

### Wildcats Win Opening Game

#### Aerial Attack Results in Victory Over Colby

Series of Passes and Plunges Results in Score of 20-7 in Contest with Maine State Rival

New Hampshire's Wildcats launched their 1929 football attack by defeating Colby by a score of 20-7.

In the opening period there was no scoring, both teams pushing each other back and forth across the field with no noticeable advantage to either. The second period, however, opened with a forward pass Shea to Donovan netting 27 yards. There followed a series of passes and plunges ending with a touchdown by Shea. The kick for goal was fumbled. Aroused by the scoring Colby came back with a new fire and succeeded in scoring a touchdown and kicking the goal, leading for a while 7-6.

The Wildcats responded in the third period with another touchdown and goal kick following another exhibition of combination passing and plunging. The ball was carried across the line by Harry Wood.

The final period was the scene of another complete touchdown by New Hampshire netted by Shea, closing the game with a score of 20-7.

Throughout the game the Wildcats showed a remarkable passing game which the Colby backs were unable to break up. The lineup follows:

- COLBY U. OF NEW HAMPSHIRE**
- Klusick (Yukins), l.e.  
 r. e., F. Donovan (Gene Grenier)  
 Turner (Dexter, Giles), l.e. Clapp  
 Dexter (Giles, Draper, Ferguson, Turner), l.e.  
 r. e., Bianchi (Theodos)  
 Ciabtree (R. Draper), c. Averka  
 Lee (capt.), r.k. Wright  
 Lobdell, r.t. Robinson (Ronald)  
 Glazier, l.e. Ryder (Keddy)  
 Karkos (Deejen), q.b. Kelley (Wood)  
 Donovan, l.h.b. Grenier (Small)  
 Roberts (Howard), r.h.b. Shea  
 Johnstone (Lovett), l.b.

Score—University of New Hampshire 20, Colby 7. Touchdowns—Shea 2, Woods, Donovan. Goals after touchdowns—Eustis 2. Glazier. Referee—J. J. McDonough, University of Maine. Umpire—J. E. Burke, Boston College. Head Linesman—F. T. Jordan, University of Maine. Field judge—J. J. Butler, Catholic University. Time—Four 12-minute periods.

#### LIBRARY NOTES

Mr. William H. Brewer, Jr., was appointed new Reference Assistant in the library. He is also in charge of the Inter-Library Loan.

### GLEE CLUBS MAKE EXTENSIVE PLANS

Carol Service and Concert for Combined Clubs—Men's Organization Prepares Off-Campus Trips, Repertoire Includes Two Numbers Never Performed in America

A larger number of students are joining the glee clubs and greater works are to be given this year than ever before, according to announcements made today by Professor Robert W. Manton.

Last spring Mr. Manton secured from England six new English masterpieces, two of which have never been performed in America. These are to be worked up and used in his concerts throughout the year.

The first objective of the clubs will be the Christmas Carol service to be given December 5 and 6 at the Community Church. A very fine program has been planned and the two clubs are to start work immediately on this. A cantata, oratorio, or some other great masterpiece is to be given on campus in the spring, thus the winter and spring terms will be used in preparation for this. Such a concert has been planned each of the last three or four years but unfortunately the plans did not materialize. This year they are going to, so look forward to this treat in the spring.

Besides the two joint Glee Club appearances, the men's club will be preparing concerts to be given in other town or cities. It is expected that there will be at least one off campus trip during the fall term.

### Milne Author of Fall Term Play

#### Popular English Comedy Mask and Dagger Choice

Tryouts Today for "The Truth About Blayds" Written by Popular Author of "The Dover Road"

Once again Mask and Dagger, the campus dramatic society, has chosen for production one of the inimitable modern comedies of A. A. Milne, that most humorous of English humorists. In *The Truth About Blayds*, the

### Sophomores Win University Day

#### Freshmen Win Rope Pull by a Four Foot Margin

Student Council Takes Full Charge of Contests Held on Memorial Field Last Wednesday Afternoon

The Sophomore class was successful in winning all but two events in the annual University Day contests which were held last Thursday afternoon in the presence of a large number of assembled undergraduates. The Freshmen women were unable to defeat their rivals in the relay race and to tie with them in the shoe race. Although the class of '33 won the rope pull across the pond, none of the opposing team was forced into the water. This is the first time that one of the two teams has not taken a plunge since the contest has been staged across the pond, a matter of nearly six years.

At 1.30 the frosh assembled in front of Hetzel Hall to carry the rope to Memorial Field behind the band. Here, for the first time, the events of the afternoon were entirely in charge of the student council. In the women's cage ball contest in which there were fifteen entrants on each side the sophomores were easily the winners, defeating the freshmen by a score of 8-4 in three minutes. Out of twenty-five second year men, five succeeded in picking out their own shoes from a large pile in the center of the field and returning to their own goal-line with them properly laced in two minutes. Eight freshmen women won the quarter-mile relay in one minute and six seconds. In the men's mile relay with eight entrants the sophomores won with the time of two minutes twenty-nine and three tenths seconds.

At the end of three quarters of a minute in the women's shoe race, four sophomores and two freshmen had crossed the goals with their feet properly shod. In the next fifteen seconds one more sophomore and three freshmen were rushed across their respective goals thus tying the score for this event. One hundred men from the two classes struggled valiantly for twenty minutes for the possession of forty canes which had been placed in the middle of the field. At the end of the allotted time the sophomores were declared winners with the score of 25-13.

The last and crowning feature of the afternoon was staged at the pond where twenty members of each class entrenched themselves on either side for the rope pull. Fierce was the struggle and loud and long were the cheers when either side succeeded in getting a lead on their opponents. At the end of a hectic twenty minutes the frosh had pulled the middle of the rope about four feet in their direction but even though they were victorious, they were unable to force their struggling opponents into the waters of the peaceful pond.

#### LIBRARY NOTES

The first number of the "Library Lantern" will appear October 12th. Catalogues have been moved in the rear of the circulation desk to make room for the Duplicate Pay bookcase and a New Books bookcase. Bound volumes of periodicals are now shelved in the basement. This is to provide for a periodical reading room.

### CLASS OF '33 SHOWS LARGER ENROLLMENT

Freshman Class Larger by 100 than Class of 1932—424 Attend Freshman Week Exercises

In 1924, Freshman Week was instituted at the University. Since that time, it has been a valuable means of acquainting Freshmen with their new environments. It affords the new students an opportunity to know each other and to become acquainted with the faculty, the campus, the buildings, the courses of study, and the traditions of the University.

This year, the program of Freshman Week began with Matriculation Day, Tuesday, Sept. 17. On that day, 424 Freshmen were registered. Last year the number was 343, an increase this year of 81 students. Before the week ended, an increase of 100 had been reached; bringing the enrollment of the Class of '33 up to 443.

The exercises continued through the remainder of the week, from 7.00 A. M. to 5.30 P. M. daily. These exercises included tests, lectures, and conferences on the following topics: English Training, Mental Tests, English Aptitude, Theme Writing, Y. M. C. A. Work, Physical Examinations, Calisthenics, Training in Mathematics, Deans' Lectures, Physical Fitness Tests for Men.

### Reserved Seats For Home Games

#### New Plan Adopted Owing to Demand of Visitors

One Section Only to be Reserved at Price Slightly Above Regular Admission—Tickets on Sale in Dover and Durham

Owing to the rapid demand in the past few years in the part of alumni, out-of-town people and others, Charles O. Nason of the Athletic Department has decided to set aside a small section of the grandstand for reserved seats. Tickets will be available for all home games this season and can be obtained for any game or all games in advance.

Arrangements have been made with The College Shop and The University Athletic Store in Durham, and with Lothrop and Pinkham's Drug Store in Dover to handle these tickets. A plan of the reserved seat section is at each of the above places. The section directly in front of the press box and known as Section F, about on the 50 yard line, is being used as a tryout. It includes a total of 131 seats.

