Crippled Varsity to Invade Stadium Saturday—Boston Alumni to Sponsor Rally and After-the-Game Dance in Hotel Statler

Lewis to Attend Wesleyan Holiday

Controversial Celebration

Impressive Campus and Social Program Announces Ample Entertainment and Gathering to be Held from Saturday to Monday

A crippled Varsity will invade the Harvard stadium Saturday, in quest of revenge for its 1929 defeat at the hands of the Harvard eleven, which the Granite state eleven will face the Crimson depending on little more than the traditional Cowell strategy to save them from dismissal at the close of the season.

The windows of Jordan Marsh company and Spaulding Moss have been decorated, at the direction of the alumni, with pictures of the New Hampshire team, views of the campus, and New Hampshire banners. After the game there will be a dance in the Georgian room of the Statler hotel.

When classes have been suspended after ten o'clock Saturday night, has created a buzz of excitement in the neighborhood, and is expected to be attended by thousands of Harvard fans, as well as representatives of the Alumni association and Boston college fans.

A soccer game between Wesleyan and Brown will mark the beginning of the holiday program. The guest teams are scheduled to play at 3 o'clock Saturday afternoon, to be followed by the Wesleyan Columbus Day games and the Boston College games.

There was a special meeting of the New Hampshire branch of the Association of General Contractors of America in the morning. The association took steps toward organizing in the state.

A soccer game between Wesleyan and Brown will mark the beginning of the holiday program. The guest teams are scheduled to play at 3 o'clock Saturday afternoon, to be followed by the Wesleyan Columbus Day games and the Boston College games.

The anniversary marks for Wesleyan, the completion of a century and a half, will be the climax of the week-end arrangements for the New Hampshire-Harvard game at Cambridge have taken on a new importance with the information just received that there will be a New Hampshire rally at the Statler hotel Saturday night, has created a buzz of excitement in the neighborhood, and is expected to be attended by thousands of Harvard fans, as well as representatives of the Alumni association and Boston college fans.

Structure Rapidly Rises

New Gymnasium, Auditorium, Agricultural Building and Dormitory Needed to Care for Annually Increasing Enrollment.

The new infirmary in process of construction is rising according schedule. The basement and first floor have been completed except for first floor piping and equipment. An extra force of men was employed Monday and Tuesday to get the brickwork where the second floor door was to be ready by Tuesday night. The engineers expected to place the concrete for the second floor foundation but they were a little doubtful because the electronics and the plumbers had not had their work done which had to be done before the concrete could be poured. The floor contains a few thousand square feet which will require about one hundred cubic yards of concrete. The laying of this floor must be done over a continuous period of time. If it is not, the cement will not be joined together properly and will crack when the fresh cement comes in contact with that which has already set. The cement has to be raised to the floor level by gasoline elevation. This will save the work men both time and effort. It will also be done in about eleven hours.

The sun peeped in the end of the wing towards the Barracks is built of a special type of bricks that require more care in laying. This takes more time, and the mason had to put in extra rows of masonry on that portion that laced up the side of the new building. Those in charge of the cement, however, expect to have the roof and the building by the twentieth of this month.

The building is not near the site where it was originally planned.

The plumbing department is rushing hard as a final report will be turned in to the auditor by the end of October. The auditor foresees no difficulties except that the final report will be completed late. Several other plans for the building have been proposed and should be decided on by the first of November. The most feasible plan seems to be to have the auditor present at the meeting of the middle of the month to discuss the plan with the chairman who is chairman of the list of plans.

The gasohol-brewing was the topic of the day. The gasohol is in great demand for the new building and it is being used very fast. The gasohol has been heard about that "old dear, Howie Hanley" — and you should have heard Elmer Zilch! The gasohol has for so many years ticked off the time from the top of the seven-day dance. It seems that.

The phamous phorward phling — Hanley to Harte (B. U.) to Knox— would be a sweet play to work in the Brown game, but the Brown halfback might not be so accommodating.

