DURHAM, NH - Incumbent Senator Elizabeth Warren holds a comfortable lead over Republican nominee John Deaton in the race for U.S. Senate in Massachusetts. Warren is only somewhat popular in Massachusetts while large numbers are unfamiliar with Deaton. Concerning ballot questions in the upcoming election, likely voters are largely supportive of Questions 1, 3, 4, and 5, while voters are divided on Question 2. However many voters have not heard much about these questions or are undecided.

2024 Massachusetts U.S. Senate Election

Democrat Elizabeth Warren is running for a third term in the U.S. Senate. If the election for U.S. Senate were held today, 58% of Massachusetts likely voters say they would vote for Warren, 32% would vote for Republican John Deaton, 7% would for another candidate, and 3% are unsure. Ninety-two percent of Democrats and 47% of Independents support Warren while 91% of Republicans support Deaton.

Warren enjoys the support of nearly all self-described progressives (99%) and liberals (96%) in the state, along with a majority of socialists (69%) and moderates (57%). Deaton garners support from most libertarians (73%) and conservatives (71%). Among those who support Kamala Harris in the presidential election, 86% support Warren, 8% support Deaton, and 3% are undecided. Among those who support Donald Trump in the presidential election, 84% support Deaton, 10% support Warren, and 1% are undecided.

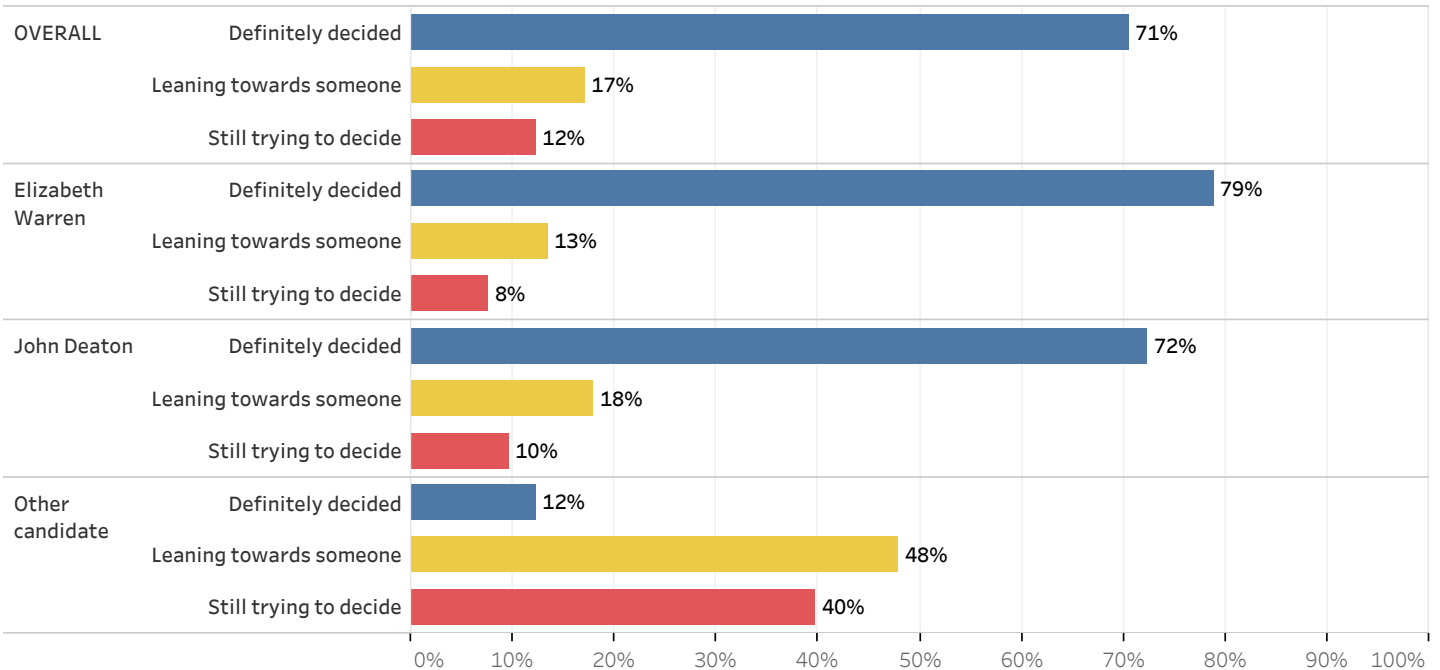

2024 Massachusetts U.S. Senate General Election Matchup - by Party ID - September 2024

* We ask that this copyrighted information be referred to as *the Bay State Poll*, a States of Opinion Project, conducted by the University of New Hampshire Survey Center.

