Downs, Chase, Andberg, Ellsworth, Whyte, and Mailman Score for Blue and White-Big Green Strong in Skating Events

Favored by ideal weather conditions and plenty of fresh snow the Big Green won the 22d annual Dartmouth Outing Club carnival held Friday and Saturday, February 5 and 6 at Hanover, to set a new high point total in intercollegiate competition Smith Selected with 47 points.

New Hampshire, generally conceded to be on a par with Dartmouth because of the Lake Placid victory, took second with twenty, and Maine was third with six and one half points. Other teams to score were McGill, 6; Bowdoin, 5; St. Lawrence, 11/2; and Harvard, 1 point. During the first day Dartmouth practically cinched the competition by amassing the imposing total of 37 points in the skating, and proficiency skiing events. No election, no matter how trivial, can take place on this campus without first going through all the stages of a national presidential campaign. Regardless of whether it is for the presidency of the student council or secretary of the Outing Club, it becomes a matter of fraternity politics. The night before the election the telephone wires from house to house become the messengers of political promises. Alumni Notes

Chris O'Leary, '20, sends the folowing from Bakersfield, California: The first attempt of the graduates of New Hampshire College of Agriculture and Mechanic Arts (now the University of New Hampshire) to organize an Alumni Association, according to Charles A. Hubbard of the class of 1877, was in the winter of 1879. The meeting was held in the City Hotel, Keene, during the mid-semester vacation period. The notices were sent out by Elmer Kilburn, '78, of Marlow, and more than twenty graduates were present, approximately fifty per cent. of the entire alumni body. The meeting was in charge of Elmer Kilburn, 78, and Mr. Hubbard believes that Kilburn was the first Alumni Association President. Kilburn died a few years after this get-together."

CHRISTIAN WORK

The Y. M. C. A. reports favorable progress on work being done by two of its interest groups. The International Relations group has been meeting every Wednesday after convocation. It has arrived at well thoughtout conclusions concerning its research on current international problems. It is expected that members of the group will journey to neighboring granges to hold fireside conferences on world problems.

Another group is making a special study of "What Happens to John Doe After Coming to College?" Exceedingly interesting discussions have evolved in the process of determining the answer to that question. The group meets every Tuesday at one o'clock. Members of the group will meet seniors of surrounding high schools and attempt to give them an idea of what does happen to the

COULD YOU HAVE IMPROVED YOUR MID-TERM?

Undoubtedly many students look back with a feeling of regret that mid-terms did not pan out more satisfactorily. It may have been due to several causes. One outstanding cause may have been poorly written and poorly arranged notes, thereby making the review more difficult.

An Underwood Portable would surely help in the solution of the problem. Clear notes, well-typed are at once legible and easily reviewed. Consider the benefits to accrue and ask for an inspection of the newer Underwood Portable.

New Men Prominent

This year has brought out several new faces in the Wildcat boxing squad, the most notable of whom are PLANNED BY CAP AND GOWN Dunnan, Meersman, and Knox. None of these men have had much previous Cap and Gown held a meeting experience in the squared circle Monday afternoon at the Chi Omega Meersman is the most impressive house. At that time plans were having won his first two intercollegiate bouts, and appears to be the "find" of the season. Dunnan has great possibilities and his gameness and physical stamina should carry him in good stead in future bouts. Knox is a hard and willing worker and is sure to improve greatly before the season ends.

Wildcats Face Navy Next

Saturday evening the Wildcats meet the United States Naval Academy at Annapolis. The men making the trip will be as follows: Small, 115; McCaughney or Dearborn, 125; Meersman, 135; Meunier, 145; Dunnan or Jaques, 160; Captain Wageman, 175; and Knox, unlimited.
