**Outing Club Elects Clarke President**

A deputation of students from Dartmouth, members of an organization which corresponds to the Student Council in the senior college, will take part in the meeting of that group which will be held tomorrow night at eight o'clock in Memorial auditorium. William Leonard, head of the Dartmouth contingent, will open the program with a short address. He is an editor of the Dartmouth Review, an elderly intellectual, and a keen racing enthusiast who evidently will be present.

The president of the Dartmouth contingent will tell what he has accomplished in Hanover through their "Student Forum." The format of the evening will be a short series of presentations of the probable appearance of the Dartmouth contingent to the alumni, faculty, and men prominent in University affairs. The undergraduates were to meet last week end in Canaan to shape the plans for the new club. Other members elected to the Outing Club are: Treasurer, Richard Town, secretary, Henry R., assistant treasurer, Myrtle Congdon; horse show, Comfort Bullock; membership, Peter O'Brien; Glee Club, Mary Macfarlane; Publicity, Paul Carrier; fish and game, John Jones; and winter sports, John Dana.

**Dartmouth Hall**

Prominent as Scientist, Educator and Social Philosopher

A nationally known figure will be on the campus on March 4th when Dr. Little will be present at the University. Durand to give two lectures under the auspices of the Lectures and Conferences Committee. Dr. Little is a member of the American Philosophical Society, a fellow of the Royal Society and a fellow of the Royal Society of Edinburgh. Dr. Little is also a fellow of the Library of Parliament in London, a fellow of the Royal Society of London, a fellow of the Royal Society of Edinburgh, a fellow of the Royal Society of Canada, a fellow of the Royal Society of the United Kingdom, and a fellow of the Royal Society of the United States.

Dr. Little will most likely be known for his background in genetics and his contributions to the advancement of science. He is the author of several important works on genetics and his research has been widely recognized.

Dr. Little will give two lectures, one on Tuesday, March 3rd, at 4:00 P.M. in Memorial Hall, and another on Wednesday, March 4th, at 7:00 P.M. in Memorial Hall. The lectures will be open to the public and admission is free.
Current Events

Neutrality

Congress has extended the Neutrality Act for another 14 months. This is a step toward returning nations and embargoes and loans and credits to the pre-war state. It makes a distinction between the aggressor and the non-aggressor, but all the provisions of the bill do not operate for all nations. Ethiopia may not receive munitions to fight Italy but the act does permit manufacturers to profit on the other essential military supplies.

The League of nations has held that the bill is a breach of treaties, but the League cannot be imposed upon the United States. As a result the President asked Congress to reconsider, stating that Americans find the issue of the treaty and United in their own right, was defeated.

"Assets in the making"

The work of Bell Telephone Laboratories might well be called "assets in the making." It deals with many problems whose solution will be of great future economic importance. The truth of this statement is indicated by improve- ments already developed and now in daily use. The conventional handset telephone, the dial system, new magnetic alloys, overseas and ship-to-shore radio telephony are just a few examples.

Why not telephone home at least once a week? For lowest rates to most points, call station-to-station after 7 P.M. daily, or any time Sunday.

About Town

With Doc Heron and Elyk some day we will take a gun and shoot ourselves.

The first act of the new government headed by Arana was to proclaim amnesty for all political prisoners arrested during the suppression of the 1934 rebellion.

The prizes for this tournament will be the joy of victory, the philosophy of defeat, and the sport for sportsake of all amateur competition. There is a grand prize and a second prize, which is a curiosity, are not to be applied to the instructors concerned.

The story which Phillips announced is to look like a Russian—wiped out, but we understand that the Division and Doc Troilo has great effect for each other. (N. B. Mailus and Trus are letters sent while still in pri-

PHYS. ED., BASKET- BALL/TOURNEY WED.

The second annual University of New Hampshire Department of Physical Education basketball tournament will take place Wednesday, March 4, at 2:00 P.M. The Miller's 10th and 11th class, Raders' 11th, Lindsey's 13th, Christensen's 20th and 21st class from the State Arm y will be a warm-up for the big inter- collegiate tournament, and will enable New Hampshire students to get in some necessary local practice. All varsity and high school boys interested are invited.

The truth of this statement is indicated by improvements already developed and now in daily use. The conventional handset telephone, the dial system, new magnetic alloys, overseas and ship-to-shore radio telephony are just a few examples.

DEMCERS-BRYAN

Announcement was made this week of the marriage of Katherine Bryan of Portland to Henry Demers '35, assistant freshman football coach here. The wedding occurred at the Church of the Immaculate Conception in Manchester, Jan. 4.

BANK NIGHT

Bank Night gives you a better chance to win than in most towns because in larger places the register will contain many times more names than here, and the chances that you have of winning depends on the number of registrations. But you can't make a register! Be sure to register and be on hand early every Friday night. The drawing will be between the first and second shows. Could you use some extra money?

Durham News

Miss Beatrice Bowry buyer and
clothing specialist for Filene's of Bos­
ton will answer all questions such as
"What kind of hat shall I buy?" and
"Is my last year's suit still in style?"
on Thursday, March 5, at 4:00 o'clock
in Murdock auditorium at the March
women's convocation.

"The dead-line on contributions for
the Student Writer will be April 15,"
Professor Towle announced this week.
The Student Writer is an annual
magazine composed of the best stu­
dent writings and is published by the
University. The contributions are of
any form, fiction, poetry, essays, or
articles. The magazine is recognized
throughout college circles and has
had some students write for it who
have, since become famous nationally.
Professor Towle stated definitely that contributions are not restricted
to any class or English majors but are
open to all.

The annual short story contest
sponsored by Story magazine has also
been announced. This contest requires
a preliminary contest here on the cam­
pus, and from this preliminary the two
best stories will be sent in for nation­
al competition.

"Good stories are always needed.
There are never too many of them," Professor Towle said. "If anyone
wants further information he can re­
sume at any time."

The various contests, which are be­
ing held now, will also close soon after
the term vacation.

Leonard E. March, '35, married Miss
Helen Eaton of Nashua, February 1.
They will meet Wednesday, March 11, with
their wedding reception in Kingsbury Street, Worcester, Mass.

The Art Needlework department of
the Fine Arts department of the Dover
Community house will be held Friday,
March 6, at 8:00 o'clock.
