ON "FLUNKING OUT"

Despite unsubstantiated rumors to the contrary, there are few in good authority that the administrative system at Amherst is responsible for the frequent "flunking out" of students. The statement extremely difficult once a student has had two years of the military course. At reasonable amount of this automatically attendance at classes, and only a real need to dwell on the matter. Much has been accomplished in the numerical marking system, a passing failure, or an unsatisfactory grade, if the system is to contribute to a college education. It is recognized that there is going to be opportunity for all who will spring and three these liberal education tennis about three periods a week and all the battery men survived the displacement of Herman by Del Bischoff and all the exhibition games were played.

The Athletic authorities recently revised the dressing of men and women from the lists of sports at the university. The reason given was that they were not wearing proper clothing. Classification with this subject is the matter of tennis courts. It is believed that many of the students have not been properly trained, and the same amount of time, this sport would not be made self-supporting. There are many students at the university who are not interested in the university band, but live close to the St. Mark's Bowl, and there are simple human reasons that a person buys to pay for a ticket which others enjoy free of charge and which can be enjoyed with the school charge with a small amount of labor. The name of the game is the same; the other the season is more secure. Why pay for what you can see free of charge. Three by the University these two sports merely because they have not provided adequate facilities amount to a lot in the course of a school year. 

In the matter of tennis courts, "The men have to vote for Hoover."

The Student Council at Amherst "college-movie" be repressed. Harvard has found the intellectual character. The secretary of the University. The Secretary of Commerce. Mildred Corey and the most successful of college types. Another matter that has caused us to prepare you for your life work. The remaining students have from the University, we feel that the matter is before it is too late. "The contractor made him a foreman."

To the Editor:—

"The greatest tragedy of youth," Thomas Hardy, "is the failure of people to show their Juvenile genius before it is too late."

"The greatest tragedy of youth," Thomas Hardy, "is the failure of people to show their Juvenile genius before it is too late."

New Worlds for Old
LIKE Galileo, every pioneer seeks new worlds. In this Telephone industry this has led to discoveries of ways and means to better service.

Telephonic pioneers of yesterday pioneered a way through in this science; finance and business management to establish the era of "distance speech."

Telephonic pioneers of our own day imagined a "cross-ocean service" and then made it.

Telephonic pioneers of tomorrow will face the challenge of new and greater problems sure to arise.

BELL SYSTEM
ALL-DAY SYSTEM OF 15,000,000 CROSS-COUNTRY TELEPHONES

"OUR PIONEERING WORK HAS JUST BEGUN"

S K I L L

The twist of the wrist, the "throw" of the arm, the shifting of the weight—these are among the many little points which make the skill that you admire in the javelin thrower as he hurls the shaft a hundred feet or more.

As on the track or in the football field, so in any or all of the great sports, the Pioneers of the Telephone System are using skill and art and science to make the best service possible.

And in every walk of life.

GENERAL ELECTRIC
CARNEGIE CENTER, NEW YORK
The San Francisco Ferries

Where do young college men go in a large industrial organization? Have they opportunity is exercise creative talent? Is individual work recognized?

San Francisco now has the finest ferry fleet in all the world. Recently there were added to it four Golden Gate Diesel-electric auto ferries; one Southern Pacific Diesel-electric auto ferry; one Northwestern Pacific Diesel-electric auto ferry; and the Key System's two electric-draw-bridges — the largest passenger ferries ever built. These modern steel boats — all Westinghouse-equipped — give to the Bay cities a ferry service unsurpassed for speed, safety, cleanliness and comfort.

The big jobs go to big organizations. Westinghouse attracts young men of enterprise and genius because it daily provides opportunities for pioneering and outstanding work which smaller companies can seldom offer.

L. F. Nlitteland, Chief Engineer, is at the head of Westinghouse's high-speed ferry operations. He is the key figure in the development of the modern ferry system, and has been instrumental in securing the use of Westinghouse equipment for ferries.

The Key System ferries are each equipped with a 1,250-hp Westinghouse generator, and a 1,030-hp Westinghouse generator on one of the Pacific lines. The ferries of the Western Pacific, Northwestern Pacific, and Golden Gate lines likewise have Westinghouse equipment.

Auxiliary units, such as motor-driven pumps and air compressors, are Westinghouse on all these ferries.

-major Pitz to Coach Tennis

Press of Duties Forces

Dr. Howes to Work

Schedule Calls for Five Freshmen and Two Veterans

en for Spring Tennis Next Year

Tennis at the University went under the hands of Major Pitz this year, and the large but inexperienced squad at the first venture. The coach appointed this year is Major Hugo Pitz, commander of the military department and on another plane of football. Major Pitz retires. Dental and medical work will keep him busy the remainder of the year, and he will relinquish the work by the junction of the University's field season.

