New Mexico Lauds John D. Clark, '06

Ahumus Heads Chemistry at Southwestern College

Department of Chemistry of the University of New Mexico in Public
Service is back from the 50th annual meeting of the American Chemical Society in New York City.

John D. Clark, '06, has been appointed to the Institute of the American Chemical Society. He is responsible for the department of Chemistry at Southwestern College.

Clark was present at the Institute of Chemistry meetings and took the opportunity to give a talk on his recent research in the field of Chemistry.

Clark's research has been focused on the development of new methods for the analysis of chemicals. His work has been widely recognized and his contributions have been instrumental in advancing the field of Chemistry.

Clark's appointment to the Institute of the American Chemical Society is a testament to his expertise and dedication to the field of Chemistry. He will be a valuable asset to Southwestern College and will undoubtedly continue to contribute to the advancement of the field.

PORTABILITY!

After all, a typewriter represents real value in proportion to its convenience and portability.

In a moment's time, the Underwood Portable is set up, ready for service, on the tablet arm of a classroom chair; and in another moment's time, covered, ready to be carried to the next assignment.

Truly, an Underwood Portable is an ideal personal writing machine. Ask for a demonstration.
