The "Dover Road" Tomorrow Afternoon

-into the season valley of the Pic-

nals there will be riding on the

reservable an array of 300—400 fine horses doing their thing of Goodyear on the South, the Flying Yankee on the North, and around Catskill Mountain from the West to close in on the territory of Durham on the east—giving the eighth annual Winter Carnival at Dartmouth. It has been promised but they will be a lot of which we can promise as this year's Carnival is history. Greetings then pre-

arranged programs are predicted and when we shall find that which we work for, the modern American girl as well as men live and thrive in the offices of old as centers.

In the fall of the year, when the leaves are changing color and the air is getting crisp, there are many activities that students can enjoy on the campus. One of the most exciting events is the Winter Carnival, which this year includes a series of debates. The Delta Sigma Chi fraternity will be competing against the Theta Chi fraternity in a series of debates titled "One-on-One Debates." These debates are an opportunity for students to test their knowledge and skills in a fun and competitive environment. The debates will be held in the Student Union and are free and open to the public. In addition to the debates, there will be other events such as the annual Winter Carnival dance, which is a popular event on campus. The dance will feature live music, food, and games, and is a great way for students to relax and enjoy the winter weather. Overall, the Winter Carnival is a wonderful opportunity for students to come together and celebrate the start of the winter season.
Alumni News

New Hampshire alumni will be in attendance at the University of New Hampshire on Thursday, February 14, at 8:30 p.m., when the orchestra of the New Hampshire Institute of Technology will present a concert in Littlefield Hall. The program will include a number of the songs that were popular during the era of the alumni's college days. The concert will be under the direction of Dr. W. E. Johnson, dean of the institute.