The price of these tickets is \$1.50, including admission for the games of October 5 with Boston University, and November 16 with Springfield. The price of reserved seats for October 26, Homecoming Day with Tufts, and November 2, Dad's Day, with Lowell Tech, will be \$3.00. The general admission for the first two games named is \$1.00, while for the last two it is \$2.00. Therefore, the reserved seat charge is \$.50 where the general admission is \$1.00 and one dollar where the general admission is \$2.00. If anyone wishes reserved seat tickets sent to him, a charge of seventeen cents is made so as to cover the cost of registration of the letter, this amount covering one registration. Student and Faculty ticket holders

### Blue and White Meets Crimson

#### First N. H. - Harvard Game Occurs on Columbus Day

Rally Friday Night in Statler and Huge Dance After the Game Planned for Week-End Festivities

Students and Alumni of the University of New Hampshire are looking forward to one of the greatest week-ends in the history of the Institution, that of October 12, when the Blue and White warriors play their first football game with Harvard.

The event opens Friday evening, October 11, at eight o'clock when there will be a huge rally and meeting of students and alumni held in the Parlor of the Hotel Statler in Boston. At this hour there will be short informal talks by Albert S. Baker of the Alumni Association, graduates of the past fifteen years, who were outstanding in athletics, and some older alumnus, together with many others. It is hoped that President Lewis will also speak to the assembly. The hotel will be trimmed with New Hampshire banners and decorations fitting for the occasion.

Saturday morning at eight, special busses will leave Durham to accommodate those unable to leave sooner. They will go directly to the Statler where they will remain until one o'clock at which time they will leave for the stadium. Following the game, the big event of the day, which is to commence at three P. M., the busses will return to the hotel and wait until the dance is over.

Several special features are planned at the Stadium, including entertainment by the Boston Alumni and others. The University Band, much larger and better than ever before, will make its first public appearance out of town for the year in its customary uniform of blue and white. Excellent seats between the forty and fifty yard lines, have been reserved for the New Hampshire rooters right in the cheering section and tickets may be obtained now at the office of Alumni Secretary, Charles Pattee for two dollars apiece.

The Georgian Room of the Hotel Statler will be the scene of an informal dance Saturday evening after the game. Coach Cowell and members of the football team will be present for the affair. Music will be furnished by an orchestra brought down from the University. The subscription will be two dollars a couple to students and two-fifty to Alumni. The price of a round trip on the busses will be three dollars and seventy-five cents per person. This does not include admission to the game. All tickets should be obtained at the Alumni office as soon as possible in order that final arrangements can be completed.

Pattee are entitled to reserved seats on payment of the reserved seat fee, as above, and exchange of their ticket. These tickets will be for use at the center gate, where proper facilities will be offered.

Two ticket booths have been built inside the Memorial Field wall and these will handle general admission tickets. An attempt will be made this year to direct all the bleacher patrons through the small gate beside the center gate so as to make the handling of crowds much easier.

## VARSITY OPENS HOME SEASON WITH B. U. GAME SATURDAY

### Squad of More Than Forty Practices Daily—Cowell to Put Strong Wildcat Team on Field

Sixteen Letter Men on Squad—Seven Other Veterans and Seventeen Sophomores Also Working Out Every Afternoon—Record Crowd Expected at Annual Clash—Special Program Arranged

### STUDENT TO DROP PIGSKIN FROM AIR

Hubert Lavallie Will Drop Football While Flying Over Memorial Field Before Game in Officially Opening Home Season

Hubert Lavallie, a member of the College of Technology, class of 1931 of Berlin, New Hampshire, will fly over Memorial Field Saturday, October 5 and will drop the football that will be used in the first home game of the 1929 season, when the University of New Hampshire plays Boston University.

Lavallie is the first undergraduate solo student at the University and has taken instructions from Lieutenant Pilot W. R. Hilliard of the class of 1920. Lieutenant Hilliard is the chief pilot of the Northeast Airways of Manchester, New Hampshire.

Mr. Lavallie is adding to his solo flying hours by spending his Wednesday afternoons and week-ends flying. He will soon apply for a limited commercial pilot's license.

On his flight to Durham the young aviator will be accompanied by Mr. Hilliard, and if weather and time permit, will stay to witness the game. They may possibly favor the spectators with a few stunts.

The Northeast Airways was incorporated early in the summer and it is rather a coincidence that it should have been organized by three New Hampshire alumni. The officers being, W. R. Hilliard, N. H. U., '20; E. W. Christensen, N. H. U., '23, vice president, and E. L. Gadbois, N. H. U., '22, treasurer.

Northeast Airways operates a flying school at the Manchester, New Hampshire airport and has ten students enrolled in its classes, eight of whom are already solo students.

### FRESHMAN TICKETS

The Athletic Department of the University announces the reissue this year as in previous years of the \$2.00 freshman athletic tickets. These tickets admit to all home games played by freshman teams during the entire year, including football, basketball, baseball, hockey, and track events. They may be obtained at the athletic office in the gymnasium, from the canvassers who will go among the student body selling them, or at any of the games. Everyone is urged to purchase one of these tickets since there is certainly a great deal of entertainment in that \$2.00 and the spirit of the freshman teams would be improved with a grandstand crowd to cheer it on.

By Nolan G. Hikel, '32  
The varsity football team started off the season with a bang by winning over Colby College at Waterville, Me., Saturday, 20-7, and with increasing spirit the Wildcats will put their claws to a more rigid test, when Boston University invades Memorial Field this week-end. In another week the Harvard conflict, the big battle of the season, will attract many enthusiasts to Cambridge while all Durham observes a holiday.

With a squad numbering about 42 players daily workouts are being held under the guidance of the University's able trio of coaches, Head Coach William H. Cowell and assistants, Al Miller and Ernest W. Christensen. Since the opening of college practice sessions have been held but one day, but during the early training camp period, to which the majority of the men reported, there were two workouts a day. Excellent spirit has been observed throughout the early season work. Many who have witnessed the progress being made believe that New Hampshire coaches are turning out one of the best teams the institution has ever had.

There is an obvious advantage in the development to the present team in that a number of veteran lettermen are included in the material with which the coaches have to work. The unusually strong freshman club built up last year by Coach Carl Lundholm, has handed down several men who are breaking the jobs of some of the veterans at this early stage of the game.

The lettermen on the squad are, John Shea, halfback and fullback; Bill Nelson, fullback; Jacques Grenier, halfback; Chan Ryder, end; Charles Bianchi, guard; George Tacker, tackle; Stanley Wright, guard; Kenneth Clapp, tackle; Nelson Gaunt, halfback; Henry Kelley, quarterback; Dan Redden, halfback and end; James Ronald, tackle; Monty Theodos, tackle and guard; Gene Grenier, end; John Small, halfback; and Hagstrom, end.

Other men of past experience on the Wildcat squad are Robinson, Hanley, Christensen, Donovan, Sterling, Lane and Knabenshue.

Sophomores on the squad are Eustis, J. Slack, R. Slack, Wettergreen, Wood, Wageman, Roche, Dolloff, Waite, Dosenberg, Wilson, Boothby, Hawkes, Vaillancourt, Abbiati, Billman and Palmer.

### 1931 GRANITE TO CONDUCT ART CONTEST FOR STUDENTS

Among the innovations to be included in the 1931 Granite will be an art contest to undergraduates, and the creations considered meritable will be published in a special art section. As prize of \$25 cash is offered to the best work submitted, and it is planned to give other prizes for work worthy of mention.

There will be a meeting of those in office at 7 P. M. Wednesday, October 9.

FRESHMEN AND FOOTBALL

Although they have been on the campus for some time, this is our first opportunity to welcome the class of 1933. As near as we can determine the freshmen survived the Poster fight and the activities of University Day as well as could be expected. There were no crutches or canes in evidence and a minimum of cuts and abrasions. At present the newest class lends color to the town with their decorative "skimmers" and darning colored ties. Probably some of the freshmen bewail the fact that they are about to appear ridiculous in the eyes of everyone simply because they are freshmen. Treatment of neophytes at New Hampshire, however, is really quite tame compared with that at other New England institutions.

