Fresno Grammar, president of the junior's class and chairman of the Student Council, announced the new officers of the school's student body here recently. The new officers were: A. G. A., president; G. W. T., vice president; A. W. C., secretary; and R. S. B., treasurer. The Student Council is the central governing body of the school, and is responsible for the supervision of all extracurricular activities. It consists of three classes, representing the three years of junior high school, and is elected by popular vote from among the students.

The aim of the University in maintaining its Dining Hall:

To serve only the highest quality foods at moderate prices.

Twenty-one meals (taken at the option of the ticket holder) cost only $60.00. Those who prefer a cafeteria ticket, a $5.00 value for $5.25.

THE NEW HAMPSHIRE}
Wildcats Close Season at Manchester Tomorrow

St. Anselm's Hopes for Win in Wildcat Game

Six Straight Victories Give Hilltoppers Confidence in Season Finale

A hard-fighting St. Anselm's eleven, which has won its last six games, returns to the Manchester Coliseum on Saturday to face the New Hampshires. The Hilltoppers will be seeking their seventh win in a row, a feat which has not been accomplished by the New Hampshires in their history.

They have been in intercollegiate football for 50 years, but their best season was probably in 1930, when they finished third in the New England championship. Since then, they have had only two winning seasons, in 1932 and 1933, and have not finished higher than sixth in the standings.

Despite their record, the Hilltoppers are not to be underestimated. They have a strong team, led by a skilled quarterback, who has thrown for 1,000 yards in the past three games. They also have a powerful running back, who has rushed for over 500 yards this season.

The New Hampshires, on the other hand, have a strong defense, led by a tough linebacker, who has intercepted 10 passes this season. They also have a strong offensive line, which has allowed only 10 sacks in the past three games.

The game will be a hard-fought contest, with both teams playing to win. The Hilltoppers will be looking to break their losing streak, while the New Hampshires will be looking to clinch their seventh victory in a row. It will be a game to remember, as both teams have something to play for.
The surface in the Industrial Arts Department in the basement of the building is also a work of art. Here a huge fire was burning and the voices of the students could be heard as they worked. The students were using various tools and machines to create different items. The air was filled with the smell of wood and metal.

The tour lasted about an hour and a half, during which time we had the opportunity to see many different aspects of the school's facilities. We were shown the classrooms, libraries, and laboratories, as well as the dormitories and dining hall. The school was well-equipped with modern facilities and had a very pleasant atmosphere.

At the end of the tour, we were able to ask questions and learn more about the school and its programs. Overall, the visit was very informative and enjoyable, and I would definitely recommend it to anyone interested in learning more about what Chestnut Hill College has to offer.
