MARCH 6

DE JEN COMPANY

IN COUNTERFEIT MIRACLES

The University of New Hampshire football season will open Saturday afternoon at 3:30 on Memorial Field when the Wildcats play Colby. The game is underwritten by both colleges to be a preliminary one and is sure for the purpose of showing up material than adding to the season's record.

The president's trump was made before the opening of the University, and during that time some of them were drilled in the fundamentals of the game and brought into condition for the long practice sessions which must precede the opening game.

There will be no definite lineup announced for the game Saturday, as a good many likely prospects will probably be saved for service, which will very likely add to the ability and determine in part the lineup for the opening day of the season. All of the veterans, Captain Carroll, Captain Farwell, Captain Carlin and Captain Blaisdell, who will be among the leaders of the team during the season, will be in the opening game.
That is why he has decided to work for The Hampshire.