Last week New Hampshire played its opening football game of the season and defeated Colby. The Blue and White has been in the football "doldrums" since 1925. After two disastrous seasons improvement was seen in the third year, and the autumn of 1929 looks like one in which New Hampshire will again see success on the gridiron. For three years the coaches have been building players with no experience into a team composed of men with football sense and experience. The opening game tends to show that this has been accomplished, and football prospects for the Wildcats are the brightest in some time.

Freshmen—this is your football team. On next Saturday at Memorial Field you will have your first opportunity to cheer for your football team. Upper classmen know the story of football struggle. The seniors have seen New Hampshire working up through a long series of defeats into the winning column again. There is no need to ask them to be there cheering, they will be, for they realize that this season should see a varsity eleven that is due for a series of victories. Hence this message is primarily for the class of 1933. Freshmen and football—a newly inspired

STUDENT COUNCIL NOTES

As a result of action taken by the Student Council sophomore numeral men will be required to wear numeral sweaters inside out as a penalty for the indiscretions committed with regard to their uprising last Spring.

It has been decided that Freshmen rules shall be in force seven days a week until further notice.

The Council will take steps to secure a live Wildcat to serve as a mascot for the Harvard game.

Students are requested to leave the bonfire built by the freshmen alone unless properly authorized to start a conflagration.

Men students who have not paid their Student Council dues will be approached this week by Council members.

Delta Sigma Chi High Fraternity

Leads Scholarship for Sixth Consecutive Term

Phi Alpha Close Second—Pi Lambda Sigma First in Sororities—Lowest Sorority Higher Than Highest Fraternity

For the sixth consecutive term Delta Sigma Chi fraternity leads the other fraternities on the campus in scholarship. Averages for the spring term, announced from the registrar's office place this fraternity first with Phi Alpha second and Delta Epsilon Pi third. In the sorority list Pi Lambda Sigma ranks highest with Phi Mu second and Alpha Xi Delta third.

The complete list of sorority and fraternity averages for both the spring term and the year 1928-29 follows:

Table with columns: Sororities, Spring Term Year, Fraternities. Lists various fraternities and their average scores.

Cross Country Squads Report

Maine Replaced by Army on this Season's Schedule

Group of Thirty Varsity Men Includes Only Two Lettermen—Thirty-five Freshmen Report on First Day

Only two of the thirty men who reported as candidates for the cross country team to Coach Sweet last week have already earned letters in the sport. These two, Hazen and Richardson, with one member of last year's team, Lazure will make up the nucleus around which this year's team will be built.

The first three New Hampshire men to finish for New Hampshire at the New England last fall have been lost to the team, Captain Cahalan was lost by graduation while Benedict and Howard failed to return to college. These men finished seventh, third and fourth, respectively.

The numeral men from last year's freshman team who reported to the call, consist of Mal Chase, Carleton Noyes, Dwight Perley and Walter Mitchell.

Other members of last year's squad that have reported to Coach Sweet are, Moore, H. W. Smith, Szuch, Wood, Lampson, a numeral man of two years ago, Greenwood, Dodge, Caldwell, Quimby, Currie, Prisk and Roberts. Burbank and E. Smith of last year's kitten squad are also candidates for the varsity. Several members of the track team have also joined the hill and dalers and as far as is known they have had very little experience at this game. They are, Crosby, quarter and half miler, Walker, a hurdler, and Harrington a transfer quarter miler.

According to Coach Sweet the success of this year's team will depend on how much improvement the varsity and squad members of last year make. There will be several very good contests for places on the team and possibly the men from the track team will make positions for themselves.

The schedule for this season is the same as last year's with the exception of one meet. The Army takes the place of the University of Maine. This will take place at West Point November 2.

The first varsity meet is with Harvard, at Cambridge, October 18. Harvard lost Reed, Wilde and Lutman of last year's team and are depending a great deal on the members of last season's freshman team.

About 35 men reported for the freshman team and for the first time in several years there are several men that have had cross country experience.

team with a new class to back it. The Freshman class might well adopt for a football motto that of the new talking pictures, "See and Hear the Class of 1933 at Memorial Field next Saturday."

East of the Water Tower

By Ellen J. Farley and Enzo D. Serafini. Greetings! Glad to see you back and all that sort of hokum. We hope you had a good summer too, even though the thirteenth person who asked us that is now resting on the bottom of the College Pond, where we very gently threw him.

Doubt if there's anyone in school who hasn't heard about the freshman from Connecticut who arrived in Durham for college a week too soon. He had a last year's catalogue with him.

And then there's the Theta Chi who returned to school this fall and walked into the Phi Mu House to see the boys. None being in evidence, he walked upstairs to the second floor. What ho! Be nonchalant and light a Murad.

Is there anybody who hasn't read the "Specialist"? Clem, seen' as how he's champeen privy builder of Sagamon County, will deliver lectures on the art down by the heating plant, Saturday afternoon, between ten minutes past three and 3.10 p. m.

Those lengthy dances at the Freshman reception were fine for the "steadies," but what if you were one of the unluckies to get stuck with the person you wanted least to dance with in the hall? What can ya do, since Nellie seems immune to the high sign?

A Kappa wants to know where one puts the pledge pin on a fraternity parrot. And by the by, isn't there someone else on campus who wants to teach that bird to swear?

Why don't some of the fraternities commercialize their "deck difficulties"? We suggest a sound picture with "Moanin' Low" as the theme song.

It's worth coming back to classes just to see Jim Gorman smile when he sees one the first time. We wonder if he's been really lonesome, or merely glad to know there's at least a chance of our paying our bills down there?

Speaking of endurance tests, why can't someone discover how long he can be at an informal without yawning...or if he prefers, without asking, "What do you think of the music?"

We've often wondered the reason for the officer on guard at T Hall on registration day. Surely the executives aren't under the impression that anyone would attempt to steal the class dues collected that day.

Speaking of Scotchmen, have you ever seen anyone tighter than Dan Henderson is with those University Catalogs? Maybe that officer was on guard over them.

Have you seen the East of the Water Tower compacts on display at the Durham Arms? If we were the radio at Marshall's (which, by the way, never plays music during meal times), we'd advise you to get one.

Did you know that Edward Markham is lecturing here Oct. 18? That comes on a Friday night, and if you're at all interested in American poetry, you should go, for while we don't know what yet he's speaking on, at least you can see what a poet should look like, and then have one basis anyway for judging the work which appears in this column!

Rather goodlooking underwear on display University Day during the

ence before. The freshmen are still coming out and, according to Coach Sweet, there is still plenty of room for more. The squad is not limited and any freshman that thinks he can run is wanted to report.

The schedule for the Kittens is exactly the same as last year.

Both the varsity and the freshmen have but one meet at home. On Home-Coming Day the varsity entertains Springfield College and on the following week, November 2, the yearlings will compete with Tilton School.

The schedules are: Varsity Oct. 18 Harvard, Cambridge. Oct. 26 Springfield, Durham. Nov. 2 Army, West Point. Nov. 9 M. I. T., Boston. Nov. 18 N. E. I. C. A. A., Boston. Freshman Oct. 18 Harvard, Cambridge. Nov. 2 Tilton, Durham. Nov. 9 M. I. T., Boston. Nov. 18 N. E. I. C. A. A., Boston.

Two Changes In R. O. T. C. Staff

Anderson and MacGraw Assigned to Duty Here

Captain Gilmore and Lieutenant Carter Transferred to Quartermaster Corps—Lieutenant Anderson a World War Veteran

Major Hugo E. Pitz of the Military Department of the University of New Hampshire announced recently two changes in the personnel of the department, in which Lieutenant George B. Anderson will replace Captain Foster Gilmore in the Coast Artillery division of the department and Lieutenant J. F. MacGraw will replace Lieutenant R. F. Carter in the Infantry division.

