The experience of mismanagement is evident in the Social Committee's response to the latest charge of mismanagement. The committee should be more rigorous in its investigation of such cases and not just accept the testimony of one individual. The committee should have been more thorough in its examination of the evidence and not just accept the testimony of one individual. **TIGER SHARK TO BE HERE JAN. 21.**

Edward G. Robinson stars in Epic of the Seas Supported by Richard Ar len and Zita Johann. This feature is now playing at the Alpha Theatre, and it is a very fine production. The lighting is splendid, and the acting is excellent. The story is an exciting one, and it will certainly appeal to all who enjoy a good mystery story.

**THE EDITOR'S MAIL**

To the Editor of THE NEW HAMPSHIRE

In order to correct the mispronunciation of the word "Shark," the first word in the title of the feature, Mr. Robinson has written to the editor of the paper. He says: "The word 'shark' is not pronounced with a soft 's.'"

Now that the annual banquet of freshmen to fraternity is over, and everyone well paid, perhaps we can settle down to the more serious subject of reading the newspapers every day of the week.

We wonder what horses will be raced at this year's meeting of the University horse race track, and what will the outcome be? We have heard many good stories about the track, but we are not sure if it will ever be as successful as the one at Harvard.

That Vermont-New Hampshire basketball game was a humdinger, but we had difficulty with the referees. In our opinion, they were there only as color. Some of their decisions indicated the latter.

"Some years have better horses," said one of them, "but we must stick to the game." And that is what the Robinsons do.

"Police Follow Trail of Stork" declared the front page of the local paper. The author of this story isunknown, but it is probably one of the students at the University of New Hampshire.

When you think of the two-year suspension of a building program, it is evident that some economy was necessary. All interested students were expected to make their contributions by putting in an extra hour of labor each week.

Happy New Year to all our friends at the University! We hope that the coming year will be a successful one for all of us.

Mr. Aldrich was born in Waltham, Mass., and received his education at the University of New Hampshire. He later established the Keene Ledger, in his native town, where he was a prominent citizen. He was a member of the New Hampshire Legislative Assembly, and served as a delegate to the Republican National Convention. He was a staunch supporter of the Union, and a strong advocate of temperance. He died suddenly on December 8, 1932, leaving a widow and two children.

OTNLY the fraternity presidents sign a pledge of brotherhood. Now this is the time of year when once more we all remember how fraternity houses are a place of brotherhood and love.

It was a pleasure to see the members of the Alpha fraternity having a good time at their annual banquet. We hope that they will continue to have such occasions in the future.

"It is doubtless true, unless we contend that the students on this campus are not a community of people," said the President of the University. "But I am sure that we can all do our part to make this a better place for the students."
