FRATHS! FRATHS! FRATHS!
What's all this about? Who's making all this work? You picture this Durham campus sans us.
We would have had all of our Tuesday evenings to study or other purposes. We would not get any our way of doing things. We would not have had any ‘frats’ parties as we call them. Instead, we would be going to study sessions organized by the Student Body and held in classrooms.
We held this year, there was a wonderful opportunity to discover new friends and learn from them. We would have had many more hours of free time and more freedom to do what we please. The stamp of ‘frat’ would have been eliminated and we wouldn’t talk about ‘frat’ terms.

KOLLEGE KULTURE COURSES
One of the famous "Kollege Kultur" Courses, though not listed in the course catalog, would have been a great benefit to us. This course has certain cultural aspects that are important to understand.

But the worst part is having to do these things now. We were looking forward to the end of the year and now it seems endless. We are all so tired of the same old routine.

Klonky is funny that way, here’s how our club will do a Klonky.

CATHEDRAL HIGHS WIN HOCKEY TITLE (Continued From Page 1)

The two teams faced off in the first game of the best-of-three series. The Independents held the advantage throughout the game, scoring several goals early on. The Cathedral Higths tried to rally in the second period, but the Independents were too much for them. The final score was 4-2 in favor of the Independents.

HOCKEY OUTLOOK (Continued From Page 1)

The Paris high school hockey team is expected to have a successful season this year. With several returning players and a strong incoming class, they are prepared to compete against the best teams in the league. The team will be coached by Coach Smith, who has been with the program for several years and has a wealth of experience.

HICKORY SINGERS END LACEY SEASON

Program Wideley Distinguished From Other Church Events

Laughter and music filled the air as the Hickory Singers took the stage for their final performance of the season. The group, known for their unique style and powerful voices, performed a variety of songs that had the audience on their feet. The performance was capped off with a rousing rendition of "Amazing Grace," which brought the audience to their feet and brought the season to a close.

CHRISTIAN WORK

Yesterday and today witnessed the passage of many through the church. Despite the cold and the rain, there was a sense of community and togetherness in the worship service. The service was led by Rev. Dr. Smith, who encouraged the congregation to find joy in their faith and to spread that joy to others.

LAKE ROYAL SONGS AT CAPITOL

Successful Winter Term Performance of "The Ballad of Table Mountain" at Capitol Last Night—To Be Continued Tomorrow

The Lake Royal Singers delivered a powerful performance of "The Ballad of Table Mountain" at the Capitol last night. The audience was captivated by the group's dynamic vocals and skilled musicianship. The performance concluded with a rousing rendition of "The Star-Spangled Banner," which left the audience feeling patriotic and inspired.

DEAN N. ALEXANDER SPEAKS AT FOUNTAIN

Analyzing Present Business Aims in Regards to Economic Situation—Speaks on Trade Deve to Depraising Aspects of Prosperity

Dean N. Alexander spoke today on the present economic situation. He discussed the challenges that businesses face in today's economy and the importance of adapting to these changes. Alexander encouraged students to stay informed about the latest developments and to be prepared to take advantage of opportunities as they arise.

DOCTOR RICHARDS

AIDS NEW COURSE

The Brigham and Women's Hospital in Boston recently announced the launch of a new course in the treatment of AIDS.

The course, titled "AIDS: Understanding and Treatment," will be offered on a weekly basis and will cover topics such as the biology of HIV, modes of transmission, and strategies for prevention. The course is designed for medical students, physicians, and other health care professionals.

The course will be led by Dr. James Taylor, a renowned expert in AIDS treatment. Dr. Taylor has conducted extensive research in the field and has been at the forefront of developments in this area of study.

The course is open to all interested individuals, and registration is now open. For more information, please visit the Brigham and Women's Hospital website.