Captain A. F. Gilmore has been transferred from the Coast Artillery to the Quartermaster Corps and is, at present, attending the Motor Transportation School at the Holabird G. M. Depot, at Baltimore, Maryland.

Lieut. Robert F. Carter has been detailed to the Quartermaster Corps and, at present, is serving as Assistant G. M. at Fort George G. Meade, Baltimore, Maryland.

Lieut. George B. Anderson graduated from Norwich University in 1916. He was commissioned as 2nd Lieutenant in Coast Artillery August 16th, 1917, going directly overseas where he served in the World War. He resigned from the service in 1919 but returned to the service as First Lieutenant in 1921. For three years, Lieut. Anderson was stationed at Fort Rodman, New Bedford, Mass., one year at Fort Preble, Portland, Me., saw two years' service in the Philippine Islands and last year was at Fort Munroe, Va.

Lieut. J. F. MacGraw is a graduate of St. John's College, Annapolis, Md., in the class of 1923. He was commissioned as Second Lieutenant and was stationed at Fort Eustis, Va., with the 34th Infantry until 1926. From 1926 to April 1928, Lieut. MacGraw was stationed at Fort DeLesseps, Panama Canal Division and from April 1928 to July 1929 at Fort Davis, 14th Infantry, Canal Zone. During this period, he was commissioned as 1st Lieutenant.

YEARLINGS TO PLAY TILTON TOMORROW

First Freshman Home Game to Take Place on Memorial Field Friday Afternoon with New Hampshire Prep-School Team

The first freshman home game will be played by the "White" team from the yearling football squad with Tilton school tomorrow afternoon on Memorial field. Last week the entire squad went to Exeter for the first game of the season, but from now on the squad of 50 men will be divided into two teams, the "Blues" and the "Whites" only the latter of which will be used tomorrow. The "Blues" will have a separate schedule the first game of which will be played with the Tufts Freshmen, Friday, October 11 on Memorial field. It is thought that by dividing the men there will be more opportunity for every member of the squad to play in at least part of some game.

Thomas Stewart, '30 and John Wettersgreen, '29, both members of past Wildcat teams are assisting Freshman Coach Carl Lundholm in his attempt to build up two successful Freshman teams.

men's relay. Good ad for the make, too, since their side won the race. If their wearer had only worn a bow around his waist, he'd been an adorable cupie doll!

What do'y think of the Freshmen skimmers? Look like something one of our art students might have designed for Byrd to sell to the Eskimox.

News Item! ! ! Bigger and Better informals will henceforth reign on the local campus. The Social Committee is determined that the boys and girls shall have fun. Yes sir, honest to goodness, real clean wholesome fun. To start off the big year, a different kind of an informal will be held this Saturday night, the night of the B. U. game. Wear what you will! Tuxedos, iron hats, overalls, good old fashioned red flannels or fig leaves (this last isn't meant to be taken seriously) may be worn. Anything that covers the law will be oke with the committee. Something on the Bowery Ball idea, don't you know. Everybody out!

Have you met Henry, the pride of Franklin?

We've always heard that ..... and we know that the freshman girls aren't mountain climbers.

Advertisement for American DYE HOUSE DOVER, N.H. with text: We Have Nothing to Sell, Buy or Rent. Goods Called for and Delivered. Telephone 403. Just send your wearing apparel to be Cleaned or Dyed to

Large advertisement for Coca-Cola featuring an illustration of a man and woman, text: Drink Coca-Cola Delicious and Refreshing. PAUSE AND REFRESH YOURSELF. OF COURSE IT'S NO FAIR PLAYING THE PROCTOR AND SPYING OUT SUCH A DELICATE SITUATION AS THIS. BUT THEN, WE'RE NO PROCTOR. AND WE CAN RESIST ANYTHING BUT TEMPTATION. All of which goes to prove (if we may be excused for saying so) that the pause that refreshes is the sanest temptation which millions ever succumbed to. And to these same millions the pause that refreshes has come to mean an ice-cold Coca-Cola. Its tingling, delicious taste and cool after-sense of refreshment have proved that a little minute is long enough for a big rest any time. The Coca-Cola Co., Atlanta, Ga. YOU CAN'T BEAT THE PAUSE THAT REFRESHES. IT HAD TO BE GOOD TO GET WHERE IT IS.

Autumn of '79

WHILE Yale and Princeton were battling to a tie at Hoboken, New Jersey, a small group of scientists, directed by Thomas A. Edison, was busy at Menlo Park, only a few miles away. On October 21, their work resulted in the first practical incandescent lamp.

Few realized what fifty years would mean to both electric lighting and football. The handful who watched Yale and Princeton then has grown to tens of thousands to-day. And the lamp that glowed for forty hours in Edison's little laboratory made possible to-day's billions of candle power of electric light. In honor of the pioneer achievement, and of lighting progress, the nation this year observes Light's Golden Jubilee.

Much of this progress in lighting has been the achievement of college-trained men employed by General Electric.

## Alumni News

There are several things that the Alumni Secretary would like to call to the attention of the alumni. Alumni Dues are coming in nicely but those of you who have just neglected the matter, please give it your consideration. We need the help of every one. That means everyone. We should set for our goal this year at least 35% paid up membership. We could do this easily if everyone would help.

The New Hampshire-Harvard game will take place in Cambridge, Mass., on October 12th. Unless there is some darned good reason, every alumnus should be there who lives within 100 miles of Boston. Chris O'Leary, '20, and his committee are planning big things for the day. PLAN TO BE THERE. If you wish tickets for the game, write to Chris O'Leary, 158 Summer St., Somerville, Mass. The tickets are \$2.00 each and when ordering tickets, be sure to enclose your check or a money order and also send an additional 20c if you wish your tickets sent by registered mail.

Chris also has tickets for the dance. Oh, yes, there is to be a big dance at the Hotel Statler, Saturday night, in the Georgian Room. The charge is only \$2.50 per couple, and it will be an informal affair. We expect a very good crowd.

Now, there is to be one event that is free. A smoker, or rally or what have you on Friday night at the Statler beginning about 8 o'clock. Come early and visit with the gang of old grads that will be sure to be there. This meeting will be held in Parlor A. Let's go over this all again.

Friday, Oct. 11—8 p. m. Smoker, Statler, Parlor A.

Saturday, Oct. 12—3 p. m. New Hampshire vs. Harvard, at Harvard Stadium, Cambridge. \$2.00 per ticket.

Saturday, Oct. 12—8 p. m. Dance, Hotel Statler, Georgian Room. \$2.50 per couple.

HOME-COMING DAY is October 26th. Plan now to be there! There should be a big crowd back this year. You will hear a lot more about it later. But, Plan Now to be There. Durham, October 26th, Home-Coming Day.

Notes from Keene:  
The following are teaching in the Keene High School. Carroll H. Lowe, '22, is living at 35 Wilder St. Mrs. Lowe was Clara Leining, ex-'23. Helen E. Webster, '26, is secretary to the principal for the second year. Esther B. Eastman, '25, is head of the Domestic Science department and matron of Academy House. Address, Academy House, Keene. Robert V. Beals, ex-'27, is teaching history and living at 22 Page St.

Doris Renee, '28, is teaching grade 7, her second year at Symonds Junior High School. Address 81 Park Ave. H. Raymond Danforth, '28, is prin-

cipal of Franklin Junior High. He held a position as Director of Municipal Playgrounds this summer and had a successful season.

Lieut. Cleland Sibley, U. S. A., ex-'23, and West Point grad is on a furlough here after having been on duty a couple of years in Hawaii.

Several of the alumni in this city and surrounding towns plan to attend the N. H.-Harvard game Oct. 12, also the rally and dance. Plans are underway for a joint U. N. H.-Dartmouth holiday vacation dance in Keene. R. W. Newell, '23, is chairman of the N. H. Committee on arrangements. Newell is a reporter for the Keene Evening Sentinel and is residing at 83 Spring Street.

