New officers for The New Hampshire for the coming year were formally inducted into office at the first annual business meeting of The New Hampshire, held that evening last night. Edward Y. Blewett, Executive Secretary of the University, a guest of the incoming officers and the guests of the staff, the banquet was attended by the following officers and assistants:

- Dean Charles Holmes Pettee, dean of the faculty, celebrated his 88th birthday at his home Sunday. Thirty-four members of the faculty and students attended the party. The dean received over thirty cards, telegrams, and letters including one from the Southern California Alumni Association, with the grippe. Mr. John Foster, the state forester, addressed the Lion's club on Monday, January 27, on the state's recreational developments and projects. These developments are under the direction of the State Forestry Department. The Lion's club is also considering a joint project with the state for the development of the state forest. The club has been approached by the state for the development of the state forest.

- Mrs. William H. Hartwell, president of the New Hampshire Historical Society, was presented with the HomeMaker's Badge Monday, February 3. The badge is awarded to women who have made outstanding contributions to the home and family. Three girls were presented with the HomeMaker's Badge Monday, February 3. The badge is awarded to women who have made outstanding contributions to the home and family.

- The New Hampshire basketball team won a hard fought battle to defeat the Boston University quintet with a score of 26 to 22. The game in the first period was decidedly for the New Hampshire boys. Time after time the Boston group tried to break through the strong built defense of the New Hampshire club, but these attacks were repulsed. The second period was entirely the Beanpotters', for the pass work that had so far failed began to get the team places. The score at one time in this period was 21 to 20 in favor of New Hampshire, but the momentum was lost and increased on it until the final whistle blew, when the score was 26 to 22.

- The commonwealth of Massachusetts this year by President Edward M. Lewis at the request of Major General John Russell. Nominations are to be made after March 31 following consultation with Lt.-Col. Edward W. Putney, Professor of Military Science and Tactics, and academic officers of the University. Nominations are to be made after March 31 following consultation with Lt.-Col. Edward W. The hockey game with St. Anselm's proved a little one sided so we all went down and dabbled our feet in the water.

A news flash that just came over the radio exclaims that the New York Betting Commission has made the Red Sox favorites to win the World Series.

The basketball game with B.U. saw "Captain Ben" high scorer again, leading his team to a 22-13 victory.

How do you feel? So we do.

Well, now that the carnival has finally screamed its way into N.H., history, we are awed by the choice sports items and just a little more aware that warnings are due Wednesday.

It seems to us that some attempt might have been made to avoid the collision of mishaps with the carnival. It seems to us that some attempt might have been made to avoid the collision of mishaps with the carnival.

It is the last class before Thanks giving dinner, so we can see the last names on the roll is not answered for. Our instructor made note of this in his book, accompanied by a ripple of laughter, and concerning the wealth of some pupils. He goes on taking the attendance without record ing any further. He ultimately finally tells the book aside. At this moment the door is thrown open and several men walk in to be greeted by a treater of uncounted "huck" and "ohs." "Shall we call him late?" asks the instructor, smiling in a manner which suggests that the students all seem to get to classes which it pays to attend.

Varsity Hockey Team Defeats St. Anselm's

N. H. Opens Carnival by Decisive Victory on the Ice

Playing a finer brand of hockey than has been so far exhibited this season, the varsity hockey team walked all over a weak St. Anselm team, 12 to 0, in an opening feature of the carnival here Thursday night.

Bob Manchester and Guy Pederazani wore the scoring scuts of the evening, tallying three goals apiece. The Wildcats were clearly outplayed by the spirited Wildcat team, and the game developed into a practice session for the Wildcats.

hard-working elected government officials because of the present system of making appointments and also planned to point out vast improve-

of administration that should result from a soundly planned merit system.

The meeting was one of many plan-

of the National League in prepar-

m ent for a petition with one-half million signatures to be presented to both political parties at their con-

ventions next summer urging them to abolish the spoils system in federal, state, and local governments and to establish the merit principle of ap-

pointment.

Mrs. Swor, president of the League, gave an introductory talk explaining the purpose of meeting; Mr. Hendor-

f

in Washington, D.C., Thursday.

Pederazani followed her summarizing the offi-

of officials responsible for management of the public affairs of small towns, their duties and their connection with pres-

ent examination. Prof. A. W. Johnson of the University of New Hampshire gave an account of the examination system as it works out in the govern-

ment of New Hampshire. A round table discussion followed in which sev-

ere persons, six of them members of the League and Miss Carolyn Welch, 34, brought out facts as (1) large proportion of civil service appoint-

ments made for reasons other than fi-

liness, (2) need of a soundly planned grut merit system (3) fallacious ideas operat-

ing against the merit system principle and against extending and improving it.

Women's Convocation Held Last Thursday

Convocation for freshmen women was held Thursday afternoon at 4:00 o'clock in the downstairs classroom of Munksgaard. The speaker of the occa-

sion was Mrs. Mildred Wolf of Ports-

mouth, who spoke here last year to freshmen women.

Mrs. Wolf opened her speech by expressing her pleasure at being asked to speak before the students. She then talked on her subject, "Problems of Youth." She spoke about the fascination of children, and of watching them grow into adolescents and adults. She also said that the time spent in col-

lege is not necessarily the happiest part of our lives. She explained that people and personalities never grow up entirely, but keep growing all through their lives, learning and im-

proving themselves. She talked about the obviously that maintaining our indi-

vidual personalities and of keeping to