Overall, 71% of likely voters say that they have definitely decided who they will support in the election for Senate, 17% are leaning towards someone, and 12% are still trying to decide. Seventy-nine percent of Warren supporters and 72% of Deaton supporters have definitely decided who they will support in this race but most who plan to vote for another candidate (88%) say they are leaning towards someone or still trying to decide.

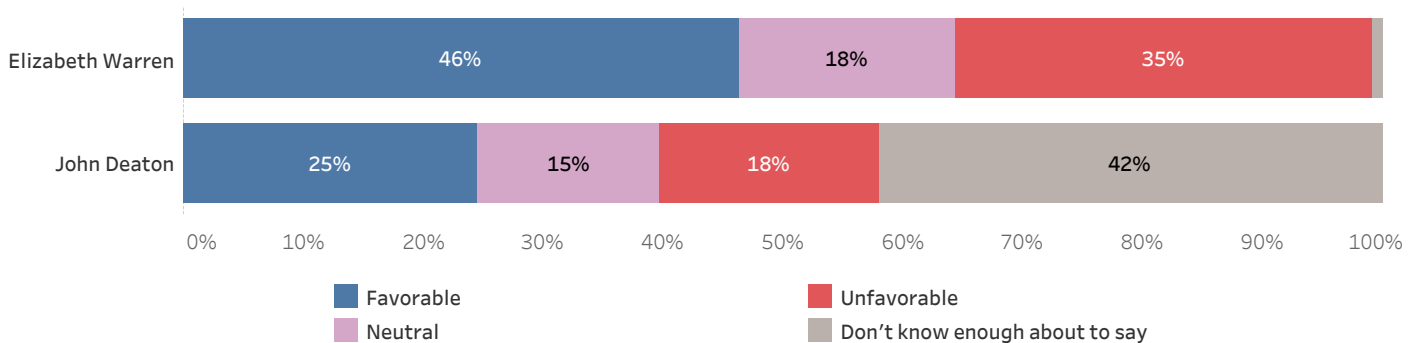

Definitely Decided on 2024 Massachusetts U.S. Senate General Election Vote - by Preferred Candidate - September 2024

Warren is a polarizing figure in Massachusetts politics. Forty-six percent of likely voters have a favorable opinion of her, 35% have an unfavorable opinion of her, 18% are neutral, and 1% don't know enough about her to say, yielding a net favorability rating (the percentage who have a favorable opinion minus the percentage with an unfavorable opinion) of +11. Warren is very popular among Democrats (+74) but is very unpopular among Republicans (-94) while Independents are neutral (-1).

Deaton is not as well known among Massachusetts voters: 25% have an unfavorable opinion of him, 18% have an unfavorable opinion of him, 15% are neutral, and 42% don't know enough about him to say, yielding a net favorability rating of +6. Deaton is popular among Republicans (+65) but is somewhat unpopular among Democrats (-24) while Independents are largely neutral (+4).