'17, Sidney W. Wentworth has recently been appointed Associate Professor of Pomology at the University of Maryland, College Park, Md. For the past three years he has been doing half time teaching and graduate work at Cornell University. While there, he was initiated into Sigma Xi, Honorary Research Fraternity.

'15, William S. Bartlett's new address is Box 61, Valley Stream, Long Island, N. Y. He is still with Stone & Webster, however.

'26, Reginald W. Hartwell is working in Ward's Natural Science Establishment, Rochester, N. Y., and says he likes it very much. Address, 100 Gibbs St., Rochester, N. Y.

'13, Rev. Philip C. Jones for the last seven years assistant pastor of Church of the Covenant, Cleveland, Ohio, has moved to New York City, where he has taken up his duties as Associate Pastor of the Madison Avenue Presbyterian Church of that city. Address is 921 Madison Ave., N. Y. C.

'29, Robert Googins and Raymond Joyal are doing graduate work at U. N. H.

'19-'20, Mr. and Mrs. Harold M. Ladd, '20 (Katharine Williams, '19) have moved to Brimfield, Mass., where Harold is Headmaster of the Hitchcock Free Academy.

'23, Arthur H. DeCourcy is on a two years' leave of absence as Assistant Headmaster of St. Andrews School, St. Andrews, Tenn. This year he is teaching at Hoosac School, Hoosick, N. Y.

'27, George Keough is still serving as Instructor in history and government in Hebron Academy, Hebron, Me.

'28, Ruth E. Wright is teaching French and History in the Searles High School of Methuen, Mass.

'21, The engagement of Miss Rachel M. Dandenburg of Coxsackie, N. Y., to Thomas J. Craig was announced this summer. He is with the California Ink Company of New York. Address, 618 Pavonia Ave., Jersey City, N. J.

'28, Raymond A. Hoyt is coaching athletics at Sanborn Seminary, Kingston, N. H.

'24, John B. Severance has been made Supervising Principal of the Public School, Athens, N. Y.

'22, Gordon Fox is now Principal of the high school in Schoharie, N. Y.

'15, Capt. Richard A. Knight has taken up his duties as Instructor of 176th Field Artillery of the Pittsburgh National Guard. Address, 334 Kenmont Ave., Pittsburgh 16, Pa. Changes.

'28, Byron Taylor, 770 Columbia Road, Dorchester, Mass.

'13, Thomas J. Twomey, 2046-6th Street, Port Arthur, Texas.

'21, George H. Batchelder, Lakeview Apts., Narberth, Pa.

'29, Burnham B. Davis, Thornton Academy, Saco, Me., teaching.

'21, Delia Langley, 59 State St., Apt. 36, Portland, Me.

'22, Frederic H. Emery, 48 Gould Ave., Bedford, Ohio.

'11, Leland W. Bennett, 512 Cathcart St., Orlando, Fla.

'23, Mr. and Mrs. Lawrence M. True (Marion Williams), 7808 Euclid Ave., Cleveland, Ohio.

'28, Ervilla Stoddard, 18 College St., Middlebury, Vt.

'17, Leonard R. Nixon, 46 Hillcrest Ave., New Britain, Conn.

'01, Harry W. Evans, 1850 Perkio-men Ave., Reading, Pa.

'28, John F. Stevens, 1132 So. 46th St., Philadelphia, Pa.

'10, Fred. O. Chase, 9 High Street, Dalton, Mass.

'28, M. Louise Sullivan, Kings County Hospital, Dietitian Dept., Annex 3, Brooklyn, N. Y.

'25, James E. Walker, c-o W. T. Grant Co., Elgin, Illinois.

'26, Leo F. O'Malley, 3140 5th St., Port Arthur, Texas.

'26, Stewart Avery is on the School Committee in Edgartown, Mass.

'27, Lester C. Ayers has just been appointed Director of Athletics at Danvers, Mass., high school.

'29, Guilford E. Elwood is a Veterinary student at Ohio State University. Address, 150 W. Frambes Ave., Columbus, Ohio.

'18, Earl L. Scovell is an Extension Forester on the College Farm, New Brunswick, N. J. Address, 818 So. 3rd Ave., Highland Park, New Brunswick, N. J.

'28, Lionel P. Whitten has been ill and under the doctor's care for several months. He is at his home, 419 Laurel St., Manchester, N. H.

'14-'18, Mr. and Mrs. Horace V. Bent, '14, (Helen Bugbee, '18), have moved to Deerfoot Farms, Southboro, Mass.

'16, Vincent A. Perkins is Secretary of Lawrence Academy, Groton, Mass.

'29, Jack K. Hatch is working for the New York Tel. Co., and is living with Lyle Bell, '26, at 181 So. Broadway, Tarrytown, N. Y.

'20, Harry C. Atkins writes that he has flown to more distant fields and is now Factory Engineer of the Oakland Lamp Works, Incandescent Lamp Dept., of the G. E. Co., in California. Address, 138 Wildwood Ave., Piedmont, Calif.

'29, Ruth E. Pitcher is teaching Home Economics at Lasell Seminary, Auburndale, Mass.

'26, Robert Folsom is teaching in the high school at Belleville, N. J. Address, 131 Cedar Hill Ave., Belleville, N. J.

'21, Ruth Colburn Weston is the County Club Agent in Cheshire County.

'25-'26, Mr. and Mrs. Irving T. Hersey, '25, (Edna Henderson, '26), have just changed their address to 7122 E. End Ave., Windsor Sta., Chicago, Ill.

'28, Roland F. Chandler is teaching and coaching in the high school at No. Attleboro, Mass.

'28, Russell Folsom is working for the N. Y. Tel. Co., and living at Queen's Central Y. M. C. A., Jamaica, Long Island, N. Y.

'26, Raymond E. Corey is Toll Cable Engineer for the N. Y. Tel. Co. Address, 63 E. Delavan Ave., Buffalo, N. Y.

'28, Walter Ramsay (formerly Durham's mayor) is the Director of Physical Education at St Paul's School, Garden City, N. Y.

'20, '22, '23, Russell Hilliard, '20, Edgar L. Gadbois, '22, and Ernest W. Christensen, '23, have been conducting a Flying School at the Manchester Airport this past summer. They have ten students in the course now and seven are soloing at the present time. "Russ" is an excellent pilot and instructor.

Ex-'18, Milo Brill, Drum Major of the Newport Drum Corps, is on his way to the American Legion Convention at Louisville, Kentucky.

ENGLISH NOTES

Miss Nellie Elizabeth Pottle has accepted the position of instructor of English Department of the University. Miss Pottle graduated from Colby College in 1925 and taught English for two years at Spelman College, Atlanta, Ga. From there Miss Pottle went to Lee, Maine, where she was Preceptress at Lee Academy, and teacher of English. In June 1929 she received her Master of Arts degree in English from Yale University where she had been working during the year 1928-29. The subject of her Masters Thesis is "The Influence of Contemporary Controversies on Browning's 'Dramatis Personae.'" Miss Pottle is a member of the Chi Omega sorority and Phi Beta Kappa honorary scholastic fraternity.

Book and Scroll is anticipating the appearance of Edwin Markham in Durham during the third week of October. Mr. Markham is the author of the famous "Man with the Hoe." He will lecture and give readings from his poems.

NEW HAMPSHIRE SECOND IN CATTLE JUDGING CONTEST

Only eight points behind the winner, the University of New Hampshire Dairy Judging team placed second to Rutgers University, New Brunswick, N. J. at the Annual Eastern States Intercollegiate Dairy Cattle Judging contest at Springfield, Mass.

Eight institutions were entered in the contest and finished in the following order: Rutgers with 4142 points, New Hampshire with 4134 points, Penn. State with 4126 points, Massachusetts Aggies, Connecticut Aggies, University of Maryland, Cornell and the University of Maine.

Forrest Tenney of Antrim, N. H., was high scorer in judging Ayrshires. John K. Whittemore of Londonderry, N. H., was high scorer in judging the Guernsey breed.

