Blanket Constitution

Awaits Student Vote

A blank slate constitution which it is expected, will be chosen by members of each class at their class elections, has been made available to Student Council members, and was passed upon by the Association of Women Students last week.

David K. Webster, chairman of the council issued the following notice in conjunction with the issuance of the constitution:

"The Student council and the Association of Women Students of the University of New Hampshire have unanimously accepted the following constitution as the standard class constitution of each class that enters the University. Each student has the privilege of voting for or against the acceptance of this constitution at the time when he votes for his class officers. It is the duty of each student to make this constitution his own, before any constructive criticism. It is the responsibility of each student to cause it to be discussed at all fraternity and sorority meetings."

The blank constitution reads as follows:

Blanket Constitution

(continued on page four)

Lucien Price Will Lecture Tomorrow in Music Hall for Three Goals

The New Hampshire received Sunday night a communication from Dean Eastman, chairman of the convocation committee, regarding the lines that the students have suggested that we make in the coming semester. The committee has been sympathetic to the students' suggestions for the coming season, but except in one instance we will not make any changes that we have decided to continue.

Sunday night was the high scorer for his team. With Verville, Joslin, and Nathanson playing the leading roles in the New Hampshire line, it was expected, will be chosen by members of each class at their class elections, has been passed upon by the Association of Women Students last week.

STUDENTS AND NONSENSE

by Roy Lovely

The latest Price is lining best. Wednesday afternoon I talk on "Jazz." How one can be expected to be lively and be appertinent to a delicate and intellectual subject like this is very hard. Not that there is anything about journalism as a fine art, but that it is one of those things with which the subject for which they are intended, regardless of what they might be, then journalism becomes.

It is easy to demonstrate by using a little more of our most individualistic students. This talks a language all its own, to a limited public who knows what the language means, and it is free from the restrictions that hamper most other forms. This finds its way into some of the wiser journals that we don't understand, but the best example to serve our purpose, the story, taken from the July issue:

"Bistick Nick Hick Faw", is the way a student would say. On first sight, the very fact that it cannot be paraphrased in less than 1,000 words shows what an effort it is to try making a simple statement. Variety is the keynote in this generation. It is, as far as I can understand, their chief claim for recognition as one of the fine arts. It seems as if every word has to be written with infinite merit met as a result as if it is performed with a conviction. I have heard them off our chest, we hope Mr. Price will be able to sell us.

CampusClippings

Make me feel like a fool.
Make me feel tripped up.

But it is a long way to the real thing.
We are back, back in the library.
We start writing, we write about our studies, we write about the play, we write about the game, we write about the man and his actions, we write about the woman and her actions.

The viennes bars:

The columns:

Suddnly, fading.

Laugh with me, Dance with me, Weep with me, so that you may learn to love, to hate, to laugh, to cry, to live, to die.

Durham News (continued from page one)
giving its attention this fall to the President of the Presbyterian Social Security League. At the last meeting special attention was focused on the work of Mrs. Robert C. Glatfelter, and Dean Woodford of the University, who was a member of the committee headed by Dr. C. W. Bowersock and Dartmouth appointed to study unemployment conditions in the state, spoke to the members. Dean Woodford compared the state and federal bills and the changes that are necessary to make the state conform with the Federal legislation.

Henry B. Stevens was in Concord on Thursday and Friday evenings to attend the Merrimac County recreation tournament and both evenings as judge of the contests.

Agnes Ryan, president of the New Hampshire Peace Union, spoke on peace and led the discussion of the young adult group of the Congregational church in Durham on Friday evening. Miss Ryan is the broadcast woman from the stations in Portsmouth, Laconia and Manchester. As a result of the trips throughout the state of the Peace Caravan, the Peace Union is receiving frequent requests for speeches, literature and information. The Grange women party Friday evening was a successful one. After playing cards, in addition to enacting playing there will be dancing. Money has been raised to pay for the party.

Mrs. N. Phelps recently purchased a house in the village of Durham.

It is expected that a special town meeting will be held in order to carry out a special project and to repair the Town Hall, probably accepting aid from the State of New Hampshire. The special school district meeting will continue to consider the report of the committee appointed last spring, and to look into the matter of a new grade school building and assembly hall. The committee looked into the situation very thoroughly, going over the matter with the school superintendent and the Board of Education. The committee believe that they have the best advice possible.

The Lions' Hallowe'en party will be Thursday evening at 8 o'clock. There will be games, dancing and other features. Everyone is welcome.

Varsity Harriers Second at Harvard

Dartmouth Third In Meet; Wellesley First; Harvard Captain

By Bill Hervey

A scrappy varsity cross-country team took second place in their annual triangular meet with Harvard and Dartmouth at Friday afternoon over the Chelmsford river course in Chelmsford. The meet was won by Harvard with a score of 18, the Wildcats second with 44 points, and Dartmouth third with a score of 80.

Capt. Dave Webster was the outstanding performer, finishing second in slightly under 30 minutes. Roy Pflaumer, Harvard captain and leading man, won the race in 28 minutes and 2 seconds.

