### Noyes and Knox Set New Records as Wildcats Trounce Bates

#### Entire University in Readiness for May Day Pageant

Selections from "Robin Hood," "Midsummer Night's Dream," and "Taming of the Shrew" Featured in Exercises

Saturday the University will be host to Mrs. John G. Winant, who is coming here to take part in the May Festival. She will crown the May Queen. Mrs. Winant has accepted an invitation to lunch and make her headquarters at the Phi Mu House on that day.

Miss Ruth Libby has been chosen by Mrs. Lewis Jordan to take the part of Fair Ellen in "Robin Hood." She will also be the May Queen. Miss Libby was chosen because of outstanding personality and appearance. She is especially fitted for the part as Fair Ellen because of her excellent horsemanship. Ruth Libby is a sophomore, having transferred from LaSalle Seminary last September. She is a member of the Alpha Chi Omega Sorority.

The part of Maid Marian has been given to Elizabeth Campbell, '32, an Alpha Xi Delta. Mrs. Jordan selected Miss Campbell largely because she read better than any other young woman at the tryouts. Miss Campbell came here as a Junior last year from Colby Junior College. The part of "Katherina" in "The Taming of the Shrew" is probably the most difficult single part in any event. Miss Catherine Dunlap, who is taking the part, has had experience in the role once before. She played it with a dramatic society in Brookline when she was a Junior in High School.

Program of the Day  
The program, as announced by the Women's Physical Education Department, will start at 2:00 p. m., Eastern Standard Time on Memorial Field. #### Women Students Install Council

Gertrude Chamberlain Succeeds Nancy Meehan as President of the Association of Women Students

At a meeting of the Association of Women Students in Murkland Auditorium last Thursday evening, the officers for next year were installed. They are Gertrude Chamberlain, Eva Wentzell, Ruth Witham, Priscilla Glazier, Dorothy Calnan, Dorothy Kessler, Ruth H. Johnson, and Mary Carswell. Members of the new council repeated the oath of office by which they swear to "abide by the constitution and by-laws of the Association," to "uphold the ideals and traditions of the University," and to "conduct themselves according to the high standards of New Hampshire women."

The outgoing president, Nancy Meehan, gave a report which included the purpose of the Council as well as the work which it had accomplished during the year. The purpose of the council is to promote a sense of individual and collective responsibility among the women students in maintaining the highest standards of university life; to promote the highest standards of honor and integrity in all matters of personal conduct; to enact and enforce laws in all matters operating for the welfare of the women students, and which do not fall under the immediate jurisdiction of the administration; to encourage active co-operation in the work of self-government among the women of the University of New Hampshire.

#### George Arliss at Franklin Sunday

"The Man Who Played God" Latest Starring Vehicle for Warner Brothers Presents at His Best

George Arliss, whose portrayals of statesmen and laymen were nationally acclaimed, appears in a new guise in "The Man Who Played God," his latest starring vehicle for Warner Bros. Pictures, which comes to the Franklin Theatre Sunday, May 15.

Mr. Arliss turns his genius to the portrayal of genius in "The Man Who Played God." In this picture he plays the role of an internationally famous musician whose wizardry with melody places the world at his feet. He is adored by women, admired by men, numbering even kings among the thousands subject to the wonder of his music. Those intimate with him, however, respect him even more for his human qualities and kindness than for his musicianship.

In "The Man Who Played God," an adaptation of the stage play by the Julian Josephson and Maude Howell from the story by Gouverneur Morris, Arliss' "family circle" includes his solicited and worshipful sister, portrayed by Louise Closser Hale, and his loyal secretary-valet, Battle, played by Ivan Simpson. Two acquaintances, one a widow with whom he had been in love before she married another, the other a beautiful and charming young girl, are in love with him. The first does not tell him of her love because she believes him to be in love with the younger girl, who, on the other hand, is perfectly frank and outspoken in her avowal of love for the great Maestro. Violet Henning appears in the role of the widow and Bette Davis, a newcomer to the screen, is seen as the young debutante in love with the elderly musician.

#### Spring Term Play to Run Three Days

Mask and Dagger to Present Sutton Vane's "Outward Bound" on May 18, 19, and 20

by R. J. B.  
The spring term production of Mask and Dagger, "Outward Bound" by Sutton Vane, will be presented in Murkland's Little Theatre on the evenings of May 18, 19, and 20.