The New Hampshire team won the Guernsey Trophy donated by the American Guernsey Cattle Club, whose headquarters are at Peterboro, N. H., and each member of the team receiving a beautiful set of book-ends. Whittemore ranked fourth in the total number of points scored.

Faculty Member Author of Book

E. A. Cortez Completes Public Speaking Text

Work to be Entitled Project Speaking and Deals with the Modern Manner of Public Speaking—Book to soon come off Press

In a few weeks there will come off the press another book by a University of New Hampshire writer, when *Project Speaking*, a textbook in the modern manner of public speaking, by Prof. Edmund A. Cortez of the department of English will leave the publishing rooms to become acquainted with students and readers everywhere.

In *Project Speaking*, Mr. Cortez has borrowed on a wide experience and a splendid training to produce an entirely new and stimulating approach to the study of speech. Mr. Cortez employs the *Socratic method* of instruction which is a departure from the ordinary style of textual writing. This method is most challenging, and students as well as teachers will find it a mental stimulus.

The author not only offers suggestions for speech projects, but creates typical speaking situations which are most frequently encountered in every day life. The book is thus exceedingly helpful since the student who meets and overcomes the exigencies of such situations is not preparing for speech at a later time but is speaking under actual conditions.

As a suggested guide for correct treatment of the typical speaking situation a carefully selected group of speech models are included. They are dynamically thought-provoking, and furnish the basis for formal speeches and original arguments. Through their assimilation the student will not only learn to write and to speak but will acquire insight into the working of great minds, since the model speeches are from such scholarly and interesting men as Charles W. Elliot, great President of Harvard University; Senator Moses, of New Hampshire; Senator Simeon D. Fess, of Ohio; Franklin D. Roosevelt, Governor of New York; Woodrow Wilson, late President of the United States; Calvin Coolidge, Ex-President of the United States; and Herbert Hoover, President of the United States.

The direct treatment and original way of imparting instruction make the book unusual and suggestive.

Professor Cortez is the director of debating at the university, having charge of both intercollegiate debating and intra-state interscholastic debating. In addition to these activities, Mr. Cortez is faculty member and advisor of the honorary debating fraternity at the University, Tau Kappa Alpha, and a member of the social fraternity, Delta Sigma Chi.

city authorities as the most prominent alumni in the public eye today. He has recently been appointed by President Hoover as Director of the White House Conference on Child Welfare.

Some new interesting things about the state of New Hampshire will be the principal feature of the talk given on October 30 by Donald D. Tuttle, Executive Secretary of the New Hampshire publicity bureau.

A woman speaker will give a speech on November 6. Mrs. Lucia Ames Mead of Boston, a well known author and lecturer, will give the talk on International Affairs.

November 13—Pending.

November 20—Dr. Lewis Perry, Principal of Phillips Exeter Academy.

December 4—Arthur M. Dunstan.

December 11—Mr. John N. Lawrence of Boston who it is expected will be the best speaker on the Fall convocation program.

At the present writing Mr. Blewett is getting engagements from prominent men for the winter convocation meetings which he promises will be even more entertaining than this fall.

WOMEN'S STUDENT GOV'T

The first meeting of the Women's Executive Council was held in the Congreve parlors at five o'clock on Tuesday afternoon.

NEW MAGAZINE DEVOTED TO YOUNG WRITERS ON SALE

Of particular interest to local readers is the fact that *Manuscripts* appeared on sale at the local bookstores this week. It is edited and published by Willis H. Kinnear, at Indianapolis, Indiana. It is something entirely new in the field of magazine publications. The format is unique, and

the purpose is very unusual.

The magazine caters to the younger writers throughout the United States, primarily to those who are in the Universities. The magazine is being published in the interest of the college writers and their professors. *Manuscripts* is distributed on a national scale and has the support of many prominent literary men. Robert Morss Lovett, Norman Foerster and Edith R. Mirrielees, all very well known,

are advisory editors. In addition to these names there appear others such as William Lyon Phelps, Peter Munro Jack, Paul Kaufman. One very unusual point well worth mentioning is the facts that *Manuscripts* has the cooperation of the heads and members of the English departments of the largest Universities in the country. The magazine is filling a place among magazine publications that has too long been left unfilled.

Plans For Term Convo Programs

Many Important Persons Secured for Speakers

President Lewis Opens Series of Meetings Yesterday with Address—New Dean of Men Introduced to Undergraduates

Unusual interest is manifested in the convocation program which has been prepared this Fall by the new Executive Secretary, Mr. Edward Blewett, who has obtained for the benefit of the students many important persons of varied professions and avocations.

The first assembly was held yesterday with an address given by President Edward M. Lewis. As a part of the day's program the President introduced the new Dean of Men, Mr. Norman Alexander, to the student body. Dean Alexander gave a brief speech to the student audience at that time.

On October 9 Mr. L. D. Gibbs of the Edison Electric Company of Boston will give a talk pertaining to the progress of science and invention in recent years with added glimpses into the life of Thomas Edison. It is also expected that Mr. Charles Edgar, President of the Edison Company, will be present at that time.

A prominent man, Dr. Dennis McCarthy, who is very much in demand, will be the speaker at convocation on the 16th of October. Besides being a poet, publicist and lecturer, Dr. McCarthy is Associate Editor of the Ginn and Company, a well known publishing establishment for text books in American colleges and universities.

On Saturday, Oct. 26, the convocation hour will be turned over to the alumni and the previous Wednesday the convocation exercises will not be held. Dr. Harry C. Barnard, '99, will be the chief speaker on the program. Dr. Barnard is considered by univer-

## Frosh Reception Well Attended

### "Y" Organizations Sponsor Annual Social Function

Approximately Seven Hundred Guests Fill University Gymnasium to Receive Freshmen—Music and Dancing on Program of Entertainment

An estimated crowd of 700 people were present at the annual freshman reception given by the combined student christian associations of the university at the Men's gymnasium last Friday evening at eight o'clock. The committee in charge of the affair consisted of Waldron Lowe, chairman, Joseph Ennis, Winchester Wood, Sally Brunel, Florence Gordon, and Harriet Shepherd.

The hall was decorated with college and high school banners, and red, white and blue paper. After having met President and Mrs. Lewis, Professor Harry W. Smith, chairman of the advisory board of Christian Work; Florence Gordon, President of the Woman's Christian association; Francis Robinson, Vice-president of the Men's Christian association who took the place of Harry R. Smith, president of the association who was out of town; Dean George Bauer, Dean Elizabeth DeMeritt, Benjamin and Mrs. Andrew, Reverend and Mrs. Fred Buschmeyer, and Orin and Mrs. Henderson, who formed the receiving line, the freshmen were taken to one of eight booths which were presided over by Professor and Mrs. Kaljarvi, Professor and Mrs. Phillips, Professor and Mrs. Babcock, Professor and Mrs. Potter, Professor and Mrs. Charles, Professor and Mrs. Rudd, Mr. and Mrs. Wadleigh, and Professor and Mrs. Ekdahl where

## STUDENTS ATTENTION

For self-supporting students desiring fascinating remunerative work either temporary or permanent, may I suggest that many students of both sexes have earned scholarships and cash sufficient to defray all college expenses representing national magazine publishers. If interested write or wire for details—M. A. Steele, National Organizer, 5 Columbus Circle, New York, N. Y.

## FRESHMAN ELEVEN LOSES AT EXETER

Beverstock and MacGowan Star for Kittens—All Scoring Made in Second Half

The Freshman football team opened its season last Saturday by losing to the Phillips-Exeter Academy team by the score of 27 to 0. Beverstock and MacGowan showed up well for the Freshmen, while Bennett and Clark played a good game for Exeter.

The freshman team played as well as could be expected considering that it had had only a week of practice to prepare for this game. They held the Exeter team scoreless for the first half of the game, and it was only after blocking a kick near the freshman goal-line that the Exeter team was able to score its first touchdown.

This was also the first game for the Exeter team, which showed strength despite the fact that the freshman team was so unorganized.

In this game the freshman team used quite a few substitutes which allowed Coach Lundholm and his two assistants, Thomas Stewart and John Wettergreen, to size up the material.

