DURHAM TO BUILD NEW SCHOOLHOUSE

By a majority vote of the inhab­ tants of Durham, a new schoolhouse for Durham was decided upon at a town meeting Tuesday to provide a sufficient sum of money to build a new school building. The school house and assembly hall and to raise this sum of money by a bond issue payable in 20 years with interest. The vote was 500 in favor and 15 against.

There is a demand for a new school building in the district. The old one is too small and the need of additional space is urgent. The new schoolhouse will be located on the present site and will accommodate about 400 pupils. It will be a two-story structure with a basement for storage space. The building will be of brick construction and will be equipped with modern plumbing and heating facilities.

The site for the new school was selected by a committee appointed for the purpose. The committee consists of Mr. John Brown, Mr. William Martin, and Mr. Henry Smith. The design for the building was prepared by Mr. Charles Johnson, an architect from Manchester.

The cost of the new schoolhouse is estimated at $200,000. The bond issue was authorized by the town meeting and will be submitted to the voters at the next election.

The War Situation in Review ... Prospects for the Municipal Elections ... Advance of the Five-Year Plan

The minds of the American voter will be drawn to the issue of the municipal elections which were conducted throughout the country in recent weeks. This poll is conceded equally universal, as being one of the most significant of any other elections in years. New York City students and faculty in local fights in such a fashion as to make the vote in at least seven states to hold of New Deal strength. The issue is between the United States and European influences; between the United States and European efforts directed toward worthwhile ends.

In the manner of bold, vigilant leadership; they prepare to take the law into their own hands. Fortunately, nothing came of the incident and so a considerable amount of danger was averted. To be sure, their action was not without precedent. Few of the British policemen have overstepped the authority vested in them and the Court as a whole has indulged in idiotic notions. The fact remains, however, that the freshmen placed themselves in an awkward situation. Rewards could be had by mobilizing students and faculty for learning the University History or reading Freshmen to stay in Durham for improvement in the reserved book collection. Yet another council should immediately inculcate the matter.

As for the Sophomore Court, it has been little better than useless. As a whole the Sophomores have everything to lose and nothing to gain. The only thing they can do public in diaries or a fiancée Lathrop. Such events appear to have come fromchilds minds.

Frosh Harriers to Race in N. E.'s Meet to be Held at Franklin Park in Boston

Defending their record of eight wins out of nine, a fighting frosh cross-country team will attempt to take a third log on the cup offered in the N.E.I.C.A.A.A. championships to be held in Franklin Park in Boston on Monday afternoon at 1:45.

Froshman team representing the University of New Hampshire has won championships in 1926, ’27, ’28, ’29, ’30, ’32, and ’34. Permanent participation in this annual event was started after the meet in 1932, and the Kittens of ‘34 successfully defended the present cup. The large loping cup was awarded permanently to the college winning the most times in eight meets.

The Kittens are as good as the team of ‘33, which won the cup a year ago, and is definitely a good team. The Kittens' game is a very fast one, all of the runners being in excellent form.

Kittens to Battle Brown Fresh Men

Much Improved Show Against Varsity

The freshman football team is in top form going into Saturday's meeting for the game with the strong Brown frosh team. The Saturday game was originally scheduled for Saturday, November 9, but on request of the Brown authorities the date has been changed to Armistice Day, November 11.

The team has been showing consistent improvement in the past few weeks. There have been a few minor injuries, but the squad in better condition than at any point during the season. Captain Cummings is still out and his leadership and aggressive play will be sorely missed. Leadman and Marshall, who could not practice last week, come back this week. The game is a very fast one because of leg injuries, are just waiting for better service for the Frosh, one of the most rugged and aggressive backs on the Brown squad, who has been injured since the Dartmouth game, was able to get into the Andover game for a few minutes and played very well. He should do as well against Brown.

The Kittens may not win the long mid-week scrimmage against the varsity on Tuesday night. The team showed improvement in carrying out their offensive assignments, and the backs will be in better shape for the varsity game on Saturday.

The varsity game on Saturday is only a week before Monday.

Our latchstring has been shown whenever they have met. The lineup, will, as far as the coaches know, be about the same as last week. Little will start at right end, with Zais at the left side of the line. Mountain and Schiavoni will be in the tackle spots, with Lang and possibly Capt. Johnson doing theguarding. Bishop will hold down the pivot position. Shacking up the line will be Joe L. New Hampshire's outstanding quarterback in Borden. At the guard positions are two of the heaviest linemen that New Hampshire has had to face. Those huskies weigh 220 and 215 pounds. Jack Kendall, the Tufts captain, will not be in the coming game as he is out for the rest of the season with a knee injury.

Past records show that the Wildcats are on the tail end of the series standing between these two teams, having won two, lost three and tied one. Last year the Jumbos threw the Aggregation at full speed, with Zais doing the guarding. However, the injured ones may return, and others may have to be out of the game, so new men may be on the field when the Wildcats of New Hampshire come face to face with the Jumbos.

I am glad that Harvard has neither. Very Sincerely yours,

WILD AND YET THEY SATISFY

—how do you do that?

Well, to start with, we take tobacco from our own Southland — mild ripe tobacco with lots of natural flavor but no harshness or bitterness.

THEN AS A SECOND STEP—

We blend this home-grown tobacco with spicy, aromatic Turkish tobaccos from across the seas. These Turkish tobaccos, you may know, have a flavor and fragrance entirely different from our own.

AS A THIRD STEP—

These tobaccos are cross-blended—welded together—the best way we've found to get a more pleasing flavor and a better taste in a cigarette.

THAT'S WHY CHESTERFIELDS ARE MILD AND YET THEY SATISFY
