Varsity Lose to St. Anselm 43-34

Bronstein High Scorer for Wildcats in Basketball Game

The New Hampshire basketball team stumbled to a lackluster game to the rocky 1st place aggregate at Massachusetts Saturday night by a score of 48 to 67.

The Wildcats were far below their usual standard and a great disappointment is stopping Conneron, who was the most consistent player in the game.

For the Durham club, Captain Bronstein, playing before a home town crowd, was outstanding by his ability in getting into the last attack with 17 points. The Wildcats fought a good game, but were unable to keep up in the closing minutes of the game. Missy was taken out in the last part of the game, leaving the team to fight for the last few minutes. The Wildcats were defeated by the last part of the game.

The second half saw both teams playing evenly with considerable lead of the Wildcat defense being defended by the last part of the game. The Wildcats were defeated by the last part of the game.

**CAPITALISM AND ITS CULTURE**

By Anna Louise Strong

Published in 1936, "Capitalism and Its Culture" is a seminal work that critiques the capitalist system and its effects on society. The book was written by Anna Louise Strong, who explores the ways in which capitalism shapes ethical standards, consumer behavior, and political thought. The analysis is based on observation of social behavior and the influence of capitalist institutions on human values.

This work is significant in the history of capitalist critiques and has been influential in the development of social and economic theory. It was one of the first books to systematically examine the cultural dimensions of capitalism, providing a framework for understanding how economic systems shape broader social and cultural norms.

**Radar Blinks Out “Moon over Miami”**

In the latest book—"Capitalism and Its Culture"—Anna Louise Strong achieves with an interesting analysis of the cultural implications of capitalism. The text delves into the ways in which the capitalist system permeates every aspect of society, from the personal to the political.

The book is not only a critique of capitalism but also an exploration of the human condition in a capitalist society. Strong’s perspective is informed by her experience as a journalist and writer, and her analysis is both incisive and thought-provoking.

As Strong states, "The capitalist system is not just an economic system, it is a way of life." This statement underscores the book’s aim to reveal the underlying assumptions and values that sustain capitalism, and to challenge readers to think critically about the system.

**Recent Events**

The Big Red Wolf—The New Hampshire department of Education has given the Big Red Wolf, a natural defense department, today advice to school boards and superintendent throughout the state that representatives of the National Council for Prevention of War is not allowed to speak in the schools. Col. Rowell in his letter declares that the activation of the council are aimed at any misinformation that is subjective to American influence and are similar to current policies and programs of our Government.

When Spring Comes—A long range of war preparations is evident in the efforts of the world’s nations. The United States is arming themselves to the teeth. America and Japan are bordering each other. Suspicion and fear are in the air, and in the words of that boast, "Spring is in the air, not as the time when youth will turn to thoughts of love, but as the season when, full armed, they will go forth to the battle.

Specifically, outside the present war preparations, there are many points of infection. These are, Germany, Italy, France, and Germany. From Germany the latest word is a new army conscription law for recruiting Germans of military age in foreign lands, and which even subsequent acts of citizenship of another State cannot absolve. From the East, Japan’s multiplying provocations a long the eastern Mongolian border are

**VARSITY HOCKEY TEAM BOWDOWIN 5-0**

The varsity hockey team shut out a weak Bowdoin team, 5 to 0, here Saturday afternoon before a small gathering of fans. The game was fairly even in favor of the New Hampshirites, and the score of 5 to 0 was close enough, powerfully enough, to dwarf the score. This was the second consecutive game that Bowdoin played the Bowdoin game. The second game was played at the last minute of play, and the third game was played at the last minute of the game.

**ABOUT TOWN**

Doc Henson

Surrounded by drifted snow and a dim glow of light from the radio blinks out "Moon over Miami," we dream of the palms and a southern shack. In our mind’s eye we could have gone to that city with Tommy Lawrence, John Hull, and Bob Carter, and the game in Manchester looked good until Arnie and Bemie went out. Just can’t explain. Someone told us that a girl who sent a Valentine to Scotty Roberts couldn’t do it. He couldn’t do it when and if the game and the game and the game and the game were all over. Scotty, we’re sorry... but we can’t help it. We’re sorry.

**THE BRIDE COMES HOME**

Candice Colbert Ford Macfadden

"You Must Read"

By Jerome Davis

Jerome Davis’ latest book—"Capitalism and Its Culture"—will come as an interesting read. Though those who can get along without philosophy will find the book essentially a subjective transcription of facts, statements, and statistical development of the country. She has bound to delight with such venerable and tenable analysis of the so-called "Case for Capitalism."

Varsity Track Men in Two Extra Meets

Capt. Downs, Ed Chertok, Ben Lekesky, and Sam Reaves will race at Providence.

An announcement was made today by A. Miller, varsity relay coach, that three individual members of the quartet will compete in the New England meet A.A.U. meet at Providence on March 7.

Jack Downs, speedy quarter from New Brighton, N. Y., who was recently elected captain of the varsity track carriers, will be entered in the 600 meter race; while Ed Chertok, Lincoln, will run the 1000 meter event. Ben Lekesky, Worcester, Mass., dash man and football regular, will confer his work for the remainder of the season to the shorter 440 yard dash.

