Men's Glee Club
Not To Compete

E. C. W. Jones, President of the University
Men's Glee Club, announced last week that the club will not enter the Intercollegiate Glee
League, which is scheduled to take place in April.

This decision was made after careful consideration of the club's schedule and the availability of its members.

The University's Men's Glee Club, under the leadership of William H. Boardman, has a long history of participating in the Intercollegiate Glee League, which is considered one of the most prestigious collegiate music competitions in the country.

However, this year, the club decided not to participate in the league due to the heavy workload of its members and the demands of their academic commitments.

The decision was made after discussions with the club's members, who expressed their desire to focus on other aspects of their lives, including their studies and extracurricular activities.

The club's members believe that this decision will allow them to better balance their academic and extracurricular commitments and will enable them to participate in other events and activities that are of interest to them.

In a statement released by the club, President E. C. W. Jones said: "This decision was not taken lightly, but after careful consideration of the club's schedule and the availability of its members, we believe that it is in the best interest of the club and its members to focus on other aspects of their lives.

We believe that this decision will allow us to better balance our academic and extracurricular commitments and will enable us to participate in other events and activities that are of interest to us.

We appreciate the understanding and support of the Intercollegiate Glee League and the participating institutions, and we look forward to participating in other events and activities that are of interest to us.

We are committed to continuing our legacy of excellence and dedication to the university and the glee club, and we look forward to working with other institutions to promote a sense of camaraderie and friendly competition among the participating institutions.