The cast which has been perfecting the performance since the first week of the term is composed of the following: Scrubby, Bernard J. Alpers; Mrs. Midget, Mary O'Leary; Tom Prior, Edward Dawson; Ann, Frances French; Henry, Franklin Burnham; the Reverend William Duke, Donald Dunnan; Mrs. Cliveden-Banks, Catharine Dunlap; the Reverend Frank Thompson, Courtney Williams; and Lingley, Francis McGrath.

Your correspondent reviewed the Monday evening rehearsal of the production with the intention of writing a prelude, but the nature of the play is such that it would require a special vocabulary to do it complete justice.

It is by far the best and most professional attempt of Mask and Dagger in many a year. The players have so lived their parts for the past term that they lend the play all of the correct atmosphere that it requires. The production is powerful, moving, soul-stirring, and exquisitely absorbing.

With the acting ability of the amateur character that the University offers the coaches have again turned out a superb piece of work in this fine play.

Even at the rehearsal, with the property men and women engaged in furnishing the stage with certain pieces of necessary property, the attention of the few who witnessed the performance was so riveted on the actors and actresses that no notice was taken of the ordinarily noisily engaged property people.

The players in this term's rendition of the theatrical are for the most part new to the Durham stage, but are evidently real finds. The play is of such a character that there is no outstanding part that might be termed the "lead," but each member of the cast offers practically an equal share in supporting the plot.

The scene is placed aboard an ocean liner; the entire action takes place in the saloon of the ship.

#### New University Records in Mile and Hammer Throw

Whitehouse and Noyes Double Winners—Wildcats Sweep Discus and Hammer Events—Third Win for Wildcats

Two University of New Hampshire track records fell on Memorial Field here Saturday when the Wildcats trounced the Bates College athletes 88-47 in their third successive victory of the season.

Carlton Noyes, '32, ran two magnificent races when he defeated Jellison of Bates in the mile and half-mile runs. He broke the mile record, breaking the tape in four minutes, twenty-seven seconds. He made good time in the half mile and might have equalled the record in that event had he not been so pushed to win the longer race.

Last year, Jellison defeated Noyes in both races and his dual failure to win was a great upset, in spite of the promising performances of the Wildcat in previous races this season.

Frank Knox, '34, again shattered the hammer record when he broke the mark he set a week ago. His throw measured 138 feet, 10 inches, about three feet better than his former best throw. The hammer event gave all three places to the Wildcats, the Chest-nolovich brothers capturing second and third places. Douglas, the sole Bates competitor in the event, sent the iron ball out over 140 feet but fouled three times in succession, thereby eliminating him from the finals and the scoring.

The Wildcats shut out their competitors from Lewiston in the discus throw; Hanley, Wiggins, and E. Chest-nolovich placing in that order. The same accomplishment was made last year.

"Dave" deMouplie ran a sensational race in the two-mile when he nosed out Norman Whitten in nine minutes, fifty-two and two fifths seconds. The race was neck and neck for seven laps, deMouplie winning in a sprint at the finish which brought the crowd to its feet.

Whitehouse and Thayer took first and second in both hurdle races in fast time. Neither were closely pressed, and he won without any trouble. Whitehouse has been a consistent double winner all this season, marking him as one of the highest scorers on the team. The summary: 120-Yard High Hurdles—Won by Whitehouse, New Hampshire; Thayer, New Hampshire, second; Burchart, Bates, third. Time, 15 3-5. 100-Yard Dash—Won by Knox, Bates, New Hampshire; Thayer, New Hampshire, second; Gibbons, New Hampshire, third. Time, 10 2-5. One-Mile Run—Won by Noyes, New Hampshire; Jellison, Bates, second; Butler, Bates, third. Time 4m 27s. 880-Yard Run—Won by Noyes, Bates, second; Crowler, New Hampshire, third. Time, 5m 1-5. Two-Mile Run—Won by deMouplie, New Hampshire; Whitten, Bates, second; Blood, New Hampshire, third. Time, 9m, 52 2-5. 220-Yard Low Hurdles—Won by Whitehouse, New Hampshire; Thayer, New Hampshire, second; Gibbons, Bates, third. Time, 2m 2 4-5. 80-Yard Run—Won by Noyes, New Hampshire; Jellison, Bates, second; Klein, New Hampshire, third. Time, 2m 1-5. Running High Jump—Tied for first among Bates, Bates, Kramer, Bates, and Kimball, New Hampshire. Height, 5 ft. 10 1/2 in. Pole Vault—Won by Dill, Bates, height, 11 ft. 6 in.; Andberg, New Hampshire, second, 10 ft. 6 in.; Prentice, New Hampshire, third, 9 ft. 6 in. Running Broad Jump—Won by Pike, New Hampshire, distance 20 ft. 11 1/2 in.; Miller, New Hampshire, second; Knox, Bates, third.