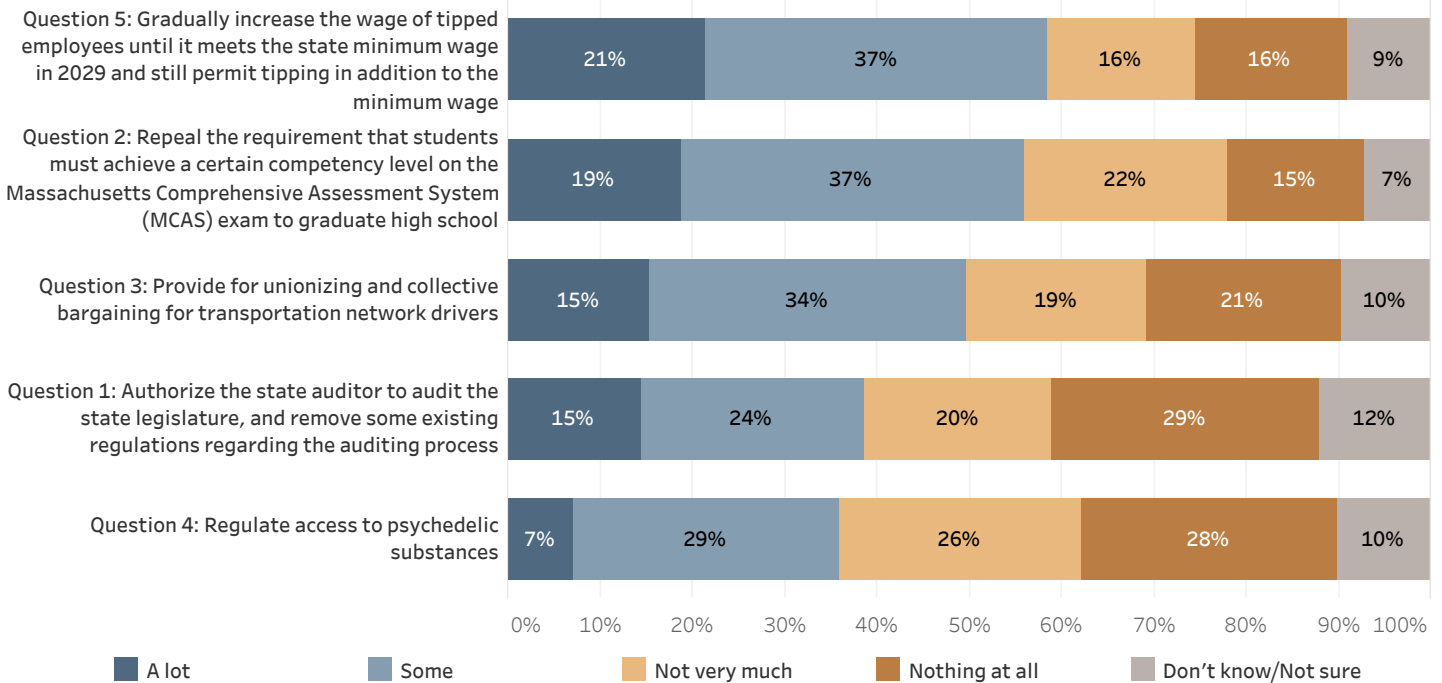

Favorability - 2024 Massachusetts U.S. Senate General Election Candidates - September 2024

