grounded in the end zone will no longer be called as a touchback.

These two should unquestionably bring forth a much faster brand of football with for higher serve them.

The one fear is that the change in size will be detrimental to the kickers.

With all these changes in the rules the game should be more interesting than it has ever been before. Let the state of the

Radio and Orchestra

by Robertson Page

by Robertson Page

Glen Grey and the Casa Loma orchestra are scheduled to appear at
Nuttings on the Charles in the near
future, and from all indications there
will be a good many New Hampshire
students present. Over thirty Durhamites listened to the band at the
Waltham ballroom last spring. The
fact that it was a Monday night with
exams the next day seemed to make
little difference. The orchestra has
evidently hit the popular fancy...
and no wonder. When that old southern gentleman, Pee Wee Hunt, stepp
up to the mike and smiles benignly,
upon the motley throng of dancers,
he soon convinces you that your dollar-ten admission is not wasted. Also,
the assiduousness and delicacy characterized in Kenny Sargent's peculiar
mode of singing invariably makes a
hit with the fair sex.

Speaking of the fair sex reminds me that formal college dances are just around the corner . . . which means we will soon be confronted with the grave undertaking of securing decent music. After last year's experience, the engagement of first string orchestras seem an impossibility. Yet, if the orchestra committees will "play ball" with the booking agents, there is no reason why a good band cannot be guaranteed. Naturally, it is foolish to expect an influx of music in the Paul Whiteman class. Finances will not permit it. That, however, is no excuse for orchestra committees failing to secure the original band. Granted that we cannot expect entertainment by headline orchestras, we should at least make arrangements to get the first string outfit of the music we do hire. Del Caminati is to be complimented for drawing up an official contract with Larry Funk last Commencement, but not much credit is due the other dance committees. Perhaps the class officials will be more careful whom they select to engage the music this year. Certainly, there's no sense in spending three dollars and eighty-five cents of depression money to hear a third string orchestra.

The new College Inn band doesn't

The new College Inn band doesn't sound bad. It might be worth your time to drop into the Inn and hear their special arrangement of Sweet

week when it announced that all records in the Brunswick library by the three above-mentioned bands would be sold direct from the factory for 25 cents each.

week when it announced that all records in the Brunswick library by the three above-mentioned bands would be sold direct from the factory for 25 cents each.

The stage wouldn't be amplying to see interesting developments before long. Anyhow, we can stock up a good supply of records for our "vic" parties with Casa Loma and Guy and the stage of the work of the most signatic struggle of labor and the work of the most signatic struggle of labor and the work of the most signatic struggle of labor and the work of the wore of the work of

Don Redman and his orchestra went to Cleveland September 18 at \$1,600 per week to premiere Bernie Bern-stein's Cotton Club, which will be the first night spot opened in the Ohio city's Harlem sector on such an ex-travagant scale.

Anson Weeks and his orchestra leave the Waldorf-Astoria, New York, October 4. The band will immediately head for Boston where they will play a four week's engagement at the hub city's largest hotel, the Statler. Students who anticipate week-end trips to Boston should find the orchestra worth hearing.

They Cost More

(Winant) to go."

Strikingly enough, the persistent denunciations of the U. T. W. demands by George A. Sloan, president of the Cotton-textile Institute, as "utterly impossible from every standpoint" subsided quietly with the union's acceptance of arbitration. Reassuringly, rather, he comments "It would appear that the board makes no attempt to pass upon the demands of the strike committee but has recommended further studies on these subjects to be made by governmental agencies."

The attitude of exultation of Mr.

The attitude of exultation of Mr. Gorman over "one of the greatest triumphs in labor history" and the unconcern of Mr. Sloan over the same victory, furnish a marked contrast to the apparently bitter differences that have existed between them during the past three weeks. The thoughtful individual is forced to consider the validity of current rumors to the effect that the textile strike was called originally for the purpose of offering mill owners an opportunity to liquidate the over-stocked textile supply while mills were closed, and for the restoration of the prestige of the A. F. L. officials. The attitude of exultation of Mr.

The Arms Inquiry

With war seemingly inevitable, proceedings in Washington took an interesting turn last week when the special committee, headed by Senator Nye, investigating the armament business in the U. S. called in the du Pont brothers, representatives of per-

haps the greatest munitions concern

tion until after the November elections.

So closely then are these companies linked up with politics that they are able to virtually dictate the procedure of this investigation which is of such vital importance to the average individual. It would seem that private business influences the government to the extent it still is its own boss, statements of the New Dealers to the contrary, that government is controlling and regulating private enterprise and private profit.

