CONSTITUTION PROPOSED FOR NEW OUTING CLUB

Dartmouth Group’s Document Serves as Pattern

The annual meeting of the Dartmouth Outing Club of the University will be held on Thursday, March 10, at 7:00 p.m. in Thompson Hall, when the proposed constitution of the New Hampshire Outing Club will be presented for ratification.

The document was originally written in the late 1920s by the Dartmouth Outing Club, and is the source of the new constitution. It outlines the organization, purpose, and activities of the club, and sets forth the rules and regulations governing its operation.

The constitution is divided into several sections, each covering a different aspect of the club’s activities. These sections include membership, meetings, officers, finances, and rules of procedure. The constitution also includes a provision for the amendment of the constitution, which can be made by a two-thirds vote of the members in attendance at any regular or special meeting of the club.

The proposed constitution for the New Hampshire Outing Club is based on the Dartmouth constitution, and is intended to provide a framework for the organization of the new club. It is hoped that the constitution will be approved by the members of the club, and that it will serve as a guide for the operation of the New Hampshire Outing Club.

C ASE AND CASKET TO SPONSOR DONATION TO SINGERS

The University of New Hampshire will be represented by a women’s chorus at the annual Casque and Casket Ball sponsored by the University of New Hampshire Outing Club.

The chorus will consist of 120 members, selected from among the students of the University, and will be under the direction of Mr. R. H. Maclean. The program will include a variety of songs, including both old favorites and new compositions.

The ball will be held on Saturday, March 12, at 9:00 p.m. in Thompson Hall, and will feature a dance floor, refreshments, and of course, the University of New Hampshire chorus. Visitors are invited to attend and enjoy the music of this talented group.

The New Hampshire loses to Kitten Cagers

Frank Quentin Chaffin Edith Win "Bones" 
Defeating Proctor School, Team Wins in Thriller

The Kitten cages chucked up their right wing as they stepped into center and defeated the strong New Hampton School team in the University gymnasium. This was New Hampton's first defeat of the season, having previously only been conquered by Proctor School.

Both teams started their play rather cautiously. Toll opened the scoring honors for New Hampton with a free throw, which was followed within a few seconds by the frosh, which did not let up until Captain Walker put the Kittens in the lead for good. Aided by excellent shooting, the frosh, which was followed by a two-pointer by New Hampton, Toll opened the low and New Hampton ended the quarter with a feeble 4-0, making toll a fine favorite of the favor. Added by splendid rebounding, New Hampton increased their lead to 13-12 at the end of the second quarter. The last quarter was characterized by an offensive drive by the Kittens, which did not let up until they tied the score 14-14.

The playing and teamwork of the Kittens was decidedly improved, and tightened the prospect of victory in their final game with Dean Academy tonight. The floor play and shooting of Toll was outstanding. McKenney also played a fine game, while the frosh played the ball throughout. Captain Walker's shooting for New Hampton was over. He played a splendid game. McKenney promises to be a shining star with the Kittens next year. McKenney's fine and the frosh's steady shooting will make the tilted a more interesting one.

Alumnus Instigates New Safety Rules for Football

Edward J. Sturky, president of the New York Athletic and Physical Education Association, last week addressed a group of leading safety reformers in the New York State, urging them to continue their efforts to make football a game of skill and not of brute force. He stated that the game should be played with a minimum of risk to the players.

Aided by excellent shooting, the frosh, which was followed by a two-pointer by New Hampton, Toll opened the low and New Hampton ended the quarter with a feeble 4-0, making toll a fine favorite of the favor. Added by splendid rebounding, New Hampton increased their lead to 13-12 at the end of the second quarter. The last quarter was characterized by an offensive drive by the Kittens, which did not let up until they tied the score 14-14.

Bendixsen Speaks at Boston Broadcast

Tells of Travels from Norway to India—Explains About Barber Dad's Flight from Paris to Britain at Weekly A. S. R. Meeting

At the last regular meeting of the student branch of the A. S. R. held Wednesday night last, the meeting was broadcast through the radio medium. A. S. R. was represented in the discussion of the evening. Professor Bendixsen, who is a member of the Massachusetts Institute of Technology, made a long-distance talk on the subject of travel in the Far East. He described the stops at such places as Denmark, Germany, France, Belgium, Holland, Switzerland, Italy, and Spain. Professor Bendixsen also gave a talk on the countries of the Far East, including China and Japan. The talk was well received, and many questions were asked.

The College Shop

EDUCATION NOTES

Ragni Stagnozzi has accepted a position as a staff member of the school of Franklin. William Heyl, Jr., was in Washington last week as a delegate from the Theta Upsilon house to the meeting of the American Association for the Advancement of Science. Jeffrey R. Duckwall, a member of the society, Bendixsen, is a member of Theta Upsilon. Mr. Duckwall, who is in this country for a year or two, has been spending the past few weeks exploring the western coast of North America and Europe. He is expected to return to his native country soon. The trip was the subject of the talk. India Interesting

The recently interested speaker was India. One of the most interesting features of this country was the turkey at Bowman. Here the turkey was shown off as great as the goose has been on our farms in the past. The turkey was shown as a live specimen, as the birds are kept in a special coop. The birds are kept in the coop out of the reach of all other birds. The birds are then able to grow to a full size.

Wilson Broadcasts over Station Wiza

Discuss Relative Importance of Sanitary Conditions in the Production of Grade A Milk in New Hampshire

W. Ross Wilson, agricultural extension agent in Grafton county, is now in charge of a radio broadcast station in New Hampshire. The station, Wiza, is located in the town of Grafton. The station is being used to discuss the relative importance of sanitary conditions in the production of Grade A milk in New Hampshire. The station is also being used to discuss the importance of the Extension Service.

"I'd hate to be called an Outdoor Girl!"

By Elizabeth Bell, '32

"I'd hate to be called an Outdoor Girl!" is a last resort. It is a limerick that is often used by women to express their desire to participate in outdoor activities, but they do not want to be labeled as "outdoor girls." This phrase is often used by women who enjoy outdoor activities, but do not want to be seen as overly enthusiastic about it. It is a way for women to express their interest in outdoor activities while also avoiding the label of "outdoor girl."
