A diversified course at a very low figure. Get your season ticket now for $2.00. Course tickets sold only to capacity of Gymnasium

Commander Byrd Speaks Tuesday
Will Give Illustrated Lecture at Men’s Gym

Noted Atlantic Flier to Make Motion Picture Lecture on His Flights, Including North Pole, Trans- American and Greenland Expeditions.

Commander Richard E. Byrd, famed Atlantic flier and conqueror of the North Pole by air, will appear at the men's gymnasium Tuesday night, November 8th, to deliver an illustrated lecture. The lecture will be given in cooperation with the University Lecture Committee and the Men's Youth Association. Commander Byrd’s address will be the first of his extensive trans-Atlantic and flight and his place in the flying aviation expeditions, as well as other motion picture illustrations of his experiences. Among other features of the lecture will be the first to look down upon the North Pole from airplane, the first series of conquerors. While the course is designed primarily for the students, faculty members, townspeople and visitors will be admitted up to the capacity of the gymnasium.

Wildcats Lose To Springfield

Mass. Team Shows Power In Smashing Local Eleven

Five and White Confirms Last Century—Lancashire Play Friendly Part in Saturday's Game—New Hampshire Disputes Basketball

The University of New Hampshire's basketball team won the fourth defeat of the season on Memorial Field today, when the Springfield eleven were swept by a score of 15 to 8. The Wildcat team produced a strong defense, and their playing was stronger. The Springfield team kicked off to New Hampshire, after which the Wildcat backs, Evans and Ricardi starred on the offense. A little later Lee took a shot wide, but it was too late in the period to make a difference.

The Wildcat team was in a slump, but this time it was the Wildcat backs, Evans and Ricardi. Their outside left, Davis, lhb, ........................................ lhb, Shea

M. E. Cunningham, rt ......................... rt, Redden

Bell, rhb ........................................ rhb, Gaunt

Bardo, Tozier for Wolynec, Jenkins

The second period held no features of note, while the Springfield team was ineffective.

Hobbs was sufficiently recovered to start a forward rush. He received the ball from Davis at side of Leavitt's Cafe

The remainder of the game saw no score, the Wildcat backs, Evans and Ricardi matching, but this time it was the Wildcat backs, Evans and Ricardi. Their outside left, Davis, lhb, ........................................ lhb, Shea

ricardi starred on the offense. While Lee made several nice stops at goal, while Lee was shooting accurately. Both teams were evenly matched, but this time it was the Wildcat backs, Evans and Ricardi. Their outside left, Davis, lhb, ........................................ lhb, Shea

Better and clearer with training that will further the cause of education.

The Education Department has planned a conference with the alumni, which is to be held at the Canoe Club, during the season.

GREENHOUSES WILL OCCUPY NEW SITE

Houses Reserved in Plant Orchard to Make Room for New Chemistry Building to be Constructed in Spring

In order to make room for the new chemistry building which is to be started in the spring, it will be necessary to remove the present greenhouses. The Trustees at their quarterly meeting authorized the construction of a new range of greenhouses. These houses are to be located in the place orchard, on the high land across the brook to the southwest of Thompson Hall. The new range of houses will comprise the following units:

**Greenhouse Specifications**

- **North Wing**
  - 10 houses: 36 x 50
  - 10 houses: 36 x 62
- **South Wing**
  - 10 houses: 36 x 50
  - 10 houses: 36 x 62

The above mentioned units will provide approximately 1300 square feet of glass against the 4,000 square feet in present houses.

The present plan is to move the food housed in the new location and all the equipment. The place or houses will be finished for the fall of this year, so that the operation of the new houses can proceed early in the spring.

The houses which are to be leased will be rented to students, and the equipment removed from the orchard will be removed to the new houses.

Your Father probably will make the daily rounds of the house.

But you will wonder if you are to go out for a walk. A new price list for all communications is to be issued soon, and there will be much competition among these two.
