Presentation of Honorary Cadet Officers Features Military Ball

"The best dance in years" was the opinion of many who attended the Scabbard and Blade Military Ball last Friday night.

The presentation of Mary Geno as honorary Cadet Colonel and Olive Richards and Olive Raymonde as Cadet Majors, the formal pledge of all junior officers to Scabbard and Blade, and the awarding of permanent assignments to students, followed the formal dances of the fall.

The stormy atmosphere was given to the occasion by the gymnasium which was elaborately and attractively decorated. The music for the dance was furnished by Danny Murphy and his Millions of Men, Capt. John Arnfield and Mr. Teddy Randall and two Musical Mermaids as vocalists.

Patrons and patroresses for the ball were: Colonel and Mrs. Edward W. Putney; Major, and Mrs. George L. Printz, and Major Donovan Swanton.

FOUR HOUSES PLEDGE SEVENTEEN NEW MEN

Four fraternities have pledged new men since November 20, which was the first day for bidding. Due to the fact that this is only about half of the Freshman class pledged on the first bidding day, most of the fraternities still have to obtain a large number of men in order to complete their quotas. Some of the fraternity, however, already have a full quota.

The list of pledges is as follows: Pi Kappa Alpha, John Arnfield, Philip Calhoun, Daniel Hurley, Royce Whiting, George H. Laramie, Arthur Ferris, Albert Rousier, and Malcolm Pickering; Phi Alpha: Eber Wies, Eugene Goldfarb, Leonard Caplen, and Moret Sidman; Alpha Gamma Rho; Norman Weder and Carl Warren; S. A. E.: Stewart Yager; Theta Kappa Phi; Roger Lapointe and Edward Foggard.

FROSH HOCKEYMAN REPORT TO MITCHNER

SKII TEAM WORKS OUT AT JACKSON

The New Hampshire winter sports season on Sunday, 17th December, New Hampshire State Board of Education, Captain ed to the college's ski team made the trip. Four cars started at seven in the morning and returned at 3:30 in the evening. In spite of snow flurries the snow was very firm and the team of experienced members of the team showed promising form in running the slalom course which was one of the best I've seen fresh-snow skiers shaped up as likely prospects.

The coaches, after looking over their men for the first time on this season, declared the trip a success and the practice a great success.

"THINGS BEGINNING TO LOOK BRIGHTER" SAYS COACH SWASEY

Beatie and Sullivan Added to Varsity Roster

"Things are beginning to look a little brighter," asserted Hank Swasey, varsity basketball mentor, as he leaned back in his swivel chair the other day and reviewed the progress of the 1937-38 season. 

"I've noticed this week a number of practices in progress in preparation for the Wright Woods tournament which the Wildcats have just taken hold of in a way.

"Two other men also were added to the squad this week. Dick Beatie, a freshman, and Bill Sullivan, a sophomore, both made a good showing in our practice in the last week.

"I don't want my men to be clasped as first and second runners. I want to feel that I have at my command a pair of teams which I can make a season so unpleasant will be embarrassing to both.

"But to return to theXman, although a man is good enough to win his place, he must not be a fair athlete in other things. This doesn't always follow, but is has been true in recent cases.

"Then too, taking the case of a man, although he may be a good skier, I am not a fair athlete in other things. This doesn't always follow, but is has been true in recent cases.

"The freshman this year is trying to groom at least two smooth and efficiently grooms.

"I don't want my men to be clasped as first and second runners. I want to feel that I have at my command a pair of teams which I can exchange or substitute from with no loss in the size of the team.

Swasey spread his confidence.

Practice Improves

This work's practice period has proved a great deal of improvement and speed in accuracy of choosing. Rogers, Hanson, and Oates are rapidly beginning to show the day of their season. They are already the basis of next year's team.

At present, three main combinations are being used in outreaching. These, in order of forwards, center, and back, are free skier, second and last. The for¬ ward line, back of the line, and the back of the line, are the basis of next year's team.

The first game will be with B. U. at 6:30 in the evening. It is hoped that the forward line will be as successful as last season, while the back line will be more efficient. The center will be at the left wing post. New Hampshire has been especially honored, as the state was represented by its own fair of music (theory and composition) at Harvard from 1914 to 1918, and piano and violin together with Vincent d'Indy, the noted French composer, and the greatest pupil of Cesar Franck.

Our Of the most striking things about Mr. Manton's complete lack of musical education. When this was mentioned to him he said, "Most of this temperamental affection merely indicates a person with a queer disposition. I have lived a normal, healthy life like other people so I can understand their viewpoint."

"As a boy I played football and hurt my fingers, but I'm now the worst musician you ever saw."

After the Armistice he marched into Germany. When he was there he met the University of Tunis, Berlin and Harvard, and the greatest pupil of Cesar Franck.

Returning to this country in 1919, Mr. Manton arranged with Mrs. and Miss of a Parisian music school to be held at the Community House at 6:00 P.M., December 17.

Mr. Manton was organist at Harvard. Desiring to find out what was the matter with him, I asked Mr. McAllister what he thought of Mr. Manton. He replied, 'I am in a real wood cabinet! Approved by Fire Underwriters! Large enough to hold 250 pounds! Smooth, powerful dynamic speaker! Good looking, polished mahogany! Perfect for your living room!'