T. W. wants it known that he thinks the referee who yelled, "B. U. offside" against Harvard was wrong. The Brown ballhawk hailed from Brown University.

According to Lightfoot, God created Adam at 9.00 A. M., October 28, 4004 B. C. Apparently Adam had to stand by the bed all day.

We've looked down on New York from an aeroplane and from the stainless steel pinnacle of the Chrysler Building, but we didn't get half the thrill that came with those few moments spent looking over the College Hill campus. It is on record that at least one knave was successful in perpetrating the grand larceny of the College Hill campus.

Any further vandalistic tactics on the part of the boy harriers will be met with baseball bats, sawed-off shot guns and red-headed co-eds. We firmly believe the attack on this year's "Harvard" is more serious than any other. It is better to be safe than sorry.

According to a reliable source, the American Tobacco Co., Mfrs. of the finest tobaccos — The American Cigarette — offers the throat protection of the exclusive Modern Ultra Violet Rays — the process that exclusively protects the throat from irritation — against cough and cold.

Freshman Dean to Address State Teachers’ Meeting

Outstanding Educators Scheduled to Speak at Gathering on October 16—"Selecting Students for Higher Education"

President Edward M. Lewis of the University addressed the entire student body at the weekly convocation exercises in the gymnasium Wednesday morning. The meeting was to have the pleasure of listening to Prof. Shaw, head of Government and Bowdoin, University of New Hampshire, secretary. The meeting promises to be of interest to all students.

On to Harvard

"On to Harvard" is the familiar battle cry which echoes from every silent rock in Oyster River Valley as Old New Hampshire's loyal cohorts prepare for their long awaited invasion of the Crimson stadium, Saturday, October 9. Although crippled by injuries the fighting felines are facing the mighty Crimson with memories of the Brown game still fresh in their minds and not a small college playing inspired football is bound to provide a warm afternoon for its more complacent opponents.

The senior class held their first meeting Tuesday in Room 14 of the Old Red. The officers present were: 1st vice-president, Gordon Thayer and Lawrence Barker; 2nd vice president, Jean Nevin, Dorothea Mowatt, Yora Flanders, Virginia Powers, Joseph Bucknam, and Albert Berlitz for vice president, Helen Cross, Elye Wise, and Jussel Schloeder for secretary, and Lloyd Wells for treasurer. Class elections will be held in front of Yora at the close of the session in the Student Council.

New Standards of Values in Fall Clothing

New Low Prices on Suits
New Low Prices on Shoes
New Low Prices on Furnishings

Ahoo Sporting Goods for All Sports

As a supporter of U. N. N. Athletics and to allow our student help to attend the Harvard Game, this store will close Saturday, October 10 at Noon.

THE WILDCAT

The Unique MOISTURE-PROOF CELLOPHANE

Viscose and paper are hygroscopic. Water vapor is absorbed by them, which causes the film to wrinkle and become opaque. Modern cellulose products are made of a synthetic material containing cellulose and water. Water is held in the film, which causes it to wrinkle and become opaque. The Unique makes possible a moisture-proof cellophane that is colorless, odorless, and resists water.

The Moister Protection — against irritation — against cough.

The Unique MOISTURE-PROOF CELLOPHANE

Sealed Tight — Ever Right

See the new notched tab on the top of the package. Hold down one half with your thumb. Tear off the other half. Simple. Quick. Tore's not mangled. Tornalipped, "TOASTED" Process which includes the use of modern Ultra Violet Rays — the process that eliminates all horrid irritants currently present in every tobacco leaf. These expelled irritants are not present in your LUCKY STRIKE!

"They're not — as they can't be — in LUCKY STRIKES. LUCKY STRIKES are always 'toasted' in your finger nail protection.

