With Upsala Tonight

During the second period, Coach Swasey had the advantage, and the second half was a good one, with the Upsalans holding their own and being outplayed only by the better individual skill of the Bobcats. Coach Swasey named the following players for the lineup: McMorris, the center; in another position; fourth; and as a forward the regular 22. He started both forward positions against the Express, and he bested or equaled his competition in both cases, according to the score sheets. However, he scored both goals against the Express, and he had no trouble in getting the goals in the second half.

First Game of 1935

Butch, our mascot, has returned to campus again this winter, and will live in his big cage behind the Lambda Chi house. Butch nearly went the way of all Wildcats when the financial straits of the university forced the sale of all the campus property. However, the student body rallied to save Butch and he has been living in his cage ever since. Butch is a fine mascot and is always ready to entertain the team.

Winter Sports Team

Our winter sports team did fairly well at Lake Placid. It's too bad that speed skating and snowshoeing have been cut from the schedule, but this week we've concentrated on the hockey team. Fraternity rivalry against the Temple leather pushers should give the N.H. "champs" plenty of competition. Carter has had some good luck in recruiting new players, and these men for the most part inexperienced. Another outstanding man is Dick Ahearn, the brother of another New Hampshire celebrity, Connie Ahearn, the former basketball star. Ahearn has had a great deal of experience, and if a reserve line can be developed, we'll see some brilliant hockey from the yearlings.

First, we took our freshmen up to the rink Saturday and took in the New Hampshire vs. Dartmouth game. The Dartmouth team is stronger than ours, but we were able to hold our own for a time. Johnny Finn is another "pug" who has reported for boxing and those who remember his record on the Kitchener and London teams will be interested to see him in action. Johnny has put on a bit of weight, but he still packs the punch which pulled him through undefeated in his college career. We hope he can continue so.

The team off the ice until the first game, and the team as a whole lacking experience, Coach Howie Hanley is not over optimistic about the season. Russ will probably hold down the center ice job, although he has played at defense for the past two years. He has had some experience, and McMahon especially looks fast and able. Gruber is bigger, but not quite so fast. Shea is another forward who will play a great deal of time, and we hope he can do a good job.

The weekly hockey game is greatly anticipated by all members of the team. It will be played against Dartmouth, and we hope to win.

Outlook for Boxing Season Looks Good

Several veteran and freshmen boxing engagements started Monday. Clinches for the lighter weights, notably those in the featherweight classes, are expected. The openings are very crowded, and each man will have to work hard to get a place in the lineup. The schedule for the season is as follows:

Decay of 182 Students in Winter Term Registration

A decrease of 182 students in winter term registration was recorded by the registrar's office at the end of the winter term. This decrease is believed to be due to the large number of students who have not yet decided on their major and minor subjects. The decrease is not considered alarming, as most of the students will probably return in the spring term. The registrar's office is confident that the registration will increase in the spring term.

The schedule:

- 1935 Winter Term Registration
- Winter Term Classes
- Winter Term Activities
- Winter Term Events
- Winter Term Housing
- Winter Term Athletics
- Winter Term Social Life
- Winter Term Academic Life
- Winter Term Environmental Life