The highest finish was 20th placed by Chetser, who took eighth place, followed by Harold Pinpin in ninth place. Quinn and Creigh placed tenth and 12th, respectively, to constitute the first five New Hampshire runners.

The positions follow: first, Place; (H); second, Webster; (N H ); third, South; (W); fourth, Sussex; (N H ); fifth, Channing; (N H ); sixth, Wright; (seven); Lea; (N H ); eighth, Chetser, (H); ninth, Norm; (N H ); 10th, Whitman; (D); 11th, Lonning; (D); 12th, Loring; (D); 13th, Carignan; (N H ); 14th, Wyman; (D); 15th, Fanner; (D); 16th, Prescott; (D); 17th, Mallick; (D); 18th, Nor­ therm; (D); 19th, Wallace; (D); 20th, Cope; (D); 21st, Maris; (D); 22nd, Chasse; (D); 23rd, Chase; (N H ).

Kitten Harriers 3d In Meet

Severely Handicapped By Level Harvard Track After Hurdle Course

While the varsity harrier team was a member of the varsity track and field team at Harvard, and Dartmouth, a commerce of fine athletes were present at Friday afternoon's meet held in third place in its run with the Harvard and Dartmouth. The order of finish was Harvard, Dart­mouth and New Hampshire, respectively, scores of 21, 43, and 75.

The two and one half mile relay, which varies from 1,500 to 3,000 meters, was won by Bryanton of Harvard. Russell San­born, in eighth place, was the first man in the cross the line. The order of finish was:

The eyes of Mr. and Mrs. Paulson may be forced on the present sports scene, for even they, inwardly, sincerely wor­ship at that fact he had passed before.

In Durham, who can pass four years without becoming aware of the Mon­shele, Wentworth, Pocock, Blood and Ar­rington, in eight, ten and 12th, respectively, making a qualified, if not a keystone, of their races, record, performances.

Looking back to that November day when the race was run, and the thousand charging, fighting halfback who ri­gged the Yale line for a brief, swift, and light and right and drive. Doniel Conner, pilot of that New Hamp­shire plane, gave the border with north­port by Armung will be the immortal of all New­castle. He was clever, and they who could dodge, dive, twist, and turn with the best of them. Connor was famous for his distance running. That year he made the border in Denver.

In the next year a game was played which was one of the most exciting playing condition because he had only eleven players on the field and all the field and for spectators a memory of one of the greats of the game, Hallman. Dolley Jones bad taken the place of his aged and unseasoned. Now, many miles from here, he coach the Brooklyn College eleven.

Possibility of Christmas Carol Service Being Broadcast

Professor Manton reports that the committee was more than satisfied and that the present Glee clubs are without exception the finest that have ever been put together. The phonograph approximately 50 grains and 35 mm. A fishing rod will depend largely upon the size of the fish. The Markham collection, and later, the third string teams. New­bursement for every position on the team. Varsity A is the record for the Wildcats in the backfield and it is the backbone of the line most of the game. Joslin made the best run of the game and looked as if he had dodged through the entire Boston Col­lege line.

Blanket Constitution

Constitution of the Class of ..........................

of the University of New Hampshire

Preamble

We, the class of .............................., University of New Hampshire, who are recognized by the administration, do hereby constitute the class of ........................, University of New Hampshire, to be the class of ........................, University of New Hampshire, who are recognized by the administration, do hereby constitute the class of ........................, University of New Hampshire.

Article I. Name of Organization

Section 1. The name of this organization shall be the class of ........................, University of New Hampshire.

Article II. Membership

Section 1. All persons who entered the class of ........................ or any part thereof, or who are recognized by the administration as having met the University requirements at any time, shall be members of the class of .........................

Section 2. The president shall appoint one or more members of the class not otherwise appointed by the president and vice president to constitute a committee of ........................ members.

Article III. Officers

Section 1. The president shall preside at all meetings of the class, and shall be the authorized representative of the class. He shall be the authorized representative of the class in all matters requiring action.

Section 2. The vice-president shall assist the president in his duties and shall act as executive secretary of the class.

Section 3. The secretary shall keep a record of all meetings of the class and shall have charge of all correspondence of the class. He shall be the authorized representative of the class in all matters requiring action.

Article IV. Committees

Section 1. All committees of the class shall be appointed by the president and vice president, or upon written request of twenty-five members of the class.

Section 2. All committees shall be subject to the approval of the president and vice president.

Article V. Finance

Section 1. The treasurer of the class shall have charge of all money received and expended for the maintenance and operation of the class.

Section 2. The treasurer shall receive all monies at the time of their receipt and shall deposit them in a bank designated by the president and vice president.

Section 3. The treasurer shall have charge of all money received and expended for the maintenance and operation of the class.

Article VI. Duties of Officers

Section 1. The president shall be the authorized representative of the class in all matters requiring action.

Section 2. The vice-president shall act as executive secretary of the class.

Section 3. The secretary shall keep a record of all meetings of the class and shall have charge of all correspondence of the class.

Section 4. The treasurer shall have charge of all money received and expended for the maintenance and operation of the class.

