New London Sub-marine Base and Bowdoin, and defeats at the hands of Bates, Dartmouth, Harvard, Massachusetts Aggies, Wesleyan, Tufts and Colby. The squad loses Jenkins and French by graduation, while the remainder of the eam remain intact for another year.

The varsity track team has met with nearly the same success. Camel is the modern favorite

MODERN smokers make known their preference. And they call for Camels. Never in any age was there a smoking favorite like Camel is today. Camels understand every mood of the modern smoker. Camel mildness and smoothness are supreme with the critical taste of present-day people.

A purchase of Camels brings you the choicest Turkish and Domestic tobaccos. Blended by skill into the world's most popular smoke, and the best. Quality unapproached, is the distinguishing mark of Camel.

No matter what the price, there is no better cigarette than Camels. Smoke them as frequently as you please. You will never be left with a cigaretty after-taste. Camels aren't made that way. That is why modern smokers everywhere demand them. That is why this age has discovered the tobacco phrase, "Have a Camel!"