## Farmers Week Biggest Ever

### Attendance Reaches Peak of 2500 on August 15

Plainfield Grange Winner of One-Act Play Contest—"Know Mississippi Better" Train Stops for Visit During Week

Farmers' and Homemakers' Week on the campus this summer drew a larger crowd than ever before. The attendance at the meetings, which were held August 12 to 16, increased each day until on Friday, the day set aside for 4-H Club play and the hand-mowing contest, a crowd of 2,500 people filled the bleachers on Memorial Field and 769 automobiles, according to the count of Officer Louis Bourgoin, were parked around the buildings and along the streets.

In attendance at the 4-H club camp, Camp Carlisle, were more than 700 club boys and girls with many of their leaders. Instruction was given them in life saving, gardening, canning, homemaking, forestry and whatnot. The women were entertained with cooking and canning demonstrations. A popular attraction in Murkland Hall was the hair dressing demonstration; queues of women extended through the corridors of the Liberal Arts building awaiting their turn at the hands of Boston specialists who, with a few deft touches to the hair, transformed the square jawed or rounded face into a seemingly oval one.

The finals in the State One-Act Play Tournament were run off in Murkland Auditorium. Gilbert Reed, '30, Mask and Dagger property man, was down to help with the contest. Nine plays were held—three each night. The Blow-Me-Down-Grange of Plainfield playing "Uncle Jimmy" by Zona Gale was declared the winner. The star of the play, W. H. Jenney, also won the handmowing contest. Second place among the plays was taken by the Drama Group of Walpole playing "The Boor" by Anton Tchekoff, and third was won by the Woman's club of Epping playing "The Neighbors" also by Zona Gale. Professor Claude Lloyd of the English department, Miss Ella Gardner of the Children's Bureau, Washington, D. C., and Mrs. Edna Hunter of Hanover were the judges. Each night of the plays many had to be turned away in spite of the club meetings which were being held in the Gymnasium.

Thursday the "Know Mississippi Better Train" stopped for a visit. About 200 toured the campus, mingled with the Farmers' Week crowds, and sampled a little of the University ice cream. They had with them a twenty piece brass band of college girls and a sextette. Several cars of exhibits were included in the train.

On Tuesday the agricultural program was devoted to poultry talks, on Wednesday fruit, vegetables and forestry were featured, and Thursday was livestock and crops day. Friday was devoted to a field program.

## MILNE AUTHOR OF FALL TERM PLAY

(Continued from Page 1)

choice of Mask and Dagger for its fall term play, Mr. Milne has again produced a most successful and artistic comedy, reeking with the dry humor of the Englishman, one that unquestionably ranks with *The Dover Road*, which was the winter term play last year and was played in several cities of New Hampshire with marked success. O. P. Heggie, who plays the detective part in the popular talkie, *The Mysterious Dr. Fu Manchu*, starred in this play on the New York stage a few seasons ago.

Tryouts for the play will be held for upperclassmen today, the sophomores at 4 p. m. and the juniors and seniors at 8 p. m. The tryouts for freshmen will be posted at a later date. According to Prof. William G. Hennessy, the director of dramatics at the University, there are many opportunities open in Mask and Dagger this year in all phases of play production since the ranks of the society were considerably depleted by the graduations of last June. Director Hennessy is anxious to interview everyone interested in dramatics, not only for the casting of the fall term play but also for future productions. The play for the winter term, which will probably visit the larger cities of New Hampshire, has not as yet been chosen. However, the spring term play will establish a new precedent for the university dramatic society, when they intend to begin a custom of producing one Shakespearean play each year. This year the campus actors will interpret *The Taming of the Shrew* for the commencement audiences in addition to the regular college playgoers.

## Announce Added Faculty Staff

### Dr. Harold Iddles Made Acting Chemistry Head

College of Liberal Arts Receives Eight New Members, College of Technology Nine, and College of Agriculture Three

The office of Administration at the University of New Hampshire Monday announced the list of faculty additions which have been made for the college year 1929-30.

H. G. Duncan, Ph.D., Associate Professor of Economics and Sociology, has degrees from the following: A.B., Wake Forest College, B.S. and Th.M., Crozer Theological Seminary, Th.D., Southern Baptist Theological Seminary and A.M. and Ph.D., from University of Pennsylvania. Professor Duncan has taught at the University of Illinois, University of Southern California and University of North Carolina. He has recently published a book entitled "Race and Population Problems" and is under contract to write a text on immigration for the Reuter series for McGraw-Hill Book Company.

Frederick K. Arnold, A.B., Instructor in Languages. He received his degree from Harvard University in 1929.

Miss Nellie E. Pottle, M.A., Instructor in English. Miss Pottle received an A. B. degree from Colby in 1925 and an M. A. from Yale in 1929. She has had three years' teaching experience.

J. M. Sanders, M.A., Instructor in Zoology, is taking Mr. Donald Barton's place for the year 1929-30. He has an A.B., from William Jewell College, 1929 and an M.A. from the University of Illinois, 1927. Mr. Sanders has been Assistant in Zoology at the University of Illinois since 1927.

James A. Floyd, A.B., Instructor in Languages. He has an A.B., from Boston University, 1928. He spent a year studying at Dijon, France.

Miss Anna D. Murphy, A.B., Instructor in Languages. Miss Murphy has an A.B., from Boston University, 1929.

John F. Sheehan, B.S., Graduate Assistant in Zoology.

Ruth E. Thompson, B.S., Graduate Assistant in Zoology. Both Miss Thompson and Mr. Sheehan graduated from the University of New Hampshire in 1929. These are all of the additions to the faculty in the College of Liberal Arts.

Additions in the College of Technology are as follows:

Harold A. Iddles, Ph.D., Professor of Chemistry. Professor Iddles received a B.S. degree from Michigan State College in 1918, an M.S. degree from the University of Iowa, in 1921 and a Ph.D. degree from Columbia University in 1925. He has taught at Michigan State College, University of Iowa and Columbia. His study abroad consists of: the summer of 1926 in residence at the University of Graz, Austria, studying micro-analytical methods with Professor Fritz Pregl, and 1927-28 on leave of absence from Columbia as Cutting Traveling Fellow. He carried on research work in the field of alkaloids with Professor Robert Robinson at the University of Manchester, England and also with Professor Heinrich Wieland at the University of Munich studying the oxidation of certain unsaturated organic compounds.

Bradford F. Kimball, Ph.D., Assistant Professor of Mathematics, received an A.B. degree from Amherst College in 1918, an A.M. from Harvard University in 1921 and a Ph.D. from Cornell University in 1926. He has taught at Tulane University, Cornell and Brown.

William H. Hartwell, M.S., Instructor in Physics, has received a B.S. degree from Boston University in 1924 and an M.S. from Wesleyan University in 1928. He has taught at Wesleyan, University of Maine and Harvard.

Edward H. Wells, M.A., Assistant Professor of Mathematics, was born in China and attended the Shanghai

Leave Durham—8.00, 9.00, 11.05 A. M., 12.00, 1.15, 3.00, 4.00, 5.00, 6.50, 10.10 P. M.  
 k Saturdays only.

SUNDAYS  
 Leave Dover—8.30 A. M., 12.30, 4.00, 6.00, 9.45 P. M.

Leave Durham—9.00 A. M., 1.00, 4.30, 6.50, 10.10 P. M.  
 E. A. Chase, Supt.

American School. He has a B.S., magna cum laude, from the College of Wooster, Wooster, Ohio, 1922 and an M.A., from Princeton University in 1928. Mr. Wells has taught at Lafayette College and Princeton University.

Lawrence H. Opdycke, Ph.D., Assistant Professor of Chemistry, was appointed to the faculty after serving part of last year after Professor James' death.

Sherwood P. Smedley, M.A., Instructor in Chemistry, was re-appointed for this year after serving the spring term of 1928-29.

Charles A. Sewall, B.S., Graduate Assistant in Mathematics.