Nazis Suppress Education

Chancellor Hitler's labor conscription policies were recently extended to education as was revealed by the announcement of the German Student League. Only 4,700 students including 700 women will be admitted to the German universities and technical high schools this fall. This number is selected from the 39,579 graduates released from the preparatory schools in the spring. During recent years the average number of students matriculating for advanced studies has been 12,000. Prerequisite of university attendance is the passing of tests designed "to determine their general Events" Chancellor Hitler's labor conscrip Events

Last Gentleman" Gives Away Millions Acquired By "Rothschild"

In his new starring production for Joseph M. Schenck and Darryl F. Zanuck's 20th Century Pictures, "The Last Gentleman," George Arliss is a rich old man who is trying to pick an heir.

"The Last Gentleman" is further at variance from the preceding film in that it takes the star from the field of drama into that of comedy. Mr. Arliss has several times before proved his versatility by stepping from one medium to another and considers it one of the reasons for his continued popularity.

88 of the 192 Rhodes scholars in 1933 were from the United States.

worth your action has spoken louder than words in this respect. However, it appears that the actions recently undertaken by some of the members of the Sophomore class have served only to discourage what the speakers mentioned above stressed so strongly.

This is not, by far, an unusual occurrence. Sophomores traditionally expect a rather reverent attitude from incoming Freshmen, doublets because they were themselves not solong ago the unwilling objects of upper-class subjection.

Probably this state of affairs will remain intact as long as our colleges and other educational institutions adhere to a system of class divisions. There seems to be no promise of change in this regard in the very near future. Consequently, we are forced to deal with a gent of the class: "The Report of the delaws are stilled in the rear of the class: "The Report of the delaws are stilled in the rear of the class: "The Report of the class in the rear of the class: "The Report of the delaws are stilled in the rear of the class: "The Report of the class in the rear of the class in the rear of the class: "The Report of the class in the rear of the class: "The Report of the class in the rear of the class in the rear of the class in the rear of the class: "The Report of the class in the rear of the rear of How Refreshing! Week Old Kittens to Face Strong Phillips Exeter Academy Team

Heavy Team Meets Rivals As Underdog

Martin, Verville, Schivone, Giarla Start in Backfield-

Martin, Verville, Schivone, Giarla Start in Backfield—Three Concord Boys Play

Once again Coach Lundholm is confronted with the problem of turning out a football team on a week's notice, to meet the strong Exter Academy eleven at Exeter Immortal properatory and more recently by Ken McKiniry, Lundholm has been working since last Saturday in an effort to develop a group of high school and preparatory school athletes into a powerful outfit capable of holding and the strong Control Properatory school athletes into a powerful outfit capable of holding and so forth, the freshmen have high the very into shape for Lowell Tech.

About forty-five men reported for the Kitten eleven last Friday and were outfitted for a practice session Saturday. On Monday Coach Lundholm got in vous sessions, but he has been limited to one a day since Monday. The only opportunity the Kittens have had for a real scrimmage was during the lathorph their first. The sember should with fairly large fast limemen a bit better reserve material than usual, with a well-balanced backfield squad. The line will average 175 from end to end, with the backfield a bit under that.

Russ Martin, Gloucester, Mass., buy will start at quarterback, Martin is the heaviest man in the heaviest man in the heaviest man in the fell-halfback positions. Russ Martin, Gloucester, Mass., buy lided with fairly large fast limemen a bit better reserve material than usual, with a well-balanced backfield squad. The line will average 175 from end to end, with the backfield a bit under that.

Russ Martin, Gloucester, Mass., buy hild with fairly large fast little of Concord will hold down the full-back job, carrying from the number 2 post. Giarla, a fast stepping lad from Winthrop will be the ends with a great deal of experience, will lead the interference. He appears to be the best blocking back on the club and will cause a bit of concord boys, Brouch and Circle playing tackles, Montron, nopular class leader, at one guart, Martin, Guerage and the server wall, another great team wil

fitness to become intellectual leaders in the Third Reich." In these tests devotion to the National Socialist nrinciples is decisive. The purpose of this step is explained as increased emphasis on practical work and a reduction of the "intellectual proletarist".

Wildcat Eleven Ready for Opener **Against Lowell Textile Tomorrow**

Varsity Harrier **Prospects Bright**

Webster, Glover, Matthews, Murray Lettermen On Squad—Soph Material Scarce

Robert "Skippy" Haphey, captain and star full back of last year, in back in school again this year, but Skippy is in the guise of coach this year, and will not be seen on the gridiron except on weekday afternoons. Together with Howie Hanley line coach last year, and Ken McKiniry, ineligible center from the varsity, he will assist Coach Carl Lundholm to turn out another of those strong Kitten eleven which have been appearing with such steady consistency.

been appearing with such steady consistency.