That the "freedom of the college press" is quite decidedly a worn-out myth has been proved more than once or even twice to the public at large by occurrences during the last year or two in college newspaper circles.

"With Malice Towards None." The above for all who scowled at us during last week... Spring is of course... any dern fool knows that... the bright dresses of the co-eds look swell... everything's swell... even the Kappa maypole dancers looked swell... wonder who the co-eds are who supplied the costumes... did they shrink... we mean the costumes... we're afraid to say pants... sorry we can't have maypole dances every day... maybe the phys. ed. department will adopt them... we know a big gun who wants to take women's phys. ed... he likes the brown coupe... we like the dog... why are sophomores... particularly dead sophomores eh, Ruth?... it's fun to be dead... see Mask and Dagger's 'Outward Bound' and you'll know what we mean... take the girl to the play before going to the Prom... it will make a perfect evening... we know a fellow who is going to take his girl to the Sphinx tea dance instead of the prom... says it's cheaper... so is he... we congratulate the Prom Committee on the reduction in the subscription fee... now you're talking... but remember... we want soft lights... Fletcher Henderson is good in any light... but we aren't... keep them low... wish we had a big steak with French fries... we'd throw it at Wally... Charlie Doloff caught 'Winch' O'Neill sitting on the dam at three a. m. listening to the conversation of the fishes... scandal must be scarce... we know some that wouldn't dare to print... Don, how were 'The Gambols of 1932?'... was she black or white?... or wouldn't it make any difference?... and we wonder if 'Jocko' has found the Western Union office yet... have you seen the new lawn roller?... Brad and the Hasco Shop are going to be put out of business... fellows will be leaving their pants on the lawns... not us... we still prefer the mattress... the Phi Mu Delta's wish to announce a new arrival... grass... and we suspect that it won't be long before Congress will be announcing a new arrival... beer... or will it be new?... have you seen Guibord's orange-crush cravat?... the Glee clubs are scheduled to give an all-American recital on May 25... it should be depressing... we were only kidding... the Hasco Shop has a new specialty... co-eds delivered to your door... F. O. B. Congreve... and who was that strange man we saw crawling out of a first story window at the Alpha Chi house?... don't get excited... it was only nine p. m.... have you been keeping up with the movies?... motion pictures are one hundred per cent. improved... have you seen 'Screen Souvenirs?'... they are a revelation... and so is Mickey Mouse... which reminds us... May Day is upon us... it should be a grand affair... there is a load of tradition behind it... hope it doesn't rain... black and white sports shoes are getting to be as common on campus as red neckties in Greenwich Village... or baseball players in Keene... a nice cool drink these hot days is gingerale with raspberry and lime... we dare you to ask for it... Planter's peanuts now have 'Planter's' stamped on each individual peanut... Art Stewart is thinking of printing 'Franklin Theatre' on his peanuts to illustrate the great American competitive spirit... we hope he assigns the job to Mac... if you want extra copies of THE NEW HAMPSHIRE buy them at Grant's... ho ho... while the arguments on the term and semester plans are still hot we might remind them that we... pardon... what difference does it make?... we have to come to college just as long either way... do you smoke cigarettes?... so do we... why?

Alumni Notes

A large number of alumni met at the Sigma Alpha Epsilon House in Durham last Wednesday night for a meeting of the Durham Branch of the Alumni Association. The gathering was entertained by Donald Smith, a sophomore in the University, who performed feats of magic. The campus movies were also shown.

The Editor's Mail

To an Anarchist: Virtue tolerates anything if it be done well; even criticism of the noisy sort, and of puerile vulgarities which characterized the sophomoric invective hurled at the Student Council a week ago.

Honest criticism is mainly sport, for it invariably is the voice of reason. But it can be scarcely said that the self-styled "satirist" of a week ago, who finally summoned together his choice bits of prostituted rhetoric, in emulation of the manly art of Messrs. Reed Harris, Walter Winchell (poor man!), and H. L. Mencken, to concoct a lot of theatrical garbage, has revealed none of the attributes of the vertebrate animal.

