We speak for every student at the University and we believe that the sympathy and support of the American people is needed to help the New Hampshire combat the crisis. The United States Congress and the Senate are standing by and not ready to act.

Dartmouth has been given the name of "The Lost Lockets Club". It is intended to perpetuate their memory and to keep them always in the minds of the students.

No matter where the lockets are taken, they will always be with us, and we shall be glad to correct any mistakes that are brought to our attention.
