Isabelle Hermes Is
Junior Prom Queen

Revolving Crystal Ball to be Feature of Prom Tonight

Isabelle Hermes, elected Junior Prom Queen last May by a large majority, will be presented with a silver cup at the annual Junior Prom tonight.

The gymnasium will be bathed in an ensemble of blue and gold. As a special feature of the decoration, the Junior Prom committee has prepared a surprise for all patrons—a revolving crystal ball more than a yard in diameter, suspended from the ceiling. From four corners of the balcony numerous colored spot lights will play upon the crystal so that shots of glittering pin-points upon the darkened dance floor below...
It is apparent that there is some misunderstanding among undergraduates as to the objectives of the newly-organized "University Democrats." It is clear that the group is antagonistic towards the fraternities. On the contrary, our sole intention and purpose for creating this organization is to cooperate in every way possible with the fraternities on campus to provide a more wholesome social life for such undergraduates who are interested in this type of social organization but who are not interested in joining the fraternities. On the contrary, we are a non-fraternity, not an anti-fraternity group.

"It may be of interest to undergraduates to learn that the Americans have no intention of approaching fraternity membership until after the rushing season. With this in view, the following membership in the constitution was included in the constitution:

"No freshman shall be eligible for membership until after the rush season.

Sgd.

OTTO HEMM,
President.

Week-End Guests
(Continued from Page 1)

Bob and Bud
Nellie Jones enjoys dancing night and day and whisky, rock and roll, and a good time. She is a nice girl and is always the center of attention where she goes. She and Bud, who is a part of the university scene, are always together and are quite popular.

Hit and Encores.
To my surprise found that their organization was finally brought to an end, and that the group is now being reorganized under a new name. This is the group's first experience in that most unstable field of matrimony. Somebody must have let the cat out of the bag.

The Alpha Chi O's are, the shame of it, about to have a blessed event. That wayward cat of theirs is all the more active now that she is about to become a mother. We wish her all happiness and success in the future.

The Alpha Chi O's are planning to have a baby shower soon. It is said that the Alpha Chi O's are going to have a big party to celebrate the birth of their little one. The party will be held at the home of the Alpha Chi O's, and will be the event of the week.

A Place of Attraction
Connecticut State College has invited Dr. A. E. Richards to act as the judge of the annual Ratcliff Hicks Essay Contest at that institution.
THE ALUMNI FUND
No Matter How Little — Let's All Do A Bit!

OUR GOAL

This sketch drawn by an artist from the plans of the engineer, Mr. Gavin Hadden of New York, gives a good impression of the goal of our Alumni Fund campaign. The structure is built on the hillside near old Bracken Field. All spectators will enter the stands from the ground level at the top. The building shown in the sketch at the top and side of the stands is suggestive of the indoor-field or "cage" which we hope will some day be a reality.

WILL WE REACH IT?

The President Says...

...I have never entertained the shadow of a doubt as to the response. This campaign will be successful! Edward M. Lewis

...The progress made by the Fund is encouraging. The project is an ideal one and the response of the Alumni is good.—Trustee Roy D. Hunter, President of the Board

...Apparentiy the Alumni Fund Idea Has "Caught On" at New Hampshire. The report given the Board recently is encouraging.—Trustee Harry D. Sawyer

...The Alumni Fund provides a method of sincere and sympathetic support by graduates of their Alma Mater. The facts seem to show that New Hampshire Alumni like the idea.—Trustee Robert T. Kingsbury

...The Alumni Fund Report to Date Shows That Worth-While Results Have Been Obtained. The remainder of the Alumni Group should get "on the bandwagon" and make it unanimous.—Trustee John S. Elliott, '15, Secretary of the Board.

The Dean Says...

...The "stands" will complete the playing-fields lay-out, an ideal welfare project. Their completion is essential. We will put it through! Charles H. Petts

...The total of Fund contributions is good so far. I am sure the eventual total of contributors will be even better. "No matter how little—let's all do a bit."—Trustee Andrew L. Felker

...Many years of experience with the Alumni Fund of the college from which I was graduated have convinced me of the worth of such an undertaking. According to the report given the Board at a recent meeting, New Hampshire Alumni appreciate the privilege which their Fund affords.—Trustee James A. Wellman

...The report recently given the Board reveals real progress on the Alumni Fund. A successful campaign this year will be a prophecy of future Alumni strength. A united Alumni group seems to be in prospect.—Trustee George T. Hughes

...The Board received the report on the work of the Alumni Fund with great interest and appreciation. The campaign will conclude as a success, I am sure.—Trustee Jessie Doe
The Alumni "Prexy"...

The Treasurer...

The Superintendent...

The Registrar ("Dad" to you)...

THE PROJECT IN PROGRESS

This photograph, exposed less than a week ago, shows the progress made to date on our project. Compare this with the artist's sketch of the structure as it will look when completed. The job is well on towards completion. The Fund campaign will soon be completed, too. Need we say more!

Wildcats Win Over Dartmouth by 3-2

Karazia and Hubbard Star in Hard Fought Game on Muddy Field

The Wildcats took the Dartmouth lacrosse team into camp by the score of 3-2 Tuesday afternoon. The game was played on a muddy field and in a driving rain making it the hardest game of the season, thus far.