YOU have heard it again and again: "N. H. U. is a democratic college. God bless the dear old spirit of democracy!" To feel a spirit of kinship and equality because we can all amble nonchalantly to classes in rags is one thing, but to submerge the true aristocratic spirit in the blatant assertion that we are all just as much in a fog and as able as the next person to get out, is not pardonable.

The aristocratic spirit declares for truth and excellence. Hanford Henderson says that aristocracy is an attitude of mind, a religion, and not a social group, and that primarily it is the disinterested passionate love of excellence. That's a big mouthful, and a lot to qualify for all at once. Obviously we all love the excellent: the smooth speed of the sprinter, the sharpest mind in debate, the cleverest man in a broken field.

Aristocracy is not a social group; it is an attitude of mind, a religion. The only difference between the aristocratic spirit and the democratic is that the aristocratic allows for individuals, and the democratic does not. As Galsworthy tells you in 'Quality,' as the religion of the church should allow for individuals, so the religion of the aristocratic spirit recognizes the right of each individual to search out his own truth and his own sincere ideal of perfection.

We are, therefore, partially handicapped in our quest for truth by the requirements of colleges, and their insistence on knowledge alone. But colleges are allowing for the democratic spirit which naturally takes the attitude that it is being forced to learn, and not for the aristocratic, which would not have to be driven.

ADVICE TO THE LOVE LORN
Dear Elsie, I am desperately in love with a young man of 25 whom I have never seen, but met through a correspondence school. Inasmuch as I have thirty million dollars in my own name, I wanted to marry him immediately for I wanted to be mind paying the bills. I wrote him telling him so and inclosing my picture. I haven't heard from him since. What shall I do?
Dear Sadie, Please send me your picture.
Dear Elsie, Use Listerine, Lifebuoy, Murads and Vanity Fair and yet fellows never go out with me a second time. I am so heartbroken I could cry. What do you suppose is the trouble? I want a home and babies and all that sort of thing. Please give me some advice.
Dear Carrie, If you want a home and babies, you don't need any advice.
Send in your love problems and let Elsie diagnose them free of charge. It may mean your life's happiness!

You engineers, pipe this. At Michigan Tech they give a full course on how to use a slide rule. Is it that hard to manage?
Co-eds here might follow the example of two Claremont College co-eds in getting dates. The trouble is that co-eds on this campus don't have to advertise much; they are so few in number.

Student dramatists at Los Angeles are always up to crazy pranks. For instance, a couple of weeks ago somebody stuck all the teacups to the saucers used in a "tea" scene. Naturally it went over big with the audience.

Aristotle did write a treatise on politics. But political form, he said, must be in harmony with the character and needs of the people. From the Aristotelian formula it is readily deducible that the Student Council be tolerant, since students are what they are, and things are what they are.

"Kick" Noyes, crack miler, who broke record at Bates meet Saturday.

The annual interscholastic track meet held here on Saturday was from all indications a howling success. If participants and entries mean a thing, the time is not far ahead of us when this meet will, of necessity, become a two day affair. Each year finds the list larger and larger—it is beginning to resemble the "D. A. R. blacklist" which has been compiled by the defective in our midst.

"Kick" Noyes certainly showed great stuff in that mile run on Saturday when he established a new record for the University. It was a wonderful finish and certainly no disgrace to Jellison, the Bates entry, to lose that one.

Second only to the great exhibition in the varsity mile was the one mile run in the out of state high school class, won by Hagstrom of Worcester North. He fell on the turn in the first lap and lost his shirt. He got up and finished the race and came within four seconds of a new record. One of the greatest exhibitions of courage and fight seen here for many months. Brother Herb, former Wildcat star, was right there at the finish to give the kid brother a great reception.

The event of the year has come and gone—the annual Kappa May dance. If the "powers that be" could only incorporate that into the Saturday plans we could rest assured that the pageant would be a success. That elephant blanket that Mrs. McIsaac's boy had on was the last word in unmentionables.

Mr. Ed Dawson, leader and chief of the now famous Dawson gang, has overstepped the line of demarcation and open warfare is now in order. "How-do-I-do-it" himself is keeping very low these days and doesn't dare appear on the street without his body guard. His big mistake was greediness, not being satisfied with the beer racket he tried to muscle in on the Alpha Xi Delta's and was he greeted!!!! Of course, she isn't the only girl in the world but without a doubt she is one of the nicest, eh George?

