VARSITY SQUAD OPENS PRACTICE FOR BASEBALL

Twenty-seven Men Retained As Coach Swaminian's Squad of Candidates for the Season

By Sydney Wooldridge

New Hampshire's seventeen baseball squad has been announced by Coach Swaminian. It is the same in the pitching, in more than 80% of the hitting, and in several of the fielding, as the team which was defeated in the state championship last spring.

The batting candidates have been working out for the past week and a half, while the infielders and outfielders have already been given some exercises. The battery candidates are to report for practice on Wednesday, March 29.

WALTER JENKINS IN ART SOCIETY

Cultural Society Elects University Teacher to Office of First Vice-President

Mr. Walter E. Jenkins was recently elected as first vice-president of the Cultural Society. The election was held in the old rooms of the society, and Mr. Jenkins was described as a man of great enthusiasm and a leader. The Cultural Society has been an active organization in the University for the past year and a half.

The object of this society is to arrange exhibitions for cultural activities on campus, and it has been successful in attracting a large number of students.

Dr. Matthew of Harvard Speaks on Religion and Science at Convo

Dr. Robert F. Mathews, professor of philosophy at Harvard University, will speak on "Religious Views on Religion." The talk will be given in the Student Union, and the audience is invited to attend.

Registration Takes Big Drop

Financial Aid is Held Responsible for Lower Registration Figures

According to figures given out by the Registrar's Office, the total number of students enrolled at the University for the fall term of 1933 is 1,000 less than for the fall term of 1932. This drop is attributed to the financial aid given to students by the government in the form of grants.

It takes resourcefulness...

Time and again, Bell System engineers have demonstrated their pioneering bent in working out unusual construction problems. For example, they laid a huge conduit under the Hudson River. They employed a branch in the river bottom, lowered enormous sections of iron pipe, sent down divers to join the sections, and then covered the tube in concrete. Through this they ran telephone cables forming one of New York's main unusual telephone construction problems. Through this they ran telephone cables forming one of New York's main

The Editor of The New Hampshire:

To our editor:

This is in reply to your interesting letter of April 3rd, 1933, in which you expressed your admiration for the daily newspaper of this city.

I am enclosing herewith a copy of the current issue of the paper, which I believe will give you a better idea of the work that is being done.

Sincerely yours,

Get a New Idea of Underwear Comfort

If you wanted a particularly fine suit you had a New Hampshire custom-tailor make it of Carolina handloomed homespun.

But things change. Today you can come in and pick up with a ready-to-wear Sawyer-Spun, so marvelously similar in fabric, style and even the "soft" tailoring that experts can barely tell them apart.

The only important difference is in price—which puts it from forty to fifty dollars ahead.

See the new spring styles, particularly the smart design of washable and fashionable gun club checks.