Section 5. The faculty treasurer, when called upon by the president and vice president, shall be the authorized representative of the class in all matters requiring action.

Article VII. Meetings

Section 1. The president shall call meetings of the class at such times as he shall determine.

Section 2. One-fourth of the members of the class shall constitute a quorum of the class.

Section 3. A quorum shall be present at all meetings of the class.

Article VIII. Amendments

Section 1. This constitution may be amended by a two-thirds vote of the members present at the meeting at which the amendment is brought up for adoption.

Article IX. Adoption

Section 1. This constitution shall become effective upon the approval of two-thirds of the members present at the meeting at which this constitution is brought up for adoption.

Article X. Adoption

Section 1. This constitution shall become effective upon the approval of two-thirds of the members present at the meeting at which this constitution is brought up for adoption.

Article XI. Amendments

Section 1. This constitution may be amended by a two-thirds vote of the members present at the meeting at which the amendment is brought up for adoption.

Article XII. Adoption

Section 1. This constitution shall become effective upon the approval of two-thirds of the members present at the meeting at which this constitution is brought up for adoption.

Professor Guthrie Forum Speaker

To Speak at Ballard Hall Thursday Evening on Fascism in France

What promises to be a very interesting program has been arranged for Thursday evening, November 12, at Ballard Hall. The principal speaker will be Prof. Ramon Guthrie of Dartmouth.

Prof. Guthrie has recently returned after many months spent in France. While there he made extensive studies of the political and social conditions in the country. At present France is in a stage of great social unrest, with opposing political factions becoming more and more bitter. It is with first hand information that Prof. Guthrie will speak on "The Fight Against Fascism in France".

It is expected that he will discuss Colonel DeLuxe and his Fascist organization, Croix de Feu. Such a discussion should prove of compelling interest and should help clear up student alert to social problems to hear it. The forum will begin at 8 o'clock.

Blue Key Censors

Campaign Material

In a meeting of Majority candidates held last week, the candidates were told, in no uncertain terms, by Austin McCaffrey, Blue Key president that departure from good taste for the duration of their campaigns will result in their being dropped immediately from the list of candidates.

From now on, all material relating to the campaign will be reviewed by Blue Key, and any material which Blue Key believes should not be reviewed by Blue Key shall be reviewed by Blue Key.

Dean Eastman

Economist Attends Aggie Conventions

Dr. Abell of Experiment Station Makes Trip To Washington

Dr. Max F. Abell, agricultural economist of the University Experiment Station, left last week to attend two national conferences in Washington.

The first conference, sponsored by the experiment stations and the Department of Agriculture, is for the purpose of planning an agricultural extension program based on a nationwide study of types of farming just completed. Plans for developing community, county and state agriculture will be drawn up.

Dr. Abell will also represent New Hampshire at the National Outlook conference which will be held October 28 to November 2, and meet annually to forecast the agricultural year. Extension economists from every state in the Union will meet to prepare a statement as to the situation in agriculture and the outlook for 1936. Not only do they take into consideration all of the agriculture but they also estimate the influence of business and industrial activity on the nation's farming.

Suffrage and Eligibility to Office

Section 1. The president shall appoint one or more members of the class not otherwise appointed by the president and vice president to constitute a committee of ........................ members.

Section 2. The committee shall be nominated by the executive council of the class, and the powers of these committees shall be defined and limited upon the approval of the class.

Section 3. The committee shall be empowered to make provisions for the election of officers, and representatives of the Student government shall be entitled to participate in the said election shall occur not earlier than the ........................ day following the last day of classes. This procedure must be followed in all cases.

Section 4. The resulting nominations shall be placed on the slate for the meeting of the organization at which the nominations are made.

Section 5. The officers, when nominated at a time previous to this meeting, may be called by the president, but not hold office. If a member already holding an office becomes ineligible, or if a member holding an office is not present, the president may call on a member to constitute a quorum. In such case the quorum shall be the number of members present at the meeting.

Section 6. The president shall have the right to declare a meeting open when twenty members of the class are present.

Section 7. All members of the organization shall be eligible to vote, but not hold office. If a member already holding an office becomes ineligible, or if a member holding an office is not present, the president may call on a member to constitute a quorum. In such case the quorum shall be the number of members present at the meeting.

The following information has been arranged for Thursday evening, November 12, at Ballard Hall. The principal speaker will be Prof. Ramon Guthrie of Dartmouth.

Prof. Guthrie has recently returned after many months spent in France. While there he made extensive studies of the political and social conditions in the country. At present France is in a stage of great social unrest, with opposing political factions becoming more and more bitter. Extension economists from every state in the Union will meet to prepare a statement as to the situation in agriculture and the outlook for 1936. Not only do they take into consideration all of the agriculture but they also estimate the influence of business and industrial activity on the nation's farming.

The rules of order shall be as in force in the New Hampshire. In the absence of the president and vice president, the vice-president shall preside at this meeting.

All members of the class shall be entitled to vote at all meetings and to hold office under the restrictions placed upon all members by the by-laws of the organization.

It has been said that "Butch" is effective upon the approval of two-thirds of the members present at the meeting at which this constitution is brought up for adoption.
