THE STUDENT COUNCIL—LOOKING BACK

Member of the new Student Union Board elected in the recent elections Friday were installed into office this week. It is appropriate at this time to take a look back over the work of the outgoing Council, and to recognize their accomplishments and failures. Any criticism of the Council that is made is done in an unadulterated, constructive manner.

The incoming Council will continue with this work and become a truly representative Student Council.

Women. A definite change has been made in next year's calendar to provide for minimum living expenses. Quality food in attractive surroundings at an expense of five dollars a week is offered. All of the money in the treasury this year was expended for office equipment, and the credit of the incoming Council will be placed on a sound basis and establishing for the incoming Council a more favorable rating in the eyes of the students. It is imperative that the students understand that the incoming Council will continue with this work and by so doing are to be judged capable of understanding the employment situation and the best ways of attaching problems affecting the student body.

The canes, with the wildcat head on the knob, are few and far between. A committee of the class contracted for designing of the cane, and the class traditions? Certainly the canes have been given enough publicity. They show a decided lack of appreciation for the dignity of tradition by their reluctance to adopt the class insignia. Yet they have been the greatest critic of the class to be graduates toward any distinctive sign of their superior position as upperclassmen. They have assimilated as much college spirit as any class in the University. They have lived up to all they were expected to live up to.

The collapse of this, our most dignified and one of the oldest traditions of the campus? Is this year to witness the collapse of all of the minor traditions of the campus? Are the seniors going to kill effectively, by their non-concurrence in the poster fight no longer makes news during the first-weeks of the fall term. The canes are now and forever dead. The class traditions are dead.

you'll find Luckies do not dry out

Lucies use the mildest tobaccos—For Luckies we use the cleanest leaves and the choice mild Virginia tobacco. Then science plays its part in making these choice tobaccos truly keep their flavor. That's why Luckies keep their flavor. That's why Luckies taste better. Luckies are less of a smoke. Luckies taste Better.

DARTMOUTH NINE SWAMP WILDCATS

Green Squad Score Runs at Will—Final Score Being 12-6

A game full of hits, and wins, and... and runs. Tuesday the ninth the eleven members of the Green Squad played a brand of baseball that sent the other team reeling around their own diamond. The win was a hard edged out of a win by a lone tally, but it was taken in style. Carroll Grady,...

SPRINGFIELD DEFEATS VARSITY LACROSSE

Martinell, Morrissey and Healy Star as Wildcats Lose by Score of 7-1

Losing to Springfield in their third game of the season, the varsity, usually considered the superior of the three Springfield College teams, lost its third straight game in the 1934-35 season. The Springfield team fared well in the opening game of the afternoon, taking the first goal in the first five minutes, and again, out scoring the Wildcats, only to have the contest clinched by an overlooked ball, which after that, had little effect on the game.

The game was a closely fought contest, both teams playing good defense. Springfield scored in the first half, and was able to hold back the Wildcats, who, after that, were unable to make any headway.

New Hampshire showed the superiority in the running events, even by the field hockey teams. In the cross country race, the Wildcats received second place, and the New Hampshire team received third place. The Wildcats in the varsity football game were defeated by the New Hampshire team, 21 to 14.
