WILDCAT BASKETBALL TEAM FACES STRONG NORTHEASTERN SQUAD

Game Tomorrow is Second New England Contest

The Wildcats of New Hampshire versus the Huskies of Northeastern. Such is the opening night in the varsity basketball game, which will be played in Boston, tomorrow night. The Rivalry by League

The Wildcats, although Coach Henry Sharp is not too optimistic, are expected to win the game, which will be a good test of the New Hampshire basketball team for the Northern Division. The New Hampshire team, which has had the benefit of two already played season's games, is likely to be in better shape for this contest.

Keener rivalry is felt between these two teams this year as the season marks the opening of a newly formed New Hampshire basketball team. Small college teams have arranged their schedules so as to include two games with each of the other larger colleges. The teams in the conference are New Hampshire, Maine, Rhode Island and Connecticut.

The general opinion of the coaches concerning the game is that it will be an exciting game, not too different, but much more intense than the past seasons. The initial game of the conference was played in Maine, which was a Game Eastern went down before

Riflemen Club Discusses
New Magazine Life

The Field Club, an informal group which meets every Monday evening at
Professor Coolidge's home for the purpose of discussing current literature
and art, met last week to discuss the
three latest volumes in the Yale Series
of Younger Poets (following Shirley
Baker, American Poetry and The American People by
Erskine Caldwell. Several
other books attempting to
enter the American scene will be read in the near
future.

FROSH ICE SCHEDULE OPEN ON JANUARY 9

The freshman hockey schedule was made known this week by Coach Al Mitchner. In it contains the usual fresh raids with one or two new teams. Coach Mitchner states that a team will have to prove itself very strong to do well against them.

Helenons boasts its usual strong team as does Tilton. Andover will put a strong team on the ice and Exeter's pucksters are never to be regarded lightly. There are three or four games hanging fire at the present and any additions to this schedule will be announced soon.

Lack of ice is hampering the freshman, the same as the varsity. No predictions can be made until colder weather permits playing on the rink, for only on the rink with its boards, line and bases can anything concrete be accomplished, the coach said.

The schedule:
- Jan. 9—Exeter
- Jan. 14—Tilton
- Jan. 16—Plymouth State Teachers' College
- Jan. 19—New Hampshire Prep
- Feb. 3—Andover
- Feb. 4—Tilton
- Feb. 10—Lawrence
- Feb. 16—Tilton

A booklet of winter games suitable for persons of all ages to play can be had free by contacting your county recreational officer or writing to State Recreation Leader, Merrill Hall, Durham, N. H.

Gifts that are different tho inexpensive!

GIRLS' MENORAH CLUB HOLDS FIRST DANCE
The Girls' Menorah club will hold its first informal dance this year at the Commons' Trophy room on Saturday evening, December 19. The dance will begin at 8 P. M. and last until 11:30 P. M.

At the last meeting of the club a social committee was chosen to take charge of the affair. The following girls are on the committee: Pauline Price, Sophia Cashman, Ruth Cohen, and Esther Adnoff.

LOVEREN PLANS NEW YOUNG SHADE TREES
Preparations for planting a new row of shade trees along Main street have recently begun. A line of young trees is to be planted ready to take place of the old trees.

Mr. Harold W. Loveren, superintendent of property, states: "The old shade trees are badly diseased, and are dying at the rate of one every year. If not replaced soon, Durham will present a bare landscape. These trees, if planted now, will be grown to a larger size when the old ones are cut down."

Students Sponsor Group Carol Singing
Student council, Woman's Student government, and Casque and Casket will sponsor group singing of Christmas carols next Tuesday evening.

The group will gather at Murkland hall at 7:30 and make a tour of the campus accompanied by trumpeters. Following the singing the groups will meet at Scott hall for refreshments.

GRANITE NOTICE
Group pictures of fraternities, sororities, and all other organizations having a page in the Granite will be taken during the second week of January.

This year all group pictures will be taken in the Commons Organization room and not on the front steps of Commons as has been the custom in past years. Retakes will also be taken at this time. If any juniors have not had their pictures taken yet arrangements can be made with Nelson Evans.

Suzanne Silvercruys (Continued from page 1)

She stressed the importance of eyes in sculpture. "The eyes are the windows of the soul."

Makes Head Model
At the conclusion of her lecture, Mme. Silvercruys had made a model of a head. As she talked she worked with her hands, and the result was an example of what the artist could do in an hour. She demonstrated how to make an armature of lead wire for a statue, bending the various parts to denote what the worker wished to express.

In conclusion she said: "Our lives influence our faces." She advocated happiness as a hobby that the same happiness may show in our own faces. And although it may not be sculpture, it should be something creative.

After the informal lecture, an opportunity was given to the audience to ask questions and to see pictures of the speaker's recent work.

Buddy,

I can't pay a higher compliment than that.

Girl or cigarette... when I tumble that means I'm for 'em.

Chesterfield's my cigarette. And I'll tell all hands they've got a hearty good taste that makes a sailor happy. And listen, they're milder.

... for the good things a cigarette can give a sailor

See sign up with Chesterfields

But we have a soul! She stressed the importance of eyes in sculpture. "The eyes are the windows of the soul."