2024 Ballot Questions

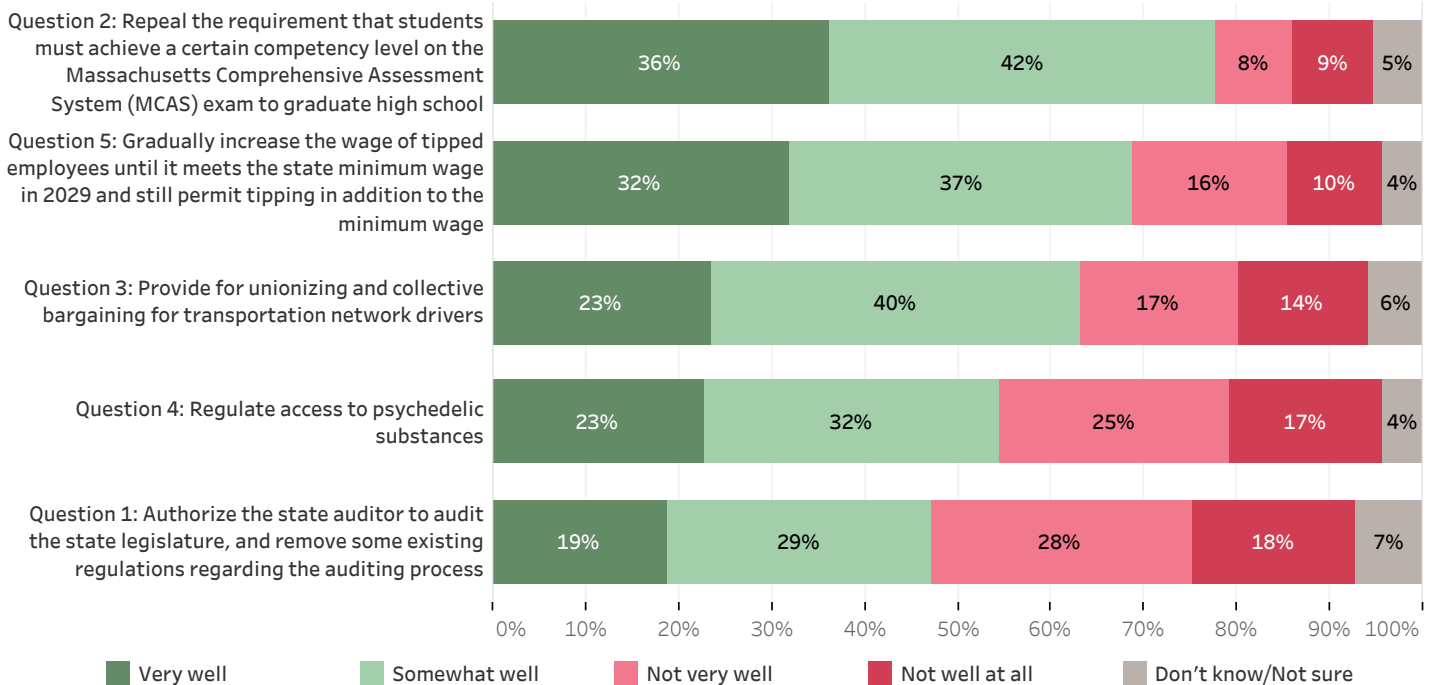

Five ballot measures will be on the November ballot, but most are not well known by Massachusetts voters. Just over half of likely voters say they have heard or seen a lot or some about Question 5 (59%) and Question 2 (56%), while half (50%) have heard a lot or some about Question 3. Fewer likely voters reporting having heard a lot or some about Question 1 (39%) or Question 4 (36%).

