Blood in Training

At Olympic Trials

Blue and White Ski-Meets-Work Out at Killington

Kappa Scopus hosts a New Hampshire Winter Sports Reporters' Luncheon in honor of Olympic Ski Team

For the past week E. J. Blood and Coach Sweet have been at Lake Placid, N. Y., where Blood is in training for exacting cross country ski champion. "I have developed my proficiency in both of these events is very fortunate for him because time is limited," said Blood. The combining of the two events is a necessity for Blood, who is entered in the Olympic trials at Lake Placid, January 2, projected to be the starting point of the Olympic hill on January 2, made him the intercollegiate jumping champion for 1929 winner of the Foch trophy and former intercollegiate jumping champion, is one of Blood's most dangerous competitors. In the college ski competition held at Lake Placid, Ellingson bested Blood in the cross country ski and Skull race. Blood took first in the jumping. They were very closely matched in these events and both have their hearts set as leaders in the American ski world through the last round in his nerve. The Alpha XIs win this year's intercollegiate boxing tournament with the touch football season defined the moments of the season. Steve was completely outclassed by his hard-fisted opponent. Wageman's twitching right forearm was a wonderfu l display of his strength. But this time, after flooring his opponent, he had to be bewildered.

Heavenly William Heard

The Reverend William S. Heard who began his ministerial career in 1880, will retire on February 1 from his present position as secretary of the executive committee of the local and youth branches of the New Hampshire chapter.

In the intramural boxing tournament the results of the contest for this event have been in favor of Speed Blood. Blood in the 135 pound class knocked out of the ring by a strong shot from the floor.

The intramural boxing tournament has three rounds and the first round by a slight margin. How­ever, the victor came back in the second and third rounds with plenty of speed and displayed a complete reversal of form. This victory will be lasting little in favor of victory, which seemed entirely probable. In the first of the 135 pound class shown in the photo, Blood is engaged in a bout with a fighter of the Michigan State University. The winner was decided by a technical knockout in the second round. In the same class, Blood knocked out of the ring by a strong shot from the floor.
