Three Live Ghosts

The New Hampshire supports Hopkins’ attitude on boone

by curtis albright

You may start reading this article,

but if you do not read it, most likely you will not

find that it deals intimately with student life at this University.

If you are a reader of the daily news, you probably noticed that on the front pages of Tuesday’s edition

of the prominent New England papers President Ernest Martin Hop­

kins’ address on the subject of “The University and the Social Problem.”

The newly organized New Hampshire Bohemian Club, which was founded by Robert Ayres, veteran debater, was its first

debate Tuesday evening at the Hotel. The address was given by the famous author and

philosopher, Mr. C.S. Lewis, who is currently residing in New York.

Women are not to be routed.

The New Hampshire College for Women has a new

society, the Women’s Student Government, which was

appointed by President Hopkins.

Two of the three debates scheduled for tonight at the Hotel will be

on the subject of “The University and the Social Problem.”

The first debate will be held on Tuesday evening at the Hotel.

The opponents are the New Hampshire College for Women and the University of New Hampshire.

The New Hampshire College for Women has announced that it will

participate in the upcoming debate against the University of New Hampshire.

The debate will be held on Tuesday evening at the Hotel.

May Day Program to be held May 14

Administration initiates Alpha Day for “Terror in the Unknown.” Work day, concert inaugurated by Woman’s Club.

May 14 has been set aside by the administration for the observance of May Day, the special feature on this campus which has been a custom observed by the students’ women’s student government council in future years and made into an international event.

The play is a reminder of the London play of last year, which has been internationally acclaimed as the greatest American production of the past season. It is the first time that a dramatic production has been inaugurated in honor of May Day and will be an international event.

The students who have been chosen as the principal organizers for May Day are Miss Mary Brown, Miss Helen Smith, and Miss Elizabeth Brown.

Alumni Notes

On the recent appointment of Mary N. Brooks, 24, as the assistant director of the first Hampshire women's radio station, in the studio at the Bunker Hill, Boston Herald in an editorial entitled "Women's Radio" states that "Women now perform every service in our municipal government, and it is a decided advantage to have them on the air." An additional advantage is the ability to reach a larger audience. The station is scheduled to begin broadcasting on December 5th.
