To the Editor:

To the Editor—Considerable interest was manifested by the undergraduates in the Tuesday evening program of Series 29, which was given in the Alumni Hall during the spring term of last year. The program consisted of a tableaux. The tableaux were arranged to show something constructive to prove that the present rushing rules are working, and to meet the belief that every member of the University is practicing the old Alma Mater. It was indeed gratifying to learn that the savings thus accumulated by the Greek letter houses on campus, their frowned upon by the University, and no event in the year as their students take part in the Alpha officers and their programs. In the communication from the old Alma Mater.

Blue Key, "The Interests of the Intercollegiate Fraternity, a Study," was the title of a paper presented by Mr. John May, a senior in the class of 1934. The paper was prepared to honor the memory of Mr. A. C. Miller, who left for other work during the summer. The paper dealt with the organization of power production and its various applications. The paper was well received, and it was decided to establish a new organization in the study of power production. The organization was named the "Electric Power Society." The organization will meet weekly during the term.

Alumni Notes

The first meeting of the year for the Portland Branch of the Association of Alumni was held at the Strafford National Bank, Dover, N. H., on the night of October 5, at six o'clock. Operating on a new entertainment plan for the first time, the branch was able to raise a small sum of money, which will be used for the benefit of the University. The branch was well attended, and it was decided to hold another meeting in the near future.
