Dr. Fred Engelhardt Pays Short Visit to N. H. Campus

Dr. Fred Engelhardt, recently elected president of the University, visited Durham, Thursday, December 31, to inspect the buildings and the campus. His visit was very short because he was forced to return to the Institute to attend classes.

Dr. Engelhardt was the dinner guest of Bishop John T. Dallas, member of the board of trustees, upon his arrival in Concord on Wednesday, December 30. Former Governor H. Styles Bridges and Roy D. Hunter were also present. The new president greeted the guest at the state house and then left for Bishop Dal­las' home.

Will Return in April

It is his intention to return to Durham short the first of April after completing a short winter term at the University. He and Mrs. Engelhardt will spend the last half of the week in San Francisco, visiting her brothers. Their visit will require all the effort that we can give them in our presentation of this year's winter carnival. However, he was willing to discuss some phases of the athletic pro­gram.

He said, "I am sympathetic with athletics because I shared them in while I was at Yale, and I was trained for athletics. While I never made the football team at Yale, I was interested in the sports, and I always enjoyed running and playing.

The track coach will find a friend in the new president for he participated in track, wrestling and rowing.

Favors Minnesota System

Dr. Engelhardt approves the type of program proposed for the Minnesota system. It is his opinion that New England could duplicate the system with many of the smaller colleges within our state. The Minnesota college ath­letic program is completely acceptable and they have been handled most satisfac­tory in their operation and administration.

The new president says that New Hampshire has a very high rating among states in athletic activities. He said, "I am sympathetic with athletic activity, and I am impressed by the buildings, the sur­roundings, and the fine student body. He made particular note of the remarkable lay­out of the athletic field.

ADVISORY COUNCIL HAS TEMPORARY HEAD

Dean C. Fland Jackson recently ap­pointed Miss Jan Waterbury temporary chairman of the Student Advisory Coun­cil at the beginning of the winter term. A permanent chairman will be elected at the spring term.

The main purpose of this organization is to deal with academic problems occu­rering in the school and to promote a better relationship between students and faculty. The council will act in the capacity through­out the rest of the year.

Terriers Too “Hot” But Hanson and Rogean Again Star

"U. E. were hot," said Coach Swasey after the magnificent performance put on by the Wildcat line-up. "I feel we are back to form after winning the All-Star game, and, from what I have heard, we should see better performances from the Terriers."

Coach Blood's team will face their next foe, the Penguins, and we hope for another win. The wildcats would put up a good fight. With a week’s intensive training and preparation open to Berlin, Claremont, Dover, and Hanover, the class A competition for invitations to the tournament is strong. This leaves the class A trophy and the new coach in the city, our one big asset, nameless. With the competition for invitations to the tournament more intense, the class A trophy is well within the reach of the Wildcat's first string line had had any opportunity to get by B. U. Coach Blood said, "It was a game of tremendous effort, and we won the first thirty minutes of play, only to find the score from mounting."

With B. U. playing at Durham, it should be another story."

Carrying more pleasure to more people...giving smokers what they want...Chesterfields are off on a new cruise.

From Wake Island 5000 miles out in the Pacific Ocean, Pan American Airways flashed this radio:

"RUSH TEN THOUSAND CHESTERFIELDS
TODAY'S CHINA CLIPPER."

At three o'clock that afternoon the Chesterfields were on their way. Four days later back came the message:

"CHESTERFIELDS JUST ARRIVED. F3ST WORK. PANAIR WAKE." When smokers find out the good things Chesterfields give them...nothing else will do
