President Elect Englehart Extends New Hampshire to Discuss Duties

SUZANNE SILVERCRUYS SIGNED SCULPTURE PRESENTS LECTURE

Mme Silvercruys' Work in Sculpture Garners Wide Recognition

Mme Suzanne Silvercruys, noted sculptress, will give a lecture entitled "Life Art and Sculpture" tomorrow night at 8:30 in Johnson Hall. This lecture is under the auspices of the Lecture and Concerts committee.

Mme Silvercruys was a friend of the late Queen Astrid of Belgium and has recently given her the design of a memorial to be erected in Brussels in her memory. First in 1928 at college, Belgium, Mme Silvercruys first came to America as a refugee during the War. While only a school girl she transferred from coast to coast making plans for her war-torn country and when she arrived in America she studied sculpture at the Yale School of Fine Arts. She graduated in 1928 winning all sculpture at the Yale school of Fine Arts. She graduated in 1928 winning all sculpture. Mme. Silvercruys' work as a sculptress has received wide recognition. She was awarded the Silver Medal of the Académie des Beaux Arts of the French Government in 1944. After expatriation she returned to America in 1940.

4:00 P.M.—Ships meeting. Theta Chi house.

FRED ENGELHARDT

11 09A

DECEMBER 14

Executive Com. of Board of Trustees of the University

Dr. Fred Engelhardt, newly appointed president of the university, will come to Concord, N. H., on December 10, for a conference with the executive committee of the board of trustees to discuss the details of his assumption of presidential duties. Governor H. Stiles Bridges, Mr. Roy D. Hunter, acting president of the university and Mr. T. T. Dally, are members of the committee who will meet the president.

FIFTEEN COMPLETE GRADUATE STUDIES

Fifteen students have completed graduate work in the regular college school and during the school year, and are eligible for master's degrees to be given at commencement exercises in June, it was announced last Friday by Dr. J. F. Engelhardt, president of the college.

Durham Church School Offers Christmas Pageant

Associate Professor Robert W. Mass- ton is preparing the program for Christmas pages next Sunday afternoon at 4:15 in the Durham Church School. The church school gives a Christmas pageant, "The Little Shepherd Visit the Christ Child." The glee clubs were formed last fall, and from 1923 to the present a program of Christmas music has been presented by Professor Mass-ton and his choirs each year.

Durham church school is a New England industrial town. He has been taught in the college, his school, Brown, St. Regis, Ohio State, U. of Minnesota, and Brown University.

Hiking and Gardening Are Hobbies of New President of University

Hiking and gardening are the two hobbies of our new president, Dr. Fred En­ glehart. Returning to his native New England, Dr. Engelhardt expressed his pleasure at changing from a second-year student to a first-year student. He said, "I am a great believer in the outdoors. I have my place there through the seasons, through the long winter, and the principles of which people often best finds himself."

Education administration has been the subject of numerous books written by Dr. Engelhardt and his brother, Dr. N. L. Engelhardt of Columbia University. So widely is one college School administration used by educators that it is known as the "Engelhardt System".

At the present time, Dr. Engelhardt is engaged in the preparation of a book on secondary education and reading proofs on another book. His principal problem, particularly development of water power and its economic and educational implications.

Dr. Engelhardt is known as a cheerful and happy young man. He has often driven 300 miles to speak and is back at his desk the next day. His associates have called him the "ideal school platform in the state of Minnesota. He is remarkable well-known at Min­ nesota considering that the university is one of 15,000 students. He is often good with education students for a full afternoon, as his advice is very fre­ quently sought.

"I met Dr. Engelhardt at St. Louis, while attending the national conference President Englehart at an excellent choice."

The University of New Hampshire has been widely congratulated on the election of Dr. Fred Engelhardt as its new president. By mail, telegram, and personal calls, friends and associates have expressed their congratulations. 

Dr. Engelhardt is young and energetic. His great success in everything he has undertaken is a good augury for the future, and we may expect to witness him among the eminent in the east as most of the state and metropolitan newspapers have already done; but all through both the state and metropolitan press these congratulations have been received.

Sincerely yours,

LUNDLUND SPEAKS IN DOVER TONIGHT

Coach Carl Lundholm is a speaker at the victory banquet for the Dover high school football team, sponsored by the Epsilon chapter of the Northeastern New Hampshire League, being held tonight in the Municipal building in Dover.

On other programs the speaker is the elegant, manly, and efficient Michael Whiteout out of Dover.

DEAN PLEASED WITH NEW RUSHING SYSTEM

Dean Alexander states, "On the whole, this system is a decided improvement over the one used last year. This is really an honor system in that the responsibility for rushing ranks rises in Creague and Cackett. "This system of rushing gives a longer period and is much less intensive, thereby giving an opportunity for fraternities and freshmen to get better acquainted with each other. This tends to bring about more satisfactory associations for both."
JOE NOLAN TRAINS FOR GOLDEN GLOVES IN THETA KAP "GYM"

Training days are busy for Joe Nolan, amateur boxer and university sophomore. At the moment he is making ready for the New England diamond sport of boxing. Last year he was run­ner up for the New England diamond belt, now he is hoping for a title.

Nolan's training schedule. He trains in his meals. Trying to stay under the 126-pound limit, he eats four times a day, and spends much time studying. Nolan, much to his dismay, is without a sparring partner. Once in a great while he has a chance to exchange puns with Frankie Wageman, former 112-pound and amateur boxer, but these opportunities are rare.

Entries. Nolan, usually confined to his workouts, when he trains will have the help of Tommy Brown, M. I. T. cruiser.

I am not going to cut the squad again this year", Henry Swasey, basketball and baseball player. Eli Power will start at one for the last few years, Dr. Engel­hardt has spent many summers hik­ing in New Hamp­shire's hills.

But only is this true because his other aspirations of Coach A1 Mitchner to put the New England team on skates. Only through a week of practice on ice. Only to round out a full schedule, have been def­erred.

Holderness has played in one game al­ready this season, but he little or nothing has been said of our new Prexy as the statesman, as the educator, as the scholar, but little or nothing has been said of our new Prexy as the statesman, educator, and scholar. As the statesman, as the educator, as the scholar.

Joe Nolan's boxing days are numbered. He has been told by his Prexy that he is not a true college man, that in recent years, his time for his sport is over. His Prexy has divided his garden­ing, but while in college, walking was his sport, but while in college, walking was his sport, and art of transportation.

Neither into the 135-pound class, but while in college, walking was his sport, and art of transportation. Neither into the 135-pound class, but while in college, walking was his sport, and art of transportation.

A change in the lineup of religion in Germany. On the first day of the new term, however, his Prexy has given him a wealth of material for future study.

Mr. MacLean has recently returned from Germany where he has been studying at the Universities of Tübingen, Marburg, and Berlin. His two years study has given him a wealth of material from which to draw subjects for his lec­tures.

But only is this true because his other aspirations of Coach A1 Mitchner to put the New England team on skates. Only through a week of practice on ice. Only to round out a full schedule, have been def­erred.

Holderness has played in one game al­ready this season, but he little or nothing has been said of our new Prexy as the statesman, educator, and scholar. As the statesman, as the educator, as the scholar, but little or nothing has been said of our new Prexy as the statesman, educator, and scholar.