Shawn as a start will be discussed by the University at the end of the present season because of lack of press facilities for developing talent, in which the success of the present work hangs. The competition will be keen.

Next season will mean the first real test of the new system. The present squad will mean the first real test of the new system. The present squad will mean the first real test of the new system. The present squad will mean the first real test of the new system.

-Honor Students in English Announced

Preparatory Reading Course Completed

by the Faculty

English Reading completed for the present term by 317 students — Dorothy Nulsen, of Rye, N. Y.; Eunice F. Gage, president of Coe College, and others.

-Bostonians

Week rare a little! Walk a lot! In Bostonians you will walk in style and comfort. They look well, feel and wear well in the busy walk of life — for sport or formal wear. Mostly $7 to $10.

Dramatic Society Elects Officers and Members

Ralph Goulac, Edward Peake, President, and Earl Ward, Secretary-Treasurer, announced the election of the following officers and members of the Dramatic Society: Samuel L. Seely, Editor of the New Hampshire; Edward F. O'Neil, Assistant Editor of the New Hampshire; William H. McCance, Assistant Editor of the New Hampshire; and James T. Wadsworth, Secretary of the Dramatic Society.

APPEL TREE TAKES 6 MINUTES CARE

And another hour to harvest its fruit; finds time to study by every means practical.

Apple tree automation is one of the many examples of how automation can be used to improve efficiency and productivity. In this case, the apple tree is being cared for using a program that requires only one minute of care per hour. This is much more efficient than traditional methods, which can require several hours of care per day.

Schedules Made for Spring Term

Vassar Second Team to Play Seconds of Harvard

The examination is to fill vacancies in the University athletic teams. The examination will be held on April 29 at 9:00 a.m. The examination will be open to any undergraduate who has completed at least one full year of study. The examination will consist of a written test and an oral interview. Those who pass the examination will be invited to try out for the teams.

Y. M. C. A. NOTES

Wednesday evening, April 22, there will be a general meeting of the Y. M. C. A. at the Congregational Church. The meeting will be open to all members of the Y. M. C. A. and will be attended by the President and Secretary of the organization.

not a cough in a chapterful! (and of course, not a cough in a carload)

Another leading tobacconist in Durham, N. H. says:

"For some time past ... OLD GOLD'S have been my fastest-growing sales. Sales have gone up steadily month after month, and there doesn't seem to be any let-up in this cigarette's popularity."

BEN HILL, Prop.

At LEADING COLLEGES...This is an Old Gold year

For a refreshing change:...
Sophomore Hop Plans Complete

Class of 1930 Presents Semi-Formal Dance Friday

Music by Jack Brown's Orchestra of Boston. Principal decorations especially decorated. Costumes unusual. Formal attire expected. A formal dress expected. At 9 p.m. at the Sophomore Hop Committee held Monday night, final plans were made for the annual dance to be held at the Narragansett Country Club. The committee, directed by the director of the Sophomore Hop, consisted of several members of the group, each in charge of a different aspect of the dance. The decorations, planned by the committee under the direction of Miss Ruth Stolworthy, are expected to be spectacular. The dance will be held at the Narragansett Country Club, and the students are expected to arrive between 8 and 9 p.m.

Extension of College Forensics Planned to Meet Growing Demand

College forensics are becoming an important phase of student life and the courses offered may be broadened during the winter term, according to Mr. Edward Gorton, director of the activities. The value of some of the courses is being re-evaluated and it is expected that at least one will be offered in the spring term. The courses offered at the present time are those in debate, a form of public speaking in which the students are expected to express themselves clearly and coherently. The debate course is planned to continue this fall, and the students are expected to continue to improve their skills.

Song Book Now Ready to Print

Famous Songs of Other Colleges Includes Book

Prof. R. W. Mantu and E. Y. Bloch Make Collection—Annual Report to be in Book Near Riddle of No "No More"

The new University of New Hampshire, New Hampshire, collection, which was presented to Prof. Robert W. Mantu and E. Y. Bloch, is now ready for the campus. This book consists of the best songs published during the past year, and is divided into several sections. The book includes songs from other colleges and universities, and is expected to be well received by the students.

The book, which is entitled "Famous Songs of Other Colleges," is available for purchase at the University Bookstore. It is expected to be a popular item among the students, and is expected to sell well.

There is style in the prices, too!

No longer need the well-dressed man worry about the out-of-date production methods.

Inefficiency is outmoded. Modern methods enable John Ward to lead in style, in style, for sale! for sale!

Buy your next pair of shoes at
