The resignation of W. Leslie, librarian of the University of New Hampshire, was accepted early this week by President Edward M. Lewis. Mr. Leslie has been to take up his new duties at the New Hampshire Memorial Library of Wesleyan University, Middletown, Connecticut, July first.

Following the completion of his course, Mr. Leslie went to be a student for a time at the New York State Library School, accepted the position of librarian at Bryant College, California, during a part of the World War, and later went to the University of Garp, Massachusetts. He came to New Hampshire in 1919 and has been at the helm of the variety of the faculty of the University, and he has been a leader in library work throughout England and served as leader in many prominent positions in organizations established, sponsored, or interested in library work. For two years he was president of the State Library Association. He was Chairman of the Agricultural Libraries Section of the American Library Association (1937-38) and is now a member of the Membership Committee of that association.

Former Governor Blaisdell recently appointed Mr. Leslie a member of the Library Trustees Board of the New Hampshire State Library to succeed the late Professor Randolph Chapman.

They are as smooth as the polished moccasin worn by Adolph Morgan, who himself is an Old Gold.

"While they're the most enjoyable of cigarettes, OLD GOLDS are absolutely 'bad-for-you'stuff for throat, stomach and smoker's cough."

MADGE BELLMAN

Why not a cough in a carload...? 

OLD GOLDS are a source of comfort for smokers of all ages.

They are blended with a combination of herbs, oranges, and other natural ingredients, resulting in a unique taste and a clean throat sensation.