How Much Heard About 2024 MA Ballot Questions - September 2024

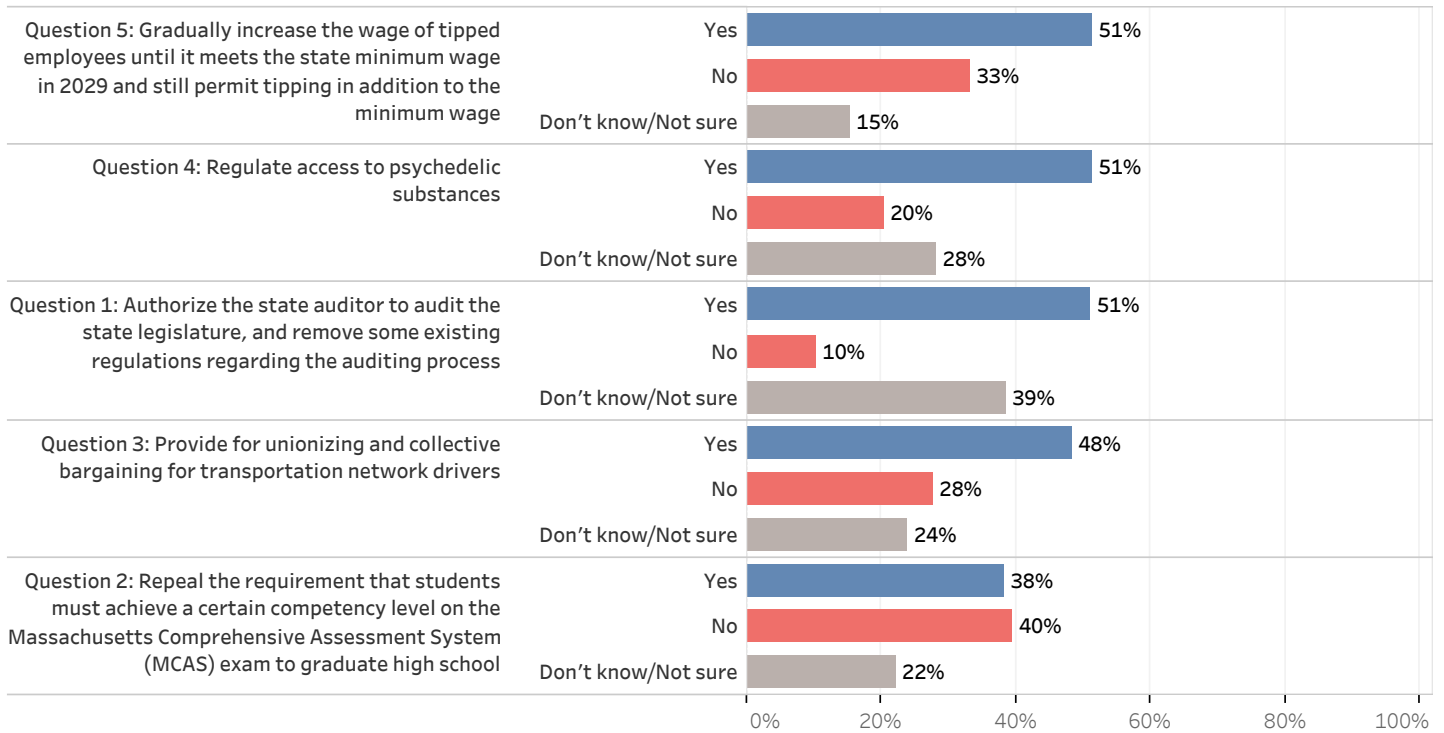

More than three-quarters (78%) of likely voters say they understand Question 2 very (36%) or somewhat (42%) well, 69% say they understand Question 5 very or somewhat well, and 63% understand Question 3 very or somewhat well. About half of likely voters in Massachusetts say they understand Question 4 (54%) and Question 1 (47%) very or somewhat well. Republicans are more likely than Democrats to say they understand Question 1 very or somewhat well, and Republicans and Independents are more likely than Democrats to say they understand Question 2 and Question 4 very or somewhat well.