Bob came to Durham from Lawrence High School, and made his numerals in football and baseball. Since his sophomore year he has been regular on the varsity, leading the offense with brilliant passing. His kicking was the feature of three Harward contests down in the big stadium at Cambridge. During his junior year in school, Skippy scored the first touchdown of the season, thereby having the honor of giving his name to the Wildcat masoct, Skippy, who since has disappeared into the wilds of northern New Hampshire.

Last year Haphey was elected captain of the varsity, and despite a serious shoulder injury, he led the team throughout the season, starring in every game. This season he was signed up by the athletic department to succeed Harry Wood as backfield coach for the freshmen.

Veterans Slated to Start—Sophomores

Used as Reserves Coaches Not Optomistic As Strong Lowell Team Invades Durham

A mysterious median, swinging in pendulum fashion between rank pessimism and nervous optimism pervade the corners of the gymnasium and Memorial field as Coach "Bill" Cowell and his associates send this year's New Hampshire Wildcats through the closing workouts in preparation for the opening tussle with a strong Lowell Textile outfit tomorrow afternoon.

Neither Coach Cowell nor his assistants, Harvard Al Miller and Ernest Christensen will issue a statement concerning the prospects of their eleven, but from the atmosphere attending the daily practice sessions, there is a big question mark encircling our Wildcats. Ineligibility has caused a change in plans, with seventeen members of the squad sitting on the sidelines due to scholastic difficulty.

caused a enange in plans, with seventeen members of the squad sitting on the sidelines due to scholastic difficulty.

However with seventeen lettermen returning from last year, and eleven members of the strong Kitten aggregation reporting, the pendulum swings the other way. Captain Haphey, Graffam, and Dane are the only backfield men who graduated, but the loss of Bacheller, Ballou, Andrews, Vaughan, Lewis, Willis, and McKiniry will be felt in the line. Several new men have reported for positions in both sectors, while a number of non-lettermen from last year's squad are in the running again.

Two veteran wingmen, Wilde and Stylianos, seem primed to star against Lowell, although they are being pushed by three sophs, Rogean, Twyon, and Manchester. Morrissey, a member of the squad for two years, will come close later on. Hubbard and Hunter complete the end squad. Gowan, big lineman from Lundholm's team, will probably be paired with Milt Johnson at the tackle posts, with the going about even for Moriarty and Ktistes to replace either for the first whistle. McDermott and Wilson are close to the top, although the latter has a pair of trick knees. Two more seniors, varsity lettermen for the past two years, are sure to start at the guards, with Lapeza, Lang, Norris and Jones getting in early.

George Souzanne, who has been forced to substitute for the last two years, will finally be given his opportunity this season and he will fill the control of the control of the center of the a big vacancy in the center of the line. Angwin has been shifted from his customary wing post to relieve Souzanne, while Bishop of last year's Kitten team will be the third string

Souzanne, while Bishop of last year's Kitten team will be the third string pivot man.

The backfield will be a bit more complicated. Clark, Joslin and Mirey are all rated equally for the signal calling job, with Quadros also on deck. For ball carriers and blockers, Al Miller has Demers, Miller, Moody, Pederzani and Ahern, all lettermen, Lekesky and Karazia, of the freshmen, and Tucker, the Curri brothers, Mitchener, who was a varsity man last year until injured, Merrill, Gouck, Heinz, and Staniciewski.

Lowell has been out for three weeks, and has almost a veteran team. They battled the N. H. team to a 7-6 score last year on opening day, and unless our Blue and White team clicks to morrow they might start us off to a long, hard, dreary season.

Announce N.H. Readers Can **Vote For All-Americans**

All Durham football fans who have the All-American mania will have a chance to satisfy their desires by en-tering into the contest sponsored by the Collegiate Digest, distributed by

THE NEW HAMPSHIRE this year.
Each week there will appear in the rotogravure section connected with the weekly paper a blank, in which any student can select a football team, his All-Americans. These selections can be changed each week, and one team can be sent in each week. Only undergraduates, or members of the faculty are eligible to compete as the contest is for students only.

Harvard, Brown, Dartmouth, Yale, Columbia, Boston University, Rutgers, Notre Dame, Chicago, Alabama, Florida, Minnesota, Wisconsin Chicago and Georgia are a few of the schools who are entering this contest, and all

who are entering this contest, and all Durhamites are invited to make their selections each week.

Students poorly trained for a college career, and who do not wish to take work for a higher degree, have been enrolled in a special course designed to give them subjects that will be most profitable for them in their short stay in college at the University of Missouri (Columbia).

As We Start The College Year
