Birthday Ball Planned In Honor of Roosevelt

Thousands Held Within Past Week

Prof. H. W. Smith Appointed General Chairman over Committee of 22

A President's Birthday Ball similar to the one given by the students of Dartmouth College in 1935, will take place on Saturday evening, February 14, and will be held at the University Hotel. It will be in the spirit of this type of entertainment to hold a dinner and dance and to raise funds for some worthy project of the University. A number of prominent members of the University faculty have already been invited to attend the event.

L. Slobin, Mrs. O. V. Henderson, Mrs. C. S. Parker, Mrs. Frank Morrison, Mrs. D. C. Babcock, Mrs. Eric Huddleston, Mrs. T. Burr Charles, and Mrs. J. Guy Smart.

Six Sororities on Campus Accept Pledge of Ten Women

Lowest Number in Past Ten Years Pledged to UNH Sororities

The membership of the council includes the young people of the Protestant churches of Portsmouth and surrounding towns. Its work is to create a friendlier feeling between the youth of the Protestant churches. During the year the council sponsors various activities, including a winter carnival and a project to support UNH sororities.

The Storm that Made Carnival a Reality

"No all night long the storm roared on: The morning broke without a hint: A sulphurous blossom of light appeared Of Nature's geometric signs. Snowflakes froze, and piled. And then the blinding snow, all day long, About the groundless wonder bent."

The Library

The total number of books in the Harvard University (Cambridge, Mass.) library is now 3,602,040—the largest university library in the world. Exactly 126,935 books and 48,380 pamphlets were added to its shelves in 1935-36. The story "The Storm that Made Carnival a Reality" by Mrs. Elizabeth Taylor is available for reading in the New Hampshire Theater in Woodstock.

Conditions for Snow Sculpture Are Finest Since '31 Carnival

One of the most interesting and entertaining events of the carnival was the Snow Sculpture contest. The sculptures were constructed of snow and were displayed in the center of the carnival grounds. The sculptures were judged on their creativity, originality, and artistic merit. The winners of the contest were awarded prizes, including a one-week stay at a ski resort.

now that in my own time, I have been a
bit of a trial to some of these same

In such a way that I am sure I shall
be glad to do it, but I am afraid
that I shall not be expected to do it on

All this is the reason why I have gone

some good things to look forward to,
and I think that those who have been

there is no need for them to carry
their work further. I must say now

..., so far as we know tobacco was first used about 400 years ago...

... throughout the years what one thing has given so much pleasure... so much satisfaction

They came looking for gold ..., but they found tobacco

... and tobacco has been like gold ever since! The tobacco raised in Virginia and exchanged for goods helped the struggling colonists to get a foothold when they came to America.

Later, it came to be used to help clothe and feed Washington's brave army at Valley Forge.

Today it is tobacco that helps—more than any other commodity raised in this country—to pay the expense of running our Government.

In the fiscal year 1935-36 the Federal Government collected $455,000,000 from the tax on tobacco. Most of this came from cigarettes—less than 25% of all packages of tobacco.

Yes, the cigarette helps a lot—and it certainly gives men and women a lot of pleasure.
