Horse Show Attended by Large Crowd  

Vigil and Golden Flash Among Horse Show Prize Winners  

A record-breaking crowd attended the third annual horse show sponsored by the University Outing club and the Amherst Agricultural and Horticultural Society on Saturday afternoon. Enthusiasm saw exhibition of prize horses and two tug-of-war exhibitions as well as in the city, Miss Blakely is a graduate of the college of agriculture and has an extensive knowledge of animal husbandry.  

Miss Morse comes from Georgia and her horse's activities were as in the first prize horse. As in the case of Miss Morse, all the horses exhibited had been bred or trained by Mr. Lyman Orcutt. Both horses were also shown in the town team of the University Outing club, with Miss Jane Woodbury as the leading rider.  

The New Hampshire rifl team is going to face New England teams in the riding competitions in this section. Miss Dorothy Montrone, president of the freshman class, will represent the university in the event "Pony" which Miss Holden on "Vigil" took first prize in. The riding competitions in this section were also shown in the town team of the University Outing club, with Miss Jane Woodbury as the leading rider.  

Preparing to be covered with linen is the basic grade, while canvas is being favored for the football stands which will seat approximately 4,000 fans. Work has already been started and will reach 200 yards straightaway, 50 feet to the baseline. Most of the baseball diamonds are already taking form.  

The cinder track will be one quarter of a mile long and will reach 200 yards straightaway, 50 feet to the baseline. This is one of the chief features of the new athletic field, with 19 feet on the turns. Six fields of diamond are already taking form.

STUFF AND NONSENSE
By Roy Leovy

It was a miserable night in early winter. The raw east wind was howling, bitting, tearing. The sky was black and heavy and, for all the world, one could see the lightning, but you could tell it was only lightning it was the lightning, the night before, and we had gone to bed. Old Mike and I were left alone.

The car moved very slowly over the slippery road. Old Mike's eyes were wide open as he looked into his rearview-ice-covered glass, defendant of both, Mike's, and my, point of view as we were nearing my stop, and Mike shoved the car even more.

This Dick Whyke comes from a very rugged district where the whiskey and the brandy has been distilled for the other fellow. It seems that in that particular neck of the woods the inhabitants have strange ideas as to what intoxication really is.

In Dick's home town one Sunday afternoon a man was driving the bull in the middle of the road, his horse was in the air.

"He's drunk; lock him up," the sheriff said. But a woman interpreted hard.

"No, he ain't drunk," she said, "just sent his horses loose.

We hear that Bob Lumpy was seen in the streets of Dartmouth, looking for something to eat about that Good trip."

This summer while at Camp Devens the Cadet officers were sent out on a secret mission by the feds to assign to the officers of each college ambulance duty. An ambulance was accepted by the century at the gate.

"Maine Ambulance Corps."

"Pass on, Maine Ambulance Corps."

"Who goes there?"

"Maine Ambulance Corps."

"Pass on, Vermont Ambulance Corps."

"Get out of the way, you damn ambulance."

DICK Whyke left for Portland this morning to see his heart's desire. The"square-head" who works in a public, was about to tell him where to go.

The tragedy is that most of them realize the dangers but are firmly convinced that they have no right to be doing the electing for the other fellow.

This was a report that appeared in the Reader's Digest entitled "Out and Staid Death." Portraying many of the innumerable and often horrifying accidents that beset us.

Cornish to Speak at Convoy Oct. 16

Liberal Authority to Lecture on Balkans

The University program committee has received the Rev. Louis C. Cornish, D.D., of Boston to give a lecture on Mariad Auditors at 1:30 P.M. October 16, on the subject of the Balkan situation.

Dr. Cornish is a native of New Bedford, Mass. He studied at Harvard College, Stanford, where he was an instructor, and the Harvard Divinity School. He is the president of the Association of Unitarian churches in the United States and Canada. He was recently made president of the Free Church Fellowship, which seeks to promote cooperation among all the liberal churches in the United States. He is an officially appointed member to the divinity school of Harvard University, Tufts, the Maxwell Theological School, at the University of Chicago, and the Parish Unitarian Church in the United States of America, the University of California.

He has been a member of the executive council of the International Association for Liberal Christianity and Religious Freedom, and prominent in all its work. His organizations comprise some twenty million members in different racial groups over the world.

Dr. Cornish was twice chairman of the Anglo-American commissions sent by the American council of the Liberal Religious Bodies to study the condition of the racial minorities in Romania. He has received degrees from foreign as well as American universities.

Dr. Cornish is a friend of President Lewis. The convention will be voluntary.

Plans for Durham Grade School Near Completion

Final Vote on the Project Wednesday, Oct. 16, at Town Meeting

On Saturday evening a town meeting was held at the Community House with a full house. The vote was in favor of the proposed grade school and auditorium. All the meeting, tentative plans for the proposed grade school and auditorium were presented by Prof. Eric T. Hollandson. These plans included a grade school of eight grades, built of steel and concrete with brick walls and a slate roof, containing 800 and 700 pupil rooms, two rooms, and a nurse's room or clinic. A multi-story auditorium building will contain a large assembly hall, seating between 400 and 700 persons, and a gymnasium. It can be used as a basketball room. This will be the property of the town which may vote to allow the school to use it as a basketball room. The auditorium will be the property of the town which can permit the school to use it as a Delaware and Maine training rooms if so vote.

The reason for voting two buildings was explained by Chairman Johnstone, who pointed out that the law governing building a town meeting hall and a school building under the state act. Also, the auditorium will be the property of the town, which can permit the school to use it as a Delaware and Maine training rooms if so vote.

The vote of the town was 390-0. Under the new PWA plan, the auditorium building will be, or as originally specified, 45% of the total cost of $34,000.00. The remainder of the expenses will be supplied by the town borrowing money on twenty-year serial bonds at 3% or less, allowing the auditorium to be completed within the next year. In this basis, it will cost the town $28,483, including payment of the principal and interest of the loan and additional maintenance.

If the auditorium building will be used as a basketball room, this will be a large field to hold its presents. The first half looked like a basketball game.

Meet Our Athletes

Meet Mr. Charles Jolin—Just call him Charlie... won three numerals in his first year and basketball, football and baseball letters in his sophomore year, and basketball, football and baseball letters in his junior year, respectively... outkicked Yale's best two weeks ago (watch out Springfield),... a good scholar... President of the class and member of Student Council in sophomore and junior years, member of Lambda Chi fraternity... played on the line at Shulls and Seaboard and Hinds... now proctor in East Hall... in Tech courses (Electrical Engineering)... very popular—voted most popular, best athlete, and most valuable in the Grinnell last year... by the way, his name's Betsy and she's a Brunette.

Arcturians Hold General Meeting

Motion Passed to Stand Behind the Student Program Committee

At the first meeting of the Arcturians, non-fraternity group, held last week in the Commons Organization, many matters of business were discussed and action taken.

Ed Swinbank was elected to represent the organization on the Student Program Committee and was placed on the staff of this paper. He is currently a reporter on the Intactl A.C. and was in charge of the touch football team.

A motion was passed that the Arcturians go on record as support to their fellow student Student Program Committee. It was also moved that the Arcturians, in an effort to secure a adequate public program, publish in The New Hampshire a statement to the effect that they would back the S.P.C. Leon Magon, '35, gave a short talk to the members. The next meeting will be held in the Organization room on Tuesday, October 15, at 8 o'clock. All notices of future meetings will be posted in The New Hampshire and dormitories and published in The New Hampshire.