How Well Understand 2024 MA Ballot Questions - September 2024

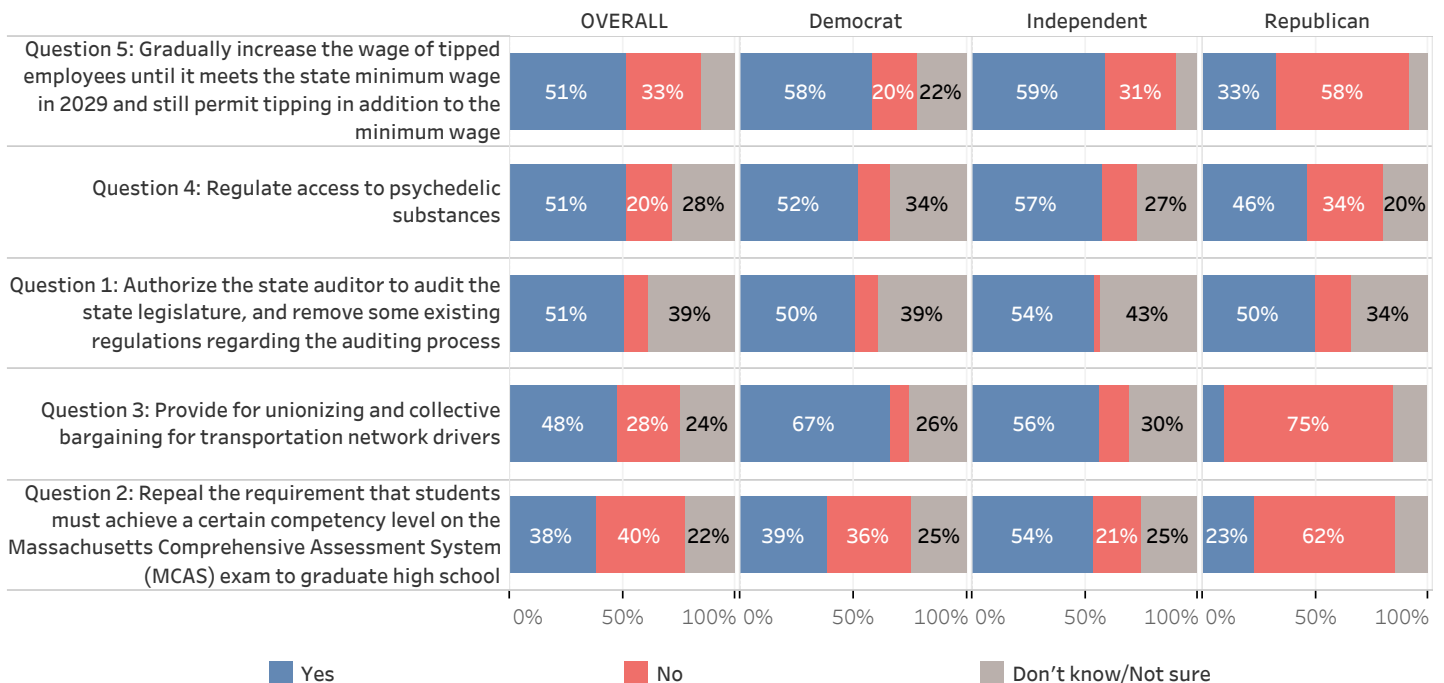

If the election were held today, 51% of likely voters say they would vote for Question 5, 33% would vote "no" on this question, and 15% are unsure. Just over half would vote "yes" on Question 4 (51%), and Question 1 (51%), while just under half would vote "yes" on Question 3 (48%) and only 38% would vote "yes" on Question 2.

How Plan to Vote on 2024 MA Ballot Questions - September 2024

A majority of Independents (59%) and Democrats (58%) indicate they plan to vote "yes" on Question 5 but only 33% of Republicans say the same. Similarly, two-thirds of Democrats (67%) and a majority of Independents (56%) plan to vote "yes" on Question 3 while only 10% of Republicans say the same. A majority of Independents (54%) say they will vote "yes" on Question 2, compared to only 39% of Democrats and 23% of Republicans. Democrats, Independents, and Republicans do not differ significantly in their opinions concerning Question 4 and Question 1.

How Plan to Vote on 2024 MA Ballot Questions - by Party ID - September 2024

Bay State Poll Methodology

These findings are based on the latest Bay State Poll, conducted by the University of New Hampshire Survey Center. Overall, 596 individuals completed the survey between September 12 and September 16, 2024. Four hundred eighty-two (482) Bay State Panel members completed the survey online. The response rate for panel respondents to the September 2024 Bay State Poll is 31%. In addition, 114 Massachusetts residents completed the survey after receiving an invitation via text message to complete the survey online. The margin of sampling error for the survey is +/- 4.0 percent. Included in the sample were 564 likely general election voters (margin of sampling error +/- 4.1 percent). In addition to potential sampling error, all surveys have other potential sources of non-sampling error including question order effects, question wording effects, and non-response. These MSE's have not been adjusted for design effect. The design effect for the survey is 2.3%.

The Bay State Panel is a probability-based web panel of Massachusetts residents. Approximately 1,750 Massachusetts adults have been recruited from phone, text-to-web, or mail-to-web surveys sent to randomly-selected phone numbers or addresses. Panelists are then asked to participate in online surveys sponsored by the UNH Survey Center.

Data were weighted by respondent sex, age, education, and region of the state to targets from the most recent American Community Survey (ACS) conducted by the U.S. Census Bureau, as well as party registration levels provided by the MA Secretary of State and to 2020 election results in Massachusetts. Surveys were taken in English, all respondent data included passes Qualtrics data quality checks, and single-use survey links were used to prevent multiple submissions by respondents.

The number of respondents in each demographic below may not equal the number reported in cross-tabulation tables as some respondents choose not to answer some questions. Due to rounding, percentages may not sum to 100%. All coding of open-ended responses is conducted by human coders.

For more information about the methodology used in this Bay State Poll, contact Dr. Andrew Smith at (603) 862-2226 or by email at andrew.smith@unh.edu.