In the first period New Hampshire started off with a fast driving attack which was constantly turned back by the Indian defense. These fast attacks were always successful and one of New Hampshire's goals was scored off a penalty corner. In the second period the Wildcats offense broke through. At the beginning of the second period the Wildcat offense began to click. "Moon" Mullen slid through a tight defense to score the first goal and soon after Bertie Tower scored another to give New Hampshire a 2-0 lead. As the New Hampshire offense kept increasing the Indian defense was weakened and in the last seconds of the game New Hampshire gained another goal to make the final score 3-0.

N. H. Kittens Lose to Dartmouth Frosh

Veteran Lacrosse Team Too Strong for Freshmen

Following the varsity game Tuesday afternoon, the freshmen played the Dartmouth frosh lacrosse team in a slow moving game. The Kittens were out played by the score of 1-0.

The Stay-At-Home Game was played by the freshmen. The Kittens were led by Billie Hubbard, New Hampshire's goals, made some beautiful saves when the Dartmouth offense broke through. At the beginning of the period the Wildcat offense began to click. "Moon" Mullen slid through a tight defense to score the first goal and soon after Bertie Tower scored another to give New Hampshire a 2-0 lead. As the New Hampshire offense kept increasing the Indian defense was weakened and in the last seconds of the game New Hampshire gained another goal to make the final score 3-0.

The first subscriptions for the "New Hampshire Student Writer" came from Gertrude Chamberlain, '33, who ordered two copies of the new issue.

Trustees

who have supervised the practice teaching of more than one student will be awarded free courses tuition in three summer courses; those who have guided only one student teacher can register in two courses without cost.

The Trustees received a report of a committee of administration officers and members of the Faculty that had been studying the finances of frater­nity and sophomore chapters. A moratorium on new chapters and new houses for existing chapters was de­clared by the Board until all the chap­ters are in good financial conditions. The study of all chapters will be con­tinued in order that both the Uni­versity and the students concerned may be protected against the evils of financial difficulties.

The Trustees gave consideration to the budget for the coming year, though final action could not be taken until the Legislature acts upon pend­ing appropriations. Some discussion of the possibilities of constructing necessary building units under the terms of Federal works-relief was conducted, and plans for the 65th commencement were consummated.

N. H. FRESHMEN TO MEET DARTMOUTH SAT.

After their bad defeat at the hands of the Exeter raids last week, the freshmen track team hopes to make a better showing against Dartmouth at Hanover this Saturday.

The strong Dartmouth cub team has already chalked up two victories this season. They defeated New Hamp­shire A by 117 to 53 points, taking all but one first place and making a clean sweep of seven events. Unfortu­nately they appear to be especially strong in the field events, New Hamp­shire's greatest weakness.

Even though the score was decid­edly against the Kittens last week, they did exceptionally well in the run­ning events. Incidentally, Huck Quinn equalled the freshman quarter-mile record of 51.2 seconds made by At­kins in 1925, and should pass it be­fore the season ends. The Kittens will be clearly against the Kittens last week, they did exceptionally well in the run­ning events. The exceptions for this week will be about the names as those for last Hanover. The team leaves Friday afternoon and will spend Friday night in Hanover.

Junior Prom

They are also ready to play mincing, and will be attended by a troupe of vaudeville artists with a spectacular drummer assisted high in the air "riding the band." Chauncey Hurd, featured violinist, will sing through an expensive set of microphones, and shortly before intermission will sing Fletcher Hen­ry's latest composition. Later in time Fletcher will favor the dancers with piano solo following which Miss Marcy will be presented with a cup through the courtesy of the New Hampshire.

Student Council Elections to be Held on Monday

The objections of Casque and Casket to the new Council plan having been met by granting active vote to the organization on the council the elections scheduled for last Monday will be held next Monday. The execu­tive committee of the Council and Tuesday night to consider the objec­tions of Casque and Casket andAGAIN with this group at its meeting Thurs­day night.

Highlights of the meeting will be the election of new officers for the coming year, the presentation of a check for $50 to the VA, and the consideration of a proposal to raise funds by the sale of embossed cards.

Casque and Casket Given Active Vote in New Council Plan

Firemen Extinguished Two Fires This Week

Firemen were called into action on Friday on the residence on the Newmarket road Monday morning to extinguish a small blaze that started while painters were repainting the house.

The men were singeing of the old costing when a fire caught under the corner boards and partially worked its way into the partition. The flames were immediately brought within con­trol upon the arrival of the fire en­gine.

Tuesday morning, the Durham fire department sent an engine to Park's Falls, a distance of about twelve miles, to put out a chimney fire at the home of William Partigian.

The fire probably resulted from an over accumulation of soot that ig­nited when flames were sent up into the flue after a fire had been built in the chimney. The chimney and the chimney was removed by the firemen.

Firemen Extinguish Fire at Summer's Hill

A fire was reported last night at Summer's Hill, and at 12:30 a.m. the crew of the Durham fire engine was called to the scene. The fire was in a summer cottage located at the head of the hill.

The firemen extinguished the fire in an hour and a half, and the damage was $250.

For That 7th Inning Stretch