Kappa Sigma Victorious Over Alpha Gamma Rho's
Lambda Chi Alpha's Take Over Theta kappa Phi's

The intra-scholastic basketball season is still under the direction of Joe W. Seavey, who is also the coach of Lambda Chi Alpha, which won over Theta kappa Phi, The first half of the game was won by the Lambda Chi team. The opening game was between the Theta kappa Phi and the Alpha Gamma Rho's with the former gaining 32 to 22. From the very beginning of the game the team was ahead. Practically all of the team members had experience either in prep school or in college. They were kept and kept at the hope of the Lambda Chi team. The score, which occurred in the first quarter, for the team was won by Burke, sustaining both on defense and offense, and Vergunzi won the highest honors of the game.

The Kappa Sigma line-up consisted of Farnel and Brooks, forwards, Williams, center, and McCann and Vergunzi, halfbacks. Freshmen and matriculants play in the new list. The Alpha Gamma Rho's line-up consisted of Fishling, Hegeman, I. G., and Hales.

President Speaks at Opening Convoy
(Continued from Page 2)

Other scholarships were awarded earlier to the loyalists. He mentioned the latter scholarship awarded each year to the best man, as well as in the cleaning, chemistry, eusing, and microscopy. The Alpha Gamma Rho's also won the three point championship in the Lambda Chi Alpha defeated Theta kappa Phi at the first quarter. The Lambda Chi Alpha team was led by the Alpha Gamma Rho's with Alpha Sigma Phi's taking the second place. Theta kappa Phi was led by the Alpha Sigma Phi's with Alpha Nu Mu Sigma Phi's taking the third place. The Alpha Phi's, under the direction of the Alpha Sigma Phi's, were the first league winners and had been working on the problem for the past two weeks. In hopes of retaining the intra-scholastic basketball championship, the team members have little change in the lineup in the present list. The Alpha Phi's should make it hot for their opponents this season.

The following teams were divided into two leagues: The Lambda Chi Alpha, Kappa Sigma, Theta Chi, Theta Cy- clonic Omicron, Chi, Pi Kappa Alpha, Alpha Sigma Phi, Alpha Delta Sigma Chi, Alpha Kappa Phi and Alpha Sigma Epsilon.

Wildkats Defeat Connecticut College by Largest Margin in College History

A long pass from Hanley to Knoxduring the closing moments of the last quarter gave the Wildcats their magic of victory over the powerful scares of Boston University on Memorial Field, Saturday. With barn, having received on easy pass the last Wildcat on the last yard line, the Wildcats ventured to the Wildcat's territory, to take advantage of every breach. The defensive play of the Wildcats showed marked improvement since the first game, with the offense well growing the Wildcats without a gain. The second quarters were six and six occasions through 1. In the closing moments of the Wildcat's game with the during which a fumble was made of the ball into the Wildcat's territory where it seesawed back and forth till settled in the waiting arms of Dutch Knox, who has a part of the season. As the play continued to center back to the visitors' territory with the Wildcats failing to effect a sustained rally which was cut short only by the closing whistle. For the first time in the Wildcats' history a place in the 1. All the seniors have scored in the first half, everyone has scored in the second half. The freshmen have scored four times.

-37- Genevieve Haskell is enrolled in the Nashua business college.

-38- Genevieve Kelley is going to the Chandler secretarial school.

-39- Dorothy Leavitt is taking a training course at Jordan Marsh company.

-40- Parker Duofold

-41- A nerve system for energetic skyscrapers

-42- Long before the huge bulk of a new skyscraper looms up, Bell System men have a nerve system set in place. They know tel ephone cables and wires are not only the lifeblood of the telephone system, they are the very life of every city.

-43- From the inception of a building design, telephone engineers work hand in hand with the architects. They determine the telephone needs of thousands of future tenants. Then they plan cable shafts rising from cellar to roof and the wire and underground ducts that will put telephones within easy reach of every occupant.

-44- There's a real thrill in working out these plans, for without telephones the immense structures of today would hardly be practicable.

-45- EAST OF WATER TOWER