Louise S. Woodman, B.S., Graduate Assistant in Mathematics.

Wilfred E. Krabek, B.S., Graduate Assistant in Chemistry. Mr. Sewall, Miss Woodman and Mr. Krabek all graduated from the University of New Hampshire in 1929.

The additions to the faculty in the College of Agriculture are:

Leroy J. Higgins, B.S., Instructor in Agronomy, received his degree from the University of New Hampshire in 1923.

A. D. Robinson, M.S., Instructor in Agricultural and Biological Chemistry and Assistant Chemist in the Experiment Station.

In the Experiment Station Mr. Maurice E. Bickford, B.S., has been appointed an assistant in Animal Nutrition. He received his degree from the University of New Hampshire in 1929.

## LIBRARY NOTES

In order to supply all of the current fiction, the library has started a Duplicate Pay Collection.

A number of experiment-station periodicals will now be shelved in the main library.

## You Need Well Balanced Meals

Choice of food at the University Cafeteria will fully satisfy the most discriminating taste.

Proving popular and economical is the \$6.00 meal ticket, providing seven breakfasts, seven dinners, and seven suppers to be eaten at your option.

A \$6.00 Cafeteria ticket is also available for \$5.50.

## The University Dining Hall

### MAY WE SUPPLY YOUR CLASSROOM NEEDS?

Leflex and National note books indicate a precise and business like manner of recording lecture notes.

### —AND OF COURSE—

The Chilton fountain pen once tried will be found indispensable. Chiltons hold twice the ink. No danger of running dry even with four lecture periods in a row.

Pencils, all necessary kinds of paper, and all class room accessories.

## UNIVERSITY BOOKSTORE

# For a Flying Start in the New School Term Choose a Parker Duofold

—the college favorite by actual census

\* Guaranteed Forever Against All Defects

Parker Duofold Pens \$5 to \$10 Pencils to match the pens, \$3 to \$5

High altitudes and high marks are both old friends to W. Howard Elmans, honor student at New York University. Between classes he pilots his own Curtiss plane—and in class pilots a Parker Duofold Pen.

Christened "Parker Duofold" by Amelia Earhart, the first trans-Atlantic woman flyer, this 5-Passenger Fairchild Monoplane has, in the past 9 months, given flights to 6,200 Parker dealers and college students. This fall it will continue its tour among the colleges of America.

Now numbers of colleges have their flying clubs and landing fields—but the thing that students like best to pilot through their studies is the light-flying Parker Duofold Pen that leaps to its work like a dart and writes with Pressureless Touch.

Pressureless Touch is Geo. S. Parker's 47th Improvement, combining capillary attraction with gravity feed.

A census of pens in 13 technical schools disclosed that Parker leads in popularity 2 to 1. It was voted the favorite by students in 55 colleges. And a nation-wide poll conducted by the Library Bureau proved Parker the preference by 25% above the second pen, and 48% above the third.

Non-breakable barrels of jewel-like, colorful Permalite, smartly black-tipped—28% lighter than rubber—holding 24% more ink than average, size for size.

Step to any good pen counter and select your point. Imitations can't deceive you if you look for the imprint, "Geo. S. Parker—DUOFOLD."

THE PARKER PEN COMPANY, Janesville, Wisconsin  
 Offices and Subsidiaries: New York, Chicago, Atlanta, Buffalo, Dallas, San Francisco; Toronto, Canada; London, England.

There's very little about airplanes that Kober Cameron, Engineering Student at Stanford University, doesn't know. He's a good judge of pens, too—uses a Parker Duofold.

Here are Bill Banker, Tulane's All-American "Blond Blizard," and Ike Sewell, former captain of University of Texas' football team—all set for a hop in a Command-air plane. When it comes to speedy writing, both are Parker Duofold users.

\*To prove Parker Duofold is a pen of lifelong perfection, we offer to make good any defect, provided complete pen is sent by the owner direct to the factory with 10c for return postage and insurance.

### 1929-30 Lyceum Course Chosen

#### Program Complete After Careful Consideration

Tony Sarg's Marionettes, Lowell Thomas, Povla Trijsh, Russian Cossack Chorus, Hernandez Brothers and Senorita Lolita, and the Laurent Sextette all to Appear

The bookings for the 1929-30 Lyceum Course represent an untiring effort on the part of the committee to maintain the high standards of instructive entertainment that have prevailed at the University in the past. The artists appearing on the course have been chosen only after most careful consideration and with a view to a well-balanced and diversified program.

December 5. Tony Sarg's Marionettes, in "Rip Van Winkle." In the past years, the marionettes have been presented to the University with marked success in "Treasure Island" and "Ali Baba and the Forty Thieves."

January 5. Lowell Thomas, "With Allenby in Palestine and Lawrence in Arabia." The lecturer was the only American observer who witnessed the reclaiming of the Holy Land; and who was able to record the spectacular events through the lens of the motion picture camera. The committee counts this lecture as one of the outstanding adventure stories it has been privileged to present.

January 17. Povla Trijsh, Danish Soprano. Madame Trijsh has appeared as soloist with the Boston and Philadelphia Symphonies. During the administration of President Harding, she was invited to sing at the White House.

January 29. The Russian Cossack Chorus. This Chorus has made notable tours in European countries, particularly, Italy, France, and Spain. In the United States, the Chorus has been heralded as a singing organization of the first magnitude.

February 10, 1930. Hernandez Brothers and Senorita Lolita. Presenting a program of folk songs of Latin-American countries.

February 24, 1930. The Laurent Sextette. Each artist in the Sextette is a member of Boston Sym-

phony Orchestra, and a program that should appeal to all music lovers may be expected.

The committee feels that this is one of the best series ever presented in the history of the Lyceum Course. At the extremely low price of \$2.00 tickets for the entire course may be secured at Brad McIntire's, University Bookstore, and at the Business Office.

### New Building Partially Used

#### James Hall Not Entirely Equipped for Occupancy

First Floor Will Not be Finished for  
Some Time—Although Some  
Classes are Held in it

Although James Hall is not entirely completed for the beginning

of the school year as was expected, several of the rooms are sufficiently finished for the use of the student body.

On the first floor are several classrooms which will not be finished for some time. There is also the Chemistry library which is composed of all the chemistry books collected from the basement of the Hamilton Smith library, Agricultural chemistry books from Nesmith Hall, and Journals from Conant. Tables are installed which will accommodate 24 students at a time. The library will be in charge of the secretary of the chemistry department and will be open from 9 a. m. to 5 p. m. and from 7 p. m. to 10 p. m. The office of Professor Iddles, the head of the Chemistry department, is on this floor also. All recitation sections in chemistry except two will be held in this hall beginning Tuesday.

On the second floor are situated the Quantative and Qualitative labora-

tories which are awaiting the finishing touches. On this floor also are the classrooms which have been in use during the past week and the offices of Instructor Daggett and Assistant Professor M. M. Smith.

On the third floor is the main lecture room which will accommodate 170 people. This room has ventilators not only in the ceiling but also forced ventilation under the seats. A projection booth is at the top end of the room. The ceiling, as well as those in most of the halls, is covered with Celotex in order to minimize the noises and to afford the best acoustics possible. This room will be used as soon as the demonstration table can be installed.

At the northern end of the same floor is the freshman laboratory equipped to accommodate 125 students at a time. This will be ready for use this week.

The whole building is similar to Murkland in construction, being the

third in the trilogy of Murkland, DeMerritt, and James. The main entrance is off the terrace. In every laboratory is a shower bath and drain in case anyone's clothing catches fire during an experiment. The building is equipped with an elevator in such a way that it serves both the main chemistry department and the agricultural department. On the top floor, the fourth, is a lounging and meeting room for students and student chemical organizations.

#### LIBRARY NOTES

Students using Reserve Book room now go to the shelves to choose their own books. This gives the student a chance to see all the books placed on reserve for his course.

Instruction in the Library Freshman Week this year, although shorter, seems to result in a larger use of the library.