Miller also stated that if approval is given by the Faculty Committee on Athletics, Jack Downs will probably be entered in the 400 yard dash at the Knights of Columbus games in New York on March 17.

On Feb. 29 the freshman relay will race Andover. Showing a definite improvement in the physical education curriculum and that, a few have already been signed up for it. We think it's a good idea because many of these heavy men of U. N. H. will now be able to combine science with leisure. I know many a lad during Carnival Week who wished he had learned how to pin those studs and how to grapple with that tie.

Tea, Tea. Imagine our brilliant basketballers bowing to St. Anne's? Maybe the Rams earned all the brilliancy out of the team.

Here's a 1936 quarter that says Lucky will have a very, very tough hockey game Wednesday. The figures wallowed Harvard once and stuck their arrows into the Princeton tiger the other day, but the Wildcats are sharpening their claws and will leave their mark on the Rooseveltian.

This Venus, Cunningham, Mangeo business is getting a little complicated. In fact the sport world can't even call it a winner "the greatest miler in the world" anymore. We wonder if there ever was such an animal.

Rex Joe Nolan fight his next bout, all the Commons boys have switched their allegiances from the horse race to boxing. On Wednesday the varsity hockey team will cross sticks with the powerful Dartmouth team. Although Dartmouth is the favorite, having won 7 out of their 8 games, we believe the Wildcats can pull off a win. The team will cross sticks with the power of Dartmouth and coordinate, and Exeter worked the second half of the season seemingly losing its spirit and eagerness. Larry Stewart was high scorer of the game with 13 points, followed by Sullivan of Exeter with 12.

KITTENS DEFEATED

BY PHILLIP EXETER

Playing probably the toughest game on their itinerary, the freshmen basketball team was outscored by an unbeaten Phillips Exeter team 92 to 28, Saturday afternoon in the gym.

The Kittens took the lead at the beginning of the game and held it for one period. In the second period the Sullivan-Legg combination began to dominate, and Exeter worked the score up to a tie at half-time. The second half was all Exeter's with the New Hampshire boys seemingly losing their spirit and eagerness. Larry Stewart was high scorer of the game with 13 points, followed by Sullivan of Exeter with 12.

VARSITY RIFLE TEAM BEATS NORTHEASTERN

The University of New Hampshire defeated the Northeastern University with a score of 880 to 825 at Boston on Saturday evening.

The highest score for the highest team went to Lampens (NH), who had a score of 18, and Kennedy of Boston, who had a score of 184. The perfect score to be scored was that achieved by Dimbo (NH) in his prone position. The match with the Marine Prison Guards, which was postponed last Friday, will be held on Wednesday evening, February 19.

Each puff less acid

Lucky are a LIGHT SMOKE OF RICH, RIFE-BODIED TOBACCO

For twenty-five years the research staff of The American Tobacco Company has worked steadily to produce a measurably finer cigarette—namely, a cigarette having a minimum of volatile components, with an improved richness of taste—"A LIGHT SMOKE."

We believe that Lucky Strike cigarettes embody a number of genuinely basic improvements, and that all these improvements combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobaccos—A Light Smoke.

Lucky are less acid

Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 937 to 1057.

Tabb Elected Captain of Frosh Track Team

Donald Tabb of Everett, Mass., was elected captain of the frosh winter track team at a meeting of the squad Wednesday afternoon. He has been one of the main runners of the mile relay team this winter, and will report to the spring track team as a 100-yard dash and 300-yard run man.

Last year Tabb was one of the star performers in the 200-yard dash at the Harvard intercollegiate. He is enrolled in the College of Liberal Arts and in a pledge to Lambda Chi Alpha fraternity.

McDermott is chairman of the tea committee.

Mrs. Earl Rinear took charge of the meeting of the Girl Scouts last week. The girls worked on rank work in the Leaders group, Signalling work, and the younger group passed the Tenderfoot test. The girls presented Mrs. Rinear with a badge.

The Folk club guest night will be held on Monday evening, March 9, at the Community House. This is a change from the date that had been announced previously. A play which is under the direction of Mrs. Lewis P. Jordan will be given at eight fifteen o'clock, and an orchestra will play from eight o'clock until the act begins. After the play, the members and their guests will adjourn to the auditorium of the Community House to which everyone is invited.

as in Minneapolis and was secretary for civic work of the Minneapolis Civic and Community Associations. In 1914 he lectured in Extension courses in New York City and in 1915 was the secretary of Dr. Wildred Griswold in Labrador.

Dr. Davis has been active as writer of articles and books. He is a contributing editor to Social Forces, a contributor to the Christian Science Monitor, and general editor of the Social Relations Series of D. C. Heath & Co.

Among his books are: "The Russian Immigrant," "Introduction to Sociology," "Business and the Church," "Contemporary Social Movements," "The New Russia," etc. Last April he published "Capitalism and Its Culture."

Dr. Davis returned last fall from a trip around the world. In Japan he saw cabinet officials, the leaders of finance and industry, the leading generals, and members of the Labor Party. In China he investigated the opium and narcotic situation and saw the leaders of the country. He toured across Manchuria, stopping to see and talk with the people and the officials. He crossed the Soviet Union via the Siberian Railway. In Russia (his fifth visit) he made a study of the attitudes of the common people towards the government, and also interviewed leaders in the Soviet Union. In England he was entertained by a cabinet member and
