Location of Combined Hospital and Best House

Chosen to be Between Library and Bonfire Hill

Building Will Be Constructed Throughout of Fireproof Material—Eleven Planned for Varsity—Tuition-Cost Hospital Included in Tuition—Twenty-by-Three of Emergency Thirty-two Patients

May Be Accommodated

Annual Prom Held by Junior Class

Don Bishop Furnishes Well Received Program

Sponsored by Don Bishop Company of Portland, Maine—Normal Number, About 1200 for Week-end

Well attended, set in a brilliant orange arena, and sponsored some time ago by the best house available available for the Junior Prom took place in the gymnasium Friday night. Don Bishop and his Park Central orchestra furnished the music and were well received by the dancers. The orchestra was of the usual Presbyterian standard, one of which featured Fred Gardner singing for two compositions, "A Little Girl." A novelty was introduced this year in the form of the favors for the ladies. Promance. The favors were presented the breyer company of Portland, Maine. Using a red and gold card stock, they were designed to achieve a brilliancy, which was true. A committee of the ladies of the dance, after much deliberation, finally decided that the favors would be bestowed upon a height of 6 feet and 10 inches. This location was selected because of the direction in which the train leaves from the station to the front of the campus and because of the elevation of the site, as well as the ease of distribution. It was not situated near any choirs and because of the elevation of the site, as well as the ease of distribution.

The plans for the new building call for a large main building, 200 feet by 100 feet, with a new dormitory, to be four stories high, and a 100 foot, 50 foot dormitory. The main building will be built on the site of the old dormitory which now serves as a common room for the students. The new dormitory will be connected with the main building by a corridor. This wing will be the first of the main building to be completed and the other wings will be completed later. It is expected that the main building will be completed within the next two years. The first floor will be the entrance hall, and the second floor will be the dormitory. The third floor will be the library and the fourth floor will be the dormitory. The new dormitory will be constructed of fireproof material with brick walls, a basement, and an arched roof. The building will be 180 feet long and 60 feet wide with the porches extending to the front and rear of the building.

On the first floor of the main building, there will be a library with a study hall and a reading room and a staircase leading to the second floor. The second floor will be occupied by the dormitory and the third floor will be the library and the second floor of the dormitory. The fourth floor will be the dormitory and the third floor of the dormitory.

BOOKLET PREPARED TO HELP SENIORS

Brief Report of Fourths-of-Grads

SINGING TECHNOLOGY CLASSES

Finding Positions

A booklet containing the personal profiles of all the seniors in the College of Technology has been setting up by the Technology department under the direction of Prof. C. W. Hain, dean of the College of Technology. This booklet is an attempt to aid in the employment of those members of the senior class who have not yet signed up for work. The booklet is the first of its kind, as for the past two Tulane College of Technology and is now entirely different for the graduating class. A killer was taken by the booklet in the request to report any opening that they know about. The foreword to the booklet starts: "This little booklet, which has been published in a comparatively large number, has been spread a rumor that there has been a possible the trustees have much as Mr. Hood’s gift of $125,000 ary and rest house which is to be built ley, have been drawing up draft after draft of the plans and designs. The result has been argued in the type of building, through the pro­

Seniors Announce Class Day Plans

Murphy’s Band to Play

For the commencement of the University of New Hampshire will begin on Monday, June 28, and will last until Monday, June 28. Three hundred and four seniors, graduate students, and two graduates are expected to graduate from the University. The class of 1932 was larger than the present class.

On Friday, the commencement hall will be decorated in a manner suitable to the occasion. Dr. Lloyd Murphy and his Musical Shipmates will give a program, which will be composed of music of the latest type.

The submission to the hall will be 50 cents per couple. Friday evening, as well as Saturday evening, a special presentation of the glee clubs will be held, the two making a tour of the city. This tour will be an advantage over others, and it will be looked upon as a great social event. The university glee clubs will give a program of their latest songs. At 8:30 o’clock, the University Singers to Present Regular Songs and Selections at the Pavilion. The annual high school play-day will be presented tonight at 8:15 o’clock in the auditorium in Murkland hall. The Perfect Alibi will be presented in the auditorium in Murkland hall at 8:15 o’clock. The Perfect Alibi will be presented in the auditorium in Murkland hall at 8:15 o’clock.

Handicraft Work Now Under Study

H. M. Rugg Returns From Tour Southern States

WORK OF EDUCATIONAL EXPERIMENT STATION UNDER CHARGE OF RESEARCH
A study of Handicraft Work in the schools of the Southern States was made as a service of the Educational Experiment Station of the University of New Hampshire at Storrs, and was undertaken primarily for the purpose of determining the extent to which handicraft work is being done and the extent to which handicraft work is being done and the extent to which handicraft work is being done in the schools of the Southern States. This study has been supported by the Southern States Educational Experiment Station and has been carried out in cooperation with the educational experiment stations of the states of the South and the South Atlantic Gulf. The results of this study are being published in a series of pamphlets and in a monograph, to be issued later this year.

CHRISTIAN WORK
A group of conferences representing the Christian Work associations on the eastern seaboard met in ROBINDAY Thursday evening at the hotel and later overflowed to the Hotel for evening organizations. The setting of the meeting was a most impressive one, as the hotel was the focal point for a major conference on the Christian Work. The program was an excellent one, with a number of outstanding speakers, including some of the leaders in the field. Special emphasis was placed on the importance of cooperation among the different organizations, and it is hoped that the handicraft industry will continue to thrive.

One of the main highlights of the meeting was the presentation of a film on the handicraft industry, which was attended by a large number of participants. The film was well received, and it is hoped that it will serve as an inspiration to the handicraft industry.

The meeting was adjourned with a prayer by Rev. Dr. Brown, who expressed the hope that the handicraft industry will continue to thrive and that the handicraft workers will continue to be supported.

FROST TRACKSTERS CLOSE 1313 SEASON

New Hampshire Track Team Opens Last Event of Year

The leadoff kilometer track team to close its meet at the University of New Hampshire on Sunday afternoon, May 28, will be the last event of the season for the New Hampshire track team. The team, which has been successful in previous meets, will be looking forward to a strong performance in this final meet.

The meet will consist of a number of events, including the mile run, the 110 yard hurdles, the 220 yard dash, the 440 yard dash, the high jump, the long jump, the broad jump, and the shot put.

The meet will be held at the university's track, and the event will be open to the public. The meet will commence at 10:45 a.m., and all participants are requested to be present by 10:00 a.m. The meet will conclude at 2:00 p.m.

The meet will be a great opportunity for the New Hampshire track team to demonstrate its strength and to establish itself as a leading team in the region. The team is looking forward to a strong performance and hopes to finish the season on a high note.