Still another system has been inaugurated at the University. After this any athletic team losing a game out of town will be made to walk home—ask the freshman track team. They "hoofed" it back from Exeter Saturday when the bus broke down.

Records are being broken right and left this term—but here is a cute story. A certain senior enrolled for a frosh education course—How to Study Effectively. That gave us a great laugh when we heard about it,

but when he got a warning in the same course, that was too much. The freshmen created a new record Saturday in the baseball game with the Harvard freshmen. We wouldn't dare say how many errors they made—even the score keeper got writer's cramp and gave up in disgust.

The Alpha Chi's were rudely awakened at 6 o'clock the other morning and when they saw all the S. A. E.'s on the front lawn they were more than surprised. So were we!!! It is even rumored around that Sam Farrington and Benny Viano were up—now do you believe it?

And don't be wandering around after dark, even on the main stem. Your name will be taken as a suspicious character and without a doubt you will be questioned in regard to the Lindberg kidnaping, the assassination of President Doumer of France, or the Valentine's Day murders in Chicago.

Grandpa: "What's the story, Winchell?" Roger (very dubiously): "No tale, Tom, no tale." Can you believe it? Roger without a story—it's the depression. Ask Sailor Moreau, he of the high diving fame.

Paul "Cuffer, Diamond" Dearborn, has been suffering from drowsy. He drops everything he picks up. He even dropped Folsom last week but Ed came back strong to win the decision. They haven't got the ring cleaned up yet, though.

A queer twist in the freshman track meet with Exeter Saturday—five men tied for second in the high jump. That was pitiful.

Plans for the golf team have fallen through, as we understand it, because some of our smart allecks refused to stay off the Dover course until it was playable. It's not the first indication of the kind of cheap sportsmanship some people show but it is one of the worst. The offenders should be proud of themselves.

Plans are underway for a golf course to be constructed right here in our own city and the "Flatfoot" didn't give us the information, either. Maybe that's something he has missed.

And lastly, don't forget the May Day events on Saturday afternoon. Of course, it cannot be compared with the Kappa party but it will be well worth your while. Come and see some of our beautiful co-eds trip the light fantastic.

### Manchester High Wins Track Title

Tilton, Huntington, and South Portland Win Respective Classes—Genawicz Breaks Two Records

Manchester Central, Tilton School, Huntington School, and South Portland High Schools won their respective classes in the twentieth annual University of New Hampshire Interscholastic Track and Field Meet here Saturday at Memorial Field. With ideal weather conditions prevailing, several new records were established when 742 schoolboys came here to compete for 42 high and preparatory schools spread over New England and New York.

The affair, under the personal direction of Professor Paul C. Sweet, coach of track, winter sports and cross country, was the largest and most successful yet staged at this institution. Everything ran off smoothly as a result of the extensive and careful preparations.

Manchester Central High School was the only one of the four winners to repeat last year's victory. This makes the fourth consecutive triumph for the little green. Norman, star sprinter on that team and winner of the century and furlong last year, repeated his victories this year, being closely pressed by Wiseman of Dover and Roy of Nashua. Other winners for the little green were: Gray in the high hurdles, Skidder in the pole vault, Carrill in the half-mile, Benezet in the quarter-mile and Horton in the discus throw. Besides these individual victories, McDonough and Chadwick tied with DuPont of Manchester West for first place in the high jump. These points alone gave Central a score that practically insured first honors for the team.

#### Breaks Two Records

The features of the in-state preparatory school meet were the upset of New Hampton by the greatly underrated Tilton School outfit, and the record-breaking performances of Tony Genawicz of Clark School. New Hampton ran away with the meet last year but was nosed out last Saturday in the quadrangular competition. The Clark School ace established new records in the shot put, tossing the twelve pound ball 56 feet, and in the discus throw with a heave of 138 feet four inches. The last record is a foot farther than the college mark.

McShane of Tilton won the in-state preparatory school high jump title with a leap of six feet and a quarter inch which is quite close to the record.

### Harvard Freshmen Shut Out Kittens

Break Undefeated Record—McLeod Fairly Effective on the Mound but Miserable Fielding Spells Defeat

The Harvard freshman baseball team defeated the Kittens and broke their undefeated record last Saturday afternoon on the freshman diamond at Soldiers' Field by the score of 8-0.
